6 APPLICATIONS TO REGISTER LAND KNOWN AS 'THE PARK' OFF FFORDD ELAN, RHYL, AS A VILLAGE GREEN

The Principal Solicitor introduced as report in respect of two applications to register land known as The Park, off Ffordd Elan, Rhyl and outlined the history of the site and the applications and the Head of Legal and Democratic Services advised on the criteria in law that the Council must apply when making its decisions as the Commons Registration Authority. Council was advised that desirability and planning considerations did not apply.

Council was advised that a non-statutory independent inquiry commissioned by the Council to examine the merits of the applications had recommended refusal for all parts of the application site.

Councillors Ian Gunning and Brian Blakeley spoke on behalf of the applications on the grounds that the residents wanted to protect and improve the land for open, recreational use; an aim they said that the Council should support.

Members discussed:

- Whether the applications met the statutory requirements for registration of land as a Village Green
- The desirability of enhancing and protecting open space provision in the area

- The ownership of the application site; partly owned by the Council and partly by T Anwyl and Son Limited
- The circumstances where a decision by the Council could be challenged in the High Court through a judicial review
- Reviewing options available to the Council under its powers to secure open space provision
- The views of the residents

A call for a recorded vote was passed but subsequently withdrawn before the vote took place.

RESOLVED that:

- (i) *The Council adopts the recommendations by the Inspector appointed by the Council to reject the two applications, received by the Council, to register land known as The Park, off Ffordd Elan, Rhyl, as a Village Green;*
- (ii) *Officers and local members be requested to meet with representatives of the applicants within 28 days to discuss protection of the land within the Council's ownership for open space provision; and*
- (iii) *Officers be requested to review the statutory powers available to the Council in respect of the application land not within the Council's ownership with a view to securing open space provision.*

7 A COMPACT FOR CHANGE BETWEEN THE WELSH GOVERNMENT AND LOCAL AUTHORITIES

The Leader of the Council, Councillor Hugh Evans, opened the discussion on a Compact between local government and the Welsh Government setting out the terms of a new relationship through collaborative and partnership working to improve performance, efficiency and outcomes for service users. Councillor Evans thanked the political groups for allowing the Chief Executive and himself to discuss the Compact with them individually. He advised that Denbighshire was well placed to sign the Compact and saw collaboration as one of the approaches that could safeguard front-line services. In addition, the Compact would clarify the collaboration agenda for both local and national government over the next few years, but there was a risk that the Council could face financial penalties and political interventions if it did not deliver on the expectations within the Compact.

The Chief Executive reported on the three large collaborative projects that the Council was already participating in regarding education, social services and 'other services' (including waste treatment, highways, ICT and procurement). He advised that viable business cases for improvements and efficiencies would have to be proved before other proposed collaborations could proceed beyond the review stage.

Councillor Barbara Smith queried the milestones (delivery dates) in the compact, some of which had passed, and Councillor Green queried whether the Compact was a one-sided agreement where all the expectations fell on the local authority.

The Chief Executive stated that the Welsh Government had confirmed with him that participation rather than deadlines was the important factor, confirming that some of the deadlines had passed or were unrealistic. He had asked for this to be put in writing by the Welsh Government. He said that the Welsh Government's view was that they had provided a reasonable financial settlement for the next few years and in return expected the Compact agenda to be delivered.

Other issues raised by Members were:

- New ways of engaging with elected members beyond those provided by the regional collaboration boards were required
- All the north Wales local authorities would be considering whether to sign up to the Compact
- The differing numbers of councillors on the north Wales authorities meant that a fair mechanism was needed to ensure that Denbighshire's elected members were not less influential than their counterparts in other councils

The Leader agreed with Councillor Marfleet's statement that the WLGA should not sign agreements before consulting local authorities, and advised that he had raised this point with the WLGA.

RESOLVED that:

- (i) *Members agree to sign up to the Compact;*
- (ii) *Members agree that Denbighshire will play an appropriate role in implementing the full range of collaborations set out in the Compact, provided:*
 - (a) *there are demonstrable service improvements for Denbighshire residents, or*
 - (b) *there are resource savings and the proposed new service model provides a service to Denbighshire residents that is at least as good as the service it proposes to replace.*

8 COUNCIL FORWARD WORK PROGRAMME

The Head of Legal and Democratic Services reported that approval of the Council Tax levels was requested on the 28 February 2012 together with a report on the Treasury Management Strategy. A report in April 2012 on the Corporate Plan was no longer required.

