PENDERFYNWYD y dylid cymeradwyo cofnodion y cyfarfod a gynhaliwyd ar 6 Mehefin 2017 fel cofnod cywir ac y dylai'r Arweinydd eu llofnodi.

5 POLISI CLUDIANT DYSGWYR SIR DDINBYCH

Cyflwynodd y Cyngorydd Huw Hilditch-Roberts yr adroddiad yn nodi'r adborth yn dilyn ymgynghoriad ar Bolisi Cludiant Dysgwyr newydd Sir Ddinbych ac yn argymhell y dylid mabwysiadu'r polisi o 1 Medi 2018.

Darparwyd rhywfaint o hanes y polisi a fu'n destun y broses archwilio ac wedi'i ystyried yn y Cyngor Sir ar 4 Gorffennaf pan benderfynwyd y dylid cymeradwyo cyflwyno'r polisi i'r Cabinet i'w fabwysiadu. Cyfeiriwyd hefyd at y broses ymgynghori ac adborth a ddefnyddiwyd i hysbysu'r ddogfen derfynol. Mae'r polisi newydd wedi'i groesawu ac yn cael ei ystyried fel gwelliant sylweddol, gan ddarparu dull sy'n fwy cyfartal na'r polisi blaenorol. Roedd y prif newidiadau yn cynnwys y broses apeliadau dau gam a'r defnydd o bwerau disgresiwn mewn achosion penodol. Byddai'r polisi terfynol hefyd yn destun rhai newidiadau mân fel yr argymhellwyd gan y pwyllgor Archwilio ac yn y Cyngor Sir.

Nododd y Cabinet y broses ymgynghori gynhwysfawr a gwaith archwilio manwl y polisi newydd ac roeddent yn falch o nodi'r newidiadau cadarnhaol a wnaed i ddarpariaeth cludiant i ddysgwyr yn dilyn adborth gan aelodau etholedig a'r cyhoedd.

PENDERFYNWYD bod y Cabinet yn -

- (a) *Cadarnhau bod yr Asesiad o Effaith ar Les (Atodiad 5 yr adroddiad) wedi'i ddarllen a'i ddeall, ac*
- (b) *Ar ôl ystyried yr wybodaeth yn yr adroddiad a'r broses ymgynghori benodol, yn cymeradwyo mabwysiadu Polisi Cludiant Dysgwyr newydd Sir Ddinbych o 1 Medi 2018 yn amodol ar fân addasiadau a godwyd gan y pwyllgor archwilio a'r Cyngor llawn.*

6 RHAGLEN YSGOLION YR 21AIN GANRIF - CYNIGION BAND B

Cyflwynodd y Cynghorydd Huw Hilditch-Roberts yr adroddiad yn ceisio cymeradwyaeth ar gyfer Rhaglen Amlinellol Strategol ddrafft (Cynigion Band B) ar gyfer Ysgolion yr 21ain Ganrif a'r Rhaglen Addysg i'w cyflwyno i Lywodraeth Cymru.

Tynnwyd sylw'r Cabinet at y cynigion ar gyfer buddsoddiad cyfalaf yn y dyfodol yn rownd nesaf y rhaglen gyllid yn seiliedig ar ardaloedd adolygu â blaenoriaeth fel a ganlyn-

- Adolygiad o Ddarpariaeth Dinbych gan gynnwys Ysgol Plas Brondyffryn (cais am £23.6m).
- Darpariaeth Ysgolion Cynradd y Rhyl (cais am £5.15m)
- Canolfan i ddarparu cymorth bugeiliol ychwanegol i ddisgyblion (cais am £3.95m)
- Adolygiad o Ddarpariaeth Llangollen (cais am £11.9m)
- Estyniad yn Ysgol y Faenol, Bodelwyddan (cais am £900mil)

Byddai'r cynigion yn destun cymeradwyaeth LIC ac argaeledd cyllid ac ni ellir gwarantu y byddai'r prosiectau yn cael eu cyflawni. Byddai'r cais cyffredinol yn costio £32m i'r Cyngor ac nid oedd unrhyw gyllid wedi'i gytuno i gefnogi cyfraniad y Cyngor ar y cam hwn a fyddai'n destun trafodaethau yn y rowndiau cyllid yn y dyfodol. Os na fydd buddsoddi mewn ysgolion yn cael ei nodi'n flaenoriaeth, bydd angen lleihau maint y Rhaglen yn sylweddol. Tynnodd y Cynghorydd Julian Thompson-Hill sylw at yr angen i drafod y buddsoddiad sydd ei angen mewn ysgolion eraill sydd y tu hwnt i raglen cyllid Ysgolion yr 21ain Ganrif gan gyfeirio'n benodol at y sefyllfa yn Ysgol Uwchradd Prestatyn.

Atebodd yr Aelod Arweiniol a'r swyddogion y cwestiynau fel a ganlyn –

- roedd y cynigion wedi'u cyflwyno yn seiliedig ar gyfradd ymyrraeth o 50/50 ar gyfer prosiectau cyfalaf traddodiadol ac roedd LIC wedi nodi y byddai'r prosiectau yn cael eu hystyried ochr yn ochr â'r rhai a gyflwynir gan awdurdodau lleol eraill gan mai dim ond swm penodol o gyllid oedd ar gael – nid oedd y cynigion wedi'u cyflwyno yn nhrefn blaenoriaeth a byddai canlyniadau trafodaethau gyda LIC yn cael eu hadrodd yn ôl.
- ymhelaethu ar y ddau ddewis cyllid (1) llwybr cyfalaf traddodiadol a (2) Model Buddsoddiad Cydfuddiannol (MIM) a oedd yn denu cyfradd o 75% LIC / 25% Awdurdod Lleol. Nid oedd cynigion a fyddai'n denu cyllid MIM wedi'u cyflwyno ar y cam hwn oherwydd y safbwynt cychwynnol oedd na fyddai'n ddewis cyllid addas ar gyfer Sir Ddinbych. Roedd MIM yn debyg i gytundeb Cynllun Ariannu Preifat, ac roedd y manylion yn cael eu profi ar hyn o bryd i asesu sut y byddai'n diwallu anghenion Sir Ddinbych.
- nid oedd y meini prawf ar gyfer y cam hwn yn y rhaglen gyllid yn canolbwyntio'n uniongyrchol ar leoedd dros ben ond roedd yn fater i'w ystyried oherwydd yr aneffeithlonrwydd yr oedd yn ei greu. Cyfeiriwyd at ddogfen ymgynghori gan LIC yn ddiweddar ynglŷn ag ysgolion gwledig bychan a allai weld newid yn y pwyslais ar y math hwnnw o ddarpariaeth addysgol. Roedd y swyddogion wedi

parhau â'r un dull a ddefnyddiwyd ar gyfer Band A o ran ystyried yr ardal gyfan a chyd-destun cyflwr ac addasrwydd yr adeilad a lle bo diffygion yn y ddarpariaeth addysgol.

Cytunodd y Cabinet y defnyddiwyd dull synhwyrol er mwyn llunio'r cynigion.

PENDERFYNWYD –

- (a) *bod y Rhaglen Amlinellol Strategol ddrafft ar gyfer Rhaglen Ysgolion yr 21ain ganrif ac Addysg yn cael ei chyflwyno i Lywodraeth Cymru, a*
- (b) *bod y Cabinet yn cadarnhau eu bod wedi darllen, deall ac wedi ystyried yr Aseiad o Effaith ar Les (Atodiad 3 yr adroddiad) fel rhan o'u hystyriaethau.*

7 PENODI AELODAU I GYRFF ALLANOL

Cyflwynodd y Cynghorydd Hugh Evans yr adroddiad ar adolygu a phenodi aelodau i gyrff allanol a oedd yn ofynnol yn dilyn etholiadau llywodraeth leol a llunio'r Cyngor newydd.

Cyfeiriodd y Cynghorydd Evans at y broses adolygu a gynhaliwyd er mwyn sicrhau penodiadau addas i gyrff allanol priodol ac fe gyflwynodd ddiwygiad i'r argymhellad i gymeradwyo'r penodiadau a nodwyd yn yr adroddiad heblaw pedwar sefydliad lle byddai'r penodiadau yn cael eu gwneud drwy benderfyniad dirprwyol yn dilyn ymgynghori pellach gyda'r aelodau. Ymhelaethodd Pennaeth y Gyfraith, AD a Gwasanaethau Democraidd ar y broses ymgynghori a gynhaliwyd gyda'r gyrff allanol a'r aelodau etholedig o ran penodiadau a nodwyd bod angen gwybodaeth bellach cyn y gellir cadarnhau penodiadau i rai o'r gyrff allanol. Byddai penodiadau i gyrff allanol nad oeddent wedi'u cynnwys yn yr adroddiad yn destun adroddiadau penderfyniad dirprwyol yn y dyfodol neu'n cael eu hystyried gyda'i gilydd yn y Cabinet pe bai nifer o benodiadau angen eu cymeradwyo ar yr un pryd. Anogwyd yr Aelodau i gyflwyno eu safbwyntiau ar unrhyw benodiadau sy'n weddill a fyddai'n cael eu hystyried fel rhan o'r broses i benodi.

Cymerodd yr Aelodau'r cyfle i drafod yr adroddiad gyda Phennaeth y Gyfraith, AD a'r Gwasanaethau Democraidd fel a ganlyn-

- Cymdeithas Tai Clwyd Alyn – fel cyn-gynrychiolydd y Cyngor ar y corff hwnnw eglurodd y Cynghorydd Bobby Feeley ei bod yn cefnogi'r penodiad a argymhellwyd, sef bod y Cynghorydd Emrys Wynne yn derbyn y rôl honno
- Eglurodd y Cynghorydd Martyn Holland bod angen rhagor o wybodaeth er mwyn galluogi cynghorwyr i fewnbynnu at y broses yn well. Roedd hefyd yn teimlo y dylid datblygu mecanweithiau priodol er mwyn i'r cynrychiolwyr adrodd yn ôl i'r Cyngor. Ymatebodd y Pennaeth Gwasanaeth y byddai gwybodaeth bellach, ynglŷn â'r gyrff sy'n weddill y mae angen i'r Cyngor benodi cynrychiolwyr iddynt, yn cael ei dosbarthu i'r aelodau ar ôl derbyn yr wybodaeth berthnasol. Eglurodd hefyd bod y gofynion ar gyfer penodiadau penodol yn amrywio rhwng y sefydliadau, ynghyd â'r lwfansau/treuliau sy'n daladwy. Lle bo gan gyrff allanol eu system eu hunan o ad-dalu, roedd yn cael ei ddefnyddio, ac mewn achosion eraill gellir cyflwyno hawliad drwy gynllun lwfans y Cyngor.

Roedd hyfforddiant yn cael ei ddarparu yn ymwneud â chyfrifoldebau aelodau ar gyfrif allanol ac o ran atebolrwyddau roedd gan y Cyngor brotocol a chanllawiau mewn perthynas â'r gwahanol rolau a'r indemniad a gynigir, y gellir eu dosbarthu. Byddai'r mater o ran mecanweithiau adrodd ar gyfer y cynrychiolwyr hynny'n cael ei ystyried gan y Pwyllgor Llywodraethu Corfforaethol.

- Adroddodd y Cynghorydd Jeanette Chamberlain-Jones ar ei phrofiad fel aelod ar Baneli Mabwysiadu a Maethu a thynnu sylw at yr anghysondebau rhwng y lwfansau sy'n daladwy. Teimlai y dylai bod mwy o ymwybyddiaeth o'r rolau hyn, yn enwedig ar gyfer aelodau newydd, ac y dylid cynnwys y cyfarfodydd hynny yng nghalendr yr aelodau. Cytunodd y Pennaeth Gwasanaeth i ystyried ymarferoldeb cynnwys y cyfarfodydd hynny yng nghalendr yr aelodau. Ymhelaethodd hefyd ar y lwfansau sy'n daladwy mewn perthynas â gwahanol gyfrif, gan gynnwys anghysondebau rhwng rhai aelodau ar y Panel Mabwysiadu a'r gwahaniaeth rhwng aelodau annibynnol a chynghorwyr.

PENDERFYNWYD bod y Cabinet yn cymeradwyo penodiad aelodau i gyfrif allanol fel yr argymhellir yn Atodiad 1 yr adroddiad gan eithrio Partneriaeth AHNE Bryniau Clwyd; Grŵp Gweithredu Lleol Sir Ddinbych, Cadwyn Clwyd; Hosbis St Kentigern; (Ymddiriedolaeth) Llanelwy a Thriwlynys Prisio Cymru, a bydd penodiadau'r rhain yn cael eu gwneud drwy benderfyniad dirprwyol yn dilyn ymgynghori pellach gyda'r aelodau mewn perthynas â'r penodiadau hyn.

8 STRATEGAETH RHEOLI ASED AU

Cyflwynodd y Cynghorydd Julian Thompson-Hill y Strategaeth Rheoli Asedau i'w chymeradwyo a'i mabwysiadu.

Roedd y Strategaeth Rheoli Asedau newydd wedi'i datblygu mewn ymateb i gyllidebau tynnach a dyletswyddau newydd o dan Ddeddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015 ac yn nodi ymagwedd gorfforaethol y Cyngor i reoli ei asedau. Roedd y strategaeth ddrafft wedi bod yn destun ymgynghoriad ac roedd dadansoddiad cryno o'r ymatebion wedi'i gynnwys yn yr adroddiad ynghyd â'r newidiadau o ganlyniad i hynny ac yn dilyn trafodaethau gyda Swyddfa Archwilio Cymru.

Ychwanegodd y Cynghorydd Thompson-Hill fod y strategaeth newydd yn atgyfnerthu'r broses ac yn sicrhau y defnyddir dull sy'n fwy cyfannol gan gysylltu â dogfennau allweddol eraill. Ymhelaethodd hefyd ar y pedwar prif amcan yn nogfen y strategaeth ynghyd â'r camau gweithredu sy'n ategu at y canlyniadau hynny. Tynnwyd sylw at rôl y Grŵp Rheoli Asedau a oedd yn darparu lefel briodol ar gyfer gwneud penderfyniadau ac roedd y cyfarfodydd yn agored i'r holl aelodau i sicrhau mwy o dryloywder yn y broses. Roedd yr Asesiad o Effaith ar Les wedi dangos effaith gadarnhaol yn gyffredinol.

Tynnodd yr Arweinydd sylw at bwysigrwydd y ddogfen i gynorthwyo'r Cyngor i ddiwallu ei amcanion a blaenoriaethau a oedd yn cynnwys y potensial ar gyfer buddsoddi ynghyd â gwaredu asedau a oedd wedi peri rhywfaint o bryder. Roedd y drafodaeth yn canolbwyntio ar Ganlyniad 4 – capasiti a gwydnwch cymunedol. Nododd yr aelodau bod y canlyniad hwn wedi'i ychwanegu yn dilyn ymgynghoriad

gyda Grwpiau Ardal Aelodau ac y byddai angen gwaith pellach i ddatblygu'r canlyniad ymhellach. Roedd y Cabinet yn falch o nodi ei fod wedi'i ychwanegu a thynnwyd sylw at yr angen i fod yn ymwybodol o heriau seilwaith yn y gymuned a bod angen ystyried yr effaith ar y gymuned wrth ystyried gwaredu. Roedd rhywfaint o'r drafodaeth yn canolbwyntio ar y cynigion ar gyfer Llyfrgell Rhuthun a sut y gellir gwella'r broses ymgynghori ar gyfer cynlluniau'r dyfodol er mwyn rhannu gwybodaeth ac ymgysylltu â budd-ddeiliaid a'r gymuned ar gam cynnar yn y broses ynglŷn â manteision cynigion penodol i sicrhau cefnogaeth leol a chreu canlyniad cadarnhaol ar gyfer pawb. Cyfeiriodd y swyddogion at y broses o ymgysylltu ac ymgynghori a nodwyd bod y strategaeth yn pwysleisio ar weithio gyda'r gymuned a Chynghorau Dinas/ Tref /Cymuned wrth ystyried derbyniadau a gwarediadau. Ychwanegodd y Cabinet efallai y byddai rhai asedau yn anodd eu gwaredu a thynnwyd sylw at yr angen i ddiogelu rhag gadael yr asedau yn wag.

Nodwyd bod Rheoli Asedau wedi'i nodi yn Adroddiad Gwella Blynyddol Swyddfa Archwilio Cymru fel maes i fynd i'r afael ag ef ac roedd Swyddfa Archwilio Cymru yn ymwybodol o'r strategaeth ac yn fodlon a'i chynnwys.

PENDERFYNWYD bod y Cabinet yn cymeradwyo ac yn mabwysiadu'r Strategaeth Rheoli Asedau.

9 GRŴP BUDDSODDI STRATEGOL - CYLCH GORCHWYL

Cyflwynodd y Cynghorydd Julian Thompson-Hill adroddiad yn ceisio cymeradwyaeth ar gyfer Cylch Gorchwyl diwygiedig y Grŵp Buddsoddi Strategol.

Darparwyd rhywfaint o gefndir a arweiniodd at sefydlu'r Grŵp Buddsoddi Strategol presennol, sef grŵp o aelodau etholedig/swyddogion, a oedd yn gwerthuso cynigion ar gyfer gwariant cyfalaf. Roedd y cylch gorchwyl yn cynnwys pwerau dirprwyol ac felly roedd yn briodol bod y Cabinet yn eu cadarnhau ac yn eu diweddarau'n gyffredinol i adlewyrchu'r arferion presennol, ac roeddent yn awr yn cynnwys cyfeiriad at Wariant Cyfalaf y Cyfrif Refeniw Tai. Bydd y cylch gorchwyl wedi'i ddiweddarau'n sicrhau bod y Grŵp Buddsoddi Strategol yn parhau i roi asesiad effeithiol a swyddogaeth rheoli mewnol. Roedd aelodaeth y Grŵp Buddsoddi Strategol yn cynnwys cynrychiolwyr o'r Cabinet a'r Pwyllgorau Archwilio.

PENDERFYNWYD bod y Cabinet yn cymeradwyo Cylch Gorchwyl diwygiedig y Grŵp Buddsoddi Strategol fel y nodwyd yn Atodiad 1 yr adroddiad.

