4 COFNODION

Cyflwynwyd cofnodion cyfarfod y Pwyllgor Craffu Cymunedau a gynhaliwyd ar ddydd Iau 25ain Hydref 2012.

Hysbysodd y Cynghorydd Mullen James y Pwyllgor, mewn perthynas â'r eitem "Adolygu Torri Gwair ar Ochrau Prifyrdd 2012" bod cyfarfod i'w gynnal ar 13eg Rhagfyr 2012, yng Nghaledfryn, Dinbych i drafod telerau'r contract torri gwair.

PENDERFYNWYD derbyn y Cofnodion a'u cymeradwyo fel cofnod cywir.

5 ADOLYGIAD O ASEDAU TREFTADAETH A CHELFYDDYDAU

Cyflwynodd Pennaeth yr Amgylchedd adroddiad i ystyried y cynnydd hyd yma o ran cael arbedion effeithlonrwydd mewn perthynas ag asedau Treftadaeth a Chelfyddydau'r Sir a'r strategaethau a ddatblygwyd gyda golwg ar sicrhau eu hyfywedd yn y dyfodol. Y nod oedd datblygu gwasanaeth a fyddai'n cyflwyno'r manteision mwyaf i drigolion lleol, cymunedau, twristiaid a'r cyngor.

Ym mis Tachwedd 2010 cynhyrchwyd adroddiad cynhwysfawr o'r enw "Adolygiad o Asedau Treftadaeth a chwmnïau hyd braich cysylltiedig". Roedd yr adroddiad yn dadansoddi'r opsiynau a oedd ar gael i'r cyngor, ac yn dod i'r casgliad nad oedd opsiynau hawdd ar gael ar gyfer gwaredu neu gyflwyno'r asedau i ffynonellau allanol. Nid oedd y ddogfen wedi ei chyhoeddi ond byddai ar gael i'r Aelodau o wneud cais.

Trosglwyddwyd y gwasanaeth i'r Gwasanaethau Amgylcheddol ar 1 Ebrill 2011. Cafwyd newidiadau arwyddocaol ers y trosglwyddo ac roedd mwy o newidiadau wedi eu cynllunio ar gyfer y dyfodol.

Penderfynwyd bod angen agwedd mwy masnachol. Roedd angen cynhyrchu mwy o incwm i wella'r gwasanaeth. Cyflwynodd y Cyfarwyddwr y Rheolwr Masnachol Treftadaeth a roddodd amlinelliad byr o'i phrofiad a'i chefndir.

Mae'r safleoedd canlynol yn cael eu rhedeg gan y Cyngor:

- Carchar Rhuthun
- Nant Clwyd y Dre (Rhuthun)
- Plas Newydd (Llangollen)
- Roedd y portffolio hefyd yn cynnwys perthynas y Cyngor gydag Ymddiriedolaeth Castell Bodelwyddan.

Yn y gorffennol, roedd y safleoedd wedi eu rhedeg fel amgueddfeydd ac yn dibynnu'n drwm ar dderbyn cyllid grant a oedd wedi lleihau'n fawr dros y blynnyddoedd. Cafwyd gwaith ymchwil dros y 12 mis diwethaf yn archwilio twf posibl. Roedd y safleoedd i'w rhedeg fel atyniadau i ymwelwyr i ddibenion addysgol, atyniadau i dwristiaid a chanolfannau treftadaeth, tra'n cadw statws achrededig amgueddfeydd. Roedd priodasau nawr yn digwydd ar y safleoedd ac roedd trefniadau wedi eu derbyn eisoes ar gyfer 2013.

Roedd y farchnad oruwchnaturiol hefyd yn faes twf ac roedd yr adeiladau hanesyddol yn rhai â diddordeb mawr i'r grwpiau archwilio. Nid oedd y grwpiau hyn yn cael effaith ar weithgareddau a gynhelir ar y safleoedd yn ystod y dydd. Maent yn cyrraedd am 8.00pm, ymgymryd â'u harchwiliadau dros nos, ac yn gadael tua 5.00 neu 6.00 a.m.

Roedd yr incwm a godwyd gan y grwpiau goruwchnaturiol yn £17,000. Pennwyd cynnydd targed mewn incwm o 10% ar gyfer y flwyddyn nesaf. Roedd gwaith ar y gweill i ddod â chostau i lawr a chynyddu incwm. Yn ystod 2010/11 cafwyd rhyw £60,000 mewn incwm, ond yn 2011/12 roedd wedi cynyddu i £71,000.

Roedd rotas staff nawr yn fwy effeithiol nag yn y gorffennol e.e. yn ystod yr haf, byddai'r Hen Garchar yn cau am ddu ddwrnod yr wythnos, gan golli busnes ymwelwyr. Roedd hyn i newid i annog mwy o ymwelwyr.

Roedd Sir Ddinbych yn gweithio gyda Chyngorau Conwy, Sir y Fflint a Wrecsam i weld sut roedd Awdurdodau Lleol eraill yn monitro eu cyllideb.

Dim ond ystafell arddangos oedd Amgueddfa'r Rhyl, ac roedd angen ei dwyn allan o'r llyfrgell. Roedd yr amgueddfa yn ddifyr iawn ond roedd angen lleoliad gwahanol. Yn anffodus, ar hyn o bryd nid oedd cyllideb i ganiatáu hyn.

Roedd prosiect i gychwyn yn 2013 i gatalogio'r holl artefactau a ddelid yn y storfeydd ar hyn o bryd. Unwaith y byddai'r prosiect hwn wedi ei gwblhau, gellid defnyddio mwy o'r artefactau mewn arddangosfeydd.

Dyweddodd y Cadeirydd bod angen integreiddio'r gwasanaeth mewn cynlluniau tref a rhoddodd grynodeb:

- Roedd y Gwasanaeth Treftadaeth ar hyn o bryd yn costio mwy na'r incwm roedd yn ei gynhyrchu
- Roedd angen rhoi pwyslais ar ddarparu'r gwasanaethau yr oedd ymwelwyr eu heisiau, a byddai hyn yn dibynnu ar gyfathrebu cryf.
- Byddai pob safle unigol angen cynllun busnes, i'w ddatblygu ar y cyd â'r Cynlluniau Tref.

Awgrymodd y Cadeirydd bod y cynlluniau busnes ar gyfer pob safle yn cael eu cyflwyno i'r Grŵp Aelodau Ardal priodol i wneud y mwyaf o'r cyfleoedd masnachol ac i sicrhau bod y gwasanaethau yn berthnasol i flaenoriaethau pobl leol.

PENDERFYNWYD bod y Pwyllgor Craffu Cymunedau:

- (a) Yn cymeradwyo'r mesurau gweithredol y mae'r Gwasanaeth wedi eu cyflwyno, a'r cyfeiriad sy'n cael ei ddilyn ar hyn o bryd, a
- (b) Bod adroddiad pellach yn cael ei gyflwyno i'r pwyllgor mewn blwyddyn er mwyn rhoi diweddarriad ar effeithiolrwydd y strategaeth a gyflwynwyd ar ôl yr Adolygiad ac i arfarnu sefyllfa ariannol y Gwasanaeth.

6 STRATEGIAETH CEFNOGI POBL – DIWEDDARIAD

Cyflwynodd y Cyfarwyddwr Corfforaethol: Moderneiddio a Lles adroddiad ar y cynllun gwariant tair blynedd ar gyfer Cefnogi Pobl a'r newidiadau i Strategaeth Cefnogi Pobl, gan gynnwys y goblygiadau i Gyngor Sir Ddinbych o'r newidiadau i Raglen Cefnogi Pobl ledled Cymru.

Roedd y Cabinet wedi gofyn bod y Pwyllgor Craffu yn ystyried effaith y newidiadau cenedlaethol ar y Cyngor. Byddai manylion pellach ar gael yn 2013 wrth i oblygiadau'r trefniadau newydd ddod yn gliriach.

Roedd Cefnogi Pobl yn rhaglen arwyddocaol yn rhoi gwasanaethau cymorth "cysylltiedig â thai" i ystod eang o grwpiau agored i niwed, gan gynnwys i bobl a oedd yn ddigartref, pobl ag anghenion iechyd meddwl, anabledd dysgu, pobl ifanc a

rhai agored i niwed, pobl ag anghenion camddefnyddio sylweddau, cyn-droseddwyr, rhai'n dianc rhag trais domestig a phobl hŷn. Y nod oedd eu gallugi i gadw llety sicr tra'n datblygu agweddau eraill eu bywydau gan hybu annibyniaeth. Roedd Rhaglen Cefnogi Pobl wedi ei gwerthuso ar lefel genedlaethol, a dangoswyd ei bod yn cyflawni manteision ariannol ac an-ariannol cadarnhaol iawn. Yn Sir Ddinbych, roedd Cefnogi Pobl wedi ariannu ystod eang o wasanaethau gan gynnwys elfennau o dai gwarchod, gofal ychwanegol, llochesi i ferched, cynlluniau byw yn y gymuned i bobl ag anabledd dysgu a chynlluniau ar gyfer pobl ddigartref.

Roedd newidiadau yng ngweinyddiaeth rhaglen Cefnogi Pobl yn digwydd ledled Cymru. Roedd hyn yn cynnwys fformiwla ddosbarthu newydd a throsglwyddo'r cyfrifoldebau contractio ar gyfer rhai gwasanaethau o Lywodraeth Cymru i awdurdodau lleol. At hyn, sefydlwyd trefniadau llywodraethu newydd, gan gynnwys Pwyllgorau Cydweithredol Rhanbarthol, gyda chyfrifoldebau allweddol dros raglen Cefnogi Pobl, wedi eu sefydlu ar draws Cymru. Roedd Sir Ddinbych i golli £1.5 miliwn o gyllid dros 5 mlynedd. Roedd pob Awdurdod Lleol yng Ngogledd Cymru yn wynebu colli arian o fewn Safon Llywodraeth Cymru.

Byddai'r Pwyllgor Rhanbarthol yn edrych ar sut gwerir yr adnoddau a sut gellid eu defnyddio yn fwy cost-effeithiol. Roedd yr adroddiad yn nodi'r goblygiadau posibl, ac agwedd arall oedd rhoi gwybodaeth i aelodau ar y newidiadau yn Strategaeth Cefnogi Pobl 2013/14 – Atodiad 1.

Y peth mawr oedd faint o gyllid yr oedd Cyngor Sir Ddinbych i'w golli dros gyfnod byr o amser. Roedd Llywodraeth Cymru yn gofyn am gynllun gwario 3 blynedd. Roedd Cyngor Sir Ddinbych yn darparu cynllun gwario ar gyfer 2013/14 ond nid oedd yn barod i roddi gwybodaeth ar sut byddai £600,000 arall yn cael ei dynnu o'r gyllideb dros 3 blynedd pellach. Roedd hyn yn risg ond byddai'n rhoi mwy o amser i baratoi.

Yn y bon, roedd arbedion i'w canfod o gynlluniau a redid gan y cyngor, ond roedd cynlluniau yn cael eu rhedeg gan gyrrf eraill hefyd. Yn 2014/15 roedd y toriadau i'w lledaenu ar draws y cyrrf hyn hefyd.

Roedd y Pwyllgor yn cydnabod bod y Cyngor wedi mynd cyn belled ag y gallai i wrthsefyll y gostyngiad mewn cyllid ac yn derbyn bod y cynllun gwario 3 blynedd a diwygio'r Strategaeth Cefnogi Pobl yn ymateb priodol i sefyllfa anodd.

PENDERFYNWYD bod y Pwyllgor Craffu Cymunedau yn derbyn yr adroddiad ac yn cydnabod y cynllun gwario 3 blynedd a'r newidiadau yn Strategaeth Cefnogi Pobl ar gyfer 2013/14.

7 CYFAMOD Y GYMUNED GYDA'R LLUOEDD ARFOG

Cyflwynodd y Rheolwr Cysylltu â'r Gymuned adroddiad ar Gyfamod gyda'r Lluoedd Arfog.

Gofynnwyd i bob Awdurdod Lleol yng Nghymru gan Gymdeithas Llywodraeth Leol Cymru ac eraill, i lofnodi Cyfamod Cymunedol gyda'r Lluoedd Arfog a oedd yn ceisio sefydlu ymrwymiad gofal i staff y Lluoedd Arfog, eu teuluoedd a chyn-filwyr.

Nodau'r cyfamod oedd annog cymunedau lleol i gefnogi cymuned y Lluoedd yn eu hardaloedd a chynyddu ymwybyddiaeth a dealltwriaeth ymhlieth y cyhoedd o faterion a oedd yn effeithio Cymuned y Lluoedd Arfog. Roedd yr adroddiad yn cynnwys Cyfamod drafft yn diffinio'r hyn y gellid ei gynnig i staff y Lluoedd Arfog i sicrhau nad oeddynt yn dioddef unrhyw anfantais wrth gyrchu gwasanaethau cyhoeddus.

Mae Cyfamod Cymunedol yn ddatganiad gwirfoddol o gefnogaeth rhwng cymuned sifilaidd a'r gymuned lluoedd arfog yn lleol. Y bwriad oedd ei fod yn mynd gyda'r cyfamod cenedlaethol gyda'r Lluoedd Arfog, a oedd yn amlinellu'r ymrwymiad moesol rhwng y genedl, y llywodraeth a'r lluoedd arfog ar lefel leol.

Roedd yr adroddiad wedi ei gymeradwyo'n unfrydol gan y Cyngor ym Medi 2012 ac yn gofyn i'r Pwyllgor Craffu Cymunedau fodloni ei hun ar y mesurau yr oedd Sir Ddinbych eisiau eu mabwysiadu.

Roedd yn bwysig rhoi sylfaen i'r ethos nad oedd y Lluoedd Arfog yn cael eu hanfanteisio wrth ddefnyddio gwasanaethau Sir Ddinbych, er bod angen i'r Cyngor hefyd fod yn ofalus peidio â gwahaniaethu'n gadarnhaol o'u plaid gan ddifreintio grwpiau eraill mewn cymdeithas, oni fo camwahaniaethu positif eisoes wedi ei ymgorffori mewn deddfwriaeth.

Roedd y mesurau i'w mabwysiadu gan Sir Ddinbych wedi eu nodi'n llawn yn yr adroddiad (5.2).

Roedd y cyngor wedi ei rwymo gan ddeddfwriaeth ac roedd staff y Lluoedd arfog yn derbyn pwyntiau tai ychwanegol o gymharu ag aelodau eraill y gymuned. Byddai'n heriol gofalu am drigolion Sir Ddinbych a scirhau cwrdd â'r ddeddfwriaeth. Roedd y rhan fwyaf o'r mesurau yn yr adroddiad, nid oherwydd y byddai staff y Lluoedd arfog yn cael blaenoriaeth, ond oherwydd eu bod wedi eu llywodraethu gan ddeddfwriaeth.

Rheolwr Cysylltu â'r Gymuned i gymryd y mater tai yn ôl, i gael esboniad ar y ddeddfwriaeth. Unwaith y byddai wedi cael hyn, byddai'n hysbysu'r Pwyllgor.

Codwyd mater cyflogaeth fel mater tebyg i'r un tai.

Cadarnhaodd y Rheolwr y byddai'n cael esboniad ar y mater. Byddai trafodaethau hefyd gydag asiantaethau, a oedd yn rhoi cyngor ar yrfa ac ati. Roedd yr holl asiantaethau cyflogaeth yn ymwneud â'r cyfamod.

Ni fyddai'r gostyngiad a gynigid gan Gyngor Sir Ddinbych i staff y Lluoedd arfog yn anfanteisio grwpiau eraill. Roedd gostyngiad ar gael i aelodau'r heddlu, a'r gwasanaeth Tân a chytunwyd bod staff y Lluoedd arfog yn dod o fewn y categori hwn hefyd. Byddai'r gostyngiad ar gyfer milwyr a oedd yn gwasanaethu ar hyn o bryd, nid cyn-filwyr neu deuluoedd staff y Lluoedd arfog. Cyfyngid y gostyngiad i'r pwll nofio a'r gampfa yn unig.

Holwyd a oedd aelodau'r Fyddin Diriogaethol neu'r Cadetiaid yn cael eu cynnwys.

Dyweddodd Rheolwr Cysylltu â'r Gymuned nad oeddynt ond y byddai'n gofyn am arweiniad ar y mater. Roedd union dempled y cyfamod wedi ei gytuno, ac felly roedd llawer o'r ethos o ran sut y dylid ei fabwysiadu nawr yn ei le.

Roedd y Cyfamod yn ddogfen fyw, y gellid ei hadolygu. Unwaith yr oedd y Pwyllgor Craffu wedi cytuno gyda'r argymhellion, y bwriad oedd mabwysiadu'r Cyfamod yn ffurfiol mewn cyfarfod o'r Cyngor yn y dyfodol gyda chynrychiolwyr y Lluoedd Arfog a chyrrf allanol eraill yn bresennol.

Awgrymodd Rheolwr Cysylltu â'r Gymuned bod yr adroddiad yn cael ei gyflwyno i'r Pwyllgor bob blwyddyn, ac os oedd angen ychwanegu mesurau ychwanegol neu ddileu rhai, yna gellid gwneud hynny.

Dyweddodd y Cadeirydd, unwaith y cafwyd esboniad ar y pwyntiau perthnasol, nad oedd angen trafodaeth bellach gan y Pwyllgor Craffu. Cytunwyd cymeradwyo'r mesurau i'w cyflwyno mewn cyfarfod o'r Cyngor Llawn yn y dyfodol.

PENDERFYNWYD bod y Pwyllgor Craffu Cymunedau:

- i) *Yn cymeradwyo'r Cyfamod Cymunedol gyda'r Lluoedd Arfog yn amodol ar gael esboniad ar yr effaith bosibl ar dai a chyflogaeth yn Sir Ddinbych, a*
- ii) *Cytuno ychwanegu adroddiad i'r Flaenraglen Waith i'w ystyried ymheng 12 mis a fydd yn caniatáu i'r Pwyllgor adolygu'r Mesurau yn y Cyfamod.*

8 RHAGLEN WAITH CRAFFU

Cyflwynodd y Swyddog Gwasanaethau Democraidd adroddiad ar Flaenraglen Waith y Pwyllgor. Dywedodd bod dau adroddiad:

- (a) Cynlluniau Trefi
 - (b) Etape Cymru 2012
- wedi eu gohirio tan fis Ionawr 2013.

Hysbyswyd y Pwyllgor bod yr adroddiad gyda'r teitl "Gwerthu Adeiladau, Eiddo a Thir y Cyngor" a oedd wedi ei drefnu ar gyfer y cyfarfod yn wreiddiol wedi ei dynnu'n ôl, gyda chytundeb y Cadeirydd, ar ôl penderfyniad mewn cyfarfod Herio Perfformiad Gwasanaeth y byddai'n fuddiol i'r cyngor ymgymryd ag adolygiad o'i asedau. Cytunodd y Pwyllgor ychwanegu adroddiad ar "Reoli Asedau Strategol" i raglen cyfarfod Ionawr 2013, a fyddai'n disodli ac yn ymhelaethu ar yr adroddiad gwreiddiol.

Cytunodd y Cadeirydd ychwanegu adroddiad ar weithredu'r trefniadau ailgylchu newydd ar y rhaglen ar gyfer cyfarfod Chwefror 2013, gyda'r eitem ar Reoli Safleoedd Carafanau yn cael ei gohirio tan gyfarfod mis Ebrill 2013.

Adroddiad cludiant ysgol – gofynnwyd yn wreiddiol am adroddiad gwybodaeth i'r cyfarfod hwn, ond cafwyd cais i'w ohirio tan y Gwanwyn 2013. Cytunodd y pwyllgor dderbyn yr adroddiad gwybodaeth yn y cyfarfod ym mis Ebrill 2013.

Hysbysodd y Swyddog Gwasanaethau Democratiaidd y Pwyllgor y byddai aelodau Tîm Cyfnewid Dysgu gan Gymheiriad Cyngor Bwrdeistref Sirol Wrecsam a chynrychiolwyr Swyddfa Archwilio Cymru yn mynchu cyfarfod Craffu Cymunedau Chwefror 2013 i adolygu'r cyfarfod, fel rhan o brosiect arfarnu craffu a gwella "Craffu Da? Cwestiwn Da!" Swyddfa Archwilio Cymru.

PENDERFYNWYD yn amodol ar y newidiadau uchod, cymeradwyo Blaenraglen Waith y Pwyllgor Craffu Cymunedau.

9 ADBORTH GAN GYNRYCHIOLWYR PWYLLGOR

Hysbysodd y Cyngorydd Huw Williams y Pwyllgor ei fod ef, ynghyd â Chynghorwyr eraill fel rhan o Dim Cyfnewid Dysgu gan Gymheiriad, wedi mynchu digwyddiad "Craffu Da? Cwestiwn Da!" Swyddfa Archwilio Cymru yn Llandudno ar ddydd Mercher 5ed Rhagfyr. Yn bersonol roedd yn meddwl bod Sir Ddinbych ar y blaen o gymharu ag Awdurdodau Lleol eraill ac yn gwneud gwaith da iawn.

Ychwanegodd y Cyngorydd Gwyneth Kensler bod 4-5 Cyngorydd yn mynchu fesul Awdurdod Lleol a bod Steve Price, Rheolwr Gwasanaethau Democratiaidd hefyd yn bresennol.

Byddai'r Rheolwr Gwasanaethau Democraidd, Steve Price, yn casglu ynghyd yr holl wybodaeth ac yn cyflwyno'r canfyddiadau i gyfarfod y Cadeiryddion a'r Is-gadeiryddion Craffu.

Daeth y cyfarfod i ben am 10.35 a.m.

- 3.2 cynigion i ddatblygu Cynlluniau Ardal i nodi blaenorriaethau mewn cymunedau gwledig;
- 3.3 cynigion i fonitro perfformiad; a
- 3.4 pennu pa Bwyllgor Craffu a ddylai gael adroddiadau yn y dyfodol am Gynlluniau Tref.

4. Manylion yr adroddiad

Cadarnhaodd y Cabinet Gynlluniau Tref ar gyfer saith anheddiad mwyaf y sir, heblaw'r Rhyl, rhwng mis Rhagfyr 2011 a mis Mawrth 2012 yn ystod cyfnod y Cyngor Sir blaenorol mewn swydd. Ar ôl yr etholiadau ym mis Mai 2012, gwnaethpwyd cyflwyniadau i'r pum Grŵp Ardal Aelod er mwyn i'r aelodau etholedig newydd ymgynfarwyddo â chynnwys y Cynlluniau Tref a gymeradwywyd yn flaenorol ac i ddechrau adolygiad o'u cynnwys i sicrhau eu bod yn ddilys o hyd ac er mwyn ymgorffori unrhyw flaenorriaethau ychwanegol.