Councillor Rhys Hughes referred to a report on the 28 February regarding joint supplementary planning guidance on the Pontcysyllte Aqueduct and Canal World Heritage Site. He remarked that the impression had been given that this item would go before the Planning Committee before being submitted to full Council. The Corporate Director: Business Transformation and Efficiency agreed to get clarification on this matter.

RESOLVED that the Council's forward work programme be approved.

Report To: COUNCIL

Date of Meeting: 7 February 2012

Lead Cabinet Member: Councillor Julian Thompson-Hill

Lead Officer: Paul McGrady, Head of Finance & Assets

Title: 2012/13 Budget

1 What is the report about?

The report details the proposed budget for 2012/13.

2 What is the reason for making this report?

The Council is legally required to set a balanced and deliverable budget before the start of each financial year and to set the resulting level of Council Tax to allow bills to be sent to residents.

3 What are the Recommendations?

- 3.1 That members approve the budget proposals for 2012/13 as shown in the appendix
- 3.2 That members agree the resulting 2.8% increase in the level of Council Tax for 2012/13

4 Report details

- 4.1 The Welsh Government released its final settlement in early December. This showed the settlement that each Council would get. The settlement had changed marginally from the draft issued in October.
- 4.2 The final settlement showed that the increase in our revenue grant funding would be 0.7%
- 4.3 The final settlement showed that the cut in our capital settlement was also the same as had been shown in the draft. The funding has been cut by 6.9% (equivalent to around £400k) which is worse than the 5% cut we had originally planned for. This is a significant loss on top of the 20% cut we had to the current year's settlement meaning a loss of around £2m over the two years from £7.8m to £5.7m. The general capital funding is what we rely on to carry out Health and Safety works, major maintenance etc – basically the work that allows us to keep our buildings going. Initial indications are that this will be cut by a further £700k (12%) in 2013/14

Medium Term Financial Plan

4.4 The outlook for public finance is still very poor for the medium term. It is likely that low settlements and a difficult financial situation will continue beyond the term of the current three year plan. This means it is very important for Members to consider a medium to long term view on all proposals for savings and not try for easy options that provide short term solutions.

4.5 The MTFP has identified savings for each of the next three years. However each year contains proposals that have not yet been worked up or may be aspirational. This brings with it a risk that they may not be delivered. The table below shows a summary of savings requirements for the next three years:

	2012/13	2013/14	2014/15
Savings Target	£3.5m	£3.4m	£4.4m
At risk		£1.2m	£2.9m

4.6 Following discussions with members and services, those savings considered to be at risk for 2012/13 were replaced with alternative savings which are considered to be deliverable.

4.7 The MTFP had originally assumed there would be cost increases in a number of areas. It is always difficult to accurately forecast inflationary changes in so many areas of expenditure and the Council always has to be prudent with its assumptions.

Fuel and energy cost increases

4.8 Cost increases in energy are likely to be lower than originally anticipated and have reduced the amount of savings required.

Pay and Single Status

4.9 The budget assumes a modest increase in staff pay. However, it will be several months before we are any clearer on proposals for pay due to the fact that these are negotiated at a UK level.

4.10 The agreement on single status brought 2 financial burdens to the Council's budget. The first was a one-off increase in pay costs as a number of staff were moved onto higher grades, the second was the 'incremental drift' of these grades. That means staff would have been appointed at the bottom of the grade and over time will move up to the top of the grade. We set up a budget to pay for this 'drift' and it is due to be fully allocated to services by 2014/15.

Schools protection

4.11 The Welsh Government expects that schools will be protected from savings. The Council must passport to schools an amount equivalent to 1% above the settlement. Denbighshire has budgeted for an increase above this level which means that schools will receive a budget increase of £1.25m and is the equivalent of an increase of about £90 per pupil.

Social Services Fees

4.12 There are further service specific pressures that will have to be addressed. The most notable of these is residential homes fees. Following the Pembrokeshire judgement all councils have reviewed their fee structures and are increasing the amounts they pay. The budget includes an increase to the fees budget to reflect the work undertaken so far by Social Services.