10 ADRODDIAD CYLLID

Cyflwynodd y Cynghorydd Julian Thompson-Hill, adroddiad yn rhoi manylion ynglŷn â'r sefyllfa ariannol ddiweddaraf a'r cynnydd a wnaed yn erbyn y strategaeth gyllidol y cytunwyd arni. Rhoddodd y crynodeb canlynol o sefyllfa ariannol y Cyngor-

- rhagwelwyd tanwariant net o £0.432miliwn ar gyfer cyllidebau gwasanaethau a chyllidebau corfforaethol
- arbedion effeithlonrwydd gwasanaeth gwerth £0.902m a oedd wedi'u cytuno eisoes fel rhan o'r gyllideb, gyda'r rhagdybiaeth y byddai'r cyfan yn cael ei ddarparu – byddai unrhyw eithriadau'n cael eu hadrodd i'r Cabinet pe bai angen

- ychydig iawn o amrywiadau oedd i'w hadrodd ar y cam hwn yn y flwyddyn ariannol, ond roedd nifer o bwysau gwasanaeth wedi'u nodi sydd angen eu monitro'n ofalus, a
- darparodd ddiweddariad cyffredinol ar y Cyfrif Refeniw Tai, y Cynllun Cyfalaf Tai a'r Cynllun Cyfalaf (gan gynnwys yr elfen Cynllun Corfforaethol)

Gofynnwyd hefyd i'r Cabinet gymeradwyo trosglwyddo £653 mil o'r tanwariant Corfforaethol i Gronfa Wrth Gefn y Blaenoriaethau Corfforaethol er mwyn cynorthwyo i gyflwyno'r Blaenoriaethau Corfforaethol newydd sy'n cael eu datblygu.

Eglurwyd y materion canlynol wrth drafod –

- Cwsmeriaid, Cyfathrebu a Marchnata - roedd y gorwariant a ragwelir ar gyfer costau TG yn cynrychioli'r rhagamcan presennol ar gyfer diwedd y flwyddyn ariannol, ac roedd y gwasanaeth yn ystyried mesurau lliniaru gyda'r nod o gyrraedd sefyllfa gytbwys. Anogir gwasanaethau i dynnu sylw at bwysau yn gynnar er mwyn gallu mynd i'r afael â nhw cyn gynted â phosib.
- Cludiant Ysgol – roedd cost gweithredu'r polisi newydd yn anhysbys ar hyn o bryd a byddai'n cael ei fonitro'n ofalus drwy gydol y flwyddyn
- Ysgolion – roedd cynlluniau adfer ariannol ar fin cael eu cytuno gydag ysgolion â diffyg ariannol a byddent yn cael eu monitro'n barhaus, byddai unrhyw bryderon ynglŷn â'r rhain yn cael eu cyflwyno i'r Pwyllgor Llywodraethu Corfforaethol
- Datblygiad Harbwr y Rhyl - roedd trafodaethau yn parhau gydag adeiladwyr y bont i sicrhau bod amserlen cynnal a chadw priodol ar waith yn hirdymor.

PENDERFYNWYD bod y Cabinet yn -

- nodir cyllidebau a bennwyd ar gyfer 2017/18 a'r cynnydd yn erbyn y strategaeth y cytunwyd arni, ac*
- Yn cymeradwyo trosglwyddo £653 mil o'r tanwariant Corfforaethol i Gronfa Wrth Gefn y Blaenoriaethau Corfforaethol er mwyn cynorthwyo i gyflwyno'r Blaenoriaethau Corfforaethol newydd sy'n cael eu datblygu.*

Roedd manylion y goblygiadau ariannol wedi'u nodi'n glir yn yr adroddiad ac ymatebodd y swyddogion i'r cwestiynau ynglŷn â'r ystyriaethau ariannol a chyfreithlondeb y cynigion a darparu sicrwydd ynglŷn â darpariaeth cynnal a chadw yn y dyfodol.

2. Beth yw'r rheswm dros lunio'r adroddiad hwn?

Wrth i'r gwaith datblygu symud yn ei flaen, mae angen i drafodaeth camau cynnar ddechrau gyda Llywodraeth Cymru a Llywodraeth y DU. Ar hyn o bryd nid oes awdurdod i'r gwaith hwn gael ei wneud. Mae'r adroddiad hwn yn ceisio cymeradwyaeth i sefydlu Cydbwyllgor 'Cysgodol' ac i awdurdodi'r Arweinydd i gynrychioli Sir Ddinbych arno ac yn y trafodaethau cam cyntaf sydd eu hangen wrth aros i'r Cydbwyllgor llawn gael ei sefydlu'n ffurfiol. - 3.2 Bod y Cabinet yn cadarnhau eu bod wedi darllen, deall ac ystyried yr Asesiad o Effaith ar Les (Atodiad 3) fel rhan o'u hystyriaethau.

4. **Manylion yr adroddiad**

Gwnaeth y Cabinet fabwysiadu'r Weledigaeth Twf ar gyfer Economi Gogledd Cymru ym mis Medi 2016. Mae'r weledigaeth yn nodi uchelgais strategol ar gyfer Gogledd Cymru ar gyfer datblygu cludiant a seilwaith, sgiliau a chyflogaeth ac arloesedd a thwf busnes. Mae cabinet y pum cyngor arall, a sefydliadau partner eraill (Cyngor Busnes Gogledd Cymru a'r sefydliadau Addysg Uwch ac Addysg Bellach) wedi mabwysiadu'r strategaeth ar yr un pryd.

Nodau allweddol y strategaeth yw gwella cystadleurwydd y rhanbarth, i gynyddu gwerth ychwanegol gros yr economi rhanbarthol, lleihau'r bwlch rhwng y rhanbarth a chyfartaledd y DU, a thyfu busnes i greu swyddi newydd a diogelu swyddi presennol.

Mae Gogledd Cymru wedi'i wahodd yn ffurfiol i ddatblygu'r strategaeth yn 'Cais Twf' ar gyfer buddsoddiad cenedlaethol a dirprwyo pwerau i'r rhanbarth gan Lywodraeth y DU a Llywodraeth Cymru. Mae ein gwaith rhanbarthol yn rhedeg yn baralel i geisiadau twf mewn rhanbarthau penodol o Loegr ac yn Ne Cymru. Mae'r ymrwymiad i gefnogi cais Gogledd Cymru wedi'i ail-nodi yn ddiweddar gan Lywodraeth y DU a Llywodraeth Cymru. Mae disgwyliad bod cynnydd sylweddol yn cael ei wneud tuag at gau Cais yn y flwyddyn ariannol gyfredol. Ein terfyn amser gweithio yw dechrau trafodaethau gyda Llywodraethau o fis Tachwedd 2017 i ddod i gytundeb 'penawdau'r telerau' erbyn mis Mawrth 2018.

Mae gwaith yn mynd rhagddo ar gynnwys cais ffurfiol dan y pedair thema rhyng-gysylltiedig, sef (a) safleoedd cyflogaeth a thai strategol; (b) twf busnes ac arloesedd; (c) seilwaith cludiant a gwasanaethau; a (d) sgiliau, diweithdra a diwygio lles. Mae thema sy'n uno yn cael ei hystyried ar hyn o bryd hefyd.

Mae Cais Twf yn gynnig ffurfiol am fuddsoddiad y Llywodraeth a rhoi pwerau datganoledig. Mae'n ofynnol i ranbarthau sy'n gwneud cais gael model llywodraethu cyfreithiol, gwydn ac atebol ar gyfer cynllunio a gweithredu eu strategaeth. Disgwylir i ranbarthau fuddsoddi yn eu strategaethau eu hunain, ochr yn ochr â Llywodraeth(au), mewn dyraniadau cyfalaf, rhannu mewn benthyca cyfalaf, y defnydd o dir ac asedau, ac wrth ddarparu adnoddau capasiti proffesiynol a phrosiect. Disgwylir iddynt hefyd ofyn am gefnogaeth gan y sector preifat ar gyfer eu cynigion, gan alluogi a dylanwadu ar fuddsoddiad sector preifat fel rhan o'r pecyn Cais. Bydd pob cais wedi trafod amcanion a thargedau. Ar gyfer Gogledd Cymru, bydd y broses o wneud cais yn cynnwys Llywodraeth y DU a Llywodraeth Cymru.

Caiff Ceisiadau Bargen Twf eu datblygu mewn 4 cam:- (i) gwahoddiad i gyflwyno Cais; (ii) cyswllt anffurfiol rhwng y Llywodraeth a'r rhanbarth perthnasol o ran cyfeiriad y Cais a'r cynnwys craidd; (iii) y cytundeb cam cyntaf a elwir yn Benawdau'r Telerau; (iv) cytundeb terfynol a chymeradwyo'r Cais, ar y cyd rhwng yr awdurdodau partner a Llywodraeth y DU a Llywodraeth Cymru. Mae Cais Gogledd Cymru ar y

camau olaf o gam (ii) a'r nod o ddod i gytundeb Penawdau'r Telerau erbyn mis Mawrth 2018.

Cafodd Gweledigaeth Twf a Strategaeth y rhanbarth a fabwysiadwyd gan bob Cyngor yn 2016 eu datblygu mewn partneriaeth gyda'r sector preifat a phartneriaid allweddol eraill. Mae'r Weledigaeth yn ehangach o lawer na'r Cais Bargaen Twf. Mae'r Cais Twf yn gam cychwynnol i ddiogelu cyllid a phwerau i weithredu Gweledigaeth Twf Gogledd Cymru ehangach.

Defnyddir y Cais Bargaen Twf i gael mynediad i gyllid ar gyfer prosiectau allweddol na fyddent yn cael eu hariannu gan Lywodraethau fel arall, e.e. gwaith paratoi i ddatgloi safleoedd cyflogaeth a thair strategol, ac i ychwanegu trosledd i Lywodraethau ymrwymo i fuddsoddiad mawr sy'n cael eu hystyried ond heb eu sicrhau eto, fel buddsoddiad mewn seilwaith rheilffyrdd a gwasanaethau wedi'u masnachfreintio, a chynlluniau cefnffordd. Caiff cynnwys manwl y Cais Bargaen Twf eu rhannu'n llawn gyda phob awdurdod partner, a phartneriaid eraill, i'w cymeradwyo, cyn dod i unrhyw gytundeb gyda'r ddwy Lywodraeth yn y cam Penawdau'r Telerau.

Bydd gan y rhanbarth drwydded a chyfle i weithio y tu hwnt i'r Cais i ddiogelu ei uchelgeisiau dros amser. Bydd y Cydbwyllgor a'r grwpiau swyddogion cefnogi a sefydlwyd i symud ymlaen gyda'r Fargaen Twf hefyd yn gallu manteisio ar gyfleoedd eraill i gefnogi a chyflawni'r weledigaeth a'r strategaeth.

Y Model Llywodraethu a Ffefrir

Mae trafod Ceisiadau Twf yn Lloegr yn arwain at fargeinion sy'n benodol i ardaloedd, ac mae eu teitlau yn aml yn cynnwys y term 'datganoli'. Mae'r model Bargaen Datganoli wedi bod yn ddadleuol ar brydiau, yn rhannol am fod gofyniad wedi bod i gytuno i faer etholedig ar gyfer y rhanbarth fel rhan o'r pecyn. Nid oes angen y model cyfansoddiadol hwn yng Nghymru. Y model llywodraethu rhanbarthol a ffefrir yw cydbwyllgor statudol. Mae angen trefniadau dros dro ar gyfer rheolaeth wleidyddol cam cyntaf y trafodaethau wrth aros am lunio cydbwyllgor. Felly, cynigir cydbwyllgor 'cysgodol', heb unrhyw bwerau gwneud penderfyniadau ffurfiol.

Mae'r model cydbwyllgor statudol yn fodel hysbys, ond mae cyfyngiadau iddo. Mae amlinelliad o'r cylch gorchwyl a awgrymir wedi ei nodi yn Atodiad 2.

Er mwyn cefnogi'r cydbwyllgor bydd angen awdurdod lletyol i ddarparu cefnogaeth gyfreithiol, ysgrifenyddol a gweinyddol. Bydd angen un neu fwy o awdurdodau lletyol hefyd i gynnal y swyddogion proffesiynol a fydd yn rheoli'r rhaglenni a'r prosiectau i weithredu'r cais twf. Nid oes awdurdod/awdurdodau lletyol wedi'u cytuno eto.

Bydd y cydbwyllgor yn gofyn am gyfansoddiad, a fydd yn cynnwys y cylch gorchwyl ar gyfer ei swyddogaethau, a bydd yn cael ei danategu gan Gytundeb Rhwng Awdurdodau. Bydd Cytundeb Rhwng Awdurdodau yn nodi sut y bydd y cydbwyllgor yn cael ei lywodraethu, sut y bydd penderfyniadau yn cael eu gwneud gan gynnwys pa benderfyniadau a gaiff eu cadw ar gyfer cymeradwyaethau unigol cynghorau, rolau awdurdodau lletyol, sut y bydd cyfraniadau ariannol yn cael eu dosrannu, a sut y bydd risgiau a manteision yn cael eu rhannu.

Yr aelodaeth a argymhellir o'r cydbwyllgor yw Arweinydd pob un o'r chwe chyngor. Byddai gan bob arweinydd ddirprwy a enwebwyd, a byddai prif weithredwyr a gweithwyr proffesiynol arweiniol eraill yn cynghori'r Pwyllgor.

Mae opsiwn i'r Cydbwyllgor gyfethol aelodau o sefydliadau partner allweddol, yn bennaf:-

- Cyngor Busnes Gogledd Cymru;
- Addysg Uwch (Prifysgolion Bangor a Wrecsam-Glyndŵr); ac
- Addysg Bellach (Coleg Cambria a Grŵp Llandrillo Menai).

Byddai cynrychiolwyr sefydliadau partner yn aelodau cynghorol heb hawliau pleidleisio.

Mae'r model a argymhellir a'i swyddogaethau yn gyson gyda'r model a gynigir gan Lywodraeth Cymru ar gyfer llywodraethu rhanbarthol. Felly, mae'r model yn ddiogel at y dyfodol yn erbyn deddfwriaeth Llywodraeth Cymru a ddisgwylir sydd i ddod.

Gan ystyried canologrwydd seilwaith cludiant a gwasanaethau i'r strategaeth, disgwylir i'r Cydbwyllgor fod angen Is-Bwyllgor Cludiant arbenigol. Bydd aelodaeth yr Is-Bwyllgor hwn yn cynnwys yr aelodau cabinet portffolio cludiant o'r chwe awdurdod a gwahoddir partneriaid fel ymgynghorwyr fel bo angen. Gallai fod ag awdurdod lletyol ar wahân i'r un a fydd yn cynnal y cydbwyllgor.

Bydd angen i rôl Bwrdd Uchelgais Economaidd Gogledd Cymru addasu i ddarparu ar gyfer y trefniadau llywodraethu sy'n newid. Mae'r Bwrdd Uchelgais yn cefnogi newid a'r Cais Bergen Twf Economaidd. Mae awydd cryf i gadw Band Bwrdd Uchelgais Economaidd Gogledd Cymru sydd wedi bod ar y rhan fwyaf o waith datblygiad economaidd rhanbarthol, a hefyd Partneriaeth Dysgu a Sgiliau Rhanbarthol Gogledd Cymru a ariennir gan Lywodraeth Cymru, a gynigir a fyddai'n dod dan gyfarwyddyd strategol y Cydbwyllgor yn y model llywodraethu arfaethedig.

Mae gwaith yn cael ei wneud ar gyfansoddiad a chylch gorchwyl diwygiedig ar gyfer Bwrdd Uchelgais Economaidd Gogledd Cymru, a rhoddir ystyriaeth i gylch gwaith sy'n cynnwys:

- Aseidiadau rhanbarthol o angen a chyfle i arwain strategaeth;
- Datblygiad cysyniadau prosiect ar gyfer ystyriaeth; ac
- Adolygiad traws-sector a gwerthusiad o gynnydd ac effaith ar gamau allweddol gweithredu strategaeth.

Bydd angen rhoi ystyriaeth hefyd i'r model mwyaf effeithiol a gwobrwyol ar gyfer trosolwg ac archwilio. Bydd angen dibynnu ar archwilio lleol ar y cam hwn i adolygu'r trefniadau ar gyfer Cais Bergen Twf wrth iddynt ddatblygu. Bydd opsiwn i ystyried model rhanbarthol ar gyfer trosolwg ac archwilio, o bosibl gan gynnwys chwe chadeirydd y pwyllgorau awdurdod lleol perthnasol, yn ddiweddarach.

Camau Nesaf

Yn dilyn cytundeb o ran Penawdau'r Telerau gyda Llywodraethau, bydd angen i'r prosiectau yn y Cais fodloni profion model busnes pum achos y Llywodraeth ar gyfer diwydrwydd dyladwy. Bydd hwn yn gam dwys o gynllunio prosiect a rhaid iddo

ddechrau cyn diwedd y flwyddyn galendr yn 2017 ac ni fydd gan y rhanbarth y capasiti pwrpasol heb adnoddau dros dro ychwanegol.

Mae capasiti cyfyngedig gan y rhanbarth i reoli cam nesaf datblygiad a thrafodaeth y Cais. Mae gwaith datblygu wedi'i reoli ar y cyd gan y rhwydwaith proffesiynol sy'n cefnogi Bwrdd Uchelgais Economaidd Gogledd Cymru hyd yma, sef y Grŵp Rheoli Rhaglen, gyda swyddogion unigol yn cymryd rolau arweiniol ar ran y Grŵp. Mae'r ymdrech hon ar y cyd wedi'i chefnogi gan y nifer fach o swyddogion rhanbarthol a gedwir. Bydd gofyn i'r partneriaid rhanbarthol wneud buddsoddiad mewn grŵp gweithredol rhanbarthol i gwblhau'r Cais a rheoli ei weithrediad yn y tymor hwy. Felly, mae argymhelliad i wneud cyfraniad refeniw blynyddol gan bob partner rhanbarthol allweddol.

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

Mae datblygu'r Economi Leol wedi bod yn flaenoriaeth gorfforaethol ar gyfer y Cyngor. Tra gall llawer o'r gwaith gael ei wneud ar hyn ar lefel lleol, nid oes amheuaeth fod cryfhau'r economi rhanbarthol hefyd yn hanfodol. Mae'r gwaith i weithredu Gweledigaeth ar y cyd ar gyfer Twf Economaidd i Ogledd Cymru yn gydran graidd.

6. Faint fydd yn ei gostio a sut fydd yn effeithio ar wasanaethau eraill?

Nid oes dim goblygiadau adnoddau ychwanegol uniongyrchol yn codi o ganlyniad i'r adroddiad hwn ar y cam hwn, ar wahân i wneud cyfraniad refeniw o £50k o gyllidebau 2017/2018. Mae hyn eisoes wedi'i ddarparu yn y gyllideb refeniw ar gyfer y tîm Datblygu Economaidd a Busnes. Yn y tymor hwy, bydd costau refeniw parhaus o wasanaethu cydbwyllgor, a'r costau mwy sylweddol ar gyfer rheoli rhaglen a phrosiect ar gyfer datblygu a gweithredu'r strategaeth o fis Ebrill 2018.