Gwahoddwyd y chwe Grŵp Ardal Aelod i gyd, gan gynnwys y Rhyl, i enwebu Aelod Arwain, a ddynodwyd wedyn yn Hyrwyddwr, i weithio gyda'r Grŵp i fynd ymlaen â chyflenwi blaenorriaethau'r Cynllun, i hwyluso cyfathrebu effeithiol yn y Grŵp a

chyfathrebu effeithiol â rhanddeiliaid perthnasol eraill mewn trefi a chymunedau lleol, ac i sicrhau bod yr holl flaenoriaethau cymunedol perthnasol yn cael eu crisiau yn y Cynlluniau. Y trefniant cychwynnol oedd cael un hyrwyddwr i bob Grŵp Ardal Aelod ond newidiwyd hyn yn ddiweddarach i gael un i bob Cynllun Tref. Mae'r hyrwyddwyr yn cyfarfod â'i gilydd mewn Grŵp Cydlynu Cynlluniau. Dynodwyd swyddog o'r adran Adfywio Strategol yn "Bwynt Cyswllt Sengl" i bob Grŵp Ardal Aelod weithio gyda'r Hyrwyddwyr perthnasol.

Mae'r Grŵp Cydlynu wedi cytuno ar broses i ddiweddarau'r Cynlluniau a gwneud newidiadau iddynt a bu'r Hyrwyddwyr yn gweithio gyda'r Pwynt Cyswllt Sengl i ddiweddarau'r Cynlluniau Tref. Mae'r fersiynau diwygiedig yn cael eu cyflwyno i'r Grwpiau Ardal Aelod yn eu cylch cyfredol o gyfarfodydd.

Mae'r Grŵp Cydlynu hefyd wedi ystyried dyrannu cyllid o'r gyllideb i gyflenwi'r flaenoriaeth gorfforaethol ar gyfer gwella'r economi leol cyn ei gadarnhau gan y Cabinet yn gynharach yr wythnos hon. Bydd hyn yn golygu y bydd modd mynd ymlaen â'r camau blaenoriaeth hynny a nodwyd i'w gweithredu'n gynnar, na ellid eu cyflenwi cyn pen ffrâm amser resymol ond gyda chymorth ariannol o'r gyllideb hon.

Nid yw'r Cynlluniau a gymeradwywyd hyd yma wedi mynd i'r afael eto ag anghenion a blaenoriaethau cymunedau llai o faint a mwy gwledig. Gofynnwyd i'r Aelodau sy'n cynrychioli'r wardiau perthnasol nodi materion cychwynnol gan gynnwys y cwmpas daearyddol priodol i Gynlluniau Ardal na fydd o reidrwydd yn cyfateb i ffiniau'r Grwpiau Ardal Aelod, a blaenoriaethau i'w trafod drwy'r Grwpiau Ardal Aelod. Bwriedir y bydd y Cynlluniau Tref yn cael eu hehangu wedyn yn Gynlluniau Ardal ehangach sy'n canolbwytio ar y Trefi a'u cymunedau cysylltiedig llai o faint a mwy gwledig. Rhagwelir y bydd gan y Cynlluniau Ardal 3 adran fras: un yn nodi'r blaenoriaethau a'r weledigaeth i bob Tref, ail un yn nodi'r ffordd y mae'r cymunedau llai o faint a mwy gwledig o'i chwmpas yn gysylltiedig â'r Dref, a thrydedd un yn nodi unrhyw anghenion neu flaenoriaethau penodol ar gyfer y cymunedau llai o faint a mwy gwledig. Mabwysiadir proses ymgynghori sy'n debyg i'r broses ar gyfer y Cynlluniau Tref gwreiddiol. Bydd y Grwpiau Ardal Aelod yn adolygu'r Cynlluniau Ardal ac yna'n eu hargymhell i'w mabwysiadu'n ffurfiol. Y Grwpiau Ardal Aelod a fydd yn sicrhau bod y Cynlluniau Ardal, wrth iddynt gael eu datblygu, yn adlewyrchu'n briodol anghenion a blaenoriaethau'r holl gymunedau sy'n cael sylw yn y Cynllun, gan gynnwys cymunedau llai o faint a mwy gwledig. Hefyd, bydd yr Arweinydd Cabinet ar gyfer Datblygu Gwledig yn Hyrwyddwr Gwledig yn y broses, gan sicrhau bod y Cynlluniau Ardal yn ymgorffori blaenoriaethau gwledig yn ogystal â'r rheini a nodwyd ar gyfer y Trefi mwy o faint a sicrhau bod ymgynghori llawn a phriodol wedi digwydd.

Datblygywyd proses i fonitro perfformiad y Cynlluniau Tref ac Ardal ar y cyd â'r gwasanaeth Perfformiad a Chynllunio Busnes i ategu'r trefniadau adrodd ar gyfer y Cynllun Corfforaethol. Bydd adroddiad perfformiad yn cael ei gyflwyno i'r Grwpiau Ardal Aelod bob chwarter a fydd yn amlygu'r hyder cyflenwi sydd ynghlwm wrth bob un o'r camau blaenoriaeth byw yn y Cynlluniau Tref ac Ardal perthnasol gan ddefnyddio'r statws Coch-Oren-Melyn-Gwyrdd a fabwysiadwyd yn y fethodoleg rheoli prosiectau corfforaethol. Mae adroddiad perfformiad chwarterol enghreifftiol ar gyfer Rhuddlan ynghlwm yn yr Atodiad i'r adroddiad hwn, yn enghraifft o'r fformat a ddefnyddir ac a gymeradwywyd gan y Grŵp Cydlynu Cynlluniau Tref ac Ardal. Bydd yr wybodaeth yn yr adroddiadau Tref ac Ardal unigol hyn yn cael ei chydgrynhoi a'i

chynnwys yn yr Adroddiad Perfformiad Chwarterol a gyflwynir i'r Cabinet gan ddechrau yn chwarter cyntaf blwyddyn ariannol 2013/14. Y bwriad hefyd yw darparu adroddiad blynnyddol i'r Cyngor Sir. Mae gofyn ystyried hefyd pa Bwyllgor Craffu a fyddai'r un mwyaf priodol i gael adroddiadau yn y dyfodol am y Cynlluniau hyn.

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenorriaethau Corfforaethol?

Mae'r Cynllun Corfforaethol yn nodi bod trefi a chymunedau sy'n economaidd weithgar a ffyniannus yn gydrannau hanfodol o economi leol gref. Bydd gweithredu Cynlluniau Tref yn cefnogi'r broses o weithredu'r flaenorriaeth gorfforaethol ar gyfer gwella'r economi leol a bydd hefyd yn cynorthwyo'r Cyngor i fodloni ei uchelgais o fod yn agosach at y gymuned.

6. Beth fydd yn ei gostio a sut bydd yn effeithio ar wasanaethau eraill?

Cynigir bod blaenorriaethau Cynlluniau Tref ac Ardal, ar gyfer 2012/13 a 2013/14, yn cael eu cyllido o gyllideb sy'n cwmpasu nifer o wahanol ddyraniadau presennol fel a ganlyn:

£175,000 y flwyddyn o gyllideb refeniw ar gyfer blaenorriaeth gorfforaethol 'gwella'r economi leol' ar gyfer 2012/13 a 2013/14	£350,000
£100,000 y flwyddyn o gyllideb refeniw ar gyfer prosiectau cymunedol yn 2012/13 a 2013/14	£200,000
Dyraniad cyfalaf ar gyfer prosiectau cyfalaf cymunedol ac arian cyfatebol ar gyfer 2012/13	£480,000
Dwyn ymlaen tanwariant o 2011/12	£245,000
	£1,275,000

Er bod cynnig wedi'i wneud am £480,000 o ddyraniad cyfalaf pellach, nid oes penderfyniadau am y cynllun cyfalaf ar gyfer 2013/14 wedi'u gwneud eto felly ni thybiwyd bod y dyraniad hwn ar gael.

Bwriedir y bydd prosiectau'r Rhyl yn Symud Ymlaen yn cael eu cyllido'n bennaf naill o'r £175,000 o ddyraniad corfforaethol ar gyfer adfywio a wnaethpwyd yn 2011/12 neu, yn achos prosiectau mwy o faint, drwy gynigion penodol i'w hystyried gan y Grŵp Buddsoddi Strategol cyn penderfyniad gan y Cabinet. Fodd bynnag, gallai fod rhywfaint o alw ar y dyraniad cyllid at Gynlluniau Tref ac Ardal ar gyfer prosiectau'r Rhyl yn Symud Ymlaen.

7. Pa ymgynghoriadau a gynhaliwyd?

Mae'r Grŵp Cydlynu Cynlluniau Tref wedi trafod y cynigion a amlinellir yn yr adroddiad hwn. Roedd y Cynlluniau Tref blaenorol yn destun ymgynghori helaeth a disgwyli'r un fath wrth i'r Cynlluniau Ardal ehangach gael eu datblygu.

8. Datganiad y Prif Swyddog Cyllid

Ddim yn berthnasol

9. Pa risg iau sydd ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

Dyma'r risg iau sy'n gysylltiedig â gweithredu'r Cynlluniau Tref:

- methu â chyflenwi blaenoriaethau a nodwyd i'w cwblhau ym mlynnyddoedd cynnar y Cynlluniau Tref, a
- methu â mynd i'r afael ag anghenion a blaenoriaethau cymunedau llai o faint a mwy gwledig

Lleihawyd y risg o beidio â chymryd y camau a nodwyd i'w cwblhau ym mlynnyddoedd cynnar y Cynlluniau Tref drwy greu rolau Hyrwyddwyr Cynllun Tref ac Ardal i fynd ymlaen â chyflenwi'r blaenoriaethau a nodwyd yn y Cynlluniau Tref ac Ardal perthnasol a thrwy ddyrannu cyllidebau er mwyn cyllido camau blaenoriaeth na ellid eu cyflenwi fel arall drwy gyllidebau gwasanaeth presennol.

10. Pŵer i wneud y Penderfyniad

Mae Adran 2 o Ddeddf Llywodraeth Leol 2000 yn rhoi'r pŵer i'r Cyngor wneud unrhyw beth yr ystyria ei fod yn debygol o hyrwyddo neu wella lles economaidd, cymdeithasol ac amgylcheddol yr ardal.

Mae Erthygl 6.1 o Gyfansoddiad y Cyngor yn grymuso'r Pwyllgor Craffu Cymunedau i graffu ar y broses o ddarparu gwasanaeth sy'n canolbwytio ar ardal ac ar ddatblygiadau felly gan gynnwys y Cynlluniau Tref.

Rhuddlan Town Plan Performance Management

Report for the quarter ending 31 December 2012

Key

Source of funding for delivery of priority actions

- Service budget S
- 100% external X
- From the corporate priority allocation to match a grant M
- 100% from the corporate priority allocation P
- Major project which would have to be funded through the capital plan C

Delivery confidence

Red	Successful delivery of the project / programme appears to be unachievable. There are major issues on project / programme definition, schedule, budget required quality or benefits delivery, which at this stage does not appear to be manageable or resolvable. The project/programme may need re-base lining and/or overall viability re-assessed.
Orange	Successful delivery of the project/programme is in doubt with major risks or issues apparent in a number of key areas. Urgent action is needed to ensure these are addressed, and whether resolution is feasible.
Yellow	Successful delivery appears probable but significant issues already exist requiring management attention. These appear resolvable at this stage and if addressed promptly, should not present a cost/schedule overrun.
Green	Successful delivery of the project/programme to time, cost and quality appears highly likely and there are no major outstanding issues that at this stage appear to threaten delivery significantly

Adroddiad ar gyfer:	Pwyllgor Craffu Cymunedau
Dyddiad y Cyfarfod:	Ionawr 17, 2013
Aelod Arweiniol / Swyddog:	Pennaeth Tai a Datblygu Cymunedol
Awdur yr Adroddiad:	Prif Swyddog y Strategaeth Adfywio
Title:	Digwyddiad Seiclo Etape

1. Beth mae'r adroddiad yn ymwneud ag o?

Darparu dadansoddiad o effaith digwyddiad 2012 ar y gymuned leol, busnesau lleol a chyfranogwyr ynghyd â'r manteision a gafwyd / effaith ar yr economi leol ehangach a Sir Ddinbych yn ei chyfanwydd.

2. Beth ydi'r rheswm am wneud yr adroddiad yma?

Darparu gwybodaeth ar yr adolygiad o ddigwyddiad 2012 ac i amlinellu cynnydd hyd yma gyda'r trefniadau ar gyfer 2013.

Penderfynodd y Pwyllgor Craffu Cymunedau ei fod yn cefnogi'r cau ffordd a geisiwyd i ganiatáu i Etape Cymru 2012 ddigwydd, yn amodol ar:

- a) ymgynghoriad llawn â'r cymunedau a busnesau lleol sy'n cael eu heffeithio gan gau'r ffyrdd, yn cynnwys ymgynghoriad â'r Grŵp Ardal Aelodau (GAA)
- b) cynnal asesiad effaith
- c) bod y Pwyllgor yn derbyn sicrwydd y bydd Bwlch yr Oernant yn cael ei ail-agor i draffig erbyn 11am

3. Beth yw'r Argymhellion?

Bod y Pwyllgor yn ystyried y diweddarriad ar y cynnydd ac yn rhoi arsylwadau a fyddai'n ategu adroddiad i'r Cabinet yn Chwefror 2013.

4. Manylion yr adroddiad.

Mae Cyngor Sir Ddinbych wedi parhau â'i ohebiaeth reolaidd â Human Race, trefnwyd Etape Cymru, a Chyngor Bwrdeistref Sirol Wrecsam, o ran digwyddiad beicio 'ffyrdd caeedig' 2012 a gynhaliwyd ar ddydd Sul, Medi 9, 2012 ac mae cynlluniau ar y gweill rwan i gynnal digwyddiad 2013 ar ddydd Sul, Medi 8.

Mae trefnwyd wedi cyfarfod â'r Grŵp Cynghori Diogelwch (Heddlu, Ambiwlans, Gwasanaethau Brys a swyddogion Prifyrdd ac Adfywio Wrecsam / Dinbych) i adolygu 2012 ac maen nhw wedi gwrando ar argymhellion y Grŵp.

Atodiad 1 ydi adolygiad y trefnwyr o ddigwyddiad Etape Cymru 2012 sy'n rhoi trosolwg positif o'r effaith economaidd ar ardal Wrecsam/De Sir Ddinbych.

Atodiad 2 (sy'n eithriedig rhag datgeliad cyhoeddus yn rhinwedd paragraffau 12, 13 a 14 Rhan 4 o Atodlen 12A Deddf Llywodraeth Leol 1972) ydi adolygiad Cyngor Sir Ddinbych o fusnesau sydd ar lwybr neu'n agos at lwybr Etape Cymru o ffyrdd a oedd wedi eu cau dros dro. Mae'n dangos fod y rhan fwyaf o fusnesau un aïn bositif neu'n ddifater ynglŷn â'r digwyddiad. Mae sylwadau negyddol gan ambell i fusnes a ddangosir yn cael sylw gan y trefnwyr gyda'r bwriad o wneud yr addasiadau sy'n angenrheidiol i'r cau ffyrdd treigl.

Atodiad 3 ydi cofnodion cyfarfod diwethaf y Grŵp Cyngori Diogelwch, lle mae'r prif sialensiau sydd i'w datrys gan y trefnwyr yn 2013 yn cael eu dangos fel gwell cyfathrebu â'r cymunedau amaethyddol ar y ffordd, a gwell briffio a chyfathrebu â stiwardiaid.

5. Sut mae'r penderfyniad yn cyfrannu tuag at y Blaenorriaethau Corfforaethol?

Mae Sir Ddinbych yn gyrchfan o ansawdd ar gyfer seiclo, ond hyd yma nid yw wedi ei darganfod yn iawn, ac mae â chyfle ardderchog i elwa'n economaidd o'r twf a welwyd yn y sector dwristiaeth gweithgaredd. Adfywio ydi un o flaenorriaethau corfforaethol y Cyngor.

Mae rhannau sylwedol o Sir Ddinbych wedi eu dynodi'n ddiweddar yn Ganolfan Ragoriaeth Seiclo Gogledd Cymru, gyda'r nod o greu ardal a gydnabyddir yn genedlaethol yn gyrchfan eithriadol gydol y flwyddyn ar gyfer beicio ar y ffordd ac oddi ar y ffordd a gweithgaredd awyr agored i bawb mewn golygfeydd eithriadol a chyferbyniol.

Mae Cyngor Sir Ddinbych yn ymrwymedig hefyd i Strategaeth Dwristiaeth Gogledd Cymru, lle mae ei Gynllun Gweithredu'n cynnwys datblygiad digwyddiadau mawr ac atyniadau a gweithgareddau awyr agored.

6. Beth fydd hyn yn ei gostio a sut fydd o'n effeithio ar wasanaethau eraill?

Ni wnaethpwyd unrhyw gyfraniad ariannol i'r digwyddiad gan Gyngor Sir Ddinbych.

Darparwyd amser staff gan Briffyrrdd, Adfywio a phrosiect Canolfan Ragoriaeth Seiclo i gefnogi cynllunio'r digwyddiad gan y trefnwyr.

7. Pa ymgynghoriadau a gafwyd?

Fe gynhaliwyd ymgynghoriad ynglŷn â chau'r ffyrdd gan drefnwyr y digwyddiad yn uniongyrchol, gyda chyfarwyddyd gan swyddogion CSDd:

- Anfonwyd llythyrau ar e-bost gan Human Race i gynghorau cymuned a chynghorwyr sir ar hyd y ffordd.
- Datganiadau i'r Wasg
- Yng Nghyngor Sir Ddinbych - mae yna ymgynghori ac ymgysylltu eisoes â'r adrannau canlynol: Priffyrrdd, Cludiant Cyhoeddus, Iechyd a Diogelwch, Cefn Gwlad, Prosiect Canolfan Ragoriaeth Seiclo, Adfywio a Thwristiaeth, Prif Weithredwr, Cyfathrebu Corfforaethol, yr Aelod Arweiniol dros Dwristiaeth, Hamdden ac Ieuenciad, ac Aelodau'r wardiau perthnasol.
- Mae Heddlu Gogledd Cymru a gwasanaethau brys eraill wedi bod yn gwbl ymglymedig, ac fe sefydlwyd Grŵp Cynghori Diogelwch Wrecsam/Sir Ddinbych ar y cyd i arolygu traffig, cludiant a gweithdrefnau rheoli cerddwyr ar gyfer y digwyddiad yma – gweler atodiad 3 a 4
- Cafodd trefnwyr y digwyddiad gyfarfodydd cychwynnol â busnesau ymlaen llaw i geisio eu hymgysylltu â'r digwyddiad, i drafod cyfleoedd iddyn nhw ymgysylltu ac elwa ar y digwyddiad yma.

O ganlyniad i adborth gan y Grŵp Cynghori Diogelwch, aelodau ward a busnesau hyd yma:

- mae opsiynau gwahanol ar gyfer y daith wedi eu hystyried i leihau effaith cau'r ffordd dros dro yn ardaloedd Graigfechan a Llandegla
- gwell cyfathrebu â'r gymuned ffermio ar hyd llwybr ffordd fydd wedi cau dros dro
- ystyried diwygio'r llwybr yn ardal Graigfechan/silff/Llandegla i leihau hyd yr amser y bydd y ffordd ar gau a lleihau'r effaith ar ddau neu dri o fusnesau allweddol
- cofrestru a digwyddiad di-dâl i'w cynnal yn Llangollen

8. Datganiad y Prif Swyddog Cyllid

Nid yw'r Cyngor yn ystyried unrhyw gyfraniad ariannol i'r digwyddiad yma.

9. Pa risgiau sydd yna ac a oes yna unrhyw beth y gallwn ei wneud i'w lleihau?

Risg potensial i enw da, gan breswylwyr anfodlon a busnesau a allai gael eu heffeithio gan gau ffyrdd dros dro ar Fedi 8, 2013.

Fe reolir y risg drwy sicrhau bod trefnydd y digwyddiad wedi gwneud popeth sy'n bosib i atgoffa trigolion a busnesau o'r cynllun cau ffyrdd terfynol i ganiatâu gwneud cynlluniau teithio gwahanol os bydd angen.

10. Grym i wneud y Penderfyniad

Adran 2 Deddf Llywodraeth Leol 2000 (ar gyfer hyrwyddo neu wella lles economaidd, cymdeithasol neu amgylcheddol ardal awdurdod lleol).

Mae Erthygl 6.3.2 yn amodi bod pwylgorau craffu'n "ystyried unrhyw fater sy'n effeithio ar yr ardal neu ei thrigolion."

Just thought I would send you a quick note of thanks. The event this morning was the best sportive I've ridden in the 8 years I've been doing them. I live in these parts, so was familiar with the route (and the hills). The organisation was excellent. Great to see the roads controlled properly! I would also like to extend my thanks to the course motor cycle rider that looked after us for the first 60 miles. He was a great help (especially with water and energy bars). He was awesome. Please pass on my thanks.

Andrew Casey

I cycled the Etape Cymru yesterday and I would like to say that you did a wonderful job of staging this event. Everything went very smoothly and I had complete confidence in the road closure. There was nothing that I could fault about this event. This was probably the best organized sportive of this size I have done. The start/finish venue was also excellent.

Welcome and Introductions:

Phil Harrison (PH) welcomed everyone and introductions were made. PH gave reason for meeting – a debrief following the Etape Cymru Cycle Race which took place on 9th September 2012. PH said it had been a successful event overall but there were learning outcomes from the pre planning and implementation of the event.

PH introduced Raymond Smith (RS) as facilitator of the debrief. RS explained that this should be an objective meeting and requested that everyone capture their thoughts and views in 2 stages – Planning (prior to the event) and Implementation (the actual event) under the headings of People, Props/Kit, Infrastructure, Location, Welfare and Other.

RS issued post-its to enable everyone to write down their comments and categorise them on the wall sheets, asking what they thought was good about

the event and for any improvements which they thought could be made. He also displayed the feedback from last year's exercise for comparison.