Priority Investment

4.13 Members were asked to consider which areas any additional priority funds such be aimed at. The original suggested allocations were broadly supported along with additional investment in demographic change / extra care housing as shown below:

	£k Budget	£k Cash
21 Century Schools	200	200
Highways	100	
Town Plans & Communities	100	100
ICT	300	
Foryd Harbour	100	
Demographic Change / Extra Care	200	
TOTAL	1,000	300

4.14 As part of the 2011/12 budget setting process, the Council set aside a contingency of around £340k in case savings were not delivered or slipped into future years. It is now highly unlikely that most of this contingency will be required as almost all services are reporting balanced budgets or underspends.

4.15 Cabinet has recommended that this cash be added to the funds available as shown in the table above. This is one-off funding that will not be available in future years.

4.16 Any proposals to spend priority funds would need to be backed by a full business case and should members choose, they can change the level of funding to individual proposals as long as the total does not exceed £1m ongoing expenditure and £300k one off expenditure.

Council Tax

4.17 Appendix 1 details the overall budget position for the Council and shows the rise in Council Tax would be 2.8%

4.18 Denbighshire has set the lowest Council Tax increase in north Wales for six of the last seven years while still delivering services to its residents. Informal review suggests that we probably be the second lowest Council Tax rise in north Wales for 2012/13. Nationally it appears that most Councils are setting Council Tax rises between 2 and 3%, although a handful have gone below 2% and two Councils intend to set a 0% rise.

5 How does the decision contribute to the Corporate Priorities?

Effective management of the council's revenue and capital budgets and delivery of the agreed budget strategy underpins activity in all areas, including corporate priorities.

6 What will it cost and how will it affect other services?

Appendix 1 shows the full Council budget and the implications of the proposals within this report.

7 What consultations have been carried out?

Service challenges were held with each head of service and each challenge included representatives from scrutiny committee and Cabinet. Budget workshops were held with members in September, December and January. Performance Scrutiny also reviewed the budget setting process.

8 Chief Finance Officer Statement

2012/13 will be another challenging year for the Council's finances. It is likely that relatively low settlements will continue for the medium term and the Council must be mindful of this when setting this budget.

The budget as proposed is realistic and deliverable. It makes sufficient savings to balance our position, protects front line services from major reductions and allows investment of £1m into Council priorities.

This is delivered with a 2.8% increase in Council Tax which compares to general inflation running at around 4.5%.

9 What risks are there and is there anything we can do to reduce them?

If the budget is not agreed within the relevant timescale then the Council will be breaking the law.

This is the most challenging financial period the council has faced and failure to deliver the agreed budget strategy will put further pressure on services in the current and future financial years. Effective budget monitoring and control and early reporting of variances will help ensure that the financial strategy is achieved.

10 Power to make the Decision

Local authorities are required under Section 151 of the Local Government Act 1972 to make arrangements for the proper administration of their financial affairs.

Report To: FULL COUNCIL

Date of Meeting: 7 February 2012

Lead Member / Officer: Mr Graham H Boase

Report Author: Mr Roly Schwarz

Title: Local Authorities (Alcohol Consumption in Designated Public Places) Regulations 2007

1. What is the report about?

- 1.1 To consider implementing the proposed orders regarding the consumption of alcohol in all public places delineated within the 30mph speed limit of Rhyl, Prestatyn, St Asaph, Rhuddlan, Denbigh, Ruthin, Llangollen, Corwen, Dyserth and Bodelwyddan.

2. What is the reason for making this report?

- 2.1 To give additional powers to the North Wales Police to effectively tackle public nuisance and disorder linked to the consumption of alcohol in Denbighshire
- 2.2 The report recommends an extension to the areas currently subject to a Designated Public Place Order and introduces new areas where evidence provided by North Wales Police indicates problems of crime, public nuisance, disorder and anti social behaviour linked to the consumption of alcohol in public spaces.

3. What are the Recommendations?

- 3.1 That the members consider the following:
- (a). The results of consultation with North Wales Police
 - (b). The results of consultation with Town and Community Councils
 - (c). The results of consultation with owners of any land that may fall within the order.
- 3.2 If members are satisfied, based on the evidence provided, that the Order should be made and that delegated authority be granted to the Head of Planning, Regeneration & Regulatory Services.
- (a) To make an Order identifying the areas in the attached schedule as Designated Public Places for the purposes of the Criminal Justice and Police Act 2001.