Mae costau cyfalaf posibl yn cael eu gwerthuso a rhoddir ystyriaeth fanwl o ran sut gall y partneriaid gyfyngu ar eu hatebolrwydd a pha mor agored ydynt i risg ariannol fel rhan o drafodaethau'r Cais Bargaen Twf. Caiff cynlluniau cyfalaf eu datblygu ar werthusiad achos busnes llym, a fydd yn ceisio sefydlu manteision i'r economi sy'n rhagori'n sylweddol ar gostau buddsoddi.

Fel rhan o Fargaen Twf, bydd gofyn i Lywodraeth y DU ad-dalu prif gyfran swm cyfalaf benthycu ar gyfer cynigion a gymeradwywyd. Hyd yma, mae'r rhan fwyaf o fargeinion wedi cynnwys Cymeradwyaeth Benthycu'r Trysorlys a rhywfaint o gyllid refeniw presennol Llywodraeth y DU i gael ei integreiddio gyda chyllid lleol presennol i gael gwerth gwell o raglenni integredig. Yng Nghymru, mae gwariant lleol yn cynnwys cyllid refeniw Llywodraeth Cymru ar gyfer rhaglenni penodol.

Byddai dirprwyo cyfran o dwf Cyfradd Busnes i awdurdodau lleol yn darparu ffrwd fuddsoddi.

Mae Ceisiadau Bargaen Twf mewn manau eraill, gan gynnwys Partneriaeth Bae Abertawe, sy'n gymharydd defnyddiol, yn gosod cysail ar gyfer cyllid. Gallai gwerth ariannol cronfeydd newydd i gael eu neilltuo gan Lywodraethau i gefnogi'r Cais Bargaen Twf, ar sail maint cymharol y boblogaeth ranbarthol i Ranbarthau Dinas Caerdydd a Bae Abertawe, fod tua £240M. Mae mynediad i

gronfeydd cenedlaethol eraill, fel Cronfeydd Arloesedd a Sector Llywodraeth y DU, yn bosibl drwy'r Cais Bargen Twf.

7. Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?

Cynhaliwyd Asesiad o Effaith ar Les pan wnaeth Cabinet ystyried y cynigion Twf ym mis Chwefror 2017. Mae copi ynghlwm yn Atodiad 3.

Y prif gasgliadau oedd effaith gadarnhaol ar Ogledd Cymru yn gyffredinol a Sir Ddinbych yn benodol. Daw prif fanteision o'r mwy o gyfleoedd cyflogaeth, gweithgarwch economaidd, cyfoeth a lles personol a busnes y bydd ei weithgareddau yn creu, yn arwain at gymunedau mwy bywiog a chynaliadwy, gyda llai o amddifadedd a diweithdra, a gostyngiad yn yr anghydraddoldeb sy'n deillio o amddifadedd.

Mae risgiau, fodd bynnag - o ran pa mor gynhwysol fydd y twf a'r effaith y gallai twf gael ar y rhanbarth yn gyffredinol a Sir Ddinbych yn benodol. Bydd rheoli'r risgiau hyn yn gofyn am gamau bwriadol gan Gynghorau Gogledd Cymru a'u partneriaid. Mae rhai mesurau lliniaru eisoes ar y gweill, mae angen datblygu eraill.

Mae'r Grŵp Rheoli Rhaglen wedi cynhyrchu nodyn briffio ar y Cais Twf a Lles Cenedlaethau'r Dyfodol. Mae copi wedi'i atodi yn Atodiad 4.

8. Pa ymgynghoriadau a gynhaliwyd gydag Archwilio ac eraill?

Mae cynnal ymgynghoriad helaeth o flaen llaw yn ategu'r ddogfen gweledigaeth a strategaeth fel y nodir yn yr adroddiad. Mae datblygu cynnwys y Cais Bargen Twf yn broses gynhwysol gyda chyfranogiad sylweddol ar draws y sector cyhoeddus a busnes.

Appendix 1: Bid Strategic Outline

The content of the developing Growth Deal Bid follows the vision and strategy adopted by regional partners in 2016. The **four core themes** of the Bid are: -

- Strategic sites for employment and housing;
- Transport infrastructure and services;
- Business innovation and growth; and
- Skills, workless-ness and social reform.

The Bid Team is working on a unifying theme and narrative for the presentation of the Bid to Ministers.

The Growth Deal Bid is **complementary to and will support**:-

- UK and Welsh Government economic and social policy;
- UK Government policy to develop the competitiveness of economy of the Union post BREXIT negotiations;
- Welsh Government policy for regional governance and devolution;
- the UK Government Industrial Strategy;
- the UK Government and Welsh Government Sector Plans specifically for nuclear, energy, manufacturing (Automotive and Aerospace) and digital;
- the Wales Infrastructure Plan; and
- Cross-border planning and connectivity e.g. Growth Track 360 and elements of the Cheshire and Warrington Local Enterprise Partnership Devolution Deal.

The **strategic outcomes** of the Growth Deal Bid might include:-

- Enhanced site values for strategic employment and housing sites;
- Strategic site readiness/development status;
- Transport access e.g. reduce travel times to strategic employment sites; Transport usage figures to demonstrate modal switch to public transport;
- Business investment; Business growth; Business performance;
- Employment figures by type/sector/value – new and protected;
- Skills figures – by type/sector/level – against the targets of the regional skills strategy;
- Reductions in workless-ness and benefits dependency;
- Average income rates including household income;
- Regional Gross Added value (GVA);
- Sustainable housing growth figures; and
- Alternative and renewable energy supply production and carbon reduction.

The **particular characteristics** which give strength to our regional Bid include: -

- Development of key sectors as part of the UK and global economy
 - Low Carbon Energy and Nuclear Energy,
 - Advanced Manufacturing
 - Digital and Creative
- Connectivity – both physical and digital – to the wider UK economy

- Support to sustained indigenous business growth
- Sustainable development of a region with unique characteristics
 - Growth which is inclusive and has benefits for all parts of society
 - Growth which promotes social reform in areas including workless-ness
- ‘Green Growth’ which promotes and enables
 - Sustainable planning including multi-modal public transport
 - Low carbon energy industries
 - The complementary growth of foundation economies including tourism and agriculture.

Work is on-going with the expert support of the Business School, Bangor University, to develop the set of **performance measures and outcome-based targets** drawing on econometric data and evidence. Measures and targets are likely to be set which are (1) shorter term (2) cumulative and medium-term and (3) longitudinal.

As part of the Bid the region will be asking for **devolved functions and powers** from both governments. This is work in progress and is a sensitive area of negotiations with both Governments. Examples include: -

- Transport commissioning and operational powers and functions;
- Management of regional support to business sectors for marketing, growth and exporting strategy;
- A retention of a share of national non-domestic rate (business rates) growth for investment in the strategy as part of the collective local government financial contribution; and
- A partnership role with the Department for Work and Pensions in managing back to work programmes.

The eventual recommended set of devolution ‘asks’ will be shared in full with the partner councils, and other partners, for formal approval prior to the Heads of Terms stage.

For North Wales, both Government expect that there is **close joint strategic planning** with the immediate North West of England and with the wider Northern Powerhouse network. Our vision and strategy builds on the strong alliances and joint planning both within the region, through the work of the North Wales Economic Ambition Board and the cross-border partnerships such as the Mersey Dee Alliance. The latter has facilitated joint working with the Cheshire and Warrington Local Enterprise Partnership, Merseytravel, and the wider Northern Powerhouse Network. The growth bids from North Wales and the Cheshire and Warrington LEP are being developed in parallel and there is a co-dependency for their success.

North Wales is also making contributions to the wider strategy of the **Northern Powerhouse** network, for example the nomination of prime strategic sites for business growth and inward investment. Road and rail infrastructure and connectivity, and wider transport planning, including bus routes, are central to the North Wales Growth Strategy. The Growth Track 360 plan makes the case for cross-border rail investment and is progressing through the Governmental case-making and decision-making stages.

Both the UK and Welsh Governments will seek the close involvement of the **private sector and Higher Education (HE) and Further Education (FE)** partners in the development of proposals. Proposals which can evidence the support of the private sector and leverage private sector investment are being encouraged by both governments. The North Wales Business Council is fully involved in the development of the Growth Deal Bid.

The UK Government will expect the Welsh Government to match its **investment** in North Wales. The two governments will negotiate their shares of investment in the North Wales Growth Deal.

Assessment Number:	184
Brief description:	The 6 North Wales Councils have developed and endorsed a vision for economic growth across the region. This proposal looks at the governance arrangements to support development of the strategy to deliver that economic growth. A further assessment will be carried out when the details of the Growth Strategy and bid are known.

IMPACT ASSESSMENT SUMMARY AND CONCLUSION

Before we look in detail at the contribution and impact of the proposal, it is important to consider how the proposal is applying the sustainable development principle. This means that we must act "in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs."

Summary of impact

Wellbeing Goals

Main conclusions

On balance, the Growth Bid for North Wales is assessed as having a positive impact on North Wales generally and Denbighshire specifically. Its main benefits come from the increased employment opportunities, economic activity, personal and business wealth and wellbeing its activities will create, leading to more vibrant and sustainable communities with reduced deprivation and worklessness, and a reduction in the inequalities arising from deprivation.

There are risks, however - both in terms of how inclusive the growth will be and the impact that growth could have on the region generally and Denbighshire specifically.

Attention is already being paid to measures needed to ensure inclusive growth. Skills and Employment are a key feature of the Growth Bid proposal, with a specific focus on both skills for young people and also employability improvement for working age adults currently furthest from the workplace. Initiatives are also planned to ensure local supply chain and local businesses benefit from inward investment propositions and transformational projects, such as is already happening for HMP Berwyn and Wylfa Newydd.

Less well understood are the potential adverse impacts on natural environment, sustainability and Welsh Language and culture. Further work is needed on these to ensure potential adverse impacts are minimised and positive opportunities are captured.

Tudalen 28

The region's individual planning systems will have a strong role to play in ensuring growth does not overwhelm

what makes the region a good place to live currently.

There will also need to be careful and close working among all public services to ensure that any increase in population arising from the anticipated economic growth is managed and that services are planned and adequately resourced to deal with any increased demand.

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact:	Positive
Justification for Impact:	<p>The Growth Bid is specifically designed to grow the economy of North Wales, whilst at the same time safeguarding social, environmental and cultural well being. The Bid aims to support and retain young people in the region by creating new employment opportunities, increasing affordable housing options and creating a more vibrant lifestyle. The Bid is also intended to address worklessness and economic inactivity.</p> <p>Denbighshire is well positioned to benefit from an improved economy in North Wales as a whole. As well as having specific employment sites identified on which business growth can happen, the county's workforce will be able to travel easily to jobs outside the county, particularly to the East in the already strong economies of Flintshire, Wrexham and Chester where demand for workforce is already starting to outstrip supply.</p>

Positive consequences identified:

The Growth Bid features Energy, particularly renewable energy, as one of its sectors for growth. An increase in locally accessible high quality jobs will reduce the need for commuting, reducing carbon impact. Improved public transport connectivity is a key feature of the Growth Bid. This has the potential to reduce reliance on private car travel and reduce carbon consumption

The Growth Bid is intended to grow the economy of North Wales as a region significantly. It is also intended that this growth is spread across the region and not just clustered in one area.

Denbighshire is well positioned to benefit from economic growth, particularly in North East Wales and the immediate cross border area.

The Growth Bid envisages a growth of 120,000 new jobs over the next 20 years. By focusing on specific sectors of growth - energy and advanced manufacturing in particular - the expectation is that these will be high quality, high value employment opportunities. Denbighshire is well placed to benefit as it is located closest to the already strong economies of Flintshire, Wrexham and Chester and with improved employment opportunities and transport connectivity, it will be easier for Denbighshire residents to access the new jobs.

There are also 2 key strategic employment locations within the county - at St Asaph and Bodelwyddan. Growth in the region as a whole will make these attractive locations for businesses given their relative proximity to the North England economy and location on the strategic transport corridors of road and rail on the North Wales coast.

A core part of the Growth Bid is a Skills and Employment plan. Specific initiatives have been identified to ensure skills are developed among the regional workforce to complement the jobs being created.

The Growth Bid also highlights investment in communication and transport infrastructure as a key component in the economic growth envisaged. Broadband, mobile telecommunications and road/rail infrastructure are all specifically identified.

The need to invest in Housing delivery is also highlighted.

Unintended negative consequences identified:

There is a risk that improved connectivity encourages more commuting, particularly if new jobs are not spread across the region.

Increased business activity, particularly manufacturing, may increase carbon consumption through energy use, transport implications and use of raw materials.

There is a risk that growth is not spread and benefits are only felt by one part of the region

There is a risk that growth is not spread and benefits are only felt by one part of the region. Local businesses may struggle to compete with new employers offering higher quality jobs. There is a risk that new jobs created will not benefit Denbighshire residents. Additional work will be required to ensure residents are well skilled, aware of the new employment opportunities and easily able to access them through improved transport infrastructure. Local businesses may struggle to compete with new employers offering higher quality jobs. If schools and colleges are not sufficiently engaged, skill development will not happen for the local resident workforce and new job opportunities will be filled by inward commuters. Without careful planning, there is a risk that housing growth may be more than local services are able to sustain. As noted above, increased economic growth may also lead to increased travel - both to and for work, and may increase road freight if investment in rail is insufficient. The Growth Bid does not specifically consider impact on childcare provision.

Mitigating actions:

The main potential for negative consequences arise from the risk that economic growth happens around Denbighshire and does not benefit the county. Officers are already working to minimise this risk through the Council's existing Economic & Community Ambition Strategy that seeks to support our indigenous business base to grow and develop, as well as creating an attractive environment for new businesses to set up and grow. Within the Growth Bid work, programmes have been identified to ensure region wide skills development for the benefit of existing residents, including retaining young people who have traditionally left the region for employment.

There is also a programme focusing on connecting existing local North Wales businesses into supply chain opportunities that may arise from wider economic growth. This is already underway for North Wales Prison and Wylfa Newydd. Locally, DCC officers have been working hard to make it easy for local businesses to enter the council's supply chain and to connect local businesses with wider regional opportunities.

The risk of increased travel for and to work will in part be addressed by a focus on improving public transport infrastructure and services. In particular, the North Wales Rail Modernisation programme (Growth Track 360) and the forthcoming work on the North Wales Metro concept, will seek to address current deficiencies.

Creation of local jobs close to/well connected to major centres of population in the region will also help to mitigate commuting risks. There is currently a substantial outward migration of workers to jobs outside North Wales and outside individual counties within North Wales.

A resilient Denbighshire

Overall Impact:	Negative
Justification for Impact:	Increased energy consumption and most likely increased fuel consumption are inevitable consequences of increased economic activity. The Growth Bid has not considered explicitly environmental considerations at this stage. Implementation at individual project level will enable a closer analysis of issues, but is unlikely to remove entirely the potential for unintended negative consequences in this area.

Positive consequences identified:

A growth sector identified in the North Wales Growth Bid is renewable energy and clean technologies. This has the potential to impact positively.

Growth in advanced manufacturing and materials may increase the potential for reuse and recycling of materials, but nothing specific is planned.

Some potential for reduced fuel use if outward commuting can be reduced by creation of more jobs locally, or within closer distance.

Unintended negative consequences identified:

Development of employment sites may at times impact on issues of biodiversity or environment. It is expected that these will be managed through the Planning process.

An increase in both business activity and population risks having a negative impact on waste generated. North Wales councils have good levels of performance in recycling and waste avoidance. There is no reason to believe this will change.

Increased business activity will increase energy consumption in the county and across the region. Businesses themselves will be incentivised to keep this as low as possible (minimised costs) and will be likely to be seeking renewable sources.

Fuel consumption may increase if jobs are not evenly spread across the region (although there is significant outward migration already from the region for employment).

Travel for business (employees and goods/freight) may also increase leading to increased fuel use.

Mitigating actions:

Businesses will be encouraged to consider renewable energy sources

Employees (and businesses) will be encouraged to consider lower carbon modes of transport. Larger businesses will be expected - by the planning process - to demonstrate how they are encouraging Green travel among their workforce

Investment in public transport infrastructure will increase the likelihood of it being used in preference to private car.

All individual developments will be controlled for environmental and biodiversity impact through the planning process. The same will apply to flood risk management.

Growth in the renewable energy and clean technology sector as a result of the Growth Bid activity will increase Wales and the UK's ability to reduce consumption and reduce negative impacts on the environment.

A healthier Denbighshire

Overall Impact:	Positive
Justification for Impact:	Increased employment, economic activity and household income are all associated with higher levels of well being - or at least their lack is commonly associated with lower levels. By improving employment opportunities, Denbighshire and North Wales residents will be at less risk from the many various impacts of multiple deprivation.

Positive consequences identified:

Employment and economic activity has been shown to have a positive impact on health and wellbeing, and for deprivation to have a negative impact. The Growth Bid plans to increase employment opportunities, reduce worklessness and improve economic activity rates across the region.

In Denbighshire, the highest levels of unemployment, economic inactivity and low household income are in Rhyl. With its location on the main public transport network, and its proximity to major employment locations at St Asaph, Bodelwyddan and slightly further afield at Deeside, Rhyl is well positioned to offer its residents easy access to new job opportunities being created.

Employment and economic activity, together with higher household incomes, are associated with higher levels of emotional and mental well being.

Unintended negative consequences identified:

There is a risk that if population grows faster than the ability of health services to respond, access to healthcare may become harder.

Mitigating actions:

Careful planning will need to take place with BCUHB and other public services, including Councils' own services, to ensure that any population growth arising from the increased economic growth is planned for and that services can respond.

A more equal Denbighshire

Overall Impact:	Positive
Justification for Impact:	The main aim of the Growth Bid is to increase employment, reduce economic activity and bring higher levels of income to the region. This will address the economic inequality and deprivation that exists in many parts of the region. Rhyl is particularly well placed to benefit and has the highest levels of deprivation in the region.

Positive consequences identified:

Improved economic 'wealth' across the region has the potential to benefit all groups. Businesses will be required to consider their individual approaches to people with protected characteristics in their own employment policies. The Growth Bid specifically identifies a goal of improving the employment and retention of young people in the region.

Improved economic activity and reduced deprivation will have an impact on reducing health inequalities. The Growth Bid is specifically intended to improve levels of employment and address economic inactivity and worklessness. More people in employment and more higher value employment opportunities will increase household income across the region. There will be reduced reliance on benefits.

Unintended negative consequences identified:

There are no specific considerations given at Growth Bid level to the impact of economic growth on the well being of people with protected characteristics.

There is a risk that without additional focus on people already furthest from the workplace, the new employment opportunities will not benefit them.

There is a risk that without additional focus on people already furthest from the workplace, the new employment opportunities will not benefit them.

Mitigating actions:

The Growth Bid already envisages specific work with groups furthest from the work place - both young people and working age adults - through the Skills and Employment Plan to minimise the risk of excluding from economic growth. Work has already started in a number of locations, including Rhyl, with Dept for Work & Pensions to improve employment opportunities for local disadvantaged residents. Skills development work will also seek to minimise risk of exclusion.