RS then asked for any key issues and thoughts to be discussed.

Planning:-

The consensus of opinion was that there had been an improvement in the - planning aspect of the event. PH suggested that the Events SAG be separated from the Planning Group for next years event.

Implementation:-

With regards to the actual event the main topic was communications and how this could be improved upon, with the suggestion of the investigation of alternative communications systems. PH said that communications should be improved across the board and Toni Slater (TS) agreed that this was imperative. AD, who was on the residents line, said that back-up was needed due to the volume of calls. Paul Osborne (PO) said a range of solutions and options should be considered.

The farming community was then discussed, as a number of stewards had received comments from farmers in respect of closed roads etc. Nick Rusling (NR) said he recognised the need to liaise in more depth with the farming community. PH suggested the NFU as a source of help in establishing land ownership and Toni Slater also suggested enlisting the help of Animal Health Officers. Ruth Williams (RW) suggested engaging in the help of a Welsh speaker when liaising with farmers.

Amanda Davies (AD) said she felt there was a danger of focussing on the negative points whereas the majority of the issues were dealt with professionally and effectively. She also said that there is no promotion budget for this event and feels that there should be a dedicated budget for this to be a greater success in future.

NR said that the success of this event was due to a team effort and thanked everyone for their support. He informed the group that all participants had been asked to score the event between 1 and 10 based on their likelihood to recommend the event. These results were analysed and resulted in the highest scoring event of the year for Human Race. He referred to a document entitled 'Post Event Heights' which included statistics about the economic benefits to the region. The estimated spend over the weekend was £140,000. JV said we should publicise the success of the event.

GJ said that 80% of this year's entries had not taken part last year and hopefully this year's success would encourage them to enter again.

NR stated that HR have looked at various venues for next year but that they favour Bangor on Dee as it has proved so successful with all concerned. Llangollen Pavilion could be an option but this would cause huge disruption to Llangollen, especially the Horseshoe Pass. HR would need full support of DCC to sell this to the local businesses, this process could take years.

JE asked about the impact on Llandegla Bike Centre. NR said they had visited the centre during this current visit and that they hope to work with the centre to ensure that they benefit from the event. Registration for the event is held there on the Saturday to raise awareness of the Centre.

PH spoke about the SAG for the next event, saying that early planning is the key and suggested a January start. This gives time to test and rectify the Emergency Management Plan for robustness.

PH also suggested that more stewards be used but that Human Race should also consider paying for more Police support. Stewards can only advise whereas the Police have the powers of enforcement. Sgt Jane Thomas (JT) said that the areas are too big to cover by the Police and suggested sectioning the route so that areas can be reached appropriately and quickly.

AD summed up the meeting by saying that the event requires support by both authorities through a co-ordinated approach. PH reiterated the need for an early SAG.

4.1 Adolygu Strategaeth y Rhyl yn Symud Ymlaen

Er mwyn asesu'r strategaeth adfywio bresennol a'r prosiectau ynddi, ym mis Tachwedd 2012 ymgwymerodd Bwrdd Rhaglen y Rhyl yn Symud Ymlaen â Gweithdy Adolygu Cyflawni'r Strategaeth. Mae'r adroddiad cefndir a roddwyd i'r sawl a fynychodd ynglwm fel **Atodiad 1 – Adolygiad i Gyllun Cyflawni y Rhyl yn Symud Ymlaen**. Mae'r adrannau canlynol yn crynhoi'r canlyniadau o'r digwyddiad hwn.

4.2 Gorllewin y Rhyl

Cytunwyd y nod cyffredinol, y rhesymeg ac amcanion penodol ar gyfer elfen hon y strategaeth gan Fwrdd y Rhaglen fel y manylir yn **Atodiad 1 – Adolygiad o Gyllun Cyflawni y Rhyl yn Symud Ymlaen**. Y prif brosiect dan y ffrwd waith hon yw Prosiect Gwella Tai Gorllewin y Rhyl – buddsoddiad sector cyhoeddus £16 miliwn i brynu eiddo a chreu parc newydd, ail-fodelu tai a datblygu safleoedd preswyl a

masnachol newydd. Mae'r holl gyllid yn ei le ac mae gwaith ar y prosiect hwn wedi cychwyn. Mae'r cynnydd allweddol yn cynnwys:

- Gorchymyn prynu gorfodol ar gyfer yr holl eiddo angenrheidiol, er bod trafodaethau i gaffael trwy gytundeb yn parhau. Ar hyn o bryd yn y cyfnod ymgynghorol ar gyfer gwirthwynebiadau.
- Cynlluniau ar gyfer y cyfnod dymchwel nesaf (ochr ogleddol Gronant Street) yn cael eu datblygu.
- Cais cynllunio i ailwampio 3 – 9 Abbey Street ar gyfer tai i deuluoedd wedi ei gyflwyno gan Gymdeithas Tai Clwyd Alyn, gyda'r cynllun i gychwyn ar y safle yn ddiweddarach yn y flwyddyn.

4.3 Twristiaeth a'r Stribyn Arfordirol

Cytunwyd y nod cyffredinol, y rhesymeg ac amcanion penodol ar gyfer elfen hon y strategaeth gan y Bwrdd Rhaglen fel y manylir yn **Atodiad 1 – Adolygiad o Gynllun Cyflawni y Rhyl yn Symud Ymlaen**. Y prif broiectau i gyflawni rhan hon y strategaeth yw:

- **Pont a Harbwr y Rhyl** – Buddsoddiad sector cyhoeddus £10 miliwn i adeiladu pont newydd eiconig i gerddwyr a beicwyr i gysylltu Llwybr Beicio Gogledd Cymru, ynghyd â datblygiadau parth cyhoeddus a busnes cysylltiedig. Mae'r cynllun hwn ar y safle a disgwylir ei gwblhau yn yr haf 2013.
- **21 – 24 Rhodfa'r Gorllewin** – cynnig i adeiladu gwesty 60 llofft a bwyty. Mae'r Partner Datblygu wedi ei ddewis ac mae'r dyluniad yn cael ei ddatblygu ar hyn o bryd. Mae gwaith dymchwel yr adeilad presennol yn cychwyn ym mis Ionawr 2013, a'r bwriad yw dechrau adeiladu yn nes ymlaen eleni (yn amodol ar ganiatâd cynllunio).
- **Cyfleusterau Arfordirol y Rhyl** – mae cyfiawnhad busnes yn cael ei ddatblygu ar hyn o bryd i fuddsoddi mewn Canolfan Ddŵr newydd, ailwampio theatr y Pafiliwn a defnydd newydd ar gyfer Tŵr Awyr y Rhyl. Yn y camau cynnar ond byddai cyflawni'n llwyddiannus yn gweld buddsoddi £15 miliwn arall mewn cyfleusterau hamdden yn y Rhyl.

4.4 Manwerthu a Chanol y Dref

O ganlyniad i'r heriau lluosog a wynebu gan ganol y dref, mae Bwrdd y Rhaglen wedi cymeradwyo gwaith pellach i ddatblygu'r strategaeth ar gyfer elfen hon y strategaeth gyffredinol. Oherwydd hyn nid oes amcanion wedi eu cytuno eto, ond mae gweithdy ychwanegol i'w gynnal ym Mawrth 2013. Y proiectau presennol allweddol ar gyfer elfen hon y strategaeth yw:

- **Bee & Station** – Proiect ailwampio £1.5 miliwn i eiddo canol y dref i greu unedau swyddfa ar gyfer mentrau bach a chanolig. Mae'r cynllun hwn ar y safle a disgwylir ei gwblhau yn yr haf 2013.
- **Yr Orsaf Reilffordd** – buddsoddiad £15 miliwn wedi ei gynllunio i wella'r orsaf reilffordd, i gychwyn at ddiwedd 2013.

4.5 Tai a Chymdogaethau

Fel gyda chanol y dref, mae Bwrdd y Rhaglen wedi cymeradwyo gwaith pellach ar ddatblygu'r strategaeth ar gyfer elfen hon y strategaeth gyffedinol. Oherwydd hyn ni chytunwyd unrhyw amcanion eto ond maent yn cael eu datblygu fel rhan o'r syniad ehangach "byw a gweithio yn Sir Ddinbych" sy'n anelu at ddatblygu agwedd ystyrlon tuag at ddenu pobl a busnesau i leoli yn y Sir. Prosiectau presennol allweddol elfen hon y strategaeth yw:

- **Ysgol Uwchradd y Rhyl** – cynllun £25 miliwn i adeiladu adeilad ysgol newydd ar gyfer Ysgol Uwchradd y Rhyl.
- **Adnewyddu Ardal** – gwelliannau allanol parhaus i eiddo preswyl yn Nwyrain a Gorllewin y Rhyl.

4.6 Blaenoriaethu Prosiectau

Ystyriodd Gweithdy Adolygu Bwrdd y Rhaglen hefyd brosiectau cyfansodol strategaeth gyffredinol y Rhyl yn Symud Ymlaen. Nodir y rhestr prosiectau gwreiddiol yn **Atodiad 2 – Rhestr Prosiectau** ac mae canlyniad y drafodaeth hon ynghlwm fel **Atodiad 3 – Adolygu Cyflawni y Rhyl yn Symud Ymlaen**. Mae gwaith ar flaenoriaethu prosiectau yn parhau ar y cyd â dablygu strwythur trefniadol newydd ar gyfer swyddogaeth adfywio'r Cyngor. Bydd hyn yn golygu y bydd, yn y dyfodol, adnoddau staffio priodol i gyflawni'r blaenoriaethau strategol a gytunwyd.

4.7 Adolygu Trefniadau Llywodraethu

Ynghyd ag adolygiad o'r strategaeth cafwyd adolygiad o'r trefniadau llywodraethu. Amlinellir y rhain yn **Atodiad 4 – Bwrdd Rhaglen y Rhyl yn Symud Ymlaen – rhai cynigion ar gyfer y ffordd ymlaen**.

4.8 Fframwaith Rheoli Perfformiad

Cafwyd peth gwaith rhagarweiniol gyda Thîm y Cynllun Mawr i ddatblygu fframwaith rheoli perfformiad mwy cynhwysfawr ar gyfer y rhaglen, ac mae canlyniadau'r gwaith hwn ynghlwm fel **Atodiad 5 – Fframwaith Rheoli Perfformiad**. Wrth fynd ymlaen, datblygir y gwaith hwn ar y cyd â'r Rheolwr Ansawdd a Perfformiad Gwasanaethau Tai a Datblygu Cymunedol, a'r Rheolwr Rhaglen Uchelgais Economaidd a benodwyd yn ddiweddar.

5. Sut mae'r penderfyniad yn cyfrannu tuag at y Blaenoriaethau Corfforaethol?

5.1: Blaenoriaeth 1 – Datblygu'r Economi Lleol a'n Cymunedau

Prif hwb Strategaeth Adfywio y Rhyl yn Symud Ymlaen yw creu mwy o swyddi a chyfleoedd busnes yn yr ardal, gan ddelio'n uniongyrchol â'r flaenoriaeth hon.

5.2: Blaenoriaeth 6 – sicrhau bod tai o ansawdd da ar gael

Yn benodol, bydd Prosiect Gwella Tai Gorllewin y Rhyl yn cael effaith uniongyrchol ar ganlyniad blaenorriaeth “*cynnig amrywiol fathau a ffurfiau o lety ... i ddiwallu anghenion unigolion a theuluoedd*”.

6. Beth fydd yn ei gostio a sut fydd yn effeithio gwasanaethau eraill?

Nid oes gan y strategaeth adfywio gyffredinol gyllideb benodol. Dyrennir cyllid i broiectau penodol, yn bennaf yn defnyddio ffynonellau ariannu allanol, ac fe gaiff y cyllid ei fonitro prosiect wrth broiect.

7. Pa ymgynghori a fu?

Caiff y rhaglen ei monitro gan Fwrdd y Rhaglen, sy'n aml-asiantaeth, sy'n sicrhau bod consensws cyffredinol ynglŷn â'r agwedd a gymerir gan asiantaethau allweddol yn y Rhyl. Mae gwaith pellach yn cael ei wneud i ddatbygu agwedd farchnata a chyfathrebu gryfach i sicrhau bod mwy o ymwybyddiaeth o'r strategaeth yn y gymuned. Mae gan broiectau unigol eu strategaeth ymgynghori eu hunain.

8. Pa risgiau sydd ac a oes unrhyw beth y medrwn ei wneud i'w lleihau?

Caiff risgiau eu monitro gan Fwrdd y Rhaglen gan ddefnyddio **Atodiad 6 – Cofrestr Risg y Rhaglen**.

9. Pŵer i gymryd y Penderfyniad

Nid oes angen cymryd penderfyniad.

Mae Erthygl 6.3.4 Cyfansoddiad y Cyngor yn caniatáu i'r Pwyllgor Craffu adolygu a chraffu ar berfformiad y Cyngor a chyrff cyhoeddus eraill o ran cyflawni eu hamcanion polisi a'u gweithgareddau.

A review of the Rhyl Going Forward Delivery Plan

Rhyl Going Forward

A review of the Rhyl Going Forward Delivery Plan

Tom Booty – RGF Programme Manager
October 2012

DRAFT VERSION 0.2 – Oct 2012

Introduction

The Rhyl Going Forward Delivery Plan was written in June 2011 and adopted by the Council in November 2011 after wide-ranging and extensive consultation. At the heart of this strategy is the concept of:

Recreating Rhyl as a place where people choose to live and stay Rediscovering Rhyl as a place to visit

The Delivery Plan attempted to bring some structure, vision and direction to the various projects and activities that were being undertaken or planned for Rhyl under the banner of "regeneration". To achieve this it "mapped" these existing projects and activities and arranged them under the following workstreams:

- **West Rhyl Regeneration Area**
- **Tourism & the Coastal Strip**
- **Retail & the Town Centre**
- **Housing & Neighbourhoods**

Whilst the Delivery plan has been a significant step in the right direction, it did not critically review the projects and activities in terms of their potential impact – it simply placed them in one of the "boxes" above. This led to the Plan listing over 50 projects, a number that has increased over the last 12 months as new ideas and opportunities come to the fore but no existing projects are discontinued.

There is also a tendency to react to and address the symptoms rather than addressing the fundamental causes of the decline. Thus we have a number of projects that are addressing issues such as environmental decline, but very few that will drive forward the diversification of the economy and facilitate significant private sector investment, create new jobs and new business opportunities.

This approach is not sustainable, and a year on, perhaps the time is right to cast a more critical eye on the strategy – revisiting the strategy and reviewing the projects to ensure that they are consistent with the strategy and will deliver the desired impact. If we are to be effective this will mean reducing the number of projects we are trying to deliver, whilst focussing more resource on those initiatives we believe will have the greatest impact.

This paper seeks to outline the overall aim of each workstream, details a rationale for why we think this is the right approach, and sets out some clear objectives against which we can gauge our success. Following this it will be necessary to review the projects we undertake, and take the opportunity to ensure that such projects are consistent with the strategy and will deliver measurable benefits.

In the West Rhyl Regeneration Area we are trying to create an attractive neighbourhood where working people will want to live

The West Rhyl Regeneration Area is characterised by closely packed, large houses – many of which were originally built as guest houses to accommodate tourists at the height of Rhyl's Victorian heyday. As tourism declined these houses were converted into small apartments and bedsits, now often referred to as HMO's – Houses in Multiple Occupation. As a result of this process we now have a housing market in the area which is dominated by one bed-roomed flats with very little residential property that is suitable for young professionals or families. In terms of tenure, the area is also dominated by the private rented sector and under-represented in terms of owner occupation.

This imbalance in the housing market has also created an imbalance in the community. For individuals who may find difficulty in finding accommodation in other areas – because they may have drug or alcohol problems, a poor credit history, mental health issues, a criminal record, etc – West Rhyl currently offers a housing solution because of the abundance of one-bed-roomed, privately rented accommodation. This over-supply of a particular housing type has fed off demand from across North Wales and further into the North West and Midlands of England, and created a concentration of individuals with a range of social and economic issues. This is evidenced by the fact that the two Lower Super Output Areas (LSOA) covering the West Rhyl Regeneration Area are the 1st and 7th most deprived in the Wales Index of Multiple Deprivation (WIMD)¹.

The area also suffers from a relatively high degree of transience, whereby people stay for a short while in the area and then move on. This is evidenced by statistics from the local schools², and creates some issues for the schools in terms of the disruption it can cause to the pupils themselves and the school in general.

Age and the intensive use of the properties has seen them deteriorate and created a neighbourhood with a poor image and reputation. There is also a lack of open space and general greenery - an issue consistently raised by the community in various consultation exercises over the years. Litter, dog fouling and fly-tipping are also common problems, particularly in the alleyways which characterise the area. All these factors have contributed to deter private sector investment in the area for decades - either by existing property owners or through new investors.

Creating a new green space in the heart of the neighbourhood will lower the housing density and provide a focal point and asset for the community, as well as fundamentally reshaping the area's appearance to help change people's current negative perceptions. It is critical that the planned refurbishment of existing properties and construction of new housing around the new green space attracts people who are economically active – people who previously would not have considered West Rhyl as an option for them to live. This is the key to creating a more balanced, stable community and will be critical in shifting the neighbourhood from its current poor position in the Wales Index of Multiple Deprivation. Such a shift in the demographics of the area, with more people with disposable income living there, will also help the regeneration of the town centre and support a more vibrant and sustainable leisure offer in the town.

² Reference relevant document

To achieve our aim, we have identified the following key objectives:

- 1. To create a balanced housing market which is not dominated by one type of housing or by one type of tenure.**
- 2. To create a balanced, stable community with more economically active people living in the neighbourhood.**
- 3. To improve the appearance of the area**

Along the coastal strip we are trying to create new business and job opportunities by increasing visitor numbers and visitor spend.

Tourism along the coast is generally downmarket, low value, and seasonal. It has shown significant decline over the years and although the decline has probably bottomed out, it is still fragile. Whilst those that do visit are loyal, show a high level of repeat business and seem generally quite happy with the place, this is a shrinking market.

Whilst there is a great deal of nostalgic affection for places such as Rhyl from childhood memories etc, the area still has a strong negative image – it is seen as shabby, depressing with little to do. It is not an aspirational place to visit and the focus groups research suggests that it will be an uphill struggle to attract new customers unless this image can be challenged and altered.

**Turning the Tide
A Visitor Economy Strategy for the SRA
(November 2009)**

Rhyl needs to attract more visitors if we are to create more business opportunities and jobs in the tourism sector. People will always want to go to the seaside and therefore Rhyl will continue to attract day visitors, especially on holidays or sunny days. But day visitors do not spend as much as staying visitors and their business alone will not be enough to sustain the economy. Therefore there needs to be a major change in perception within Rhyl. In effect, Rhyl needs to start thinking of itself not as a place where tourism dominates but as a place where tourism plays an *important role*.

Firstly we need to acknowledge that nationally it is the resorts that have broadened their appeal to a wider market that have had the most success. In these times no tourism resort can prosper without catering to middle class taste. We have identified the strength of Rhyl as a family resort, but perhaps need to think more carefully about how and what we can do to attract more middle class families who have more disposable income.

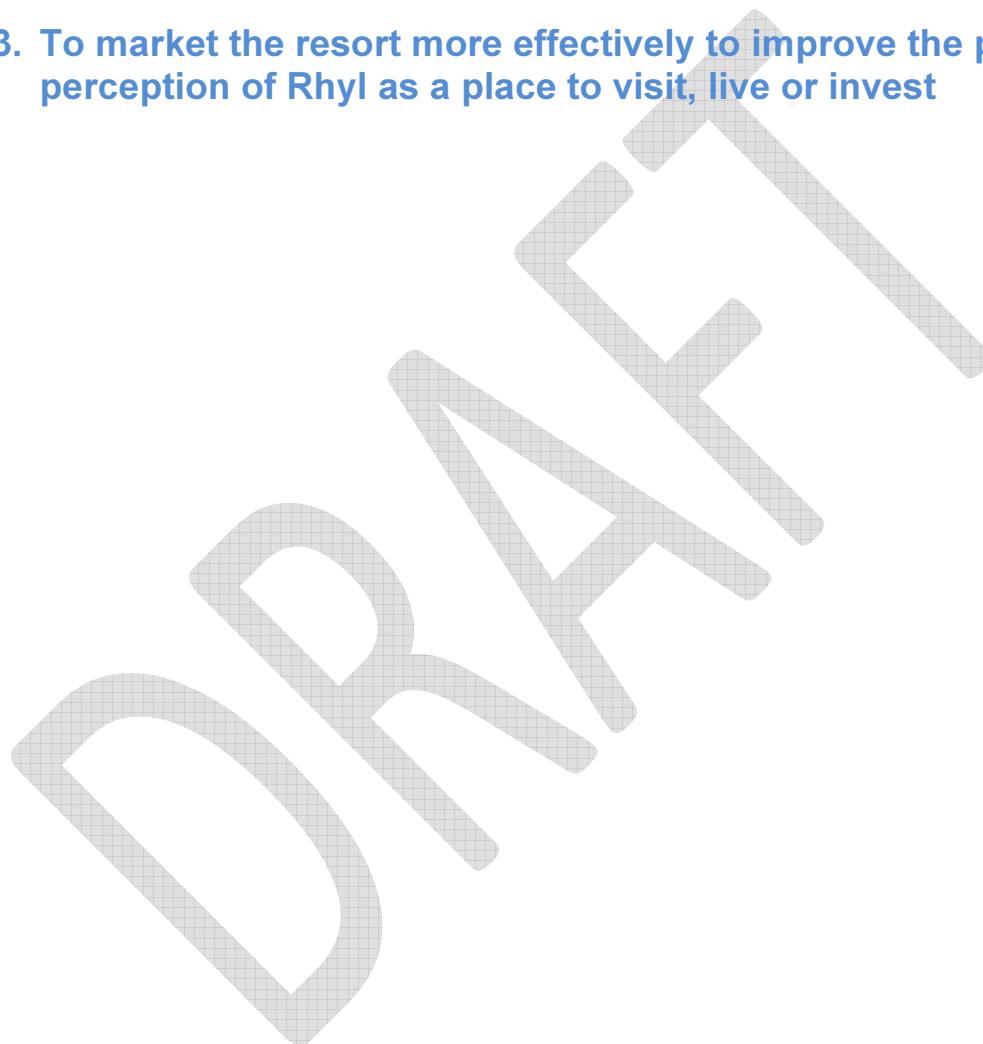

Secondly, when considering new attractions, we need to think how they can be sustained all year round, not just for the busy summer period. Therefore we need to think first and foremost about a leisure market which will serve the local market - which is considerable with 75,000 living within a half hour drive. We also need to think about attractions that will generate repeat visits rather than ones where one visit a year or more will meet the visitors needs and/or expectations.