- (b) To publish a notice of making of such an order.
- (c) To erect signage identifying the scheduled areas as Designated Public Places.
- (d) To ensure that a copy of the Order is sent to the Secretary of State for the Home Office.

4. Report details

- 4.1 Section 12 of the Criminal Justice and Police Act 2001 provides discretionary powers, in order to prevent public nuisance and disorder, to require a person who has recently drunk alcohol or intends to drink alcohol in a Designated Public Place to:
 - Stop drinking the alcohol (or anything believed to be alcohol)
 - Surrender the drinking vessel, whether sealed or unsealed
- 4.2 Individuals failing to comply with such a request may be subject to further action. This might include a penalty notice for disorder of £80.00; arrest and prosecution (with the possibility of a fine not exceeding level two on the standard scale, that currently being £500.00); imposition of bail conditions stopping the individual from drinking in public.
- 4.3 A Designated Public Place Order is not a ban on drinking alcohol in public, but gives discretionary powers to the Police to control anti-social drinking.
- 4.4 Designated Public Place Orders are subject to an annual review to assess their impact on alcohol related crime, disorder and anti-social behaviour. Prior to a review of current areas the effectiveness of designating public areas within a 30mph speed zone as Designated Public Places has been discussed with the Police and the Community Safety Partnership. The annual review referred to is carried out annually as part of the Strategic Assessment of crime, disorder, and anti social behaviour carried out by the Community Safety Partnership.
- 4.5 Statistical information regarding the number of alcohol related offences in the proposed areas is attached at **Appendix A**.
- 4.6 The Schedule of areas where the existing order is being extended are for Rhyl, Prestatyn and Llangollen. Those areas where a new order is being introduced are St Asaph, Denbigh, Ruthin, Corwen, Dyserth, Rhuddlan and Bodelwyddan
- 4.7 It is hoped that the public drinking measures will provide an effective response to the problems associated with anti-social consumption in public places. Not only does this often include under-age consumption of alcohol it can also generate problems of crime, public nuisance, disorder and social nuisance which impacts on the quality of life of citizens and visitors to the area.

4.8 It should be noted that the following places are excluded from a Designated Public Places Order:

- Premises licensed to sell alcohol under the Licensing Act 2003
- Premises benefiting from a Temporary Event Notice issued under the Licensing Act 2003
- Places where the sale or consumption of alcohol is permitted on public highways by virtue of a permission granted under Section 115 E of the Act 1980 (highway related uses).

5. How does the decision contribute to the Corporate Priorities?

Reducing crime, public nuisance, disorder and anti social behaviour will improve community safety.

6. What will it cost and how will it affect other services?

There is no planned cost to any service. The project is being carried out by way of grant funding from the Substance Misuse Action Fund.

In areas where the orders are currently in place there is reduced crime and anti social behaviour.

7. What consultations have been carried out?

The consultation required for this process is prescribed in legislation in The Local Authorities (Alcohol Consumption in Designated Public Places) Regulation 2007.

Consultation took place with North Wales Police and the relevant town and community councils and consultation forms were returned from all relevant town community councils, apart from Bodelwyddan and Ruthin. These consultation forms are attached as **Appendix B**.

It can be seen from the consultation forms that Prestatyn and Denbigh Town Councils have responded negatively to question 3, which was asking for their support to the proposed order. Denbigh Town Council's Clerk has since confirmed in an email, the council's support to the order, which is also attached as Appendix B. An Order was already in place in Prestatyn and this proposal is to refresh the old order to cover more areas within the town.

A public notice appeared in the Rhyl Journal on 25 May 2011 and Denbighshire Press on the 26 May, 2011 - attached as **Appendix C**. No written representations were received within 28 days of publication of the notice.

8. Chief Finance Officer Statement

The cost of implementing the extended orders should be contained within the external grant funding available

9. What risks are there and is there anything we can do to reduce them?

There is a risk that crime and disorder and anti social behaviour may increase. The current financial climate has seen an increase in the availability of cheap alcohol from off licences, and these measures will ensure that increased sales do not result in an increase in drinking alcohol in open public spaces, and an increase in linked crime, public nuisance, disorder and anti social behaviour.

10. Power to make the Decision

Section 12 of the Criminal Justice and Police Act 2001 provides discretionary powers to Local Authorities, to make orders to prevent public nuisance and disorder linked to the consumption of alcohol in a Designated Public Place.