As noted previously, Rhyl is particularly well located for its residents to have access to increased employment opportunities. This location, alongside the skills development work and investment in public transport infrastructure, will all help to minimise risks of exclusion/maximise potential for benefit.

A Denbighshire of cohesive communities

Overall Impact:	Positive
Justification for Impact:	It is anticipated that more economically active communities will be more resilient and feel safer. The Growth Bid is intended to deliver more economically active communities. On balance, it is expected that this growth will have a positive impact on cohesiveness of communities.

Positive consequences identified:

Increased employment/income and reduced deprivation may have a positive impact on community safety/may help to address issues of anti social behaviour (including drug and alcohol misuse) experienced in parts of the region at the moment.

More economically active communities may be more willing to participate and invest in their own resilience (fewer other things to worry about) - however, the evidence is not strong that this happens naturally.

Vibrant towns and communities are strongly associated with good levels of employment and household income. A more vibrant community is more likely also to be a more attractive place.

Unintended negative consequences identified:

There is a risk that communities become less rather than more connected.

There are some concerns that increased population resulting from inward migration, rather than retention of existing working age residents, may reduce community participation and identity.

There is a risk that increased economic activity leads to over development and/or urbanisation of the region and Denbighshire's natural environment, making it less attractive.

Mitigating actions:

Community development work will need to take place alongside the economic growth strategy to ensure that communities remain connected whilst growth is happening. Communities with a strong sense of identity will be better placed to absorb population growth without it impacting adversely.

The Planning system will be required to manage the potential for adverse impacts of new developments and to minimise these as far as possible through their planning decisions and conditions. Council's Local Development Plans will need to be clear about where employment and housing growth will and will not be allowed.

A Denbighshire of vibrant culture and thriving Welsh language

Overall Impact:	Neutral
Justification for Impact:	Economic growth in North Wales has great potential to offer employment opportunities to working age residents from the area, many of whom leave the region for work - either on a daily basis or permanently. In Denbighshire at least there is strong evidence that this section of the population is missing and increased employment may be a way of reversing this trend. Retention of existing residents is likely to have a positive impact on Welsh Language, culture and heritage through retaining language skills and personal history/affinity with local culture, traditions and heritage. There is a risk, however, that jobs will be filled by residents new to North Wales and that new businesses will not see the importance of Welsh Language and culture. This has the potential to reduce prominence of the Welsh Language and have an adverse impact on culture and heritage. On balance, the impact is likely to be neutral - with some jobs being successful in retaining existing residents who would otherwise have moved elsewhere for work and others being filled by new residents with less affinity for Welsh language, culture and heritage.

Positive consequences identified:

Research has suggested that increasing employment opportunities for young people in North Wales will help to retain that section of the population that is currently lost to the region. Given the quality of Welsh Language education within the school system, retention of more locally educated young people will have a positive impact on promotion and use of the Welsh language.

All Councils adhere to the Welsh Language Standards, which include a responsibility to promote use of the Welsh Language.

A higher profile for North Wales as a region has the potential to highlight the rich culture and heritage of the area. Tourism is acknowledged to be an important economic sector across the region and is likely to grow further as a result of more general economic growth.

Unintended negative consequences identified:

There are concerns that if new jobs are filled by people moving in to the region, there will be an adverse impact on use of the Welsh Language as the proportion of Welsh speakers is reduced.

Non Welsh companies moving to locate in North Wales may not have the same commitment to promotion and use of Welsh as indigenous businesses. This may dilute Councils' work to promote the language.

As noted above, if new jobs are filled by inward migration rather than existing residents retained, there is a risk that knowledge of local culture and heritage will be reduced without specific efforts to educate, inform and promote.

Mitigating actions:

All Councils need to be alert to the risk of adverse impact on Welsh language, culture and heritage. Welsh Language promotion and education will need to continue and perhaps be strengthened. Availability of Welsh language classes for new residents to the region could help to increase awareness and language skills.

Ensuring young people in particular are aware of the increased employment opportunities to encourage retention within the region will be important.

Availability of affordable housing for young families will also be important, close to new employment opportunities and providing good access to education, including in Welsh language.

The tourism sector should be encouraged to maximise the potential from local culture and heritage and to make sure it is prominent in their visitor offers. This can help to create a unique and attractive visitor brand as well as safeguarding and promoting the region's culture and heritage and the Welsh Language.

A globally responsible Denbighshire

Overall Impact:	Neutral
Justification for Impact:	It is difficult at this stage to assess the impact of the Growth Bid on global responsibility. The growth sectors identified (particularly energy and clean technologies, and advanced manufacturing) have the potential to increase global resilience but at strategic level it is impossible to assess this at present.

Positive consequences identified:

There is a specific strand of work within the Growth Bid proposals to ensure local supply chains are maximised in major inward investment propositions. Individual councils are likely to have social benefit clauses that incentivise use of local labour and supply chains. DCC has been successful in recent developments for ensuring local benefit for residents and businesses in this way.

Increased local/Welsh/UK business, particularly manufacturing and energy, may reduce reliance on imported goods and services.

The proposals are at too high a level to consider the impact on particular raw materials or supply chains.

Increased economic activity and wealth should have a positive impact on funding for local services, although increased population in itself may increase demand.

Unintended negative consequences identified:

There is a risk that if development is not carefully planned alongside service provision, that capacity to respond will be adversely affected

Mitigating actions:

As mentioned previously, growth needs to be carefully planned alongside other service providers to ensure that any growth in population does not cause an adverse impact on the ability of services to respond to population needs. It is generally expected that increased economic wealth will improve funding available for public services in the region but this is not guaranteed and will need to be carefully managed.

Appendix 4

The North Wales Growth Bid and the Well-Being of Future Generations

Purpose

The North Wales Growth Bid will launch North Wales on the road to become a model “future economy”, smart, connected and sustainable.

The Bid and the Well-Being Principles

The bid work has been conducted in accord with the well-being goals

Councils have worked together collectively and have also worked closely with representatives of the private sector, Universities and Further Education Colleges.

The Growth Bid takes forward priorities from the North Wales Growth Vision and is informed by long-term strategic thinking that is intended to secure a prosperous North Wales with a sustainable regional economy that can retain more talented young people in good jobs located in the region.

The Growth Vision and the supporting Growth Bid is designed to address deep-seated structural issues that affect the North Wales economy and show them themselves in low relative levels of productivity and competitiveness evidenced by a regional GVA of around 72.8% of the UK average in 2015.

The Growth Vision and the Growth Bid are evidence of the region working together to address this problem to improve the economy and prevent the problem getting worse.

The causes of the region’s economic issues stem from low wages, which relate to both skill levels and demand for labour. Much of the region suffers from geographic peripherality and there is also a degree of political peripherality arising from being relatively remote from the political centres in both Cardiff and London.

The Growth Bid therefore aims to reverse relative economic decline in the region compared to growth in the UK economy.

Bid Summary

The bid aims to: -

1. Develop land earmarked for employment and enable job creation. This will include improving digital connectivity.
2. Target growth in high value sectors, encouraging development land to be utilised for firms operating in the target, high value sectors of: -
 - Advanced Manufacturing

- Supporting low carbon energy production
- Creative and digital
- Professional Services

There will also be proposals to support high-end tourism.

3. Improve the targeting of skills development and seek to match the supply of young people to the best jobs available in the region
4. Improve support to business, both in terms of advice and enabling firms to access innovative types of production, e.g. additive manufacturing, marine engineering innovation, nuclear engineering innovation.

Proposals from Universities and Further Education colleges will be fundamental to delivering innovation to businesses based in the region and wishing to locate in North Wales.

The region will also seek greater influence over Welsh Government Services supporting business in the region.

5. The Bid's proposals will be linked to improved transport connectivity to be delivered by the Welsh and UK Government's independently of the Growth Bid: -
 - The short-term proposals of the North Wales and Mersey Dee Rail Task Force (Growth Track 360) for both improved services via the Wales and Borderlands Franchise and rail infrastructure improvements to enable more services from North Wales to Manchester, Liverpool and London.
 - Planned highways improvements by the Welsh Government, e.g. the 3rd Menai Crossing, the A494/A55 and Caernarfon/Bontnewydd By-pass.

These transport proposals will support development of the economy and link to improved bus services which will form part of the bid and link to integrated transport hubs around key railway stations potentially including new stations serving major employment centres.

6. There is an aspiration to develop proposals enabling the integration of DWP, Welsh Government and Local Authority Programmes seeking to help disadvantaged groups into employment.

How the Bid will Meet Well-Being Goals

The overall package aims to: -

Make North Wales more prosperous and resilient by: -

- Increasing GVA through job creation (20,000+ new jobs from the development of the property portfolio)
- Increasing wage levels and household income through creating more jobs and improving the level of jobs available in high value sectors (including high-end tourism)
- Increasing the percentage of people economically active in the region

- Improving transport enabling people to commute more easily in the region,
- Reducing the need for people to leave the region to find good employment
- Better aligning the supply of labour to demand, particularly of that of new entrants to the labour market.

Make North Wales More Cohesive and Equal

The bid is consciously seeking to ensure a distribution of benefits across the region, so employment development sites are located throughout North Wales

The aspiration to integrate schemes to reduce poverty (DWP and WG) and improve access to employment will enable those currently without work to begin earning again and improve equality and cohesion outcomes across the region.

Likewise transport developments will include schemes to reduce transport barriers to accessing employment.

The planned increase in regional GVA may make North Wales more equal with the rest of the UK's GVA per head.

Make North Wales Healthier

Improving employment opportunities and reducing worklessness is likely to improve health as there is a link between better health and employment.

Likewise, a more prosperous region is likely to improve health outcomes based on past linkages between good household income levels and good health.

Protect the Welsh Language and Culture

The Bid's proposals aim to be scaleable and sensitive to differential appetites for development and population growth across the region.

By improving access to good jobs across the region and improving the potential for commuting it is hoped that more people, particularly the young, will stay in the region with benefits for the maintenance of Welsh Culture and Language.

North Wales - Globally Responsible

The Bid will include proposals to: -

- Expand and develop low carbon energy production
- Encourage more people to travel by public transport rather than in the private car

The bid is also looking at the deployment of new technologies in buses and trains used in the region that will reduce carbon production compared to current practice.

These elements of the bid will help protect and improve the environment.

Cynllun Corfforaethol Cyngor Sir Ddinbych 2017-2022
2. **Beth yw'r rheswm dros lunio'r adroddiad hwn?**
I geisio cymeradwyaeth gan y Cabinet ar y drafft hwn sydd bron yn derfynol (Atodiad A) fel y gellir ei gyflwyno i'r Cyngor Sir, a chael ei gymeradwyaeth i'w fabwysiadu, 17 Hydref 2017.
3. **Beth yw'r Argymhellion?**
Bod y Cabinet yn cymeradwyo'r drafft hwn sydd bron yn derfynol, fel y gellir ei gyflwyno i'r Cyngor Sir, a chael ei gymeradwyaeth i'w fabwysiadu, 17 Hydref 2017, yn amodol ar:
 - a. Fireinio'r geiriad yn derfynol, a
 - b. Chynnwys cynllun ariannol ategol.
- 3.1 Bod y Pwyllgor yn cadarnhau ei fod wedi darllen, deall ac wedi ystyried yr Asesiad o Effaith ar Les (Atodiad B), fel rhan o'i ystyriaeth.
4. **Manylion am yr adroddiad**
- 4.1 Mae'n ofyniad statudol bod Awdurdodau Lleol yn cyhoeddi Cynllun Gwella, a hefyd Amcanion Lles. Mae Cynllun Corfforaethol Sir Ddinbych 2017-2022 yn gwasanaethu'r ddwy swyddogaeth yma, ond mae'n ddogfen hanfodol i ni am nifer o resymau ychwanegol:
 - a. Mae cytuno a mynegi ein gweledigaeth a'n huchelgais fel hyn yn ein helpu i gyfathrebu.
 - b. Mae'r arweinyddiaeth gorfforaethol sy'n deillio o gael Cynllun Corfforaethol yn ein galluogi i fynd i'r afael â nodau trawsbynciol, e.e. cadw pobl ifanc.
- 4.2 Mae'r meini prawf ar gyfer yr hyn sy'n gwneud Blaenoriaeth yn "rhywbeth newydd a fydd yn gwneud gwahaniaeth sylweddol i'n trigolion". Mae'r addewidion allweddol yr ydym wedi ymrwymo i'w cyflawni yn y cynllun hwn yn bwysig oherwydd eu bod naill ai:

- a. Angen cyllid cyfalaf / refeniw sylweddol: e.e. ffyrdd ac ysgolion newydd (ond nid yw popeth angen arian ychwanegol);
- b. Angen newid diwylliannol / sefydliadol sylweddol: e.e. y ffordd yr ydym yn ymgysylltu â chymunedau, a/neu
- c. Byddant ag effaith ar draws y sir gyfan: e.e. 1000 o gartrefi ychwanegol.

4.3 Bydd pob gweithgarwch arall yn cael ei gynnwys yn ein Portffolio Corfforaethol.

4.4 Cyrhaeddwyd y blaenoriaethau a amlinellir yn y Cynllun Corfforaethol hwn drwy broses drylwyr a chlir o gasglu tystiolaeth a dadansoddi (Asesiad Lles) ac ymgynghoriad trylwyr gyda'n cymunedau (Sgwrs y Sir).

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

Mae'r penderfyniad hwn yn gam allweddol i sefydlu Blaenoriaethau Corfforaethol ar gyfer tymor y Cyngor 2017-2022, gan ei fod yn argymhell cefnogi'r gyfres hon o flaenoriaethau.

6. Faint fydd hyn yn ei gostio a sut y bydd yn effeithio ar wasanaethau eraill?

Mae effaith uniongyrchol y penderfyniad hwn - yn do'i hun – yn niwtral o ran cost, ond bydd strategaeth ariannol ar gyfer cyflwyno'r Cynllun Corfforaethol yn cael ei datblygu i'w chynnwys yn y ddogfen derfynol, a bydd strwythur llywodraethu yn cael ei sefydlu er mwyn gyrru a monitro cynnydd yn erbyn y blaenoriaethau.

7. Beth yw prif gasgliadau'r Asesiad o Effaith ar Les? Gellir lawrlwytho'r adroddiad o'r Asesiad o Effaith ar Les wedi'i gwblhau o'r wefan a dylid ei gael fel atodiad i'r adroddiad

Mae'r asesiad effaith hwn yn ystyried effaith ein hymagwedd a'r cynnig i ddatblygu'r cynllun corfforaethol nesaf. Rydym wedi cwblhau camau 1 a 2 o'n sgysiau o'r sir ac rydym wedi gweithio gyda'r Cyngor newydd i lunio 5 blaenoriaeth a'r uchelgais ar gyfer pob un.

Mae ein sgôr Datblygu Cynaliadwy yn dweud wrthym fod mwy o le i ystyried y berthynas rhwng y CDLI (cyfredol ac arfaethedig, pan gaiff ei ddatblygu) a'r flaenoriaeth tai drafft. Rydym yn hyderus y bydd y cynllun corfforaethol newydd yn cyflwyno cynllun ar gyfer gwytnwch cymunedol trwy, yn rhannol, sicrhau y gwneir y gorau o'n hasedau. Fodd bynnag, teimlwn fod ffocws y blaenoriaethau drafft dros y tymor canolig. Mae angen inni sicrhau bod cymunedau a rhanddeiliaid yn parhau i gael cyfle i fod yn rhan o ddatblygiad y cynllun, ac yn wir, wrth ei weithredu.

Mae'r blaenoriaethau arfaethedig yn canolbwyntio ar wydnwch cymunedol a byddant yn annog dulliau eraill i atal problemau rhag digwydd.

At ei gilydd, mae'r effaith ar y 7 nod lles yn gadarnhaol i raddau helaeth. Mae arnom angen mwy o wybodaeth i bennu'r effaith ar Gymru fwy cyfartal, ac yn hollbwysig, yr hyn y gallwn ei wneud i gael yr effaith gadarnhaol fwyaf posibl ar gyfer pobl â

nodweddion gwarchoddedig. Mae yna ganlyniadau negyddol posibl ar rai nodweddion gwarchoddedig a gellid mynd i'r afael â'r rhain a'u rheoli er mwyn eu hatal rhag digwydd. Rydym wedi canfod bod yna effaith niwtral ar yr iaith Gymraeg a'i diwylliant, ond yn nodi bod Strategaeth yr Iaith Gymraeg yn sail i'r cyfan a wnawn.

8. Pa ymgynghoriadau a gynhaliwyd gyda'r Pwyllgor Archwilio ac eraill?

- 8.1 Cynhaliwyd llawer o ymgynghori er mwyn - i ddechrau - sefydlu'r blaenoriaethau, ac yna i brofi a oedd ein dehongliad o farn pobl ar 'beth ddylai fod yn flaenoriaeth' yn gywir. Roedd yr ymgynghoreion yn cynnwys y cyhoedd, partneriaid, staff, Aelodau, a Chynghorwyr Tref a Chymuned.
- 8.2 Unwaith y cafodd y blaenoriaethau eu drafftio, cafwyd cyfres o weithdai gyda staff o Gyngor Sir Ddinbych a sefydliadau partner perthnasol i gynhyrchu syniadau o ran sut y dylid rhoi sylw i'r blaenoriaethau.
- 8.3 Mae rhai syniadau a godwyd wedi'u datblygu gyda grŵp trawsbleidiol o Aelodau, gyda chefnogaeth rhai swyddogion hefyd, er mwyn cyrraedd consensws bod yr addewidion rydym yn ymroddedig iddynt yn ddigon uchelgeisiol ond hefyd yn realistig.

9. Datganiad y Prif Swyddog Cyllid

Bydd Cynllun Ariannol ategol yn cael ei gynnwys fel rhan o'r ddogfen Cynllun Corfforaethol ei hun, unwaith y caiff ei gyflwyno i'r Cyngor.

10. Pa risgiau sydd ac a oes unrhyw beth y gallwn wneud i'w lleihau?

Nid oes unrhyw risgiau amlwg yn cael eu rhagweld os llwyddwn i gyflawni'r blaenoriaethau hyn.

Bydd risgiau a allai beryglu cyflawniad a bydd y rhain yn cael eu hystyried a'u rheoli ar lefel bwrdd rhaglen, unwaith y bydd y Cynllun yn symud i'r cam cyflawni.