In an era of financial austerity in the public sector, the approach of 100% publicly funded improvements to the seafront promenade area is no longer viable (if, indeed, it ever was). Regeneration efforts must now focus on how we can provide confidence and facilitate the private sector to invest, and subsequently operate and maintain the leisure infrastructure in Rhyl.

All this is not to say that tourism is not currently important to Rhyl, and will not be important in the future. But Rhyl will need to change, and it is not simply a question of whether or not to bother. Changing Rhyl's product and image is just as vital for non-tourism regeneration as it is for tourism development. Thus tourism should not be neglected, but it should play an important role in achieving balanced regeneration.

To achieve our aim, we have identified the following key objectives:

- 1. To improve the visitor experience by ensuring a clean and well maintained environment, a welcoming atmosphere and by providing a range of activities and events.**
- 2. To create new visitor attractions that are consistent with the current appeal of Rhyl as a family orientated seaside resort, but that will attract visitors who currently do not visit.**
- 3. To market the resort more effectively to improve the public perception of Rhyl as a place to visit, live or invest**

In the town centre we are trying to create new business and job opportunities by supporting investment in retail, but also by introducing new uses and diversifying the town centre economy.

The phenomenal growth of online retailing, the rise of mobile retailing, the speed and sophistication of the major national retailers, the epic and immersive experiences offered by today's new breed of shopping mall, combined with a crippling recession, have all conspired to change today's retail landscape. New benchmarks have been forged against which our high streets are now being judged. New expectations have been created in terms of value, service, entertainment and experience against which the average high street in many cases has simply failed to deliver. These reasons alone conspire to create a new shopper mindset which cannot and should not be reversed.

The only hope our high streets have of surviving in the future is to recognise what's happened and deliver something new.

The Portas Review
An independent review into the future of our High Streets
(December 2011)

The town centre has a potentially very attractive Victorian architecture and urban fabric, but many properties are in poor condition and present a poor image to users of the area. Whilst we accept that the Council's enforcement role has not been robust as perhaps it should have been and needs to be improved, we also need to recognise the significant economic pressures that create this problem. The properties are large, and currently it is generally only the ground floor that has any market value. Existing owners seem not to have the resources to address the scale of refurbishments required and even with grants offered – take up of very generous grants in the town centre has been poor. There is also a problem with property values, whereby the level of investment needed to provide a whole building solution to an acceptable quality standard is not reflected in the final value – a building may be valued at £100,000, have a further £100,000 spent on its refurbishment, but then only be worth £150,000 at the end of the process, an overall loss of £50,000. This has created a vicious cycle of decline and driven a “value” offer in the town centre.

The change to the nature of retailing also means there is much less demand for town centre retail units as the trade moves online and out of centre. This trend is predicted to continue and thus we are faced with an issue of an over-supply of units (evidenced by the increasing incidence of vacancy). Added to this, the Victorian buildings tend to offer small, narrow units, whereas modern retail desires larger, squarer units. With the exception of the Queen's Market area, large scale redevelopment is not going to be an option due to the costs involved and the Conservation Area status of the majority of the town centre, hence new uses will need to be found for units that previously would have been used for retail.

In the face of the fundamental restructuring of the retail industry, without intervention Rhyl town centre will continue to decline. The activity currently being undertaken tends to be addressing the symptoms of decline – untidy streets, unmaintained properties, etc – rather than the causes. Going forward we need to develop a new economic rationale for the town centre which includes retail, but is not entirely reliant on it.

To achieve our aim, we have identified the following key objectives:

- 1. To facilitate new investment in the High Street and other pedestrianised areas to retain and attract national retailers**
- 2. To facilitate new investment in the secondary retail areas (Queen Street, Water Street, Bodfor Street, Wellington Road) to support and grow the independent retail sector, with a particular focus on promoting a stronger food orientated retail offer and introducing more arts and crafts.**
- 3. In the secondary retail areas, on upper floors and on the fringes of the town centre, to create opportunities for new uses such as residential, offices and service provision which will generate footfall and compliment the retail function of the town centre.**

We are trying to improve neighbourhoods within the whole of Rhyl so that they are attractive and desirable places to live

Whilst there is focussed regeneration activity in the West Rhyl Regeneration Area, we also need to consider and address issues across the whole town. There is quite a broad scope to this work. A key element will be improving the quality of existing homes through initiatives such as the Welsh Quality Homes Standard and the Housing Renewal Area. But neighbourhoods are more than just housing - the quality, location and connectivity of open spaces is important, as is the provision of good quality services such as schools and health facilities.

In terms of housing, the intention here is to improve the quality of new and existing homes in Rhyl so that the external fabric is sound and looks well, they have modern facilities such as central heating, they are energy efficient and opportunities to generate electricity are maximised. This will mean continuing the programme of stock improvement to both publically and privately owned stock, but also trying to influence the quality of new housing that is provided in the town.

We also need to improve the environment around these homes to create a sense of neighbourhood and community. To achieve this in a time of significant public sector financial constraints, we will need to promote community engagement in civic initiatives to improve local places and amenities, but there are already shining examples of good practice here such as the Brickfields Pond Nature Reserve. Opportunities exist to build a stronger, more coherent network of public open space which would not only provide "breathing spaces" for local residents but also could act as a local transport network for walking and cycling.

In terms of educational facilities, Post-16 and further education are well provided through Coleg Llandrillo Rhyl. However, there are major concerns about the quality and appropriateness of the buildings at Rhyl High School, and as such the main priority for Denbighshire's Education Department is to secure funding to enable the construction of a new school building. The development of such a project in Rhyl would have major regeneration benefits for the town, most immediately in the opportunities it will create for construction jobs and local suppliers, but in the longer-term in terms of creating a more skilled workforce for the area as the improved facilities impact on the attainment and aspiration of students. The quality of schools is also a major influencing factor in people's choice of location to live, so a modern building where students achieve good qualifications will be fundamental to the town's regeneration.

Facilities in the health sector were boosted recently by the opening of the Healthy Living Centre in West Rhyl, but there remain concerns about the long-term future of the Royal Alexandra Hospital. Given some significant health issues that exist in Rhyl, continued and improved provision of appropriate health facilities will remain a key issue.

There are also issues that relate to specific neighbourhoods within Rhyl. The issues within West Rhyl are so severe that it has a dedicated workstream that has been detailed earlier. However, there are also significant problems of social and economic deprivation in Rhyl's South West ward, and a growing concern about the growth of the older population, particularly within East Rhyl. There is also the prospect that the planned welfare reforms will drive up demand and development of one bed-roomed accommodation, which if unfettered could create an imbalance in the housing market. The strategy must continue to monitor and intervene in these areas to ensure that any issues are well managed and that these neighbourhoods are improved.

To achieve our aim, we have identified the following key objectives:

- 1. To improve the quality of housing in Rhyl**
 - 2. To improve the quality and amenity value of open space in Rhyl**
 - 3. To improve facilities in the area**

PROJECT LIST

PROJECT LIST

The following lists the projects currently “on the books” within the Rhyl Going Forward Programme. Note that not all of them are being delivered by the Rhyl Going Forward Team and may be being progressed by other parts of the Council or partner organisations.

Workstream:	Completed:	Committed:	Development:	TOTAL
West Rhyl	1	6	2	9
Tourism	5	4	25	34
Town Centre	3	4	6	13
Neighbourhoods	0	7	2	9
TOTAL:	9	21	35	65

Project Prioritisation Process

For the projects listed in the table titled “in development or under consideration”, we need to try and prioritise each project by categorising it as:

- **SHORT-TERM** – development of this project should commence immediately or at least within the next 12 months
- **MEDIUM-TERM** – development of this project does not need to commence in the next 12 months but should commence within the next 3 years
- **LONG-TERM** - Development of this project should not commence for at least 3 years

Recently completed projects

Projects that have completed on site/construction in the last 5 years

Project:	Workstream:	Description:
16 -18 Edward Henry St	West Rhyl	Conversion of vacant/derelict property into managed office units
Drift Park	Tourism	Environmental enhancement of West Promenade area
Coastal defence works	Tourism	Coastal protection works from Blue bridge to Drift park area
Apollo Cinema	Tourism	Refurbishment of cinema to create all digital theatres, new foyer and sea view bar
85 – 90 West Parade	Tourism	Demolition of derelict buildings and temporary landscaping of site
Improve sea view	Tourism	Demolition of redundant building and wall near sky tower to improve view and access to beach and sea
Brighton Road	Town Centre	Demolition of building and environmental enhancement to create pedestrian link between car park and town centre.
Bus Station	Town Centre	Environmental enhancement scheme
Costigans	Town Centre	External refurbishment of key gateway building

Committed Projects

A commitment has been made to deliver the project and the necessary funding is in place.

Project:	Workstream:	Description:
West Rhyl Housing Improvement Project	West Rhyl	Acquisition of properties to create new park, remodelled houses and some new residential/commercial development
Supplementary Planning Guidance	West Rhyl	Development of planning policy to support potential cpo activity and guide future development in the area
13 – 15 Crescent Road	West Rhyl	External refurbishment of listed property (PENNAF PROJECT)
Community Seeds	West Rhyl	Development of derelict site to rear of Gronant Street to provide community growing/food production (PENNAF PROJECT)
2 John Street	West Rhyl	Refurbishment of property to create boutique house share concept (PRIVATE PROJECT)
Community Land Trust	West Rhyl	Development of Community project to develop and manage residential properties serving local need
Rhyl Bridge & Harbour	Tourism	Construction of new pedestrian/cycle bridge and development of harbour
E Parade beach access	Tourism	Construction of new DDA compliant slipway to improve access to the beach near RNLI station
Honey Club	Tourism	Construction of 60 bedroom hotel and restaurant on site of former Honey Club
Mountain Bike Skills	Tourism	Development of mountain bike skills area at Glan Morfa to compliment cycle and bmx track
Bee & Station	Town Centre	Refurbishment of former pub/hotel to create small office units
RhylGenerate	Town Centre	Small scale environmental works to improve appearance of vacant retail units (TCM PROJECT)
40 – 47 Water Street	Town Centre	External refurbishment of property (PENNAF PROJECT)
Railway Station	Town Centre	Refurbishment of railway station
Rhyl Cut Fisheries	Neighbourhoods	Environmental improvements to create fishing opportunities and improve biodiversity
H bridge	Neighbourhoods	Works to improve pedestrian and cycle prioritisation of the H bridge
Rhyl High School	Neighbourhoods	Construction of new school building
Area Renewal	Neighbourhoods	External improvements to properties in East and West Rhyl
ARBED	Neighbourhoods	Works to improve energy efficiency of residential properties in West Rhyl
Green Links	Neighbourhoods	Works to improve connections to and interpretation of key natural sites in Rhyl (and beyond)
Green Infrastructure	Neighbourhoods	Development of strategy to create more comprehensive network of green spaces in and around Rhyl

Projects in development or under consideration

Development of the project is underway, but significantly more work may be required to understand the feasibility of the proposal and/or to develop the concept. Some, but not all, of the required funding may be in place.

Project:	Workstream:	Description:
Edward Henry St	West Rhyl	Develop proposals for the reuse/redevelopment of properties in public ownership on Edward Henry Street
Crescent Rd car park	West Rhyl	Develop proposals for the development of the Crescent Rd frontage of the car park (offices or residential)
Children's Village	Tourism	Develop proposals to consider how the Village can make a far greater contribution to tourism and support the concept of creating an "Entertainment Zone" around the cinema
Sky Tower	Tourism	Develop proposals for the future use of the sky tower
Sun Centre	Tourism	Develop proposals for how to replace the sun centre wet leisure facilities and create a new, year round leisure facility
Pavilion Theatre	Tourism	Develop proposals for the refurbishment of the theatre to improve the financial viability and improve the visitor experience
Ocean Plaza	Tourism	Facilitate the redevelopment of the site
85 – 90 West Parade	Tourism	Develop proposals and facilitate the development of the site
West Parade – Sandringham to Sydenham	Tourism	Proposal to allocate as for housing in the LDP. Develop proposals and facilitate the development of the site
The Grange	Tourism	Develop an approach to enable the quality redevelopment of this eyesore site.
Marine Lake ski drag	Tourism	Construction of ski drag to increase capacity for water skiing and wake boarding and create new visitor attraction
Marine Lake commercial opportunities	Tourism	Develop proposals to increase commercial use of Marine Lake and improve its potential as a visitor destination and attraction
Rhyl Marina	Tourism	Development of a marina as the third phase of Rhyl Harbour development
Promenade Activity Programme	Tourism	Delivery of a programme of small scale activity along the promenade (sand sculpture, circus workshops, ect) to improve visitor experience
Big Wheel	Tourism	Advertise for a Big Wheel operator for the area in front of the cinema
LoveRhyl website	Tourism	Domain name LoveRhyl has been acquired. Develop a new website for the town (to include town centre offer)
Marketing campaign	Tourism	Develop and deliver marketing campaign for Rhyl to improve negative perceptions and increase visitors (linked to above)
Aqua Park	Tourism	Extend existing paddling pool or incorporate into new wet leisure facility a more comprehensive outdoor water play area.
Garford Road slipway	Tourism	Improve the slipway and introduce management arrangements to improve access to beach and water

Beach Huts	Tourism	Reintroduce Beach Huts in the East Parade promenade area
Wind Farm Interpretation Centre	Tourism	Create a visitor centre that provides information and advice on the windfarms and renewable energy
Quiet Revolution Wind Turbines	Tourism	Install "Helix" wind turbines along the promenade
Cycle link	Tourism	A new route under/over the railway to create a direct cycle link between the new bridge and North Wales Path to the cycle facilities at Morfa and beyond to the Vale of Clwyd
Boutique Training Hotel	Tourism	Develop a property to operate as a boutique training hotel offering quality accommodation but also providing training opportunities for local people
Pedestrian signage strategy	Tourism	Develop and implement a comprehensive pedestrian signage strategy that covers the whole town (inc. Town centre), possibly replacing all or majority of existing finger posts.
Public art strategy	Tourism	Develop a strategy for the introduction of major art installations in the town. NOTE: If this is to act as a mechanism to attract new visitors the art would probably need to be reasonably controversial - along the lines of "Verity" in Ilfracombe.
Resort Management	Tourism	Develop proposals to improve overall management and coordination of services and properties along the promenade
Queen's Market	Town Centre	Investigate possibility of working with current owners to redevelop the site to create new retail units as part of a wider mixed use scheme
Rhyl Town Hall	Town Centre	Develop proposals to consider how the Town Hall could be used to create a better destination and more activity in the town centre, possibly with an arts based approach but including opportunities for training and entrepreneurs.
Water Street Queens Street Bodfor Street	Town Centre	Development of public realm/highways improvements to some or all of these areas to support investment in independent retail, food, arts and crafts
Vacant Property Scheme	Town Centre	Development of proposals to grant aid and/or acquire vacant or underutilised properties in secondary shopping areas to support investment in independent retail, food, arts and crafts
49 – 55 Queen Street	Town Centre	Refurbishment of WG owned property to create enterprise units and office accommodation
Parking Strategy	Town Centre	Development of parking strategy to review locations, appearance, signage, charges, etc
Public WiFi network	Neighbourhoods	Installation of public WiFi system in Rhyl to support small businesses, encourage visitors to stay longer and spend more time in shopping areas
Rhyl High School Innovation Centre	Neighbourhoods	As part of the Rhyl High School new build, develop an innovation centre for community and business access specialising in ICT development

PRIORITISATION CHECKLIST

When considering how we prioritise projects, the following questions should be considered:

For all projects:

1. Will this project directly create new jobs in Rhyl?
2. Will this project safeguard or relocate existing jobs in or to Rhyl?
3. Will this project directly lever private sector investment in Rhyl?
4. Will this project help facilitate private sector investment in other Rhyl sites?
5. Can this project help create a more positive image of Rhyl?

For West Rhyl Projects:

1. Will this project help create a more balanced housing market which is not dominated by one type of housing or tenure?
2. Will this project help create a balanced, stable community with more economically active people living in the area?
3. Will this project improve the appearance of the area?

For tourism/coastal strip projects:

1. Will this project create an attraction which will attract people to Rhyl who currently do not visit?
2. Will this project create an attraction that generates repeat visits?
3. Will this project be open all year?

For Town Centre Projects:

1. Will this project help retain or attract national retailers to the High Street or other pedestrianised areas?
2. Will this project help facilitate new investment in the independent sector in secondary retail areas?
3. Will this project create opportunities for new uses in secondary retail areas?

For Housing & Neighbourhoods:

1. Will this project help improve the quality of housing in Rhyl?
2. Will this project help improve the quality and amenity of open space in Rhyl?
3. Will this project help improve facilities in Rhyl?

SESSION 1: Strategic Focus

General agreement that the principles outlined felt right but some more work required on how the linkages between Rhyll Going Forward, Rhyll City Strategy and Communities First could work. Paper on suggested governance structures required.

Edward Henry Street	SHORT	MEDIUM	RGF/Pennaf/WG	The WRHIP is taking a significant amount of resource (both people and money), and as such we would have very limited capacity to progress another major property scheme in the area. It would seem logical to "move on" to this area once the implementation of the WRHIP is more progressed.	
Crescent Road Car Park	MEDIUM	MEDIUM	RGF/Pennaf/WG	As above – although may need earlier consideration depending on development of Honey Club and other promenade projects.	

Tourism & the Coastal Strip

Aims & Objectives

General consensus at the work shop that the aims and objectives for this workstream were correct, but perhaps more thought required on how we can develop tourism accommodation more effectively as part of the strategy. Also need to consider how we can reinstate a funfair or similar as a key attraction for Rhyl.

Town Centre

Aims & Objectives

Questions about whether or not the aims and objectives were quite right for this workstream, and as a result needs further consideration which should include the role of independent retail in the pedestrianised areas and the development of the night time economy. We may need to consider further work group to develop the thinking on the town centre.

Project Prioritisation

Project:	Review Recommendation:	Programme Manager Recommendation:	Organisation(s):	Comments:	Links with:
Queen's Market	SHORT	SHORT (for feasibility)	RGF	Recommended as short-term in terms of feasibility and further investigation. Suggest investigated as a mixed use scheme with strong retail element rather than solely retail. Would require very substantial private sector investment and therefore may not be deliverable in the current market. Delivery would be long-term (3 years plus). First step would be to meet with site owners to determine their "appetite" for selling/joint venture, etc	
Rhyl Town Hall	LONG	SHORT (for feasibility)	RGF/RCS/College	As the only significant property in the town centre in Council ownership, the town hall offers the opportunity to develop something relative quickly. Parking Strategy	SHORT	SHORT	DCC Highways/ TCM/RGF	Need for comprehensive review of parking – to include on-street parking. Needs to consider wider long-term plans for regeneration and overall signage.

Housing & Neighbourhoods

A general feeling that this workstream was a bit bland and non-specific. Given the scope of works in the other workstreams perhaps rather than have this as a separate workstream consider removing it from the programme but then having a number of “other key projects” which don’t fit neatly in any of the other workstreams but are still important in the overall scheme of things. This would allow us more flexibility for the types of projects we include in the programme, for example allowing us to include projects which link Rhyl into wider regional job opportunities.

Project:	Review Recommendation:	Programme Manager Recommendation:	Organisation(s):	Comments:	Links with:
Rhyl High School Innovation Centre	SHORT	MEDIUM	RGF/RCS/College DCC Education Rhyl High School	Need to develop the business justification and rationale for the project as part of the new school build. Suggestion of alternative location suggested at the Workshop may be difficult to deliver given that the concept is to add value to the significant funding that will already be going into the school. A stand-alone centre would be significantly more expensive.

Rhyl Going Forward Programme Board

Some proposals for the way forward

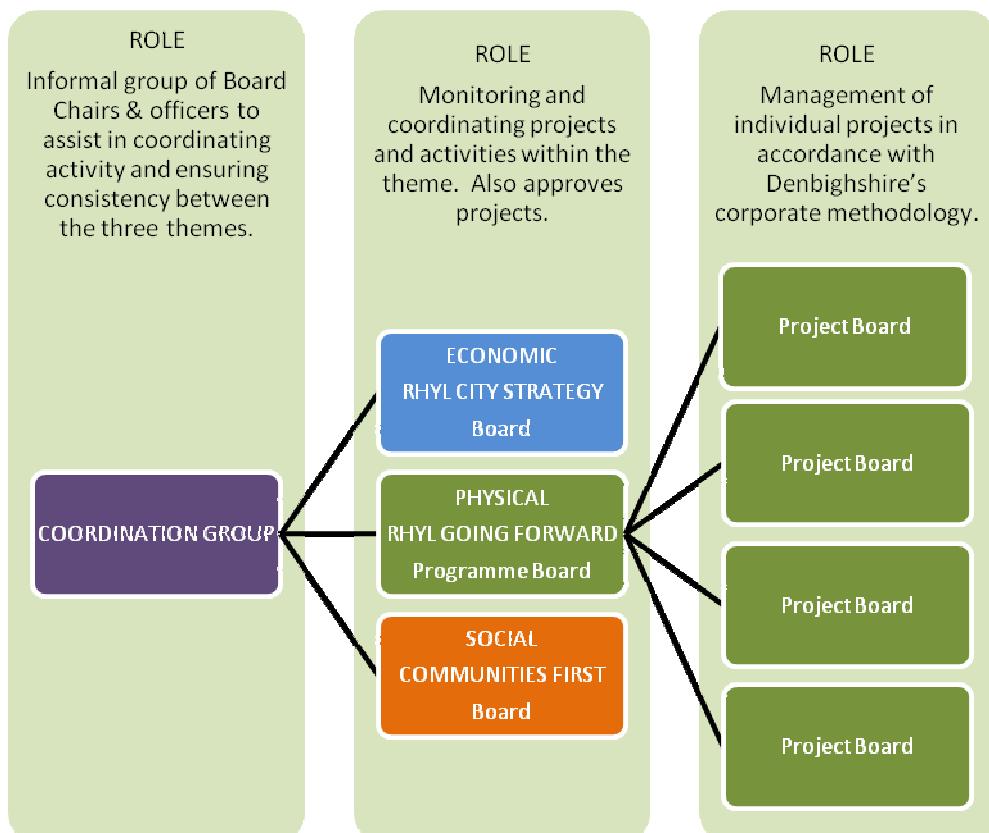

The recent *Vibrant & Viable Places* document from Welsh Government defined regeneration as:

"an integrated set of activities that seek to reverse economic, social and physical decline to achieve lasting improvement, in areas where market forces will not do this alone without some support from government"

***Vibrant & Viable Places
Welsh Government Oct 2012***

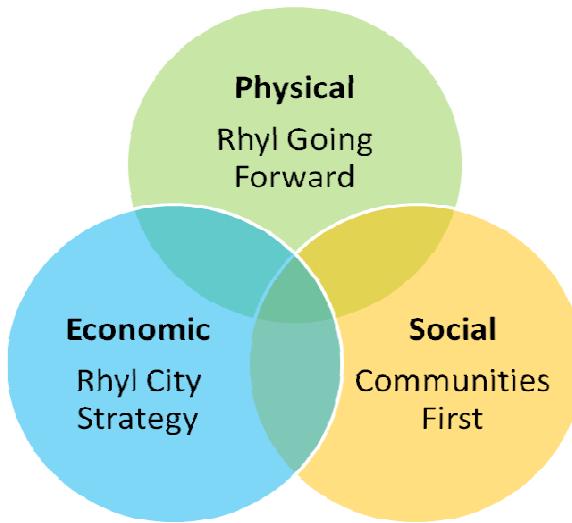

GOVERNANCE

The diagram below illustrates a proposed governance structure for the regeneration of Rhyl.