Denbighshire County Council's Priorities for 2017-2022:

1

Everyone is supported to live in homes that meet their needs

2

Communities are connected and have access to goods and services locally, online or through good transport links

3

The Council works with people and communities to build independence and resilience

4

The environment is attractive and protected, supporting well-being and economic prosperity

5

Younger people want to live and work here, and have the skills to do so

Welcome to the Council's 2017-2022 Corporate Plan

When we published our last Corporate Plan we had promised that it would make a significant and lasting difference to the people and communities of Denbighshire. Over the lifetime of that Corporate Plan we delivered over £200m of investment in improving our schools, leisure and library facilities, roads and flood defences. We achieved this while maintaining our position as one of the highest performing councils in Wales and protecting front-line services from the cuts to local authority budgets. We are now ready to turn that track record of delivery to our new Corporate Plan: 'Working together for Denbighshire's future'.

The overall ambition of this Plan is to ensure that Denbighshire is a place where residents and businesses are well connected and resilient; where young people have opportunities for affordable housing and acquire skills and jobs to lead successful and fulfilling lives and where we all enjoy an attractive and protected environment. Like the last plan, this Corporate Plan contains specific actions that will be delivered over five years but, perhaps even more importantly, these actions are designed to have an impact beyond the next five years with future generations in mind.

Fully implementing this plan would require an additional £135m of investment. At a time of continuing reductions in budgets this is an ambitious amount, but we believe ambition is important. Our ability to attract funding, pool resources with partners and harness the capacity within our communities will give us a good chance of success.

We recognise that the council must work closely with our partners and wider community and that is why the priorities in this Corporate Plan have been directly derived from our County Conversation exercise and consultation with partners. Denbighshire strongly believes in developing a single public service culture, informed by strongly active communities. We will, therefore, actively look at regional and sub-regional solutions and establish a permanent 'Citizens Panel' which will play a key role in both monitoring and helping to steer the implementation of the plan.

Denbighshire, like all local authorities, will continue to face challenges, most notably reducing budgets. We will almost certainly have to take some difficult decisions, including possibly having to cut things that we would rather continue. But that will not stifle our vision of being an excellent council, working with our partners and communities to make a lasting difference for generations to come. This Corporate Plan aims to help achieve that ambition.

Housing:

Everyone is supported to live in homes that meet their needs

It is recognised that there is a need to ensure housing is available to meet the needs of Denbighshire residents and that this is an important factor in retaining or attracting young people to live in the area. During the last Corporate Plan, we made a commitment to develop housing availability and we want to continue and expand on those successes over the course of this new Corporate Plan.

To achieve this we will:

- Support the development of 1000 more homes in Denbighshire by 2022:
 - 170 of these will be Council homes
 - 260 of these will be affordable homes provided by private developers and RSLs
- Provide more Extra Care housing in Denbigh and Ruthin.
- Deliver additional specialist housing to support people with learning disabilities and low level support needs.
- Support young people to access suitable homes they can afford.
- **TBC Over the lifetime of the plan we will bring back XX empty homes into use (i.e. on average XX per year).**

If we are successful we expect to see:

- A wide range of accommodation available to suit different needs.
- Fewer people in residential care homes.
- More people living in their own homes for longer (including people with support needs).
- More young people (up to the age of 35) able to afford housing in Denbighshire.
- More empty dwellings returned to occupation.

Connected Communities:

Communities are connected and have access to goods and services locally, online and through good transport links

Denbighshire understands that access to goods and services is key to maintaining people's independence. However, depending on where you live, this is not always easy. During the course of this new Corporate Plan Denbighshire will make it a priority to ensure that communities throughout the county are connected and have access to the goods and services they need.

To achieve this we will:

- Better enable people to travel to work, education and services.
- Invest in roads and bridges to maintain a viable, sustainable infrastructure.
- Make superfast broadband and mobile networks available to everyone.
- Ensure frequently-requested Council information and complex services that can be provided online will be easy to access.
- Target those most likely to be digitally excluded so they have the skills and means to use digital services.
- Improve infrastructure to make it easier to stage events.

If we are successful we expect to see:

- Improved travel connectivity across the county
- County-wide superfast broadband and mobile networks, including 4G.
- An increased proportion of Council transactions taking place online.
- All residents skilled and confident in accessing goods and services online.

Resilient Communities:

The Council works with people and communities to build independence and resilience

In Denbighshire we aim to promote people's health & well-being and encourage them to remain as independent as possible. In order to do this, we need to work with everyone in the community, to ensure that there are strong support networks in place and ensure people have more involvement in decisions affecting their future well-being. At the same time, we will continue to make sure that people at risk of abuse or exploitation are safeguarded.

To achieve this we will:

- Support people to plan and shape their communities.
- Provide information that supports people's independence and resilience that is easily accessible.
- Ensure people are involved in shaping and improving services.
- Act to reduce Domestic Abuse
- Ensure all carers in Denbighshire are well supported.
- Ensure adults and older people who need health and social care in Denbighshire will experience a seamless service.

If we are successful we expect to see:

- Thriving community groups.
- People will be more resilient and independent.
- Residents feeling informed and empowered to influence services.
- Everyone feeling safe in their community.
- People able to live in their own homes for longer.
- Vulnerable people being supported by their community.

Environment:

Attractive and protected, supporting well-being and economic prosperity

Denbighshire aims to ensure that the environment is both attractive and protected, but also supports community well-being and economic prosperity. To achieve this we will reduce our carbon impact and increase the use of renewables throughout the county. We also plan to increase the biodiversity value of the county by protecting vulnerable species & habitats for the benefit of both wildlife and people who live and visit Denbighshire. Alongside this, Denbighshire aims to raise the profile of the county as a place to hold outdoor events that capitalise on our unique environment.

To achieve this we will:

- Reduce carbon emissions from Council assets by at least 15% by 2022.
- Improve the energy efficiency of the Council's housing stock.
- Increase renewable energy provision across the county, and double the amount of energy that the Council uses from renewable sources.
- Increase the biodiversity quality of important habitats and species across the county.
- Reduce the number of properties at risk of flooding in Denbighshire.
- Raise the profile of the county as a location to visit, in order to capitalise on economic potential.

If we are successful we expect to see:

- Improvements in existing and acquired Council housing energy ratings, achieving an 'Excellent' energy rating for all new builds.
- Double the amount of energy we use in our council buildings that comes from renewable sources.
- Growing numbers of black grouse, little terns, adders, sand lizards & bees.
- 18,000 more trees across Rhyl and Denbigh.
- A reduction in the number of properties at risk of flooding in Denbighshire.
- An increase in the value of tourism spend in the county.

Young People:

A place where younger people will want to live and work and have the skills to do so

We want Denbighshire to be a place where young people can and want to flourish. To do this there must be excellent education provision working alongside a strong employment offer for all. We will work with our partners, schools and businesses to make this happen.

To achieve this we will:

- See that every child achieving the expected standard at the end of primary school (Level 4, Key Stage 2) will achieve 5 GCSEs A*-C (Level 2 Key Stage 4), including English or Welsh (1st language) and Maths, by the end of secondary school.
- Continue to modernise schools via the 21st Century Schools programme.
- Help young people to develop practical 'life skills' and behaviours that contribute to good health and well-being.
- Deliver support for parents that is appropriate and accessible to give our children the best start.
- Provide young people with effective career advice and mentoring.
- Offer young people the opportunity to develop skills for life and work through volunteering opportunities and meaningful work experience.
- Develop greater employment opportunities for younger people.

If we are successful we expect to see:

- All young people being supported to achieve their potential.
- Modern school facilities that further enhance pupils' learning.
- Young people are resilient and have the right skills to prosper.
- Parents can give their children the best start in life, to grow into independent and fulfilled adults.
- Young people make the right choices to prepare them for the work that they want to do, and feel confident and well-supported to enter employment.
- Quality mentoring and work opportunities to help them develop skills.
- An employment offer that appeals to young people and matches their skills.

Key principles in all that we do

Our Equalities Commitment

Our Corporate Plan adopts an approach that we believe will equip the council to deliver significant progress for all, by reducing current inequalities. The principles of equality are embedded throughout the council's functions and services.

During the lifetime of this plan and beyond, we will ensure that all new projects and areas of work will:

- **Engage, where appropriate, with groups that represent people with protected characteristics.**
- **Consider limitations to physical access, in particular with new builds, but also in regards to access to information and services.**
- **Consider the appropriateness of the facilities that we have available within the council's estate for use by those people with protected characteristics.**
- **Engage, challenge and, where possible, remove barriers to opportunities (including work) for those with protected characteristics.**
- **Condemn hate related bullying and harassment.**

Working to ensure that the Welsh Language thrives in Denbighshire

We have drawn up our vision for the Welsh Language:

- **Denbighshire is a predominantly bilingual county with a rich culture and heritage. We are proud of this and want this pride to be reflected in our day to day interaction with communities, residents and with our staff.**
- **We are committed to ensuring that the principles of the Welsh Language Standards underpin the way we deliver services to the public; we want people to be able to access services through the language of their choice naturally, at all stages of their lives.**
- **We want to enhance the bilingual culture and ethos of the organisation, providing training and social opportunities for our staff to work in Welsh and increase their confidence in using the language in the workplace.**
- **We want to work with partners and the wider communities to ensure that Welsh is a thriving language in Denbighshire.**
- **We have an ambition to be sector leaders in the development of the Welsh Language in Wales**

County Conversation

How the plan was developed

During the summer of 2016, Denbighshire County Council asked people about their long-term, future aspirations for their communities. This coupled with statistics enabled us to draft a list of what Denbighshire residents thought was important. At the end of 2016, we then asked people of Denbighshire to choose the level of importance for each aspiration, with over 1500 responses received. Following the feedback received over phase 1 and 2 of the County Conversation, we were then able to identify priorities for Denbighshire going forward.

Discussions then took place over summer 2017 with staff and colleagues from other organisations (including Health, North Wales Fire & Rescue, Natural Resources Wales) to generate actions under each priority, before presenting the new proposed priorities to the Elected Members of Denbighshire. These priorities and actions were then adopted by the Council and formed the basis of Denbighshire's 2017-2022 Corporate Plan.

Further Consultation & Monitoring

We will continue the County Conversation throughout the life time of this Corporate Plan through Annual Reporting and explaining what we expect to deliver during each year to support our priorities.

Development of new corporate plan and the PSB's Wellbeing Plan (WIA v4)

Wellbeing Impact Assessment Report

This report summarises the likely impact of a proposal on the social, economic, environmental and cultural well-being of Denbighshire, Wales and the world.

Assessment Number:	78
Brief description:	The Strategic Planning team is responsible for the development of the council's new corporate plan and the PSB's Well-being Plan. The expected publication date is October 2017. The development of the plans requires a collaborative approach with partners, and in particularly Conwy County Borough Council. The project also contains the following work streams: engagement and consultation, needs assessment, joint priority setting.
Date Completed:	15/09/2017 12:54:44 Version: 5
Completed by:	Nicola Kneale
Responsible Service:	Business Improvement & Modernisation
Localities affected by the proposal:	Whole County,

IMPACT ASSESSMENT SUMMARY AND CONCLUSION

Before we look in detail at the contribution and impact of the proposal, it is important to consider how the proposal is applying the sustainable development principle. This means that we must act "in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs."

Score for the sustainability of the approach

Summary of impact

Wellbeing Goals

A prosperous Denbighshire	Positive
A resilient Denbighshire	Positive
A healthier Denbighshire	Positive
A more equal Denbighshire	Positive
A Denbighshire of cohesive communities	Positive
A Denbighshire of vibrant culture and thriving Welsh language	Neutral
A globally responsible Denbighshire	Positive

Main conclusions

This impact assessment considers the impact of our approach and proposal to developing the next corporate plan. We have completed phases 1 and 2 of our county conversation and we have worked with the new Council to shape 5 priorities and the ambition for each. Our Sustainable Development score tells us there is more scope to consider the relationship between the LDP (current and proposed, when it is developed) and the draft housing priority. We are confident the new corporate plan will deliver a plan for community resilience through, in part, maximising our assets. However, we feel that the focus of the draft priorities is over the medium term. We need to ensure communities and stakeholders have continued opportunity to be involved in the development of the plan, and indeed in its implementation. The proposed priorities are focussed on community resilience and will prompt alternative approaches to prevent problems from occurring. Overall the impact on the 7 well-being goals is largely positive. We need more information to determine the impact on a more equal Wales, and crucially, what we can do to maximise a positive impact for people with protected characteristics. There are potentially negative consequences on some protected characteristics and these could be addressed and managed to avoid them occurring. We have found there to be a neutral impact on Welsh language and culture, but note that the Welsh Language Strategy underpins all that we do. We have drafted an Equality Commitment, to bring together 'equality principles' that the work of officers could be held against: Our Equality Commitment In all new projects and areas of work the council will:

- Engage, where appropriate, with groups that represent people with protected characteristics.
- Consider limitations to physical access, in particular with new builds, but also in regards to access to information and services.
- Consider the appropriateness of the facilities that we have available within the council's estate for use by those

people with protected characteristics. • Engage, challenge and, where possible, remove barriers to opportunities (including work) for those with protected characteristics. • Condemn hate related bullying and harassment.

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact	Positive
Justification for impact	There is plenty of scope to have significant positive impact on the prosperity of Denbighshire.

Positive consequences identified:

We've not got detail at the moment but our proposed set of priorities highlights green technology in support of carbon reduction. This was very important to the community (county conversation). The proposed priorities around connectivity (transport/digital), skills and environment (green technology, natural environment) will support our vision to be thriving county. Links to leisure, tourism, vibrant high streets and so on.

A priority to ensure that people in Denbighshire have skills to work and access jobs either in Denbighshire or surrounding areas in the region/NW England. A focus on the environment could result in green job opportunities.

The new priority around skills focuses on developing people's skills to support people to be ready to work (particularly young people). A stronger focus on community engagement could increase people's participation skills.

The draft priority around connectivity will be critical in ensuring the long term sustainability/resilience of communities (socially and economically).

Unintended negative consequences identified:

We would need to work with communities to understand their aspirations for our environment. Some solutions can be divisive, for instance wind turbines.

A focus on broader skills could result in a loss of focus on attainment. Also, there could be a focus on young people at the expense of other age groups.

The draft connected priority could raise expectations about what is possible. Some infrastructure developments may be outside of the council's control.

We are not clear how the proposed priorities will impact on childcare. If working patterns in Denbighshire change, our childcare provision locally may not meet the needs of parents and carers.

Mitigating actions:

Consider how we can manage expectations about and influence digital infrastructure, and consider implications on childcare (EBD support local businesses, including childcare settings).

A resilient Denbighshire

Overall Impact	Positive
Justification for impact	The overall impact is estimated to be positive. However, it's not clear if the priorities could result in a loss of habitat. It's not clear if the priorities could result in positive or detrimental impacts. Flooding is a risk area that could be linked to a number of the proposed priorities.

Positive consequences identified:

The current priorities reflect the strength of public feeling about our environment and the links to well-being.

There is a pledge to increase the level of green canopy in our urban areas, as per national guidelines. Reducing waste and recycling, and reusing is not featuring in the draft corporate plan - it is being regarded as business as usual.

Green technology for carbon reduction is highlighted in the current set of proposed priorities. Actions around active travel and car share/public transport will have a positive impact on reduced energy/fuel consumption.

Having a corporate priority around environmental issues could contribute to greater awareness and personal ownership of biodiversity and renewable technology.

The draft priority covers flood risk management, with support of Welsh Government.

Unintended negative consequences identified:

No negative consequences identified at the moment but we will re-evaluate this.

An opportunity to influence overall consumption may risk being missed.

Mitigating actions:

As work continues to clarify and confirm activity, we will re-evaluate impact on this goal and consider how it can be designed to remove negative impacts and maximise opportunities.

A healthier Denbighshire

Overall Impact	Positive
Justification for impact	The proposed priorities are focussed on personal and community well-being and resilience and this will contribute to improved health and well-being (physical and mental). There is the potential to maximise opportunities to tackle health inequality (see "a more equal Denbighshire").

Positive consequences identified:

The draft environment priority aims to link tourism and leisure to our environment more strongly. Connectivity is about creating the right environment for people to participate, socialise and lead fulfilled lives. A focus on community facilities is positive because they can support personal and community well-being. Health and well-being work in schools should have a positive impact on CYP's lives.

The draft plan is not proposing to increase access to good quality healthy food.

The draft environment priority is likely to encourage greater participation in leisure . The events priority would mean creating a supportive environment for communities to develop events and participate in events.

The priority around independent and fulfilled lives focuses on mental as well as physical well-being. Skills could involve support around learning life skills, eg managing money, which could reduce stress.

Opportunities to use technology to change the way health care is delivered will be explored under the Connected priority.

Unintended negative consequences identified:

There is no clear link between the draft plan and some of the health issues highlighted by our local assessment of well-being.

Mitigating actions:

Could be scope for greater community involvement in assets. There is no explicit reference to healthy diets and healthcare and this may need consideration. See also "a more equal Denbighshire". Increased use of our environment poses challenges in terms of safeguarding species. Connectivity relies on imaginative transport solutions, and this is a challenge. Need to ensure a joined-up approach to assets.

A more equal Denbighshire

Overall Impact	Positive
Justification for impact	The overall impact is positive, though we recognise there may be areas of inequality that are not directly addressed through DCC's plan. Wrexham CBC is undertaking engagement with 'hard to reach people'/people from people within protected characteristics on behalf of the north Wales PSB region. Digital inclusion/exclusion is complex and will need proper consideration, and to consider how that could affect people's financial well-being. We need to do some work to assess the impact of the activities within the plan on the people with protected characteristics, and this would happen as projects are developed.

Positive consequences identified:

The emerging priorities are addressing some known inequalities and issues in the county (eg housing and young people, digital exclusion....) and the intention is to have a positive impact on people with protected characteristics. We know that people from protected characteristics will be in need of housing. For instance, a new approach to housing could help support people experiencing domestic violence to move earlier and more easily. Housing could be adequate for disabled people. Taking services online can have recognised positive impacts for disabled people, transgender people A better range of stable jobs could result in better incomes and could lead to healthier lifestyles, and a reduction in ill-health (physical and mental). The emerging priorities intend to increase engagement/interaction with our natural environment; to support children and young people with life skills and resilience.

A better range of stable jobs could result in better incomes. Supporting younger people to be "work ready" could help

Unintended negative consequences identified:

A focus on young people's skills could be to the detriment of other age groups (for example, older people). Connectivity need to ensure it can be accessible to all by making use of different approaches and technologies. There is a risk that transport/digital initiatives do not take into account people's needs, and could have negative impacts if it if online services, for instance, are not designed to meet people's needs. If alternative service delivery models are developed, they would need to ensure there is understanding and inclusion of people with protected characteristics. We don't know if there could be a disproportionate negative impact on people with protected characteristics, other than age/disability.

There are serious health inequalities in Denbighshire and across North Wales. It is not clear how Denbighshire's priorities will contribute to tackling health inequality. However, the PSB 's emerging plans are looking at broader public-health type interventions.

We need to understand and maximise where possible, opportunities to tackle poverty.