Board Level

Given the three key themes of regeneration – physical, social and economic – it is proposed to utilise existing (or in the case of Communities First proposed) structures to lead on each theme, as illustrated in the diagram below.

Thus the Boards for each organisation would lead on their respective theme, and understand that this is a key element of their role. On this basis each board will be overseeing a number of individual projects, some of which may be exclusive to that organisation, but with others that are “joint” projects with one or both of the other organisations.

For this structure to work effectively, some joint Board membership is required. It is suggested that the lead officer for each organisation sits on the other Boards, as is the case currently between Rhyl Going Forward and Rhyl City Strategy. Some consideration could also be given to the Chair of each organisation sitting on the other Boards.

Co-ordination Group

To further reinforce joint working and delivery, it is proposed to establish a coordination group to ensure that activity within the three themes is consistent and complimentary. This would primarily be an influencing group (project approvals take place within the Boards), and as such it is suggested that this group remains small, relatively informal and meets no more than quarterly. Suggested membership would be 6 – the chair and lead officer from each Board.

Rhyl Going Forward Programme Board

The Programme Board would continue leading on physical regeneration projects. The role of the Programme Board will be to effectively deliver strategic change, not to govern the delivery of individual projects. These should be addressed at the project level unless there are significant problems with delivery or the strategic context for the project has changed. In these circumstances it will be appropriate for the Programme Board to intervene, but in general the Board's role should be more strategic in terms of:

- ensuring the right projects are selected
- ensuring money is not wasted on projects that do not deliver benefits

- ensuring that scarce resources are prioritised
- improving communication with stakeholders
- providing better focus on the real drivers of change
- delivering tangible results

In undertaking this role the Programme Board will need to:

- Discuss the strengths, weaknesses and challenges facing Rhyl and identify and share best practice;
- Discuss the application of alternative ways of doing things;
- Identify, scope and justify candidate projects;
- Analyse the quick wins, longer term wins and decide which projects to approve;
- Select those projects which will generate significant benefits;
- Co-ordinate the delivery of the agreed set of projects;
- Involve stakeholders and ensure that projects respond to emergent evidence and other changes in the political and operational context;
- Review and maintain the quality and ambition of projects; and
- Follow through to implement projects and realise projected benefits.

Meeting Protocols

To provide focus for the role outlined above, a typical Board agenda might consist of the following agenda:

1. status report for each strand using project dashboard and highlight reports for any key issues/achievements/emerging risks
2. input/progress report from Rhyl City Strategy and Communities First
3. key decisions required from the Board, with reports supporting each decision required setting out time, cost and quality implications of decisions required and options considered
4. review of Programme Risk Register, with focus on red risks and/or increasing risks and management/mitigation actions being taken or needed
5. catch all section for any emerging issues that we may need to consider in relation to regeneration efforts in Rhyl (for example, if we started seeing a move toward properties being bought up by London Boroughs for re-housing homeless, or a major new employer or employment opportunity arising)
6. key messages for communication

It is suggested that the Board meets every two months, and an additional Review meeting is organised annually with a much wider invite list to review the strategy and constituent projects. This review could also be tied to the production of an Annual Report detailing progress in the year just gone, along with a revision of the Delivery Plan to ensure there is always a current 3 year plan.

Proposed Board Membership

Performance Management Framework

Chapter 2: People and places in Rhyl benefit from regeneration activity (OUTCOME 2)

What this means: Providing leadership and coordination to tackle the key challenges to the wellbeing and economic circumstance of people living in a deprived area and to build the relationship between partners and the communities they serve. We must ensure regeneration is coordinated and people feel the benefits. “The concentration of deprivation in the poorest communities in Wales can necessitate a focus on place.” (Child Poverty Strategy for Wales, 2011).

Status Updated	Updated by:	Evaluation	Overall Evaluation
Q2 2012/13	RGF Programme Manager	Communities in Rhyl are slowly benefiting from regeneration, and educational outcomes are improving. However, outcomes for people in Rhyl are still generally worse than for the rest of the county/country. Intervention required in respect of Rhyl Town Centre.	Orange (acceptable)

What's going well

- Communities in Rhyl are slowly benefiting from regeneration activity, demonstrated by two wards moving out of the top five most deprived areas in Wales.
- Educational outcomes for learners in Rhyl high schools are improving; however, there remains an attainment gap between those learning in Rhyl to those learning in Denbighshire's other high schools.

What concerns us and what we're doing about it

- Rhyl West 2 remains the first most deprived ward in Wales (identified as ‘red’). People in Rhyl are more likely to be out of work compared to the rest of Denbighshire, Wales and Great Britain (identified as ‘red’).
- There are more vacant town centre properties in Rhyl than in 2010 (although the proportion of vacancies in other towns has increased and is highest in Corwen), and revenue from tourism industry direct employment has declined slightly. There are significant economic structural problems in Rhyl Town Centre. The Rhyl Going Forward Programme Board is taking action; but a strategy and projects are required. This has been identified as ‘red’ and will be escalated to LSB.
- The three pillars of regeneration (physical; economic; social) are being delivered by the action plan for this Outcome; Rhyl Going Forward (physical);

Rhyl City Strategy (economic) and Communities First (social). The Rhyl Going Forward Strategy is currently being refined and projects are being reprioritised. A revised Communities First Action Plan will be re-submitted in December 2012.

- Communities Scrutiny Committee receives regular updates from Rhyl Going Forward. For more information, contact Rhian Evans, Scrutiny Support Officer.

Outlook

- Significant challenges remain and as with all regeneration programmes, it will take many years before we will be able to demonstrate improved outcomes for people living, working and learning in Rhyl. Early indications show Rhyl is moving in the right direction.

1	05/01/12	18/09/12	Community Opposition – a group called “Voice of the Community” has been created by a few, vocal members of the community who appear to be opposed to the plans for the West Rhyl Housing Regeneration Area. There is a risk that continued opposition will undermine confidence in the strategy and ultimately in delivery. 2	05/01/12	18/09/12	Meeting funding commitments – the £10 million allocated for the West Rhyll Housing Regeneration Area needs to be spent within a two year period commencing April 2012. This is very challenging and it is unlikely that there will be any allowance for carry over between years or at the end of the 2 year period. There is therefore a risk that we will not meet the spend profile, which could in turn jeopardise our ability to deliver the full programme of regeneration in West Rhyll, or worse still leave us with a half completed programme and no funds to complete. Dyddiad y Cyfarfod:	17 Ionawr 2013
Swyddog / Aelod Arwain:	Aelod Arwain ar gyfer Gofal Cymdeithasol a Gwasanaethau Plant/Pennaeth Gwasanaethau Busnes ac Oedolion
Awdur yr Adroddiad:	Rheolwr Prosiect, Tai Gwarchod a Gofal Ychwanegol
Teitl:	Adolygiad o Wasanaethau Dydd Gogledd Sir Ddinbych

1. Am beth mae'r adroddiad yn sôn?

Mae'r adroddiad hwn yn nodi'r sefyllfa gyfredol o ran yr ymgynghoriad a'r adolygiad o Wasanaethau Dydd Gogledd Sir Ddinbych a'r cynigion i newid y ffordd y darperir gwasanaethau dydd yng Ngogledd Sir Ddinbych.

2. Beth yw'r rheswm dros lunio'r adroddiad hwn?

Rhoi adborth am yr ymgynghoriad a cheisio cefnogaeth y Pwyllgor Craffu i roi'r argymhellion ar waith.

3. Beth yw'r Argymhellion?

Argymhellir y canlynol:

- 3.1 Bydd Canolfan Ddydd Hafan Deg yn darparu gwasanaeth sy'n canolbwytio ar asesu a chanlyniadau, gan weithio'n ddwys gydag unigolion am hyd at 6 wythnos i gefnogi pobl i adfer sgiliau neu hyder a gollwyd ac, os yw'n ofynnol, eu cyfeirio at weithgareddau yn y gymuned neu eu cyfeirio at wasanaethau tymor hwy am gymorth parhaus. Bydd y gwasanaeth yn Hafan Deg yn cefnogi unigolion ledled Gogledd Sir Ddinbych.
- 3.2 Bydd Llys Nant, y gwasanaeth sydd ar gael ar hyn o bryd yn 6-8 Nant Hall Road dros dro yn symud i safle arall, ac yn darparu dwy lefel o ofal:
 - Bydd un lefel i'r bobl hynny sydd wedi dod dwy'r broses asesu uchod ac sydd ag anghenion gofal cymdeithasol cymwys y gellir eu bodloni o fewn gwasanaeth gweithgaredd yn ystod y dydd, gan gynnwys bodloni anghenion gofalwyr anffurfiol.
 - Bydd y lefel arall yn wasanaeth mwy ataliol, sy'n gymdeithasol ei natur ac yn seiliedig ar weithgaredd, a gall unigolion gael eu cyfeirio ato gan amrywiaeth o wasanaethau eraill.
- 3.3 Comisiynu darpariaeth arbenigol fesul unigolyn i'r bobl hynny na ellir bodloni eu hanghenion mewn unrhyw un o'r gwasanaethau uchod e.e. i rai unigolion

sy'n fregus eu meddwl, mewn ffordd sy'n cefnogi unigolion mewn modd hyblyg ac efallai cynyddol.

4. Manylion yr adroddiad

- 4.1 Nodwyd yn y ddogfen *Reablement Moving Forward* (Tachwedd 2010) fod angen adolygu'r ddarpariaeth gyfredol o wasanaethau dydd; nodwyd yn glir hefyd yn Adolygiad 2008 o Wasanaethau Dydd fod angen cynnig ystod ehangach o ddewisiadau i ddefnyddwyr gwasanaeth.
- 4.2 Ym Mhrestatyn mae 5,967 o bobl sy'n 65+ oed (Gwrywod), 60+ oed (Benywod) sef 26.36% o boblogaeth gyffredinol Prestatyn sy'n 22,629 (ffigurau 2011).
- 4.3 Yn y Rhyl, mae 5,980 o bobl sy'n 65+ oed (Gwrywod), 60+ oed (Benywod) sef 23.38% o boblogaeth gyffredinol y Rhyl sy'n 22,629 (ffigurau 2011).
- 4.4 I sicrhau bod y gwasanaethau cymdeithasol a ddarperir i Bobl Hŷn yn gynaliadwy, a'u bod yn cadw i fyny â'r galw, mae angen inni flaenoriaethu'r ddarpariaeth gwasanaeth i'r rheini â'r angen mwyaf, ac mae angen i'r cymorth hwnnw ganolbwytio ar ail-alluogi, yn unol â pholisi Llywodraeth Cymru fel y nodwyd yn *Gwasanaethau Cymdeithasol Cynaliadwy i Gymru: Fframwaith Gweithredu*.
- 4.5 Wrth adolygu Gwasanaethau Gofal Dydd, mae'n bwysig gwahaniaethu rhwng **gweithgareddau yn ystod y dydd a gofal dydd**.
- 4.6 Yn fras, **gweithgareddau yn ystod y dydd** yw'r rheini a allai ddigwydd yn y gymuned, ac sy'n cefnogi pobl sydd ag anghenion lefel is. Gallai gweithgareddau felly gynnwys: safleoedd ffurfiol ac anffurfiol, canolfannau a gynhelir gan fudiadau gwirfoddol, canolfannau galw heibio, clybiau cinio, clybiau cymdeithasol, cyfleusterau addysg a hamdden, caffis a thafarndai. Ar hyn o bryd, mae nifer o bobl yn mynychu ein canolfannau dydd heb fod ganddynt anghenion gofal sylweddol a gellid fod wedi'u cyfeirio at weithgareddau dydd cymunedol adeg atgyfeirio.
- 4.7 Mae **gofal dydd** yn awgrymu felly fod angen penodol na fyddai gweithgareddau yn ystod y dydd yn ei fodloni. Byddai cynllun gofal yn nodi'n glir angen yr unigolyn a sut byddai hwn yn cael ei fodloni drwy raglenni dwys, tymor byr fel ail-alluogi ac ailsefydlu. Byddai angen gofal dydd arbenigol ar rai unigolion yn rhan o raglen o gymorth parhaus.
- 4.8 Rôl y tîm staff yn Hafan Deg fyddai cynnal asesiad manwl a, lle bynnag y byddai'n bosibl, cefnogi unigolion i symud i weithgareddau yn ystod y dydd sy'n gymdeithasol gynhwysol yn eu hardal leol. Lle asesir bod angen gofal dydd parhaus, dylai fod cyfleoedd o hyd i greu cysylltiadau ystyrlon â gweithgareddau cyffredin yn ystod y dydd a dylid cynnwys hyn yn y cynllun gofal.

- 4.9 Cynhaliwyd trafodaethau cychwynnol â'n Partneriaid Cymdeithas Tai yn Nant y Môr a Gorwel Newydd gyda'r bwriad o ddatblygu grwpiau gweithgaredd dydd yn y ddau Gynllun Gofal Ychwanegol ac roeddent yn agored iawn i'r awgrym o estyn y cyfleusterau cymunedol helaeth a deniadol yn y ddau gynllun i bobl a gyfeirir o'r gymuned leol. Byddai modd i'r staff gofal dydd presennol drefnu gweithgareddau yn y cynlluniau ac i'r bobl hŷn sy'n dod i gael pryd o fwyd a manteisio ar gyfleusterau eraill yn y cynllun e.e. Trinwyr Gwallt, Llyfrgell, ystafelloedd TG.
- 4.10 Y neges glir yn Strategaeth Pobl Hŷn Llywodraeth Cymru yw y byddai'n well gan bobl, yn y dyfodol, gael eu cefnogi gan wasanaethau cymunedol lleol cynhwysol yn hytrach na gwasanaethau dydd traddodiadol. Er mwyn i Gyngor Sir Ddinbych allu darparu gwasanaethau dydd cynaliadwy i fodloni anghenion niferoedd cynyddol y bobl sy'n agored i niwed yn y dyfodol, mae'n hanfodol inni newid y ffordd y darperir y gwasanaethau hyn.

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenorriaethau Corfforaethol?

Mae'r adolygiad o wasanaethau dydd yn cyfrannu at y flaeoniaeth gorfforaethol ganlynol: bod Pobl sy'n Agored i Niwed yn cael eu gwarchod a'u bod yn gallu byw mor annibynnol â phosibl.

6. Beth fydd yn ei gostio a sut bydd yn effeithio ar wasanaethau eraill?

Mae gofyn arbed £30k eleni drwy'r adolygiad hwn o Wasanaethau Dydd a llwyddwyd i wneud hyn drwy ad-drefnu'r strwythur rheoli ar draws y ddau wasanaeth.

7. Pa ymgynghoriadau a gynhaliwyd ac a oes Sgriniad Asesiad o Effaith ar Gydraddoldeb wedi'i gynnal?

- 7.1 Fel y rhoddwyd gwybod ym mis Rhagfyr 2012, cynhaliwyd Proses Ymgynghori drwyadl gyda rhanddeiliaid allweddol ac mae'r crynodeb o'r adborth o'r ymgynghoriad ynghlwm yn Atodiad 1.
- 7.2 Yn ogystal â'r ymgynghoriad arfaethedig, mae Papurau Gwybodaeth rheolaidd wedi'u cynhyrchu a'u cylchredeg ac mae rhanddeiliaid, gan gynnwys Aelodau a chynrychiolwyr o Grwpiau Pobl Hŷn a'r Sector Gwirfoddol, wedi cyfranogi yng nghyfarfodydd y Grŵp Adolygu Gofal Dydd.

8. Pa risgiau sydd ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

- 8.1 Mae risg i sefyllfa ariannol y Cyngor drwy beidio ag arbed yr hyn sy'n ofynnol.
- 8.2 Mae risg i allu pobl sy'n agored i niwed i fyw'n annibynnol os na wneir y newidiadau, oherwydd ni fydd gwasanaethau'n gallu ymdopi â'r galw cynyddol a ragwelir yn y trefniadau cyfredol.
- 8.3 Mae'r adolygiad yn lleihau'r ddau risg hyn.

9. Pŵer i wneud y Penderfyniad

- 9.1 O dan adran 47 o Ddeddf y Gwasanaeth Iechyd Gwladol a Gofal yn y Gymuned 1990, mae gan awdurdodau lleol ddyletswydd i gynllunio i fodloni anghenion gofal cymdeithasol pobl hŷn.
- 9.2 Mae Erthygl 6.3.2 (b) ac (c) o Gyfansoddiad y Cyngor yn amodi y gall pwylgorau craffu “wneud adroddiadau a/neu argymhellion i Gyngor llawn a/neu'r Cabinet mewn cysylltiad â chyflawni unrhyw swyddogaethau”, ac “ystyried unrhyw fater sy'n effeithio ar yr ardal neu ei phreswylwyr”.

1.1 Ystyried Strategaeth Rheoli a Gwaredu Asedau'r Cyngor a'r gweithdrefnau a chanllawiau sydd wedi'u sefydlu.

2. Beth yw'r rheswm dros wneud yr adroddiad hwn?

2.1 Cyflwyno gwybodaeth a gofyn am sylwadau ar Strategaeth Rheoli a Gwaredu Asedau'r Cyngor a'r gweithdrefnau a'r canllawiau sy'n rheoli gwaredu asedau'r Cyngor.

2.2 Mae'r Pwyllgor yn gofyn am sicrwydd y rhoddir ystyriaeth i ddefnyddiau amgen, gan gynnwys defnyddiau cymunedol, wrth waredu pob ased a bod yr holl waith gwaredu'n agored ac yn dryloyw ac yn cael ei wneud er budd trethdalwyr.

3. Beth yw'r Argymhellion?

3.1 Fod y Pwyllgor yn ystyried cynnwys yr adroddiad ac yn cyflwyno sylwadau ar Strategaeth Rheoli Asedau'r Cyngor

4. Manylion yr adroddiad

4.1 Mae'r Cyngor wedi bod yn gwaredu asedau sy'n weddill i'w ofynion ers 1996 gyda rhaglen ddwys yn canolbwytio, i ddechrau, ar werthu asedau anweithredol a gafodd eu hetifeddu o'r hen gynghorau.

4.2 Mae'r Cyngor wedi parhau â'r polisi yma o waredu parhaus ac yn ôl y gofyn pan fydd asedau'n cael eu datgan yn weddill i ofynion. Mae gan y rhaglen bresennol darged o £10 miliwn am y cyfnod o 2010 i 2015. Erbyn hyn mae'r rhan fwyaf o'r asedau y mae'r Cyngor yn eu gwaredu'n gyn asedau gweithredol gyda phroblemau heriol, o ran rheolaeth asedau ac o ran safleoedd, y mae'n rhaid eu datrys cyn y gellir eu gwerthu.

4.3 Cyn bod tir ac adeiladau'n cael eu datgan yn weddill i ofynion er mwyn eu gwerthu, mae'n rhaid mynd drwy broses safonol y Cyngor o adolygu

rheoli asedau. Mae'r broses hon yn hysbysu adrannau eraill y Cyngor fod Gwasanaeth wedi datgan, mewn Grŵp Rheoli Asedau, fod ased yn weddill i'w ofynion. Mae'r Grŵp Rheoli Asedau'n trosglwyddo'r ased i Corfforaethol dros dro tra'n disgwyl penderfyniad ar ei ddyfodol. Mae hynny'n galluogi hysbysu Gwasanaethau eraill fod yr ased ar gael ac, os bydd o ddefnydd gweithredol, yna gellir trosglwyddo'r ased i'r Gwasanaeth hwnnw. Ar yr adeg yma hefyd, ymgynghorir ynghylch yr ased gyda'r Aelod Lleol ble mae'r ased. Os nad oes unrhyw ofynion gweithredol yna bydd ased yn cael ei ddatgan yn weddill i ofynion y Cyngor mewn Grŵp Rheoli Asedau. Mae hyn yn cael ei gymeradwyo gan y Pennaeth Gwasanaeth, yr Aelod Arweiniol dros Benderfyniadau Dirprwyedig neu'r Cabinet fel bo'n briodol.

- 4.4 Mae cynllun cymeradwyo dirprwyedig y Cyngor ar gyfer gwaredu fel a ganlyn:

£0 - £30,000.99 – Pennaeth Cyllid ac Asedau (yn amodol ar gymeradwyaeth y Grŵp Rheoli Asedau)
£30,001 - £499,999.99 - Aelod Arweiniol Dros Gyllid ac Asedau
£500,000 a throsodd – Y Cabinet.

4.5 Cydymffurfio'n Statudol wrth Waredu Tir ac Adeiladau'r Cyngor, Adran 123, Deddf Llywodraeth Leol 1972 ayb.

- 4.5.1 Mae'r Awdurdod yn brif gyngor yn ôl diffiniad Deddf Llywodraeth Leol 1972. Mae Adran 123 y Ddeddf yn darparu y gall cynghorau waredu'u tiroedd yn ôl eu dynuniad ond na ddylid gwaredu tir am lai na'r pris gorau y gellir, yn rhesymol, ei gael.
- 4.5.2 Mae yna dri phrif ddewis wrth waredu tir neu adeiladau sy'n weddill i ofynion, fel sy'n cael ei ddangos yn Atodiad A.

4.6 Strategaeth Gwaredu

- 4.6.1 Mae gan y Cyngor strategaethau i waredu o'r portffolios Amaethyddol, Swyddfeydd Corfforaethol ac Eiddo Amrywiol. Mae copi o'r Cynllun Rheoli Gwasanaeth yr Ystâd Amaethyddol ynghlwm fel Atodiad B. Mae'r Portffolio Swyddfeydd Corfforaethol yn ne'r sir wedi'i resymoli a chynhelir ymarfer tebyg ar bortffolio swyddfeydd yng ngogledd y sir. Mae hynny'n cynnwys tir moel sy'n cael ei gadw wrth ddisgwyl iddo gael ei gynnwys yn y Cynllun Datblygu Lleol.
- 4.6.2 Bydd gan yr Ystâd Datblygu Economaidd strategaeth ddrafft i reoli rhesymoli asedau o'r portffolio eiddo erbyn Ebrill 2013, sydd i'w thrafod, ei chymeradwyo a'i mabwysiadu. Rhan o'r strategaeth hon fydd argymhellion ar gyfer gwaredu asedau.
- 4.6.3 Mae gan Ddysgu Gydol Oes bolisi o Foderneiddio Addysg a gallai hyn arwain at asedau sy'n weddill i ofynion yn y man.

- 4.6.4 Mae Gwasanaethau eraill yn datgan asedau'n weddill i ofynion wrth resymoli eu portffolios gweithredol.

Cyfranogaeth Aelodau

- 4.7.1 Mae gan yr Aelodau ran mewn gwaredu asedau mewn nifer o ffyrdd:

Cabinet – Yn awdurdodi gwaredu asedau sy'n werth mwy na £500,000

Aelod Arweiniol – Yn awdurdodi gwaredu asedau sy'n werth rhwng £30,000 a £500,000 ac yn cadeirio'r Grŵp Rheoli Asedau (grŵp swyddog)

Cytunodd Gweithgor yr Ystadau Amaethyddol ar y strategaeth buddsoddi a gwaredu i'r Ystâd sy'n arwain y gwaith presennol (mae'r grŵp yn cael ei ail ffurio ar hyn o bryd).

Bydd Grwpiau Aelodau Ardal yn derbyn manylion cyn bo hir o'r holl eiddo yn eu hardal.

Bydd yr adolygiad o'r portffolio diwydiannol a busnes sy'n cael ei baratoi yn cynnwys yr aelodau

Ymgynghorir ag aelodau unigol ynghylch gwaredu eiddo yn eu wardiau

5. Sut y bydd y penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

- 5.1 Mae gwaredu asedau dros ben yn cynhyrchu derbyniadau cyfalaf ac arbedion refeniw sydd o help i'r Cyngor wireddu'r Blaenoriaethau Corfforaethol na fyddai, fel arall, ag arian ar eu cyfer. Mae'r targed o £10 miliwn mewn derbynebau cyfalaf dros y cyfnod 2010 – 2015 yn Flaenoriaeth Gorfforaethol.

6. Beth fydd y gost a sut y bydd yn effeithio ar wasanaethau eraill?

- 6.1 Mae gwaredu asedau'n costio i'r Cyngor ac mae'n effeithio ar wasanaethau eraill fel a ganlyn:

Angen Adnoddau Ychwanegol (staffio neu ariannol): Gellir talu am hyn o'r derbyniadau cyfalaf a thrwy benodi asiantau, ymgynghorwyr a chyfreithwyr allanol. Mae'r rhan fwyaf o waith paratoi asedau ar gyfer y farchnad yn cael ei wneud gan swyddogion ac mae hyn yn drafferthus ac yn anodd yn y farchnad sydd ohoni.

Cydraddoldebau: Dylid bod yn ofalus wrth waredu i bartïon a enwir nad oes wahaniaethu yn erbyn partïon eraill.

TGCh: Dim, heblaw costau symud ac ail osod offer Cyngor Sir Ddinbych.

Cyfreithiol: Mae gwaredu yn golygu, fel arfer, lawer iawn o waith cyfreithiol sy'n gallu bod yn drafferthus ac felly'n gostus.

Bioamrywiaeth: Asesir risgiau'r cyfrifoldebau sy'n cael eu gosod ar y Cyngor gan Ddeddf Amgylchedd Naturiol a Chymunedau Gwledig 2006 a gweithredir yn ôl y gofyn wrth waredu i gydymffurfio â'i darpariaethau.

7. Pa ymgynghori a wnaed?

Mae'r adroddiad hwn yn gofyn am farn y Pwyllgor Archwilio ar reolaeth yr Awdurdod o'i asedau strategol a sut y gall y Strategaeth fod o gymorth i'r Cyngor liniaru'i bwysau ariannol cynyddol.

8. Datganiad y Prif Swyddog Cyllid

Mae gwaredu asedau dros ben yn cynhyrchu derbyniadau cyfalaf ac arbedion refeniw sydd o help i'r Cyngor wireddu'r Blaenorriaethau Corfforaethol na fyddai, fel arall, ag arian ar eu cyfer.

9. Pa risgiau sydd ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

- 9.1 Mae'r risgiau sy'n gysylltiedig â gwaredu tir ac eiddo yn eang ac yn amrywiol, llawer y tu hwnt i reolaeth y Cyngor a'i swyddogion. Mae'n hynod o anodd rhestru'r cyfan. Y prawf syml yw'r llwyddiant a geir ac, hyd yma, rydyn ni'n dal i waredu asedau ar y farchnad agored.
- 9.2 Y ffordd orau y gall y Cyngor liniau'r risg yw trwy ddeall pa mor anodd yw gwaredu asedau yn y farchnad sydd ohoni. Mae gwaredu asedau'n golygu rhoi sicrwydd i'r prynwr a'r mwyaf o sicrwydd y gallwn ni ei roi i'r farchnad y lleiaf yw'r risg na fydd yr ased hwnnw'n gwerthu.

10. Yr Hawl i Benderfynu

- 10.1 Ni ofynnir am benderfyniad. Gellir rhoi sicrwydd yr ystyrir defnyddiau eraill i gael y pris gorau i'r Cyngor am eiddo a werthir fel rhan o'r diwydrwydd dyladwy arferol.
- 10.2 Mae pob gwerthiant, ar y farchnad agored ac i bartion a enwir, yn cael eu cynnal mewn ffordd sy'n hawdd ei archwilio, yn fewnol ac yn allanol, ac sy'n cydymffurfio â statud ac ag ymarfer gorau.
- 10.3 Pan fydd y Cyngor yn gwaredu asedau i bartion a enwir, mae'n rhaid iddo barchu ymddiriedaeth fasnachol y trydydd parti hwnnw. Mae'r un protocolau a safonau moesegol yn cael eu cynnal i gael cymeradwyaeth a chyngor annibynnol i amddiffyn y Cyngor a'i

swyddogion rhag cyhuddiadau wrth weithredu yn y byd masnachol.

- 10.4 Mae Erthygl 6.3.3 o Gyfansoddiad y Cyngor yn caniatáu i Bwyllgorau Archwilio ymarfer swyddogaeth datblygu ac adolygu polisiau.

Disposal on the open market

This is a sale by private treaty, auction or tender (informal or formal) and is the usual method of disposing of surplus assets. The Council normally appoints an external agent to act on its behalf as the need to get maximum marketing exposure both in the press and on the internet is a requirement to obtain the best consideration possible.

Disposal to a named party at market value for a particular use

The Council will already have a scheme/use which it wishes to see delivered on a particular site prior to the declaration of surplus. The requirement to obtain the best consideration for the site will still apply.

Where the Council is selling to a public or quasi public sector body to deliver a desired use, the provisions of the Best Practice Guide for disposal and transfer of land and property assets between Public Sector Bodies in Wales (copy attached at Appendix C) are catered for. The Council applies the same standards and processes in disposals to private sector named parties such as developers and special purchasers in particular the obtaining of independent valuations.

The Council receives numerous requests from private individuals for small areas of vacant land which is of value to them for gardens or similar uses. Because the values of these sites are low these follow the same asset management process. Small land swaps also fall into this category.

Disposal to a named party at an undervalue

All disposals at less than best consideration are required to comply with the General Disposal Consent (Wales) Order 2003. The Order regulates the disposal of public sector land and buildings at undervalue of less than £2m.

The transferring of assets at an undervalue is limited to those cases where the Council believes the undervalue is in the economic, social or environmental well being of an area, or, any parts of its area, or, any or all of the persons present in its area. The provisions of Best Practice Guide for disposal and transfer of land and property assets between Public Sector Bodies in Wales, as previously referred, are also applied by the Council.

Careful consideration is also given on the possible breach of Protocol 5 State Aid Test where the Council is considering a transfer of an asset at an undervalue. This is to ensure that a breach of the Welsh Government (WG) Land Transfer protocol and the contravening of EU Legislation which prevents public bodies from funding undertakings engaged in competitive economic activity is avoided.

BEST PRACTICE GUIDE FOR THE DISPOSAL & TRANSFER OF LAND & PROPERTY ASSETS BETWEEN PUBLIC SECTOR BODIES IN WALES

1. Executive Summary.

This guide sets out advice by the National Assets Working Group (NAWG) for a best practice solution for the transfer or disposal of land between public bodies in Wales.

One of the key deliverables of the NAWG is the development and delivery of a best practice guide for use by the Welsh public sector to assist in reducing cost and time associated with the transfer, use and disposal of the public estate between public bodies in Wales.

Key Principles:

- Identify surplus assets at an early stage and utilise e-Pims to assist with coordination with other bodies.
- Value assets at market value using RICS' Red Book
- The organisations should appoint a single independent valuation, commissioned from the District Valuer to settle the price to be paid.
- The organisations should take legal advice, especially where sponsored organisations are involved as these may have specific legal requirements for the transfer process.
- Transfers involving "Welsh Minister" owned property for internal departments within the Welsh Assembly Government may not need a full investigation of legal title.
- The terms of transfer, should not normally involve claw-back (rights to share disposal proceeds) or overage (rights to share future profits on disposal).
- Transfers/disposals to outside bodies can include restrictions which may be reflected in the valuation. However, care is to be exercised regarding the implications of "below market value disposal" and the interaction of "state aid" policies.
- Almost all transfers and disposals can result in accounting and / or budgeting adjustments. Each transfer must be judged on its own merits, involving a business case and covering all legal and financial perspectives

2. Purpose.

This guide sets out advice by the National Assets Working Group (NAWG) for a best practice solution for the transfer or disposal of land between public bodies in Wales.

One of the key deliverables of the NAWG will be the development and delivery of a best practice guide for use by the Welsh public sector to assist in reducing cost and time associated with the transfer, use and disposal of the public estate between public bodies in Wales.

This does not replace specific protocols (see annex 3) operated by individual bodies. However, it provides an “overarching” guide which in principle should be incorporated within those individual arrangements. It also provides a background to the relevant statutes and guidelines issued to different bodies so that these are available in one location for ease of reference and to avoid disputes about the legal powers of each organisation.

Some case studies are also included to highlight how different bodies have already implemented the arrangements set out . The case studies are included in Annex 9.

This guide does not seek to provide a comprehensive legal background or a complete statement of the law or policy. Appropriate legal (and other) advice should be sought in individual cases.

3. Background.

On the 26th February 2010, the First Minister announced the establishment of a Wales Efficiency and Innovation Programme.

The Programme works across public services and sectors and one of the established workstreams is the ‘National Assets Working Group’.

The public estate in Wales (excluding central Government assets) is valued at around £9.4 billion^{*1}. There has been ad hoc growth over many years and varying levels of corporate interest in its potential to drive efficiencies or deliver better services. The context has now changed. The efficiencies that can be derived from proactive, strategic estate management are fully recognised and the role of the estate in the delivery of high quality public services unquestioned.

To achieve effective strategic management of land and buildings across the public sector means working together, sharing information, challenging ways in which we deliver services and encouraging effective procurement. The

¹ This is an asset/accounting value and does not represent market value.

NAWG seeks to, in the first instance, unlock key barriers and facilitate a more collaborative approach in the use of the public estate. Long-term this will enable a public sector to develop innovative solutions in an open and collaborative environment. The objective of the NAWG will be to work in collaboration with public sector bodies, to facilitate a change in the way in which public assets are procured, operated, shared and disposed.

The key driver is the production of an efficient framework within which land & property transfers in the public sector can be more effectively utilised to support strategic aims and assist in the delivery of One Wales objectives.

4. Application.

The purpose of this guide is to assist with the preparation of protocols designed to achieve and manage the efficient transfer or disposal of all landed assets / interests (including leases, easements, other forms of occupation agreements etc) or even co-locations, between public bodies. It is assumed that the desire / need for an inter-public body transfer has been identified.

It does not therefore deal with the mechanics of identifying property need or availability. This guide does not seek to offer specific property management advice with regard to the process leading to a decision to dispose. However, disposing organisations should establish (at a very early stage) the existence of any restrictions or governance issues that may impact on their ability to dispose of an asset. (See annex 1).

It is envisaged that specific protocols would predominantly concern surplus assets. However, it is acknowledged that there will be instances involving transfers of operational property that may require a different approach e.g. Compulsory Purchase acquisition, general sharing of facilities.

5. Barriers to the acceptance of this guidance and the development of specific Protocols

- Although the document lists the known transfer arrangements within the Welsh public sector, bodies may be reluctant to abandon any existing and well established arrangements.
- Bodies may fear that the adoption of this guidance and the creation of new protocols could be to their financial disadvantage.
- Some organisations may feel that the adoption of a national approach will lessen their organisational autonomy.
- The differing governance arrangements between bodies (for example internal decision making processes, requirements for consultation etc).
- The priorities and objectives of the bodies involved may conflict.

6. Disposal good practice.

Managing Welsh Public Money and specialist guides such as those from OGC and HM Treasury all require that disposal, by any means, is properly handled and accounted for. All disposals should be managed carefully with a clear audit trail. It is good practice to have in place a property strategy together with a business case for specific disposals. The process should set out a strategy and time frame, identifying clear goals and objectives, supported by the measurable benefits. Where a public body no longer has use for a property, it should consider how to dispose of the asset in a way that gives best available overall value for money.

While the disposal should look to achieve value for money for the taxpayer, there should be a clear methodology that would stand up to public scrutiny.

Accounting practice requires that property formally declared surplus be disposed of as expeditiously as possible. Delay in disposal results in costs associated with securing the unused asset and ties up capital in a resource that does not contribute to business objectives. From a property perspective however it will not always be the most prudent option to dispose of an asset as expeditiously as possible. For example consideration must be given to the longer term in respect of planning use and associated value. Whilst a delay in disposal may incur costs in the short term, the longer term benefits may far outweigh them. Likewise potential site amalgamations/marriage value opportunities should also be explored.

The NAWG have highlighted the usefulness of an all Wales (public sector) property database (for detail see annex 5). With property data being shared and importantly any surplus assets highlighted at an early stage opportunities for collaboration should follow. In the first instance where assets are declared surplus or are in the process of being declared surplus, public organisations/bodies within Wales should make full use if the e-PIMS Lite facility. The initial purpose of "lite" is to encourage the co-ordination of asset use. This can take several forms beginning with flagging up empty / surplus accommodation for disposal, intensification of existing space (within property) encouraging collaboration and new schemes / demand can be brought together for the shared use of accommodation.

While not a replacement for marketing, an asset can be made available for transfer, within the public sector prior to general release. It is worth noting that property within the Central UK Government estate must be floated on e-PIMS for 40 days prior to offering it to the open market. Another aspect of the system is that the assets availability can be flagged well in advance of it actually becoming vacant.

7. Overriding consideration.

Where land or property was originally purchased via a CPO process (or where the use of such powers were, or could have been, contemplated) and there has been no material change since acquisition, the disposing body may need to have regard to the “Crichel Down Rules” to give former owners a first opportunity to repurchase the land and consideration should be given as to the applicability or otherwise of those rules for which separate guidance is available. The various bodies need to consider whether the Crichel Down rules apply.

In addition any contractual agreement to offer the land to the previous owner (preemptive clause), entered into at original purchase, may impact on the disposal.

8. Transfer or Disposal.

A change in the holding of assets, (including landed interests), between bodies within the public sector boundary (within Wales or UK) might be deemed a transfer. This would depend on the legal status of the bodies involved. There would be a need for an accounting adjustment between the two bodies to cover the transaction and there would also be additional accounting required if any losses, profits or impairments arise from the transfer. The budgetary implications would depend on the bodies involved and how they are scored by HM Treasury. Because of the numerous permutations of bodies, each potential transfer must be judged on its own merits, involving a business case and covering all legal and financial perspectives.

When, an asset is made available to a body outside the public sector then the transaction is classified as a disposal and not a transfer (such as a sale to a Registered Social Landlord).

Annex 7 lists the various bodies within the Accountancy Boundary.

9. Transfer / disposal Value.

The principal basis of valuation at disposal / transfer, of a land or property interest will be market value although different bodies have different definitions governing the assessment of value e.g. “best consideration that can reasonably be obtained”. (See annex 4 for definitions)

In disposing of surplus assets, the appropriate Accounting Officer must take professional valuations into account if selling / disposing of assets and ensure that decisions reflect the general principles of securing value for money and acting with propriety and regularity.

All assets held by the Assembly Government should be included on an appropriate departmental asset register with an appropriate value attributed to them. In normal circumstances land which is identified as surplus should be disposed of at a market valuation. The Permanent Secretary is the Accounting

Officer of the Assembly Government and, as such, is answerable to the UK Parliament for how the Assembly Government manages its finances.

Other bodies will have other arrangements and protocols regarding asset registers.

There may be other cases where land is transferred between local authorities, Assembly Government Sponsored Body, or other Government Departments and the Assembly Government and there will be implications for the disposing bodies in relation to achieving the best consideration reasonably obtainable.

In limited cases book transfers of operational land will take place within the Assembly Government. Where the asset is to be held for the same purpose, there will usually be no implications regarding tests of market value because the corporate owner of the asset remains the same. In such circumstances the assumption remains that the transfer occurs at Market Value. Should a book value (Fair Value) form the basis of the transfer, it must be up to date (no older than 9 months). In the case of part transfers or where land is held for a different purpose a new value will always be required.

The UK Government's Office of Government Commerce (OGC) recommends that unrestricted Market value transfers would not normally include a requirement for any claw back provision etc. from one public sector body to another; although it may be appropriate to include such arrangements on properties which are transferred at a restricted or reduced value.

Public sector bodies can dispose of assets below market value. However, even where the law allows, public bodies would need to give careful consideration to the accounting and financial implications when transferring assets between sectors and not obtaining market value. In particular, bodies should consider the potential impact on the income and expenditure account when 'derecognising' an asset for transfer and the funding implications thereon. This is particularly acute for entities that compile their accounts on the basis of the Government Financial Reporting Manual (FReM) e.g. WAG, NHS, ASGBs etc.

10. Value for Money.

Government accounting practice acknowledges that, subject to achieving value for money overall, maximising the financial proceeds may not be the sole determinant of value for money. Other determinants, such as the securing non-financial benefits, the chances of a successful outcome and the impact of the disposal on others, may lead to a disposal at less than market value. In such cases the costs and benefits of the disposal must be clearly identified and documented and where appropriate controls put in place according to the level of risk identified.

If the disposal involves the sale of an asset from WAG to an outside body at less than market value then the difference between the proposed disposal proceeds and the market value would be classified as a gift. As such the

value of the gift constitutes a loss to the Assembly Government which has to be recognised in the Assembly Government's Resource Account and under the rules that govern the relationship between the Treasury and the Assembly Government (and also its sponsored bodies and the NHS Sector) this loss has to be properly charged to the resource account .

Any disposal at less than market value could potentially engage the state aid rules which are discussed further in Annex 4.

Further, where the disposal to an outside body includes obligations imposed on the use of the land, the public procurement rules may be engaged (see also Annex 4).

Both state aid and public procurement therefore need to be fully considered in any disposal and appropriate advice sought before proceeding.

11. The Transfer.

It will be appropriate to seek specific legal advice on the formalising of transfers or disposals depending on the circumstance of each case.

Transfer of ownership and title between organisations under the umbrella of "Welsh Ministers' ownership" amounts to an in house change in occupier and should therefore not require the rigour and formality of an exchange of contract and title registration.

Exchanges between public bodies (as opposed to transfers within the umbrella of 'Welsh Ministers') may require a more formal legal exchange. Individual arrangements and protocols will need to address the specifics as they arise.

Transfers between the Assembly Government and another body, such as an Assembly Government Sponsored Body, may benefit from a special relief in relation to Stamp Duty (see section 66 of the Finance Act 2003).

The application (or otherwise) of VAT to the transaction may differ depending on the nature of the holding / transaction.

12. Audit Trail.

It is important that a comprehensive documentary report is retained on the valuation process to ensure that any subsequent audit or governance scrutiny exercise can come to a clear view on the regularity and propriety of "procedures and transactions" and the assessment of overall "value for money".

13. Working Collaboratively.

The key message is that organisations should work collaboratively and seek to maximise benefits to both organisations. The process should not be

adversarial and should avoid a situation where both bodies engage in protracted negotiations.

Numerous Treasury guidance and advice from OGC has been issued detailing best practice on the disposal of assets. This specific guide focuses on transfers/disposals between public sector bodies in Wales and recommends the 2 organisations involved in any transfer/disposal should jointly commission a single valuation to determine the transfer sum. . This guide recommends the use of the District Valuer (DV) who provides an independent valuation service within the public sector. (See annex 2). The costs of the valuation should generally be borne jointly by the parties to reflect the joint savings involved.

Can two public bodies buying and selling an asset share valuation services?

There are no obvious barriers to public sector bodies obtaining a single, independent, valuation, providing that this is not in conflict with Standing Orders (or the ability to suspend said SO's). Presuming public bodies are obliged to use chartered surveyors this would be governed by the professional code of conduct as set out in the Royal Institution of Chartered Surveyors 'Red Book'

Annex 1

Powers to dispose.

The first issue to consider on any disposal is whether the public body has appropriate powers to dispose of the land. While this is the starting point, it does not necessarily follow that simply because a public body has power to dispose of land that it may do so in every case. Public bodies need to consider a whole range of factors, set out below, such as valuation, state aid, public procurement and the Crichel Down rules to name just some of these factors.