Mitigating actions:

We have looked at each of the draft corporate priorities in relation to the public duty and the potential impact (negative and positive) on people with protected characteristics. Resilient Communities The Resilient Communities Tjudalen 66 does much to tackle key equality concerns,

through user empowerment and involvement in the shaping services. The following elements of the existing corporate plan proposals can appropriately be included in our equality reporting. 1. Ensure people can access the right information first time however they contact the Council 2. Support Carers to help them sustain their roles as carers 3. Facilitate Community Development and Empowerment 4. Strengthen our approach to tackling domestic abuse

Equality Objectives for the purpose of meeting the legislative requirement

1. Ensure that any unjustifiable, unfair and unequal practices in relation to access to information are identified and eliminated. 2. Empower people from all protected groups by involving them in shaping the services they receive and plans for their community. 3. Support survivors and reduce the incidence of domestic abuse. Connected Communities Digital access to services and Digital Exclusion There would appear to be an argument for further research into prevalence of digital exclusion as experience by different groups protected under the Equality Act. This could then inform the impact assessment of individual projects within this priority. Transport In previous equality plans we have included work to ensure that busses were accessible to people with mobility impairments. It seems sensible to continue and extend this work to consider what accessibility requirements we would need in relation to tax, community mini-bus and car share schemes that may form part of this priority. In addition we should continue the practice of placing drop curbs on strategic routs as and when maintenance schedules mean that substantial works are carried out on each road.

Equality Objectives for the purpose of meeting the legislative requirement

1. Ensure that any unjustifiable, unfair and unequal practices in relation to access to digital services are identified and eliminated. 2. Ensure that any unjustifiable, unfair and unequal practices in relation to access to transport are identified and eliminated. 3. Ensure strategic routes are made accessible via the use of drop curbs and other adaptations. Young People Attainment For some time, schools and local authorities have worked to reduce the gap between boy's and girl's attainment. A detailed discussion of this issue and detailed recommendations were produced by ESTYN in 2008. Closing the gap between boys" and girls" attainment in schools - March 2008 Subsequently the Welsh Government provided a response. In Wales the earliest comparable data we have relates to achievement at Key Stage 1 or age 7. Some groups are more likely than others to achieve level 2 in teacher assessments. Examples includes girls were more likely than boys, Chinese and white pupils are more likely than black or Asian pupils and pupils on the SEN (Statement of Educational Needs) register (46%) are significantly less likely than pupils not on the register (81%). The "How Fair is Wales?" document highlights the need to close the gap in attainment "between different socio-economic groups - including that of boys, black, Bangladeshi, and Pakistani pupils, and disabled children." It goes on to point out that, the largest gap is between the levels of attainment of pupils eligible for free school meals compared to those who are not eligible. We have developed equality monitoring as part of our general monitoring of attainment and there appears to be a strong case for continuing this. Learning Environment The 21st Century schools programme continues to be a key part of our corporate plan. The key concerns in relation to the learning environment should be considered as part of impact assessments of individual projects. These are:

- Access – particularly for people with mobility impairments a range of planning guidance and building regulation can be considered.
- Gendered facilities – the provision of appropriate facilities for trans pupils has been an issue in the past within the county and needs to be considered
- Provision of facilities for Religious worship
- Life skills and Preparing for Work

Research prepared by the Corporate Research and Intelligence Team in 2012 examined disadvantage in engagement in economic opportunities. It found that the key concerns were

- The persistence of historic gender stereotypes around apprenticeship and vocational training
- Low levels of participation in post compulsory education among disabled people
- High levels unemployment among young people
- High level of economically inactive women wanting a job
- Low levels of self-employment among women
- Higher levels of unemployment among men
- Gender pay and earnings gaps
- Occupation and sectoral gender segregation
- Pay gaps for disabled workers and Pakistani and Bangladeshi workers

There is a strong case for reviewing and updating this work during the life of this corporate plan to ensure that any unjustifiable, unfair and unequal practices in relation to access to economic opportunities are identified. Equality Objectives for the purpose of meeting the legislative requirement

1. Ensure that any unjustifiable, unfair and unequal practices in relation to access to economic opportunities are identified and eliminated.

A Denbighshire of cohesive communities

Overall Impact	Positive
----------------	----------

Justification for impact	People being active in their communities and participating emerged as big themes for our communities. The attractiveness of the environment was important to some people as well. Safe communities for children to play and safe facilities/safe places to live emerged to a limited extent, and was more important to some areas than others. We cannot foresee any negative impacts but this needs to be revisited as the process develops.
--------------------------	---

Positive consequences identified:

There is a draft priority to achieve cohesive communities, that are strong, caring, safe and resilient. This could be a preventative approach to addressing health issues, including an increased focus on delivering the domestic abuse strategy.

County Conversation is enabling a continual conversation with communities and we have a draft priority around this. We hope connecting young people with local businesses to secure better work experience will lead to greater community participation.

The county conversation initially led to the creation of a draft priority to value and maximise our environmental assets.

Unintended negative consequences identified:

None identified at the moment.

House building can divide opinion and WIAs will be needed as the proposals get underway.

Mitigating actions:

It can be difficult to gain participation from certain communities of interest or place. Denbighshire County Council's new plans around engagement and participation will give us an improved framework to ensuring community cohesion.

A Denbighshire of vibrant culture and thriving Welsh language

Overall Impact	Neutral
Justification for impact	Some older people were concerned about not being able to access services/support through the medium of Welsh. Many people said they valued Welsh language and culture as an asset. However, it is not clear how the current set of priorities will promote and protect the Welsh language hence the overall impact is neutral.

Positive consequences identified:

Support for the Welsh language is a principle that will underpin all the work that we do, and this is explicitly referred to in the Corporate Plan document itself.

Events have the potential to contribute.

Unintended negative consequences identified:

None identified.

Mitigating actions:

We have a Welsh Language Strategy and this strategy will lead on the protection and promotion of

Welsh language in Denbighshire (and will therefore not be a specific priority in its own right for the new corporate plan). However, we need to communicate this clearly. A Welsh Strategy Group and the Welsh in Education Group will consider all of this, including how we support schools to move along the Welsh language continuum. Any increases in affordable housing has the potential to risk or protect the Welsh language.

A globally responsible Denbighshire

Overall Impact	Positive
Justification for impact	Some people were interested in hub/satellite services and using assets so that they are multi-functional (eg a building could be a health clinic on a Monday, a court on a Tuesday), and using assets, like buses, when they are out of use during holidays. Our work to reduce carbon will have an impact on global plans to reduce carbon consumption and increase energy generation. Plans to improve digital connectivity will also contribute positively here.

Positive consequences identified:

We need to find out if there could be positive impacts for local/national/international supply chains. There could be potential as the priorities develop.

Potential positive impacts around employment practices and employer's responsibilities but these discussions are in their early stages.

A greater focus on well-being could impact on health services, housing, education, welfare, and environmental groups.

Unintended negative consequences identified:

None identified at the moment.

Mitigating actions:

We need to explore the issues and opportunities highlighted above as the process develops.

CORPORATE POLICY:

INCOME GENERATION, FEES & CHARGING

September 2017

1. Policy Framework

This policy establishes guiding principles for income generation and charging for services provided by the council. It aims to embed the general principle that *income from fees and charges should be maximized wherever possible to recover cost, whilst avoiding adverse consequences on other services, corporate objectives and recognizing the value of services delivered to citizens and their ability to pay.*

This policy will help to support the Council's strategic priorities and help inform the assumptions in the Medium Term Financial Plan and revenue budget processes.

1.1 Purpose

The Policy has been developed to ensure that all fees, charges and any concessions for services are understood and are transparent.

It aims to apply all charges consistently across the county unless the Council has made a decision to the contrary based on a business case to do so. The Council is reliant upon income to undertake many of its services and it is therefore crucial that fees, charges and concessions are set, applied and reviewed consistently. All services must comply with this Policy when setting and reviewing fees, charges and concessions.

1.2 Scope

The scope of this policy includes:

- Income generated from fees and charges to the public, business and other organisations;
- Statutory and discretionary services where charging is permissible; and
- Council delivered services, internally and externally traded services, services externalised to a third party (e.g. outsourced or a shared service).

The following sources of income are out of scope:

- Revenue support from central government, including specific grants – the objective of this policy is to reduce the Council's dependence upon revenue support from central government. Grant income needs to be taken account of, however, when calculating cost recovery;
- Council Tax;
- Investment income – this is a specialist area and is dealt with through the Council's Treasury Management Strategy;
- One-off income, such as asset disposals, as these will only deliver an individual income receipt, and may erode existing income streams (e.g. rent, room hire);
- Housing rents and service charges; and
- Fees and charges where the amount is fixed by statute or otherwise outside the Council's control.

2. Background

In recent years, there have been a number of national policy drivers encouraging greater use of charging and more commercial activity within local government. The key pieces of legislation relating to charging and trading for local authorities are:

The Local Government Act 2003:

- Section 93 contains powers for all local authorities to charge for 'discretionary services', however the income from charges must not exceed the costs of provision.
- Welsh Government Guidance on the Act states: *'Any over or under recovery that resulted in a surplus or deficit of income in relation to costs in one period should be addressed by an authority when setting charges for future periods so that over time income equated to costs'*.
- The total cost of provision is made up of all expenditure required to deliver the service including central overheads.
- The recipient of the service must have agreed to its provision and agrees to pay for it.
- Charges may be set differentially, so that different people are charged different amounts.
- However, Section 95 permits local authorities to engage in commercial trading activity for all services and to generate surpluses whereby a local authority's power to trade is only exercisable through a company. It authorises *'authorities to do for a commercial purpose anything which they are authorised to do for the purpose of carrying on any of their ordinary functions'*.

The Local Authorities (Goods and Services) Act 1970: allows Local Authorities to provide services for other Local Authorities and to make a profit. This should be used wherever possible.

3. Key Charging Principles

1. All income and charges should be linked to the strategic objectives of the Council.
2. Aim to provide a charge for all services where it is legal and appropriate to do so unless the Council has made a decision to the contrary.
3. Aim to apply all charges consistently across the County unless the Council has made a decision to the contrary, based on a business case to do so.
4. Services should only be subsidised when there is a clear case to do so based on equity and access to services or targeted at specific individuals, groups and/or households. The case will need to be made for all such circumstances in line with the Council's strategic objectives and be regularly reviewed.
5. If introducing a new charge or making changes to existing charges the Council will engage and consult with relevant stakeholders in order to inform an impact assessment.
6. All charges are assumed to increase annually by the rate of inflation (usually CPI, to be

- determined by the Head of Finance) unless a business case dictates otherwise.
7. When providing services on a commercial basis, ensure the Council competes with market rate.
 8. Charges and methods of payment should be clearly communicated to all stakeholders.
 9. Ensure appropriate arrangements are in place within services to collect all income and manage debt in a timely manner, in line with the Council's Financial Regulations.
 10. Ensure the charging scheme is cost effective to operate with efficient and accessible payment methods available
 11. All service cost recovery should include central overheads (including interest and administrative costs where applicable).

4. Exceptions

The council will aim to provide a charge for all services where it is legal and appropriate to do. In so doing, the following factors should be considered:

- Is there a statutory reason preventing the setting of charges?
- Does the cost of collecting a charge outweigh the costs providing the service?
- Is there an impact or a cost introduced elsewhere due to the charging? For example, fly-tipping as a result of excessive levels of charging for Bulky Waste Collections.
- Is charging for a service linked to the strategic objectives of the Council?
- Has a specific exemption been agreed by the Cabinet or Head of Finance (depending on the scale) not to charge or to recover the full cost?

5. Level of Charge

Where a decision has been made to charge:

- The council will achieve full cost recovery unless there are legal, strategic or contractual reasons for not doing so and;
- The council will generate enough income so that the service meets its costs (including on-costs). If a service does not meet its costs this should be as a result of conscious decision.
- The level of charges should be compared with those of other public, private and third sector services to ensure they reflect current market value. If pricing decisions are made independently of current and future market conditions there is a risk of under or over supplying a service to the public.
- Full use of differential charging, discounting and other alternative pricing structures should be made to maximise commercial benefit and target service take-up amongst particular groups where appropriate.
- The impact of charges on specific groups of users and the wider population needs to be understood to ensure continued access to services and any wider social and

economic consequences

- When providing services on a commercial basis we must ensure that the Council responds in a timely manner to market changes.

6. Income Collection

The council will:

- Use cost effective methods of payment and collecting charges.
- Communicate charges and methods of payments clearly to all stakeholders.
- Ensure all appropriate avenues for making payments and generating income are developed.
- Develop online payment methods and accessibility of services to complement existing payment arrangements.
- Ensure appropriate arrangements are in place within services to collect all income and manage debt in line with Financial Regulations.
- Actively pursue non-payment of any charges and fees.

7. Subsidy

A decision to subsidise a service needs a clear rationale which is likely to include:

1. Providing a wider public benefit
2. Encouraging service take-up

The financial impact of subsidy decisions on the council needs to be identified, both individually and collectively and actively managed and reviewed.

In deciding whether to subsidise services which are also provided by other suppliers on a fully commercial basis, the potential distortion to competition (as set out in EU State Aid regulations) must be fully considered, and legal advice sought where appropriate.

8. Concessions

There are two types of concessions:

- Mandatory and determined by statute
- Discretionary which are wholly within the power of the council.

Discretionary concessions should only be granted if they:

- Charges should be based on ability to pay
- Ensure charges are targeted at specific individuals and/or households.

A business case is required if any new concession scheme is needed and will be approved by

the Head of Service, in consultation with the Head of Finance. This will assure that concession schemes are applied in a consistent and transparent approach across all council services.

The impact of concession schemes should be monitored, reviewed and evaluated.

9. Trading

Services with the ability to achieve full cost recovery on a consistent basis should be encouraged to operate more commercially in order to reduce dependence on revenue support.

This will be done by the preparation of a robust business case following the council's procedures for assessing alternative methods of service delivery.

The impact on current and future income should be fully considered when decisions to commission service provision outside of the council are being taken.

10. Procedure for Introducing or Changing Fees, Charges and Concessions

All new and existing income proposals need to be taken forward through a business case approach to include a clear rationale for charging, the development of charging options, modelling of net benefits, impact and risks.

Heads of Service are responsible for setting and reviewing charges in their respective service area and ensuring that the rates at which charges are consistent with the principles outlined in this policy.

Heads of Service are also responsible for ensuring there has been appropriate consultation with elected members and other stakeholders when reviewing or introducing new charges. It may be prudent to refer certain contentious decisions to elected members, even though the power is delegated to officers in the council's constitution.

Charging policies, including any concessions will be considered annually as part of the revenue budget process.

11. Monitoring and Reviewing

To enhance the income governance arrangements the following steps will be taken (these will enable the council to manage income transparently and make effective decisions):

- All fees and charges will be assumed to increase annually by the rate of inflation (with CPI being the default, to be confirmed annually by the Head of Finance) in the preparation of the budget unless a business case or previous decision dictates otherwise.

- Reviews of all fees and charges will be undertaken as an integral part of the budget process each year and evidenced.
- Maintaining a summary of service fees and charges as a central point of reference as part of the annual budget process.
- In year monitoring of income will continue as part of the monthly financial reporting process to Cabinet.
- Any deviation from applying the set fees and charges can only be done with formal approval (see point 3.6 and Section 10 above).

12. Impact on Equality & Wellbeing

Heads of Service will need to ensure that a Wellbeing Impact Assessment has been completed when changes to charging policies or the introduction of new policies are being considered.

13. Approval and Review of this Policy

This policy is subject to approval by the cabinet. The Policy will be reviewed periodically by the Head of Finance.

- 4.2 Bydd yr Aelodau'n ymwybodol iawn o'r angen parhaus i wneud gostyngiadau yn y gyllideb i gau'r diffyg adnoddau blynyddol i sicrhau y gellir gosod cyllideb gytbwys bob blwyddyn.
- 4.3 Mae gostyngiadau cyllideb yn gyffredinol yn dod ar ffurf arbedion effeithlonrwydd a wneir gan wasanaethau, toriadau i wasanaethau, neu godi incwm ychwanegol trwy ffioedd a thaliadau. Mae llawer o ostyngiadau yn y gyllideb yn effeithio ar gyflogaeth naill ai'n uniongyrchol trwy swyddi'r Cyngor (peidio cael staff newydd neu ddiswyddo), neu'n anuniongyrchol trwy wasanaethau a gafaelwyd yn allanol. Felly mae'n bwysig iawn ystyried pa fathau eraill o ostyngiadau cyllideb y gellir eu cyflawni a fydd yn diogelu ein gwasanaethau i'r cyhoedd a chyflogaeth.
- 4.4 Fel rhan o'r strategaeth gyllidebol ar gyfer 2018/2019, mae swyddogion wedi bod yn adolygu'r Polisi MRP cyfredol. Mae'r Cynllun Ariannol Tymor Canolig wedi cynnwys amcangyfrif o arbedion o'r adolygiad hwn o ostyngiad yn y gyllideb o £2m o 2018/19 ac arbedion arian parod o £2m o weithredu'r polisi yn 2017/18. Mae hyn wedi arwain at leihau'r targed arbedion ar gyfer gwasanaethau o £4m ar gyfer y cylch cyllideb blynyddol cyfredol i bennu cyllideb 2018/19. Bydd y gwahaniaeth rhwng yr arbedion a amcangyfrifir a'r arbedion gwirioneddol yn cael ei dalu gan arbedion effeithlonrwydd ychwanegol a nodwyd o fewn cyllidebau a gedwir yn gorfforaethol.
- 4.5 Mae Atodiadau 1 a 2 i'r adroddiad hwn yn nodi'r wybodaeth dechnegol sy'n berthnasol i reolaeth y trysorlys yn gyffredinol a MRP yn benodol ac yn darparu'r wybodaeth i gefnogi newid i'n Polisi presennol.
- 4.6 Mae nifer fawr o awdurdodau Lloegr a nifer cynyddol o awdurdodau Cymru hefyd wedi adlewyrchu'r angen i gynnwys adolygiad o'u polisïau MRP fel ffordd y gellir sicrhau gostyngiadau sylweddol yn y gyllideb heb effeithio ar wasanaethau.
- 5. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?**
Mae rheoli cyllidebau refeniw a chyfalaf y Cyngor yn effeithiol a chyflawni'r strategaeth gyllidebol y cytunwyd arni yn sylfaen i weithgarwch ym mhob maes, gan gynnwys blaenoriaethau corfforaethol.
- 6. Faint fydd yn ei gostio a sut fydd yn effeithio ar wasanaethau eraill?**
Bydd y newid arfaethedig yn rhyddhau £1.861m o arbedion arian parod yn 2017/18 a gostyngiad parhaus yn y gyllideb o £1.861m. Fel y nodwyd uchod, heb yr arbedion hyn byddai angen i wasanaethau ganfod gwerth £3.722 miliwn ychwanegol o doriadau a chynilion a fyddai'n cyfateb i 6.8% o gyllidebau gwasanaeth heb eu diogelu.

7. Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?

Mae'r Asesiad Lles wedi'i gynnwys yn Atodiad 3.

Mae Deddf Lles Cenedlaethau'r Dyfodol (Cymru) 2015 yn rhoi gofyniad i:-

'weithredu mewn modd sy'n ceisio sicrhau bod anghenion y presennol yn cael eu bodloni heb amharu ar allu cenedlaethau'r dyfodol i ddiwallu eu hanghenion eu hunain.'

Mae hefyd yn ei gwneud yn ofynnol i awdurdodau ystyried, ymysg pethau eraill:

"pwysigrwydd cydbwysu anghenion tymor byr gyda'r angen i ddiogelu'r gallu hefyd i ddiwallu anghenion tymor hir'.

Mae'r argymhelliad i newid y polisi MRP ar gyfer gwariant cyfalaf â chymorth o leihau balans i linell syth yn sicrhau bod y costau'n cael eu lledaenu'n fwy cyfartal ymhlith y trethdalwyr sy'n elwa o'r gwariant cyfalaf. Ni ystyrir bod hyn yn cyfaddawdu gallu cenedlaethau'r dyfodol i ddiwallu eu hanghenion eu hunain, ond bod cenedlaethau'r dyfodol yn talu am asedau y maent yn elwa ohonynt.

8. Pa ymgynghoriadau a gynhaliwyd gydag Archwilio ac eraill?

8.1 Mae'r newidiadau wedi'u hargymell yn dilyn adolygiad o'r polisi MRP gan gynghorwyr rheoli trysorlys y Cyngor ac uwch Swyddogion Cyllid.

8.2 Mae Cydgyngor Cymru wedi annog awdurdodau lleol i edrych ar eu polisiau MRP fel un modd o liniaru ar gyfer y pwysau ar gyllid llywodraeth leol.

8.3 Mae Swyddfa Archwilio Cymru wedi cyhoeddi llythyr ar 7 Ionawr 2016 yn cadarnhau, fel y nodir yn y rheoliadau, "bod y cyfrifoldeb dros benderfynu beth yw MRP doeth yn gorwedd gyda'r Awdurdod. Nid rôl yr archwiliwr allanol yw penderfynu ar ran yr awdurdod beth sy'n ddoeth." Fodd bynnag, fel ein harchwilwyr allanol, bydd Swyddfa Archwilio Cymru yn adolygu ein hymagwedd fel rhan o archwiliad Datganiad Cyfrifon 2017/18 i sicrhau ein bod wedi cydymffurfio â'n holl ddyletswyddau statudol. Mae'r tîm SAC lleol yn cael gwybod am gynnydd.

9. Datganiad y Prif Swyddog Cyllid

9.1 Mae'n bwysig bod y Cyngor yn manteisio i'r eithaf ar gyfleoedd i arbed arian mewn ffyrdd nad ydynt yn effeithio'n negyddol ar staff y Cyngor, darparu gwasanaethau na chodiadau ar y cyhoedd.

9.2 Fodd bynnag, mae yr un mor bwysig bod y Cyngor yn cydymffurfio â'i ddyletswydd statudol i bennu polisi MRP doeth a gefnogir yn briodol gan dystiolaeth ddigonol a chyngor proffesiynol. Mae Atodiad 1 a 2 yr adroddiad hwn yn amlinellu'r dystiolaeth honno.

10. Pa risgiau sydd yna ac oes yna unrhyw beth y gallwn ei wneud i'w lleihau?

Mae'r penderfyniad i newid polisi MRP ag effeithiau tymor hir na ellir eu dadwneud yn rhwydd. Mae yna hefyd risg y gallai SAC herio'r dull yn ystod eu harchwiliad o Ddatganiad Cyfrifon 2017/18.

11. Pŵer i wneud y Penderfyniad

Dan Adran 151 Deddf Llywodraeth Leol 1972, mae'n ofynnol i awdurdodau lleol wneud trefniadau ar gyfer gweinyddu eu materion ariannol yn briodol.

1. BACKGROUND TO CAPITAL EXPENDITURE AND FINANCING

- 1.1 Capital expenditure is legally defined as 'expenditure to acquire, enhance or prolong the useful life of non-current assets' which is expenditure on assets which have a life expectancy of more than one year e.g. buildings, infrastructure improvements, vehicles, machinery etc. Section 16 of the Local Government Act 2003 provides a definition of capital expenditure and states that any form of capital expenditure must be in accordance with proper practice.

Capital expenditure is funded from a combination of capital receipts, revenue contributions, general capital grant, scheme specific grants, and debt in the form of borrowing or other long term financing arrangements such as leasing.

Borrowing can either be:

- Supported borrowing - funding is provided by Welsh Government (WG) through the Revenue Support Grant (RSG) to cover the revenue debt financing costs of interest and repayment costs, or
 - Unsupported borrowing (commonly referred to as prudential borrowing)
 - Councils have the freedom to determine the level of borrowing considered affordable in revenue debt financing costs with no support from WG.
- 1.2 The annual charge to the revenue account for repaying debt is known as the Minimum Revenue Provision (MRP). The following regulations refer to this charge:-
- Local Authorities are required each year, under the Capital Finance and Accounting Wales Amendment Regulations 2008, to set aside some of their revenue resources as provision for the repayment of debt.
 - Regulation 22 of the 2008 Regulations requires an authority to make an amount of MRP each year which it considers to be "prudent", although the Regulations themselves do not define "prudent provision".
 - Regulation 21(B) of the 2008 Regulations requires local authorities to have regard to guidance issued by Government.
- 1.3 Welsh Government has issued guidance for the setting of MRP policy. It states that the broad aim of prudent provision is to ensure that the debt is repaid over a period that is reasonably commensurate with that over which the capital expenditure provides benefits, or, in the case of borrowing supported by WG, reasonably commensurate with the period implicit in the determination of that grant.

The WG guidance provides 4 options for making "prudent provision" outlined below but states in its supporting commentary that:

“The options are those likely to be most relevant for the majority of authorities but other approaches are not meant to be ruled out, provided they are fully consistent with the statutory duty to make prudent revenue provision. Authorities must always have regard to the guidance, but having done so, may in some cases consider that a more individually designed MRP approach is justified.

The decision on what is prudent is for the Authority and it is not for the Welsh Government to say in particular cases whether any proposed arrangement is consistent with the statutory duty.”

1.4 In a recent letter to all local authorities the Auditor General for Wales concurred that it is for each authority to determine what a “prudent” policy is.

1.5 **Options for Prudent Provision within WG Guidance**

1.5.1 Option 1 - Regulatory Method

For capital expenditure funded from supported borrowing which is supported through funding in the RSG, authorities may continue to use the formula specified in the Local Authorities (Capital Finance and Accounting) (Wales) Regulations 2003 (the regulations which preceded the 2008 Regulations).

1.5.2 Option 2 - Capital Financing Requirement (CFR) Method

For capital expenditure funded from supported borrowing which is supported through funding in the RSG, the MRP is calculated as 4% of the Capital Financing Requirement at the 1st of April in a year.

1.5.3 Option 3 - Asset Life Method

MRP is calculated using annual instalments over the estimated life of the asset.

This can be calculated using the “straight line” method or the “annuity” method. To illustrate the difference, as an example an asset which is purchased at a cost of £4m which has an estimated useful life of 50 years:

- Straight line method - equal annual MRP charge £4m / 50 years = £80,000.
- Annuity or inflation method – annual MRP charge that takes the time value of money in the form of inflation into consideration in respect of the above

Year 1 = £47k
Year 2 = £48k
Year 3 = £49k
Year 4 = £50k
Year 5 = £51k
etc.

1.5.4 Option 4 - Depreciation Method

Alternatively, provision is made in accordance with the standard rules for depreciation accounting. The method is similar to option 3 above.

WG guidance requires that either option 3 or 4 be used for all capital expenditure which is to be financed by unsupported borrowing or other long term liabilities. Options 1 and 2 are not permitted for this use.

1.6 Denbighshire's Current MRP Policy

The Council's current MRP policy is as follows:

- Capital expenditure funded by supported borrowing on the basis of Option 1 – Regulatory Method.
- Capital expenditure funded by unsupported (prudential) borrowing on the basis of Option 3 - Asset Life Method.
- MRP on housing assets funded through Prudential Borrowing is charged at 5% of the HRA'S CFR. MRP on all other items such as the buy-out and new builds are charged at 2% of the HRA CFR.

The table below shows the amount of outstanding capital expenditure which needs to be repaid as at the 31 March 2017:

TABLE 1

Item	£m
Outstanding capital expenditure funded by supported borrowing – Council Fund	101.295
Outstanding capital expenditure funded by unsupported (prudential) borrowing – Council Fund	71.542
Outstanding Capital Expenditure - HRA	68.017
Total outstanding capital expenditure – Capital Financing Requirement	240.854

1.7 Review of the Council's MRP Policy

1.7.1 WG recommend that before the start of the financial year a statement of the policy on making MRP in that financial year be approved by full council. Each year the policy is reviewed and this year given the current financial position consideration was given as to whether savings could be made on MRP whilst still complying with regulation.

A review of the policy was undertaken by the Council's treasury management advisors, Arlingclose, who have completed similar MRP reviews for other English and Welsh Councils.

1.7.2 The current policy for unsupported (prudential) borrowing was reviewed and it was considered that the current Asset Life Method was appropriate and provided the most prudent approach so this will remain unchanged.

1.7.3 For supported borrowing a comparison of the options available was undertaken and included:

- 4% reducing balance (option 2),
- straight line – equal repayment (option 3), and
- annuity / inflationary method (option 3),

1.7.4 4% Reducing Balance Method

The method implies that borrowing will be repaid over a 25 year period (in that $100\% / 4\% = 25$), however as the calculation applies the 4% to the reducing balance it takes much more than 25 years to fully repay the borrowing.

The graph and Table 2 below shows the MRP repayment profile of the £101m (including £4m Adjustment A) capital expenditure funded by supported borrowing and outstanding as at 31 March 2017.

Table 2 below provides information relating to the first five years of the full analysis shown in Appendix 2.

TABLE 2

Year	Annual MRP £m	Outstanding Capital Expenditure £m
2017/18	3.887	93.288
2018/19	3.731	89.557
2019/20	3.582	85.975
2020/21	3.439	82.536
2021/22	3.302	79.234

In 50 years' time £13m of capital expenditure will still be outstanding, and in 100 years' time £1.6 will be outstanding. It would take 169 years before the balance is below £0.1m. Using Option 1, the regulatory method also means that there will always be £4.1m of capital expenditure outstanding, the equivalent of permanent Adjustment A. This supports the view that this method is not the most prudent option to take.

The method is commensurate with the methodology used in the RSG to allocate revenue funding from WG for supported borrowing. The 4% reducing balance method is used to allocate funding for the repayment of capital expenditure and it also includes funding to cover the notional interest costs on borrowing equal to the outstanding CFR on supported borrowing. However, Councils are responsible for determining their own levels of expenditure on services and no part of the RSG is earmarked for any particular service.

1.7.5 Straight Line Method

The method calculates an equal annual MRP charge to the revenue account over the useful estimated life of an asset.

For all new capital expenditure funded from supported borrowing the charge will be based on the asset life so will be straight forward.

For historic capital expenditure the outstanding balance of £101m has built up over a long period of time and cannot be tied back directly to specific assets.

So for historic debt it has been necessary to identify a proxy for the average life of the assets represented by the outstanding balance.

The closest proxy to determine the average asset life are the assets currently held by the Council which are detailed on the asset register as at 31 March 2017. The category of assets most representative are operational Land and

Buildings and the calculation was based on the weighted average life with land being allocated a useful life of 125 years (land does not depreciate so is not allocated a life on the register). The calculation assessed an asset life of nearly 60 years. However, a prudent approach would be to use a lower asset life and one that is comparable with other Councils which is 50 years.

The repayment of the £101m historical capital expenditure funded by supported borrowing would be over 50 years, annual charge £2.026m. After 50 years the balance will have been fully repaid.

1.7.6 Annuity / Inflation Method

The method is similar to straight line in that MRP is charged to revenue over the assets useful life and fully repaid at the end of the useful life. An annuity rate is set for the period to reflect that over time the value of money decreases due to inflation. This produces a consistent and “real” charge to the tax payer of using the asset over its life, however, at today’s prices it is an increasing charge. 2% is the rate commonly used, being the Bank of England’s target rate of inflation. With this option the MRP rises over time.

1.8 Conclusions

1.8.2 The annuity/inflation method is not suitable from a budgetary perspective and as costs are weighted towards the latter part of the repayment period future generations will be paying more for assets that are being utilised today which does not meet the requirements of the Well Being of Future Generations Act. Therefore this method has been excluded.

1.8.3 Under the 4% reducing balance method the costs are weighted towards the early part of the repayment period and future generations will still be paying in the

year 2186. This method does not represent a fair way to spread the costs for the use of the Council's assets. This method is prudent as more of the asset is repaid earlier but on a cost share basis it is not equitable.

- 1.8.4 The straight line method is more closely aligned to the life of the Council's assets and costs are spread more evenly among tax payers who will benefit from the assets. This method is prudent and more equitable on a cost share basis.
- 1.8.5 Based on the conclusions above the preferred method is the straight line method.
- 1.8.6 The recommendation is to change the repayment profile of the outstanding balance of supported borrowing of £101m as at 31 March 2017 to the straight line method repaid over 50 years.
- 1.8.7 New capital expenditure funded by supported borrowing incurred from 2017/18 onwards be repaid over the life of the asset.
- 1.8.8 This represents an in year change to the MRP policy from option 1 - Regulatory method to option 3 asset life method.

2. RESOURCE IMPLICATIONS

- 2.1 The base budget can reduce if Members support the recommendation, this would produce a recurring saving of £1.861m.
- 2.2 A full 100 year analysis comparing the 2 methods is shown in Appendix 2 and summarised in the Chart below. This shows that by changing to the straight line method there are savings compared to the existing method in years 1 – 16, additional costs in years 17 - 50 and further savings in years 51 – 100. It also shows that there would still be an outstanding balance of £1.6m by 2116/17 under the current method, plus £4m in relation to Adjustment A.

2.3 For capital expenditure incurred from 1 April 2016 onwards which is funded from supported borrowing, the MRP calculation will be based on asset life so could vary from 5 years to 50 years. The table below shows the differences in MRP charges for both methods and shows examples of varying asset lives, based on the 2017/18 supported borrowing allocation of £3.025m from WG:

TABLE 3

MRP Charge	4% Reducing Balance (£'000)	Straight Line - 25 year life (£'000)	Straight Line - 35 year life (£'000)	Straight Line - 50 year life (£'000)
2017/18	121	121	86	61
2018/19	116	121	86	61
2019/20	112	121	86	61
2020/21	107	121	86	61

Going forward an assessment will be made of the additional MRP pressure for the following financial years based on our capital spend and the allocated supported borrowing from Welsh Government. An appropriate revenue business case will therefore be submitted annually to reflect capital financing pressures arising from the capital programme.

2.4 There are no resource implications other than financial.

4. GLOSSARY OF TERMS

Capital Expenditure: Expenditure on the acquisition of non-current assets or expenditure that extends the life or value of an existing asset

Capital Financing Requirement (CFR): A measure of the capital expenditure incurred that has yet to be financed from capital receipts, capital grants or revenue financing.

Minimum Revenue Provision (MRP): A charge made to revenue to repay outstanding capital expenditure. Authorities must determine their own prudent

MRP charge each year, taking into consideration statutory guidance issued by the Government.

Prudential Code: The code of practice drawn up by the Chartered Institute of Public Finance and Accountancy (CIPFA) to underpin the requirements of the Local Government Act 2003 in respect of an authority's duty to determine the affordability, prudence and sustainability of its capital investment needs.

Revenue Expenditure: All expenditure incurred by an authority that cannot be classified as capital expenditure

Revenue Support Grant (RSG): Is paid to each authority from the Welsh Government as a contribution towards the cost of providing services.

Unhypothecated Supported Borrowing (USB), commonly referred to as Supported Borrowing: Each year WG provides Councils with a Supported Borrowing allocation. WG then includes funding to cover the revenue costs associated with the supported borrowing for future years within the RSG. The Council decides how this funding is spent.

Prudential Borrowing and the Prudential Code. Authorities set their own policies on acceptable levels and types of borrowing with regard to the approved level of capital expenditure. The main objectives of the code are to ensure the strategy approved is prudent, affordable and sustainable.

Main conclusions

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact	Positive
Justification for impact	An effective Minimum Revenue Provision (MRP) Policy will contribute towards the Council's goal of maximising income and minimising costs which supports efficient service delivery.

Positive consequences identified:

The Council is required by regulations to make an annual charge to the revenue account for repaying debt and this is known as the Minimum revenue provision (MRP). The Council sets its policy prior to each financial year and the policy is approved by Council. The Welsh Government has issued guidance and DCC complies with the guidance which aims for a prudent provision and to ensure that the debt is repaid over a period. In line with Other Local Authorities, the Council has reviewed its policy with an objective to keep a prudent provision but to make savings. It is important that the Council maximise opportunities to save money in ways that do not negatively affect Council staff, service provision or charges to the public.

Savings that do not effect staffing levels help ensure and protect quality council jobs over the coming years.

Unintended negative consequences identified:

Mitigating actions:

A resilient Denbighshire

Overall Impact	Positive
Justification for impact	The new policy is still prudent and affordable but produces cash and budget savings.

Positive consequences identified:

The recommendation to change the MRP policy for supported capital expenditure from reducing balance to straight line ensures that the costs are spread more evenly amongst the taxpayers benefiting from the capital expenditure. This is not considered as compromising the ability of future generations to meet their own needs merely that future generations pay for assets from which they benefit.

Unintended negative consequences identified:

Mitigating actions:

A healthier Denbighshire

Overall Impact	Neutral
----------------	---------

Justification for impact	The Policy contributes to the overall financial health of Denbighshire and therefore supports the delivery of the annual budget which support the provision of front line services.
--------------------------	---

Positive consequences identified:

The proposals have little or no direct impact on the vast majority of residents as the proposal involves changing the method of calculating the MRP.

Unintended negative consequences identified:

Mitigating actions:

A more equal Denbighshire

Overall Impact	Neutral
Justification for impact	A prudent MRP policy contributes to the overall financial resilience of the Council and supports the on-going work of the Authority without impacting on residents.