However, so far as powers are concerned, public bodies have wide ranging powers of disposal of property.

Welsh Assembly Government

Section 60 of the Government of Wales Act 2006 enables the Welsh Ministers to do anything which they consider to be appropriate to achieve one or more of the promotion or improvement of the economic; social and environmental well-being in Wales. Similar well-being powers are available to Local Authorities.

Section 71 of the Government of Wales Act empowers the Assembly Government to do anything (including the acquisition or disposal of any property or rights) which is calculated to facilitate, or is conducive or incidental to, the exercise of any of its functions.

There is a power, for Assembly Government land acquired and managed by the Forestry Commission, under the Forestry Act 1967 to be disposed of by the Assembly Government under section 39 of that Act.

Under the Welsh Development Agency (Transfer of Functions to the National Assembly for Wales and Abolition) Order 2005, the functions, property, rights and liabilities of the Welsh Development Agency transferred to the Welsh Assembly Government on 1 April 2006. The Assembly Government now has the power to acquire and dispose of land for development purposes under section 1(7)(h) of the Welsh Development Agency Act 1975. The power to dispose is limited by section 21B which provides that land may not be disposed of for less than the best price that can be reasonably obtained unless it is either (i) disposed of for use as a public open space after works have been carried out on it (see section 16(7) or (ii) the Welsh Ministers consider it appropriate to do so. This means that while the Welsh Ministers have powers to dispose of land at less than a reasonable price, they must consider the reasons for doing so and must be able to articulate their reasons for doing so.

Local Government, Police, Fire and National Park Authorities

Local government bodies have a general duty to obtain best price when disposing of assets. Section 123(2) of the Local Government Act 1972 requires local government bodies to obtain the consent of the Secretary of State prior to disposing of an asset for a consideration that is less than the best that can reasonably be obtained.

However, the Local Government Act 1972: General Disposal Consent (Wales) 2003 (General Disposal Consent), which came into effect on 31 December 2003, removed the requirement for local government bodies, including police, fire and rescue and national park authorities, to seek specific consent for any disposal at an undervalue where the local government body considers that the disposal is in the interests of the economic, social or environmental well being of the whole or any part of its area, or any or all persons resident or present in its area and the undervalue is £2,000,000 or less.

Paragraph 4 of the General Disposal Consent requires local government bodies to advise their auditors within 28 days of a decision to dispose of land, where reliance is placed on the consent.

NHS Estate in Wales

Paragraph 13(3) of Schedule 2 to the *National Health Service (Wales) Act 2006* gives Local Health Boards (LHBs) the power to donate and receive assets, and transfer them at below market value, with the prior consent of the Welsh Ministers (this is not confined to transfers within the NHS.) Paragraph 14 of Schedule 3 of the 2006 Act gives the same powers to NHS Trusts, but does not require them to obtain the consent of the Welsh Ministers. In both instances the relevant actions must be ‘necessary or expedient for the purposes of or in connection with (their) functions’.

Charities

Charity trustees can dispose of land & buildings at less than best value only in very limited circumstances such as when it is being disposed to another charity with the same objects.

Otherwise, trustees must obtain Charity Commission approval to do this. This approval will only generally be given in situations where the disposal is being made to a public body which intends to use the land & buildings for a purpose compatible with the objects of the charity.

Trustees have a duty to always act in the best interests of the charity. Consequently, trustees are legally required to ensure disposal of charity land & buildings is in the charity’s interests & that they obtain the best price

reasonable in the circumstances. In order to do this, trustees must, when disposing of land & buildings:

- obtain & consider a written report from a qualified surveyor – effectively obtain a survey and valuation – this report must comply with the Charities (Qualified Surveyors' Reports) Regulations 1992
- advertise the disposal following the surveyor's advice
- be satisfied that the proposed terms of the disposal are the best that can reasonably be achieved

If trustees are unable to comply with 1 to 3 above they must obtain an Order from the Charity Commission – this is effectively the Charity Commission's authority and approval for the disposal. It provides assurance that the trustees have carried out the transaction openly and transparently and that it is in the best interests of the charity.

Trustees must always get an Order from the Charity Commission when they dispose of land & buildings to a connected person (section 36(1) of the Charities Act 1993). This is the case even if they can comply with 1 to 3 above.

An Order will have to be obtained where a disposal is at undervalue, for instance a disposal of property to another public body intending to use the property for a purpose that is compatible with the objects of the charity.

Further detail on this can be found in the Charity Commission publication CC28

<http://www.charity-commission.gov.uk/Publications/cc28.aspx>

Central Government

According to the central government guidance 'Managing Welsh Public Money': Asset Transfers between Public Sector Organisations (A4.8.5), organisations may transfer assets among themselves without placing the property on the open market, provided they do so at market prices and in accordance with the following guidance (box A4.8.3):

- Value assets at market prices using RICS' Red Book
- The organisations should work collaboratively on the transfer to agree a price.
- The organisations should take legal advice.

Loans of assets should specify the terms of each loan, with conditions for return, liability, damage and charges for use (A4.8.4.2).

However, under paragraph 2.1 - Power to commit public funds, '*The Welsh Ministers have broad powers to direct the business of the Assembly*

Government. In general, they may do anything that is authorised under the Government of Wales Act 2006; any subsequent Legislative Competence Orders (LCOs) and any other enabling legislation'.

Consideration could therefore be given to the extent to which Welsh Ministers could override MWPM for themselves and AGSBs if they chose to do so. Consideration could also be given to whether a body could consider a transfer at undervalue as being a grant if they have general grants giving powers.

Probation

All real estate is owned by the National Offender Management Service and not by individual trusts. The costs of the estate are recharged (although not in full) to the trusts. Acquisition and disposals are all handled by NOMS and subject to CG rules.

DRAFT

Valuation Procedures.

It is the recommendation of the NAWG that in a transfer between public bodies in Wales , the valuation is prepared by the District Valuer (DVS) by way of an “independent valuation report” (IVR). This substitutes the previous “identity of views” reports that some may be familiar with. Estates and Projects will liaise with DVS to agree procedures; as a result this appointment represents the default position. The rationale for their appointment is detailed at the end of this Annex. Where other contractual or framework arrangements exist with other advisers or in exceptional circumstances an alternative professionally qualified valuer may be used where both parties are in agreement. However, procedures must be in place that mirror those of DVS

Usually the disposing body would be responsible for commissioning the advice from DVS. (Where the acquisition covers circumstances that would otherwise involve a Compulsory Purchase Order the position may be reversed) The instruction must be in writing (E-Mail may be acceptable) and provide sufficient information to enable identification of the property interest along with tenure details and confirming that the request is for an “independent valuation report” for the purposes of a “transfer (or disposal) between public bodies”. The DV should be briefed regarding the circumstances of the disposal / acquisition. If there are plans of the holding and documents supporting the tenure (i.e. lease papers) they should also be supplied along with any condition reports or site investigation details. The instruction should also include details (with contact name) of the acquiring organisation and the form of instruction and costs agreed with that organisation in advance, to avoid protracted discussions about the outcome of the IVR. (An instruction check list is included within this guidance-Annex 6). The Instruction should be sent to the DVS office at Cardiff although may be dealt with by staff at a location closer to the subject site.

DV Services will confirm the instruction, identifying a case reference and setting out the terms of the instruction giving the name of the appointed valuer, contact details, an estimated cost for the work and a provisional time scale for delivery. The DV may request information to clarify any issues that might impact on value. The DV will also declare any past involvement with the property and is duty bound to declare any vested interest.

It will be the DVS Valuer's responsibility to act fairly and impartially between the parties to the transaction. Each body should be kept informed of progress and also be given an opportunity (if they wish) to provide evidence to assist with the valuation process. If the DV advises that it may be prudent to request further investigation of a site or property (e.g. mineral stability report, building surveyor's advice) that need should be brought to the attention of both parties so a joint decision can be made on its appropriateness. Draft reports will be issued to both parties for observations prior to the final report but the decision on value is for the independent Valuer (DV).

The inclusion of restrictions (both external and voluntary) will impact on valuation. It is recommended best practice that the two parties to the transfer / disposal agree the heads of terms for the proposal prior to instructing DVS. This will ensure the Valuer has all the relevant information (which could impact on value) and avoid the necessity to review a valuation later in the process.

Valuation Date.

The Valuation date will be the date of the DVS Independent Valuer Report (IVR). It is envisaged that the transfer will be concluded within a reasonable period. However, the DVS report will have a limited validity period usually with a maximum of 6 months. After expiry, a report will require re-validation by the Valuer or a revised valuation supplied (depending on market conditions).

Valuation Report (IVR) content.

In order to comply with all of the requirements regarding professional standards, DVS have a suite of standard report formats. These are reviewed in line with periodic advice from the professional bodies. However, individual bespoke protocols may need to accommodate specific issues depending on the nature of the disposal / transfer.

For example, the RICS UK Guidance note 5 (UKGN5) specifies valuation reporting requirements for a disposal at below market value. In particular it requires the valuer to specify the difference between Market Value and Market value subject to voluntary restrictions. This is so that the client (Local Authorities in the case of UKGN5) is aware there is a difference and can make a judgement regarding the financial and state aid impact of the restriction.

It is recommended that in preparing specific protocols and desk instructions the content of "standard" reports is set out and agreed between the users.

Why specifically the DV

The requirements of an IVR will be prior agreed with DVS in advance of this document being adopted. In addition there are 5 areas where the public sector has special needs or where general considerations take on extra significance:

- Confidentiality- Being within the public sector DVS it is fully compliant with requirements of the Freedom of Information Act 2000 and aware of where it applies.
- Independence & Impartiality- customers of DVS and professional bodies attach considerable importance to the advice being seen to be fair and impartial while still under the public sector umbrella.
- Consistency- in the approach to valuations and in interpretation of legislation consistency is essential between one person and another and between one part of the country and another in order to retain the confidence of the public body. This is more easily obtained by a single national service, as information and guidance can be collected centrally and disseminated to ensure a consistent and uniform approach.
- Public Accountability- Ministers, Councillors and officials are accountable to the public for the valuations carried out on their behalf and they benefit from the use of a public sector valuation service who meets the requirements of public scrutiny.

Existing protocols include:-

- Welsh Health Circular (WHC (2007) 088 – A framework for the provision of surplus NHS land for affordable housing
- Protocol for the disposal of Welsh Assembly Government / AGSPB land for affordable housing (published 2007)
- Desk instruction for the transfer of land for highway purposes between DE&T Transport and Forestry Commission Wales
- Draft protocol between DE&T and housing directorate
- Draft protocol for the acquisition of DE&T operational land by Local Authorities through the transport grant mechanism, administered by Transport Wales
- Protocol for the acquisition of DE&T Operational land by Transport and Strategic regeneration for trunk Road development

It is good practice that protocols are reviewed regularly (with a maximum shelf life of 3 years).

Definitions & terminology:

Surplus Asset:-

The Welsh Assembly Government, AGSBs, and the NHS in Wales have significant land holdings. Much of the land is required for ongoing services and operations. However, the Government Accounting advice is that land holdings should be kept under constant review and once surplus assets have been identified, they should be disposed of as quickly as possible, subject to value for money considerations.

Land and or buildings that cease, permanently, to be used for the needs of a public body are designated as non operational assets awaiting disposal. These surplus property interests are then often re-valued (for capital accounting purposes) to Market Value.

Each body will have established guidance on when an asset formally becomes surplus. However, it can sometimes be prudent to examine the possibility of disposal prior to formal declaration.

Fair Value:-

Fair value is a measurement basis required or permitted under International Financial Reporting Standards. Fair Value is a broader concept than Market Value. Although in many cases the price that is fair between two parties will equate to that obtainable in the general market, there will be cases where the assessment of Fair Value will involve taking into account matters that have to be disregarded in the assessment of Market Value. While the International Valuation Standards Council is currently consulting on a usable definition the RICS defines fair value as follows:

(Red Book) Royal Institution of Chartered Surveyors Practice statement 3.5:

"The amount for which an asset could be exchanged, between knowledgeable, willing parties, in an arm's length transaction"

Fair value is often known as book value as it represents the valuation for asset purposes. The general principles underlying the valuation for financial accounting (asset valuation) are no different from those of other assets where there is a requirement to determine the value to the business in terms of the contribution those assets make to the activities and function of the business.

Market Value:-

The basis of "Market Value" is an internationally recognised definition. It represents the figure that would appear in a hypothetical contract of sale at the valuation date.

(Red Book) Royal Institution of Chartered Surveyors Practice statement 3.2:-

"The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion".

Unrestricted Value:-

This is the best price obtainable for a property and accords with the definition of Market Value (above). It is the amount which would be received for a disposal of a property where the principal aim was to maximise the value of the receipt. This value will be determined subject to any external or statutory conditions (e.g. planning guidance) specific to the site / property.

Restricted Value:-

This is the market value of the property having regard to any proposed terms to the transaction. It is defined in the same way as unrestricted value, except that it should take into account the effect on value of any voluntary conditions.

The restricted value will often take into account claw back mechanisms which while specifying a restriction, enable the disposing organisation to reclaim value if the restriction is breached.

The resultant value may be described as "Market Value subject to restrictions". The precise nature of the restrictions must be established in advance of obtaining a valuation report. The report must specify those restrictions as reflected in the Valuer's opinion. By example WAG usually requires an undertaking that buildings constructed on its (former) land will achieve a BREEAM excellent rating.

Voluntary Conditions:-

A voluntary condition is any term or condition of the proposed transaction which the body chooses to impose. It does not include any term or condition which the body is obliged to impose, (for example, as a matter of statute), or which runs with the land.

The value of voluntary conditions is the total of the capital values of voluntary conditions imposed by the body as terms of the disposal or under agreements linked to the disposal that produce a direct or indirect benefit to the disposing body which can be assessed in monetary terms. It is not the reduction in

value (if any) caused by the imposition of voluntary conditions and any adverse effect these may have on value should not be included in this figure.

Best Value:-

This is a term often referred to in public sector procurement circles and sometimes used by OGC; it is linked to what is described as “value for money”. Generally in pure financial terms the best value option would be the one with the lowest cumulative cost to the acquirer.

Definitions often revolve around:

'The optimum combination of whole life cost and quality (or fitness for purpose) to meet the customer's requirement'

Best Value need not be the same as market value. It recognises the relationship with value for money overall, as opposed simply to the maximum achievable sale price.

Under Value:-

Undervalue is the expression used to identify the difference between the unrestricted value of the interest to be disposed of and the consideration/payment proposed.

Managing Welsh Public Money:-

A guide published by Welsh Assembly Government finance colleagues. It is described as a “must read” for all engaged within the finance function of the Welsh Assembly Government, and anyone seeking to understand public sector funding together with the principles of regularity and propriety in expending resources.

Value for Money (VFM):-

The Welsh Assembly Government’s definition of Value for Money is contained within the publication ‘Managing Welsh Public Money’:-

The process by which ‘an organisation’s procurement, projects and processes are systematically evaluated and assessed to provide confidence about stability, effectiveness, prudence, quality, good value and avoidance of error and other waste, judged for the public sector as a whole’.

UKGN 5:-

The RICS Appraisal and Valuation Standards UKGN5 cover Local Authority Disposal of Land at less than best consideration. It highlights the wide powers, for disposal that are available to Local Authorities.

In addition it provides guidance on the valuation basis and assists the Valuer by highlighting key components of any report.

Well-Being Powers:-

These are discretionary powers of the Welsh Ministers, to undertake any action to promote or improve the social, economic and environmental well-being of Wales or any part of Wales . The power is designed to, encourage innovative practice and provide opportunities for bodies, together with their partners, to help facilitate objectives that are likely to improve well-being.

The Assembly Government may potentially dispose of land or property at less than market value in accordance with its well-being powers, provided all other compliance checks have been undertaken (such as state aid and public procurement – see below).

The Government of Wales Act 2006 enables the Welsh Ministers to consider disposal at a below “market value” consideration to be appropriate, to achieve one or more of the promotion or improvement of the economic; social and environmental well-being in Wales.

Comparable well-being powers for local government are set out in Section 2 of the Local Government Act 2000 subject to certain caveats (that do impact specifically on the ability of local authorities to dispose of land). The Local Government Act 1972 imposes a requirement on a local authority to seek the agreement of the Welsh Ministers for the disposal of land at less than market value. By letter of 16 December 2003 (the General Disposal Consent (Wales) 2003) the Welsh Ministers agreed that this requirement would apply only to where the undervalue is £2 million or more.

The Management Statement and Financial Memorandum of Assembly Government Sponsored Bodies also include provision for the disposal of assets at less than market value subject to the consent of the Assembly Government.

The NHS (Wales) Estatecode allows for disposals at a price below market value in circumstances where it is relevant to consider issues of wider public benefit (“a concessionary sale”). The approval of the Minister for Health & Social Services for such a sale is required if the “concession” exceeds £100,000.

Crichel Down Rules:-

The rules were prepared by the UK Government as a result of issues raised in a land holding at Crichel Down in Dorset in the 1950s.

The rules are non-statutory. However, all government departments and the former nationalised industries are expected to observe them. They apply to land that was acquired by compulsory purchase or where the use of such

powers were, or could have been, contemplated, but which have since been declared surplus to requirements.

Local authorities in Wales are recommended to adopt the rules but this is not, strictly speaking, mandatory

The land is to be offered back to the original owner (or successor in title) at the market value, provided the nature of the property has not suffered a 'material change'.

State Aid:-

There are no state aid implications for a disposal at unrestricted market value. Transfers between departments of the Welsh Assembly Government are not disposals for this purpose.

EU law generally prohibits individual member-state governments and public bodies from providing funding to "undertakings" which are defined as bodies engaged in economic activity. Economic activity arises wherever there is a competitive market. Were governments to fund economic activity this would lead to unfair competition across the EU, undermine the market principle, discourage undertakings from being competitive and would ultimately lead to higher prices for consumers. This prohibition on funding undertakings is generally described as the "State Aid Rules".

Many individuals, charities, not-for-profit organisations and public bodies are involved in economic activity. For instance, a not-for-profit organisation may provide a nursing home, but simply because the organisation does not make a profit, it does not automatically follow that it is not engaged in economic activity. There will be other undertakings in the market providing the same service and so funding it would, on the face of it, engage the State Aid Rules.

There are, however, circumstances where the EU permits aid to undertakings. In Wales, there are areas ("convergence" areas) which are entitled to "structural funds" from the EU to assist with regeneration. However, in order to be permitted, the funding must be subject to a notified scheme or an exemption. Otherwise, Member States must notify the EU Commission in advance of awarding State Aid which the Commission will then approve or refuse. Certain large sums must be notified in any event (regardless of any scheme or exemption).

The starting point is to consider the 5 State Aid tests set out here:-

- Is the aid granted by the state or through state resources?
- Does it confer an advantage to an undertaking?
- Is it selective, favouring certain undertakings?
- Does the measure distort or have the potential to distort competition
- Is the activity tradable between member states

Please note that state aid does not have to be in the form of money, it can be in other forms such as land. It can also arise where a public body relaxes its usual requirements such as relieving a tax burden or disposing of land at an undervalue as discussed above.

If the 5 tests are satisfied, then it is necessary to consider whether the aid may be exempt or permitted in accordance with a notified scheme. It is outside the scope of this guide to provide details of individual schemes but advice should be sought on this issue. The Welsh Assembly Government's State Aid Unit advises officials as to state aid.

The key message is – seek advice early. State Aid rules are complex and getting it wrong can mean that the aid has to be repaid. Specific protocols must therefore address the issues pertinent to the proposed exchange. By example there is guidance on land released for affordable housing.

Public procurement:-

So far as the law of public procurement presently applies, where a public body disposes of land without imposing any conditions as to how that land should be used, public procurement implications will not arise.

However, where the public body disposes of land with a requirement that it be used or developed for particular purposes or in a particular way, the Public Contracts Regulations 2006 (the "Regulations") may apply. For instance, the Welsh Assembly Government may dispose of land to a local authority on the condition that it constructs a care home on the land. If the Regulations apply to the disposal, the public body must advertise the disposal of the land as a "public works contract" because the disposal involves imposing a requirement that the land be developed in a particular way, in other words, that works will take place on it. The opportunity to acquire the land must be advertised across the whole of the EU in "OJEU" the Official Journal of the EU. The Regulations stipulate that various alternative methods of advertising may be used, depending on the circumstances. These methods will stipulate time limits for return of tenders etc.

If a public body fails to advertise (correctly or at all) a public works contract which is subject to the Regulations, and simply disposes of the land to another public body without following the OJEU procedure, an aggrieved third party, which would have submitted a tender to acquire and develop the land (had it been advertised), may issue legal proceedings. If those proceedings are successful, the contract to sell the land could be cancelled, and the public body ordered to pay a civil financial penalty (essentially a "fine") as well as compensation and legal costs. The implications of failing to follow the Regulations are therefore, potentially very serious.

The Regulations apply only where the value of the works exceeds £3,927,260, but even the value is below this level, EU law requires some advertising of the land even if it is not advertised in OJEU.

This explanation provides only a brief overview of how public procurement may apply to disposals of land. This is a developing area of law and carries many uncertainties. Legal advice is recommended in individual cases.

National Assets Working Group (NAWG):-

The NAWG will operate across the public sector to improve services by identifying, facilitating and supporting the delivery of efficiencies and innovation in the operation of the public estate and its corresponding assets.

The aim of the Group is to develop a structure to help ensure that the public estate, including land, is utilised to its maximum efficiency to support service delivery and value for money across a wide range of assets – heritage, roads, social care facilities, libraries and leisure centres.

The objective of the NAWG will be to work in collaboration with public sector bodies, to facilitate a change in the way in which public assets are procured, operated, shared and disposed.

RICS:-

The Royal Institution of Chartered Surveyors is the recognised professional body for qualifications and standards in land property and construction.

All Wales public sector property database (e-Pims)

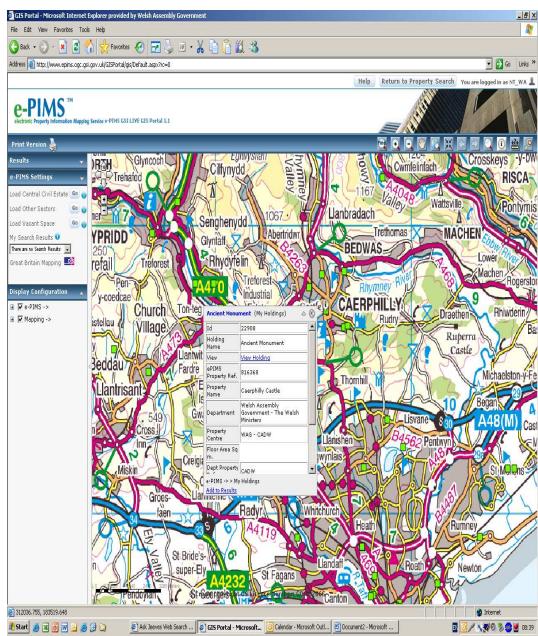

Working with representatives of Departments within the Welsh Assembly Government, AGSBs, NHS Wales and public Authorities across Wales, Estates & Projects division developed a system to register land and building interests. The register will be used to inform future strategic estates policies and to ensure that resources are developed and utilised to their full potential across the public sector.

The host system is e-PIMS (electronic property information and mapping service) which is a central database of civil estate properties, holdings and occupations developed by the OGC and already used by all Central Government Departments.

OGC developed an entry level version of their database known as e-PIMS “lite”. It provides a much more accessible route into e-PIMS (it requires fewer pages of detailed information) whilst still ensuring that key data - address, location and size of a holding is recorded. e-PIMS “lite” links to the mapping system, has ability to store electronic copies of leases, title documents, schedules of dilapidations, building audits, digital photos and other notes which will facilitate the storage of estates information for user bodies in Wales. The system will also access the vacant space register currently utilised by the central Government estate. This can alert other users (within the public sector) to the current (or planned) availability of accommodation.

Unlike other systems, e-PIMS provides all registered users with access to high level information across the database. This means that registered users can see, at a glance where other public sector property assets are located, their use and (in the full version) can be provided with a contact name to enable follow up enquiries to explore collaboration or development opportunities.

Property is displayed by map and behind the entry sits basic information about the holding such as size and tenure. The advantage of the system is that it is internet based, so (subject to password access) can be viewed by public organisations when planning schemes or collaborative property projects. Crucially it's free to use and E&P would supply advice and training to interested organisations.

CHECK LIST FOR INSTRUCTION TO DV FOR IVR

1. Full address of property.
2. Copy of Ordnance Survey (OS) extract plan indicating location and extent of property.
3. Confirmation that this is a request for an “Independent Valuation Report” (IVR) for a transfer / disposal between public bodies (with some background to the transaction).
4. Name and contact details of the proposed parties to the transaction.
5. Description of property (e.g. land, house, flat, factory etc.).
6. Area of site or area of building (if not known DV will provide both parties with any survey data gathered as part of the valuation process).
7. Tenure as held; Freehold, Leasehold (if Leasehold details of terms and or copy of lease)
8. For disposals, confirmation of transaction tenure (e.g. may envisage granting a lease over property held as Freehold).
9. Supply information on any inferior interests (e.g. easements, rights of way, exiting tenancies etc.).
10. Provide means of access (contact details if appropriate) for inspection.
11. If any condition or investigation reports exist supply copies to DV (for buildings, information on energy certification and access to the Asbestos register may be required.)
12. Provide details of any planning consents available on completion. (Include any known restrictions or proposed section 106 planning agreements).
13. Supply the Valuer with any information relating to known restrictions such as CADW listings, conservation area status, tree preservations orders etc.
14. Give details of any proposed voluntary restriction to use (not appropriate for internal transfers).
15. Provide information regarding any service connections if known (gas, electricity, mains drainage & water)
16. Indicate if the transaction will be subject to VAT.
17. Provide date when property will be available for transfer / disposal.
18. Provide copy of the instructing letter to the other organisation.

District Valuer (DVS):-

District Valuer Services (DVS) is an arm of the Valuation Office Agency (VOA), providing professional property advice across the public sector, including private and third sector clients involved in delivering public services and functions of a public nature. It is a not-for-profit UK Government agency. The VOA is a Crown body and may be recognised as such when considering issues over procurement of their services.

DVS Wales main offices are at Cardiff but have offices at Newport, Merthyr Tydfil, Swansea, Carmarthen, Wrexham and Bangor.

EXTRACT FROM LOCAL GOVERNMENT ACT 1972

123 Disposal of land by principal councils

(1) Subject to the following provisions of this section, a principal council may dispose of land held by them in any manner they wish.

(2) Except with the consent of the Secretary of State, a council shall not dispose of land under this section, otherwise than by way of a short tenancy, for a consideration less than the best that can reasonably be obtained.

[(2A) A principal council may not dispose under subsection (1) above of any land consisting or forming part of an open space unless before disposing of the land they cause notice of their intention to do so, specifying the land in question, to be advertised in two consecutive weeks in a newspaper circulating in the area in which the land is situated, and consider any objections to the proposed disposal which may be made to them.

(2B) Where by virtue of subsection (2A) above a council dispose of land which is held—

(a) for the purposes of section 164 of the Public Health Act 1875 (pleasure grounds); or

(b) in accordance with section 10 of the Open Spaces Act 1906 (duty of local authority to maintain open spaces and burial grounds),

the land shall by virtue of the disposal be freed from any trust arising solely by virtue of its being land held in trust for enjoyment by the public in accordance with the said section 164 or, as the case may be, the said section 10.]

(3)–(6) (Repealed)

(7) For the purposes of this section a disposal of land is a disposal by way of a short tenancy if it consists—

(a) of the grant of a term not exceeding seven years, or

(b) of the assignment of a term which at the date of the assignment has not more than seven years to run,

“Principal Councils” means any of the 22 local authorities in Wales as set out in Parts I and II of Schedule 4 to the Local Government Act 1972.

December 2003

LOCAL GOVERNMENT ACT 1972 : GENERAL DISPOSAL CONSENT (WALES) 2003

DISPOSAL OF LAND IN WALES BY AUTHORITIES FOR LESS THAN BEST CONSIDERATION

1. This circular and the General Disposal Consent (Wales) 2003 ("the General Disposal Consent") apply to the following authorities in Wales: county and county borough councils, community councils, fire authorities constituted by a combination scheme, police authorities and national park authorities. Authorities have powers, under sections 123 and 127 of the Local Government Act 1972 ("the 1972 Act"), to dispose of land in any manner they wish provided that the disposal is not at an undervalue. A disposal will be at an undervalue where the proposed consideration is less than the best that can reasonably be obtained.

2. The General Disposal Consent (Annexed to this circular), which comes into effect on **31 December 2003**, removes the requirement for authorities to seek specific consent for any disposal at an undervalue where the authority considers that the disposal is in the interests of the economic, social or environmental well being of the whole or any part of its area, or any or all persons resident or present in its area **and the undervalue is £2,000,000 or less.**

3. If an authority considers that a proposed disposal is at an undervalue and does not fall within the scope of the General Disposal Consent then it must first obtain the consent of the National Assembly for Wales ("the National Assembly") – see paragraphs 12 to 14. Where an authority wishes to grant an option to purchase, or an option holder wishes to exercise a previously negotiated option, the authority must consider whether the option terms will result in an undervalue.

4. It is for the local authority concerned to decide whether a proposed disposal requires the consent of the National Assembly, seeking its own legal or other professional advice as appropriate, and to bear responsibility for its decisions. It is recommended that authorities confer with their external auditors when seeking to rely on the General Disposal Consent. In any event, where an authority intends to dispose of land in reliance upon the General Disposal Consent, it should notify its external auditor within 28 days of taking the decision to do so. Where the undervalue is likely to be substantial and could exceed the £2 million threshold, authorities are recommended to obtain a professional valuation, in terms of "unrestricted value" as set out in the General Disposal Consent, in order to assess whether the National Assembly's specific consent to the disposal is required. The valuer should be directed to have regard to the guidance on local authority disposals of land at an undervalue in the version of the Appraisal and Valuation Manual of the Royal Institution of Chartered Surveyors' (otherwise known as "the Red Book"), which is current at the time of the disposal.

5. The National Assembly's role is solely to determine any application for consent to a disposal on its merit. Where the National Assembly gives consent to a disposal, that consent will apply only to the particular transaction detailed in the application. If there are any material changes to the transaction terms, the authority will need to make a fresh application for consent. The National Assembly has no power to grant consent for a disposal that has already taken place.

6. The General Disposal Consent disapplies Department of the Environment/Welsh Office Circular 6/93 (WO 19/93) and the Department of the Environment, Transport and the Regions/Welsh Office Circular letter issued on 11 December 1998 and replaces the Local Government Act 1972 General Disposal Consents 1998. In so far as these documents relate to Wales, they should be disregarded from the date of coming into effect of the General Disposal Consent.

7. The General Disposal Consent does not constitute any consent that may be required under any enactment other than sections 123 and 127 of the 1972 Act. It is the responsibility of the authority to undertake any further procedures that may be necessary to enable it to dispose of any particular area of land. In particular, authorities should note that the terms of the General Disposal Consent do not extend to the disposal of land under section 233 of the Town and Country Planning Act 1990 Act ("1990 Act"). Where consent to a disposal of land is given under a statutory power other than

section 128 of the 1972 Act, that provision may state that no further consent in respect of that disposal is required. For example, paragraph 12 of Part III of Schedule 3 of the School Standards and Framework Act 1998 provides that where land is held for educational purposes and is disposed of to a governing body of a foundation, voluntary or foundation special school (or other person proposing to establish such a school) consent under section 123 of the 1972 Act is not required. In these circumstances further consent under section 128 of the 1972 Act will not be required. Authorities must ensure that the disposal is made under the appropriate statutory power.

8. Sections 123(2A) and 127(3) of the 1972 Act require that where an authority wishes to dispose of "open space" (defined by section 336(1) of the 1990 Act), it must advertise its intentions in a local newspaper for two consecutive weeks and consider any objections. Such advertisement must be undertaken regardless of whether the proposed disposal of open space falls within the terms of the General Disposal Consent.

9. Where an authority is directed to dispose of land, under sections 98 and 99 of the Local Government, Planning and Land Act 1980, the National Assembly's consent, for the purposes of the 1972 Act will be deemed given if compliance with the direction results in a lower price being paid than would have been realised through some other method of disposal. However, where the authority voluntarily attaches conditions to the disposal (in addition to any specified in the National Assembly's direction) and any resultant undervalue exceeds the £2 million threshold in the general disposal consent, the Assembly's specific consent will be required.

10. Authorities are reminded that all disposals need to comply with the European Commission's State aid rules. The subsidised sale of land and property, and its subsequent development, can be deemed to be State Aid. The Commission has approved several schemes where a permitted amount of aid is allowed in the sale of land and buildings and the proposed transaction must meet the terms of such schemes as are from time to time in force. If authorities conclude that the proposed transaction may constitute state aid, it must seek clearance from the European Commission before proceeding. Where there is a failure to notify aid, that aid is illegal and it may have to be recovered from the beneficiary. The responsibility for compliance with State aid rules rests with the authority.

Applications for Specific Disposal Consent

11. The Welsh Assembly Government anticipates that far fewer applications for specific disposal consent will be required as a consequence of the new General Disposal Consent. Where an authority considers that it requires the specific consent of the National Assembly to a disposal, an application should be submitted to:

Local Government Administration Team
Local Government Modernisation Division
Welsh Assembly Government
Cathays Park
CARDIFF
CF10 3NQ

12. In future, the Welsh Assembly Government intends to simplify its approach to dealing with disposal consents. Authorities will not normally be required to submit the detailed information previously required for all applications at the outset.

13. In submitting an application, an authority should provide sufficient information to enable the National Assembly to make at least a decision in principle on the disposal. This will depend on the nature and scale of the disposal, but as a minimum will include details of the current and proposed future use of the land in question and an explanation of the authority's reasons for wishing to dispose of the land at an undervalue. Following initial consideration of the application, the National Assembly may approve or reject the application, or give an in principle decision. The National Assembly will in general seek to reach a decision based on the initial application. However, where the National Assembly gives an in principle decision, it will at that stage request any further information that it requires in order to reach a final decision.

14. Any queries regarding this circular should be directed to the Welsh Assembly Government at the above address, or by telephone on 029 2082 3621.

Adroddiad At:	Pwyllgor Craffu Cymunedau
Dyddiad y Cyfarfod:	17 Ionawr 2013
Awdur yr Adroddiad:	Cydlynnydd Craffu
Teitl:	Rhaglen Waith y Pwyllgor Craffu

1. Beth yw cynnwys yr adroddiad?

Mae'r adroddiad yn cyflwyno ei flaenraglen waith ddrafft i'r Pwyllgor Craffu Cymunedau er mwyn i aelodau ei hystyried.

2. Beth yw'r rheswm dros lunio'r adroddiad hwn?

Gofyn i'r Pwyllgor adolygu a chytuno ar ei raglen o waith yn y dyfodol, a rhoi'r diweddaraf i aelodau ar faterion perthnasol.

3. Beth yw'r argymhellion?

Bod y Pwyllgor yn ystyried y wybodaeth a ddarperir ac yn cymeradwyo, yn diwygio neu'n gwella ei flaenraglen waith fel y mae'n ystyried yn briodol

4. Manylion yr adroddiad.

- 4.1 Mae Erthygl 6 Cyfansoddiad y Cyngor yn amlinellu cylch gorchwyl, swyddogaethau ac aelodaeth pob Pwyllgor Craffu, ac mae rheolau gweithredu ar gyfer pwylgorau craffu yn cael eu hamlinellu yn Rhan 4 y Cyfansoddiad.
- 4.2 Mae Cyfansoddiad Cyngor Sir Ddinbych yn gofyn i bwylgorau craffu baratoi ac adolygu rhaglen ar gyfer eu gwaith yn y dyfodol. Trwy adolygu a blaenoriaethu materion, gall aelodau sicrhau bod y rhaglen waith yn cyflwyno agenda wedi'i arwain gan aelodau.
- 4.3 Ers sawl blwyddyn mae Sir Ddinbych wedi mabwysiadu'r arfer o gyfyngu ar nifer yr adroddiadau sy'n cael eu hystyried gan bwylgorau craffu mewn unrhyw un cyfarfod i uchafswm o bedwar ynghyd ag adroddiad rhaglen waith y Pwyllgor ei hun. Amcan yr ymdriniaeth hon yw hwyluso trafodaeth fanwl ac effeithiol ar bob testun.
- 4.4 Gan hynny gofynnir i'r Pwyllgor ystyried ei flaenraglen waith ddrafft ar gyfer cyfarfodydd yn y dyfodol, fel y nodir yn atodiad 1, a'i chymeradwyo, ei diwygio neu'i gwella fel y mae'n ystyried yn briodol gan ystyried:
 - materion a godir gan aelodau'r Pwyllgor

- materion y cyfeirir at y pwylgor gan y Grŵp Cadeiryddion ac Is-gadeiryddion Craffu
- perthnasedd i flaenoriaethau'r Pwyllgor/Cyngor/cymuned
- Cynllun Corfforaethol y Cyngor ac Adroddiad Blynnyddol y Cyfarwyddwr Gwasanaethau Cymdeithasol
- llwyth gwaith y cyfarfod
- prydlondeb
- canlyniadau
- materion allweddol a gwybodaeth i'w cynnwys yn yr adroddiadau
- swyddogion a/neu aelodau Cabinet arweiniol y dylid eu gwahodd (ar ôl ystyried a yw eu presenoldeb yn angenrheidiol neu a fyddai'n ychwanegu gwerth)
- cwestiynau i'w rhoi gerbron swyddogion/aelodau Cabinet arweiniol

4.5 Yn ychwanegol, wrth ystyried eitemau i'w cynnwys ar flaenraglen waith yn y dyfodol efallai y bydd aelodau hefyd yn ei chael hi'n ddefnyddiol ystyried y cwestiynau a ganlyn wrth bennu addasrwydd y pwnc i'w gynnwys:

- beth yw'r mater?
- pwy yw'r rhanddeiliaid?
- beth sy'n cael ei ystyried mewn man arall
- beth y mae angen i graffu ei wybod? a
- phwy allai helpu?

4.6 Fel y crybwyllyd ym mharagraff 4.2 mae Cyfansoddiad Cyngor Sir Ddinbych yn gofyn i bwylgorau craffu baratoi ac adolygu rhaglen ar gyfer eu gwaith yn y dyfodol. Er mwyn cynorthwyo'r broses o flaenoriaethu adroddiadau, os yw swyddogion o'r farn bod y pwnc yn haeddu amser ar gyfer trafodaeth ar agenda busnes y Pwyllgor mae'n rhaid iddynt ofyn yn ffurfiol i'r Pwyllgor ystyried derbyn adroddiad ar y pwnc hwnnw. Gwneir hyn trwy gyflwyno 'ffurflen gynnig' sy'n egluro diben, pwysigrwydd a chanlyniadau posibl y materion a awgrymir. Nid oes unrhyw ffurflenni cynnig o'r fath wedi'u derbyn i'w hystyried gan y Pwyllgor yn y cyfarfod cyfredol.

4.7 Blaenraglen Waith y Cabinet

Wrth benderfynu ar eu blaenraglen waith mae'n ddefnyddiol i bwylgorau craffu ystyried y flaenraglen waith sydd wedi'i threfnu ar gyfer y Cabinet. At y diben hwn mae copi o flaenraglen waith y Cabinet ynghlwm yn Atodiad 2.

4.8 Cynnydd ar Benderfyniadau'r Pwyllgor

Mae tabl yn crynhoi penderfyniadau diweddar y Pwyllgor ac yn cynghori aelodau ar gynnydd wrth eu gweithredu ynghlwm yn Atodiad 3 i'r adroddiad hwn.

Gweithredu Trefniadau Ailgylchu Newydd

4.9 Mae nifer o bryderon wedi'u codi'n ddiweddar gan aelodau etholedig a phreswylwyr o ran gweithredu trefniadau ailgylchu newydd yn ne Sir Ddinbych, ac yn benodol y problemau a gododd yn ystod cyflwyno'r trefniadau newydd. Mewn ymateb i'r pryderon hyn mae Cadeirydd y Pwyllgor Craffu Cymunedau wedi cytuno i'r Pwyllgor ystyried adroddiad ar y mater yn ei gyfarfod ym mis Chwefror. Serch hynny, mae hyn yn golygu bod gan y Pwyllgor bum eitem wedi'u trefnu ar hyn o bryd ar ei raglen waith ar gyfer ei gyfarfod ym mis Chwefror. O ystyried y wybodaeth ym mharagraff 4.3 uchod a'r nifer uchaf o adroddiadau i'w hystyried mewn unrhyw un cyfarfod, gofynnir i Aelodau benderfynu a ydynt yn dymuno aildrefnu unrhyw un o'r adroddiadau eraill sydd wedi'u rhestru ar hyn o bryd ar gyfer cyfarfod mis Chwefror, neu os ydynt yn dymuno ymdrin â hwy trwy unrhyw lwybr arall.

5. Grŵp Cadeiryddion ac Is-gadeiryddion Craffu

- 5.1 O dan drefniadau craffu'r Cyngor mae'r Grŵp Cadeiryddion ac Is-gadeiryddion Craffu yn cyflawni rôl pwylgor cydlynu. Wrth weithredu'r rôl hon gall geisio pwylgorau craffu unigol i gymryd perchnogaeth ar destunau penodol.
- 5.2 Yn ei gyfarfod ar 13 Rhagfyr 2012 ystyriodd y Grŵp gais gan swyddogion ynglŷn â chraffu effeithlonrwydd Strategaeth a Chynllun Gweithredu Gwrth-faeddud Cyngor. Cytunodd y Grŵp y byddai'n briodol i'r strategaeth a'r cynllun gweithredu gael eu harchwilio ar ôl eu gweithredu i sicrhau eu bod ar y trywydd cywir i weithredu ar eu hamcanion. Bydd craffu cynnar yn ystod gweithredu'r Strategaeth a'r Cynllun Gweithredu yn galluogi i unrhyw ddiffygion neu wendidau gael eu hadnabod a datblygu mesurau i fynd i'r afael â hwy. O ganlyniad i hynny fe wnaeth y Grŵp Cadeiryddion ac Is-gadeiryddion Craffu argymhell y dylai'r Pwyllgor Craffu Cymunedau archwilio'r pwnc a threfnu eitem yn ei flaenraglen waith ar gyfer mis Ebrill 2013. Gofynnir i'r Pwyllgor gadarnhau'r trefniadau hyn.

6. Sut y mae'r penderfyniad yn cyfrannu at y Blaenorriaethau Corfforaethol?

Bydd craffu effeithiol yn cynorthwyo'r Cyngor i gyflwyno ei flaenorriaethau corfforaethol yn unol ag anghenion cymunedol a dymuniadau preswylwyr. Bydd datblygiad parhaus ac adolygiad o raglen waith wedi'i chydlynu yn cynorthwyo'r Cyngor wrth fonitro ac adolygu materion polisi.

7. Faint y bydd yn costio a sut y bydd yn effeithio ar wasanaethau eraill?

Efallai y bydd angen i wasanaethau glustnodi amser swyddogion i gynorthwyo'r Pwyllgor gyda gweithgareddau a adnabuwyd yn y flaenraglen waith, a chydag unrhyw gamau a allai ddeillio o ganlyniad i ystyried yr eitemau hynny.

8. Pa ymgynghoriadau sydd wedi'u cynnal?

Nid oes unrhyw rai yn ofynnol ar gyfer yr adroddiad hwn. Serch hynny, mae'r adroddiad ei hun ac ystyried y flaenraglen waith yn cynrychioli proses ymgynghori gyda'r Pwyllgor o ran ei raglen o waith yn y dyfodol.

9. Pa risgiau sy'n bodoli ac a oes unrhyw beth y gallwn ei wneud i'w gostwng?

Nid oes unrhyw risgiau wedi'u hadnabod o ran ystyried blaenraglen waith y Pwyllgor. Serch hynny, trwy adolygu ei flaenraglen waith yn rheolaidd gall y Pwyllgor sicrhau bod meysydd risg yn cael eu hystyried a'u harchwilio wrth iddyn nhw gael eu hadnabod, a bod argymhellion yn cael eu gwneud gyda'r bwriad o fynd i'r afael â'r risgiau hynny.

10. Y Pŵer i Wneud y Penderfyniad

Mae Erthygl 6.3.7 Cyfansoddiad y Cyngor yn nodi bod yn rhaid i bwyllgorau craffu'r Cyngor baratoi ac adolygu rhaglen o'u gwaith yn y dyfodol.