9.3 Mae'r Cyngor newydd a benodwyd ym mis Mai yn ymgynghori ar y blaenoriaethau newydd ar gyfer y cyfnod rhwng 2017 a 2022. Bydd angen ystyried unrhyw gynigion newydd yn y strategaeth Rheoli Trysorlys oherwydd mae'n hanfodol fod gan y Cyngor swyddogaeth Rheoli Trysorlys gadarn ac effeithiol sydd yn ategu'r buddsoddiad hwn a phob gweithgaredd arall.

Fodd bynnag, mae'n amhosibl cael gwared ar y risgiau hyn yn gyfan gwbl. Caiff strategaeth a gweithdrefnau rheoli trysorlys y cyngor eu harchwilio'n flynyddol ac roedd adolygiad yr archwiliad mewnol diwethaf yn gadarnhaol ac ni chodwyd unrhyw faterion sylweddol.

11 Pŵer i wneud y Penderfyniad

1. Background

- 1.1 The Council's treasury management activity is underpinned by CIPFA's Code of Practice on Treasury Management ("the Code"), which requires local authorities to produce annually Prudential Indicators and a Treasury Management Strategy Statement on the likely financing and investment activity. The Code also recommends that members are informed of treasury management activities at least twice a year. Reports are made twice a year to the Corporate Governance Committee which is the committee with responsibility for the scrutiny of the Council's treasury policy, strategy and activity, as well as the annual report made to cabinet and the report to full council for approval of the annual treasury strategy.
- 1.2 Treasury management is defined as: "The management of the local authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."
- 1.3 The Council has borrowed and invested substantial sums of money and is therefore exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. This report covers treasury activity and the associated monitoring and control of risk.

2. Economic Background

- 2.1 Politically, 2016/17 was an extraordinary twelve month period which defied expectations when the UK voted to leave the European Union and Donald Trump was elected the 45th President of the USA. Uncertainty over the outcome of the US presidential election, the UK's future relationship with the EU and the slowdown witnessed in the Chinese economy in early 2016 all resulted in significant market volatility during the year. Article 50 of the Lisbon Treaty, which sets in motion the 2-year exit period from the EU, was triggered on 29th March 2017.
- 2.2 UK inflation had been subdued in the first half of 2016 as a consequence of weak global price pressures, past movements in sterling and restrained domestic price growth. However the sharp fall in the Sterling exchange rate following the referendum had an impact on import prices which, together with rising energy prices, resulted in CPI rising from 0.3% year/year in April 2016 to 2.3% year/year in March 2017.
- 2.3 In addition to the political fallout, the referendum's outcome also prompted a decline in household, business and investor sentiment. The repercussions on economic growth were judged by the Bank of England to be sufficiently severe to prompt its Monetary Policy Committee (MPC) to cut the Bank Rate to 0.25% in August and embark on further gilt and corporate bond purchases as well as provide cheap funding for banks via the Term Funding Scheme to maintain the supply of credit to the economy. Despite growth forecasts being

downgraded, economic activity was fairly buoyant and GDP grew 0.6%, 0.5% and 0.7% in the second, third and fourth calendar quarters of 2016 and the labour market also proved resilient.

3. Borrowing Activity

3.1 The table below shows the level of the Council's borrowing from the Public Works Loan Board (PWLB) at the start and the end of the year.

	Balance at 01/04/2016 £000	Maturing loans £000	Premature repayments £000	New Borrowing £000	Balance at 31/03/2017 £000
Fixed rate loans – Public Works Loan Board (PWLB)	190,165	5,439	0	0	184,726
Total borrowing	190,165	5,439	0	0	184,726

3.2 The Council's strategy in 2016/17 was to internally borrow to fund its borrowing requirement.

3.3 The Council has also been accessing temporary borrowing from other local authorities at very low rates to cover short-term cash flow requirements.

3.4 As a result of maturities during the year, the average rate on the Council's debt decreased from 4.95% at 1 April 2016 to 4.94% at 31 March 2017.

3.5 Annex A shows how interest rates for borrowing have moved over the course of the year.

Abolition of the PWLB

3.6 In January 2015 the Department of Communities and Local Government (CLG) confirmed that HM Treasury (HMT) would be taking the necessary steps to abolish the PWLB. HMT confirmed however that its lending function will continue unaffected and local authorities will retain access to borrowing rates which offer good value for money. A consultation was launched in May 2016 and the government published a response in November 2016 that confirmed the intention to proceed with the transfer of the function to HMT. HMT and the PWLB will inform stakeholders once the timescales for implementation become known.

4. Investment Activity

4.1 The Council held cash balances of £1.2m at the end of 2016/17. These represent the Council's Balances and Reserves (after internal borrowing and working cash balances are accounted for) and also where money has been borrowed before capital expenditure is incurred.

4.2 The Welsh Government's Investment Guidance requires local authorities to focus on security (keeping the money safe) and liquidity (making sure the Council never runs out of cash) as the primary objectives of a prudent investment policy. The Council's aim was to achieve a return on investments in line with these principles. The return is important but is a secondary consideration and the priority is the security of the sums invested.

4.3 The table below shows the level of the Council's investments at the start and the end of the year.

	Balance at 01/04/2016 £000	Investments Raised £000	Investments Repaid £000	Balance at 31/03/2017 £000
Investments	12,000	275,500	286,300	1,200

4.4 The Council's investment income for the year was £0.032m compared to £0.108m in 2015/16 which meant that the low interest rates available in the market continued to have a significant impact on the investment return earned by the Council.

4.5 Security of capital remained the Council's main investment objective. This was maintained by following the Council's counterparty policy as set out in its Treasury Management Strategy Statement for 2016/17 which defined "high credit quality" organisations as those having a long-term credit rating of A- or higher if domiciled in the UK or a foreign country with a sovereign rating of AA+ or higher.

Unsecured Bank Deposits

4.6 Conventional bank deposits became riskier during 2016/17 because of a lower likelihood that the UK and other governments would support failing banks. As the Banking Reform Act 2014 was implemented in the UK from January 2015, banks were no longer able to rely on government bail-outs if they got into difficulty. They would be required instead to bail themselves out by taking a proportion of investors' deposits to build up their capital. This new risk has been termed 'bail-in' risk and is potentially a greater risk to investors than the 'bail-out' risk of the past.

4.7 As a result of the increased risks, the Council has been placing a far greater emphasis on investing with the UK Government's Debt Management Office and other local authorities in order to minimise these risks.

Secured Investment Options

4.8 The Council also included secured investment options within its investment strategy such as those described below with a view to using them during 2016/17.

Reverse Repurchase Agreements (REPOs)

- 4.9 These involve the purchase of a security (usually bonds, gilts or other government securities) tied to an agreement to sell it back later at a pre-determined date and price. REPOs provide protection through the ownership of collateral in the form of securities which is significantly more secure than investing in unsecured bank deposits. These are therefore secured investments with banks which are exempt from bail-in risk so they offer a safer alternative at similar rates to unsecured bank deposits.

Covered Bonds

- 4.10 These are also secured investments with banks which are exempt from bail-in risk and they offer a secure option for long term investments.

(The glossary in Annex C provides definitions of the various treasury terms used)

Credit Risk Management

- 4.11 Counterparty credit quality was assessed and monitored with reference to the following:
- credit ratings (minimum long-term counterparty rating of A- across rating agencies Fitch / S&P / Moody's);
 - analysis of funding structure and susceptibility to bail-in;
 - credit default swap prices;
 - financial statements;
 - information on potential government support;
 - share prices.

Liquidity Management

- 4.12 In keeping with the WG's Guidance on Investments, the Council maintained a sufficient level of liquidity through the use of overnight deposits and instant access call accounts. The Authority uses purpose-built cash flow forecasting software to determine the maximum period for which funds may prudently be committed.

Yield

- 4.13 The Council sought to achieve the best return balanced against its objectives of security and liquidity. The UK Bank Rate was reduced from 0.5% to 0.25% on 4 August 2016. Short term money market rates also remained at very low levels which had a significant impact on investment income.

- 4.14 All investments made during the year complied with the Council's agreed Treasury Management Strategy, Prudential Indicators, Treasury Management Practices and prescribed limits. Maturing investments were repaid to the Council in full and in a timely manner.

5. Compliance with Prudential Indicators

- 5.1 The Council can confirm that it has complied with its Prudential Indicators for 2016/17, which were set in February 2016 as part of the Council's Treasury Management Strategy Statement. Details can be found in Annex B.
- 5.2 In compliance with the requirements of the CIPFA Code of Practice this report provides members with a summary report of the treasury management activity during 2016/17. None of the Prudential Indicators have been breached and a prudent approach has been taken in relation to investment activity with priority being given to security and liquidity over yield.

6. Money Laundering Update

- 6.1 The Council is alert to the possibility that it may become the subject of an attempt to involve it in a transaction involving the laundering of money. Accordingly, it maintains procedures for verifying and recording the identity of counterparties and reporting suspicions, and will ensure that relevant staff are properly trained.
- 6.2 The Head of Finance has been appointed as the Money Laundering Reporting Officer. There haven't been any cases of money laundering reported since the start of Denbighshire to date and the risk to the Council is considered to be minimal.

Interest Rates 2016/17

Public Works Loan Board (PWLB) borrowing rates and UK Money Market rates during the year were:

Example PWLB Borrowing rates (The rate at which the Council could borrow money from the Government)

Compliance with Prudential Indicators 2016/17

1 Estimated and Actual Capital Expenditure

- 1.1 This indicator is set to ensure that the level of proposed investment in capital assets remains within sustainable limits and, in particular, to consider the impact on the Council Tax and in the case of the HRA, housing rent levels.

Capital Expenditure	2016/17 Estimated February 2016 £000	2016/17 Revised February 2017 £000	2016/17 Outturn March 2017 £000
Non-HRA	9,860	24,375	16,610
Corporate Plan	29,933	20,045	18,373
HRA	11,768	11,184	7,981
Total	51,561	55,604	42,964

- NB The figures for the February estimate were produced early in January but due to the nature of capital expenditure, some of the major schemes have slipped and this expenditure will now be incurred in 2017/18.

2 Estimated and Actual Ratio of Financing Costs to Net Revenue Stream

- 2.1 This is an indicator of affordability and demonstrates the revenue implications of capital investment decisions by highlighting the proportion of the revenue budget required to meet the borrowing costs associated with capital spending. The financing costs include existing and proposed capital commitments.

Ratio of Financing Costs to Net Revenue Stream	2016/17 Estimated February 2016 £000	2016/17 Revised February 2017 £000	2016/17 Outturn March 2017 £000
Financing Costs	12,445	13,214	13,214
Net Revenue Stream	185,056	185,062	185,062
Non-HRA Ratio	6.73%	7.14%	7.14%
Financing Costs	6,016	5,982	5,759
Net Revenue Stream	13,620	14,129	14,129
HRA Ratio	44.17%	42.34%	40.76%

3 Capital Financing Requirement

- 3.1 The Capital Financing Requirement (CFR) measures the Council's underlying need to borrow for a capital purpose. In order to ensure that over the medium term net borrowing will only be for a capital purpose, the Council ensures that net external borrowing does not, except in the short term, exceed the CFR in the preceding year plus the estimates of any additional

CFR for the current and next two financial years. This is demonstrated in the following table:

Capital Financing Requirement	31/03/2017 Estimated February 2016 £000	31/03/2017 Revised February 2017 £000	31/03/2017 Outturn March 2017 £000
Non-HRA	190,539	176,635	175,867
HRA	71,958	71,279	65,697
Total	262,497	247,914	241,564
Borrowing	201,059	194,725	184,726

NB The outturn figures are taken from the pre-audited Statement of Accounts 2016/17 so they may be subject to change.

4 Authorised Limit and Operational Boundary for External Debt

Summary Table:

2016/17	March 2017 £000
External Borrowing	184,726
Internal Borrowing	56,838
Operational Boundary	235,000
Authorised Limit	240,000

- 4.1 **Operational Boundary:** This limit is set to reflect the Council's best view of the most likely prudent (i.e. not worst case) levels of borrowing activity.
- 4.2 **Authorised Limit:** This is the maximum amount of external debt that can be outstanding at one time during the financial year. The limit, which is expressed gross of investments, is consistent with the Council's existing commitments, proposals for capital expenditure and financing and with its approved treasury policy and strategy and also provides headroom over and above for unusual cash movements.
- 4.3 The levels of debt are measured on an ongoing basis during the year for compliance with the Authorised Limit and the Operational Boundary. The Council maintained its total external borrowing and other long-term liabilities within both limits; at its peak this figure was £196.4m. In addition to external borrowing, the Council uses its own reserves and balances to fund capital expenditure and this is known as internal borrowing as shown in the table above.

5 Upper Limits for Fixed Interest Rate Exposure and Variable Interest Rate Exposure

- 5.1 These indicators allow the Council to manage the extent to which it is exposed to changes in interest rates. The exposures are calculated on a net basis i.e. fixed rate debt net of fixed rate investments. The upper limit for variable rate exposure allows for the use of variable rate debt to offset exposure to changes in short-term rates on the portfolio of investments.

	2016/17 Estimated %	2016/17 Actual Peak Exposure %
Upper Limit for Fixed Rate Exposure	100	100
Upper Limit for Variable Rate Exposure	40	0

6 Maturity Structure of Fixed Rate borrowing

- 6.1 This indicator is to limit large concentrations of fixed rate debt needing to be replaced at times of uncertainty over interest rates and is designed to protect against excessive exposures to interest rate changes in any one period, in particular in the course of the next ten years.
- 6.2 It is calculated as the amount of projected borrowing that is fixed rate maturing in each period as a percentage of total projected borrowing that is fixed rate.

Maturity structure of fixed rate borrowing	Upper limit %	Lower limit %	Actual Borrowing as at 31/03/2017 £000	Percentage of total as at 31/03/2017 %
under 12 months	30	0	4,533	2.45
12 months and within 24 months	30	0	4,390	2.38
24 months and within 5 years	30	0	13,763	7.45
5 years and within 10 years	30	0	13,776	7.46
10 years and above	100	50	148,264	80.26
Total			184,726	100.00

7 Total principal sums invested for periods longer than 364 days

- 7.1 This indicator is set in order to allow the Council to manage the risk inherent in investments longer than 364 days. For 2016/17 this limit was set at £10m. The Council did not have any investments which exceeded 364 days during 2016/17 because the policy was to limit investments to a shorter period than 1 year.

8 Adoption of the CIPFA Treasury Management Code

- 8.1 The Council confirms its adoption of the CIPFA Code of Treasury Management at its Council meeting on 26 March 2002. The Council has incorporated the changes from the revised CIPFA Code of Practice into its treasury policies, procedures and practices.

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact:	Positive
Justification for Impact:	An effective Treasury Management strategy ensures that the Council's investment and borrowing decisions will contribute towards the goal of maximising income and minimising costs which supports efficient service delivery.

Positive consequences identified:

The Treasury Management strategy and Prudential Indicators ensure that the Council's cash is safeguarded as much as possible by making investments in banks recommended in the annual strategy statement.

Sound investment and borrowing decisions relating to the Council's cash will maximise the Council's income within the guidelines set in the Treasury Management strategy.

The strategy ensures that the Council's borrowing is monitored and is within set limits and is affordable. It identifies current financing requirements for the Capital Plan and estimates the proposed capital requirements for the next three financial years.

Financial planning and decision making ensures that proper consideration of the long term impact of financial decisions is given, including the payback period and whole life costs of capital investment decisions, properly impact assessed budget proposals and long term debt and investment (treasury management) strategies.

The Prudential Indicators are a statutory requirement which demonstrate the affordability of our plans and contribute towards the overall financial wellbeing of Denbighshire.

Mae rheoli cyllidebau refeniw a chyfalaf y Cyngor yn effeithiol a chyflawni'r strategaeth gyllidebol y cytunwyd arni yn sylfaen i weithgarwch ym mhob maes, gan gynnwys blaenoriaethau corfforaethol.

6. Faint fydd yn ei gostio a sut fydd yn effeithio ar wasanaethau eraill?

Mae naratifau gwasanaethau pwysig yn egluro amrywiant a risgiau i'w gweld yn y paragraffau isod.

Ar hyn o bryd rhagwelir y bydd **Cwsmeriaid, Cyfathrebu a Marchnata** yn gorwario o £106k (£154,000 y mis diwethaf). Mae'r pwysau yn bennaf oherwydd costau staff wrth gefn uwch na'r disgwyl a chostau TG ychwanegol. Mae'r gostyngiad yn y gorwariant yn ymwneud â'r gwasanaeth yn rheoli swyddi gwag yn weithredol, a chytuno ar gyfraniadau cyllideb gorfforaethol ar gyfer elfennau o'r gorwariant TG y mae'r cyngor i gyd yn elwa ohonynt. Mae'r gwasanaeth yn gweithio'n galed ar hyn o bryd i nodi arbedion i leihau'r gorwariant.

Rhagwelir y bydd **Gwasanaethau Cymorth Cymunedol** yn mantoli'r cyfrifon. Fodd bynnag fel y nodwyd mewn adroddiadau blaenorol mae hyn ar ôl dynodi cyllideb ychwanegol o £750,00 yn ystod proses gyllido 17/18, £633,000 o gyllid ychwanegol gan Lywodraeth Cymru, £500,000 o incwm ychwanegol un tro yn ymwneud ag incwm gohiriedig a defnyddio £1.5 miliwn o gronfeydd wrth gefn y gwasanaeth. Mae gorwariant o fewn y Gwasanaeth Iechyd Meddwl a'r Gwasanaethau Darparu Mewnol yn fwy na a ragwelwyd ac yn parhau i fod yn achosi pryder ar gyfer 18/19 ac wedi hynny. Mae'r pwysau hyn yn cael eu hystyried fel rhan o broses cyllideb 18/19.

Ar hyn o bryd rhagwelir y bydd **Addysg a Gwasanaeth Plant** yn gorwario o £196,000. Er nad adroddwyd amrywiant penodol y mis diwethaf, amlygwyd Gwasanaethau Plant fel maes risg uchel oherwydd natur gyfnewidiol niferoedd achosion a phwysau chwyddiannol ar gostau lleoliadau. Gall pob lleoliad unigol fod yn arbennig o ddrud ac felly gall unrhyw gynnydd mewn niferoedd gael effaith fawr ar y gyllideb. Cyfanswm y gorwariant yn erbyn cyllideb sylfaenol Gwasanaethau Plant yw £968,000, fodd bynnag caiff hyn ei osod yn rhannol yn erbyn defnydd a gynlluniwyd o Gronfa Wrth Gefn Lleoliadau a gafodd ei roi o'r neilltu o adnoddau Corfforaethol ddiwedd y flwyddyn diwethaf (£522,000) a chyfraniad ariannol pellach gan Gronfeydd Wrth Gefn Corfforaethol o £250,000 ar gyfer achos arbennig o ddrud a sensitif yn ymwneud â phlant mewn canolfannau cadw. Mae'r balans o £196,000 bellach yn cael ei gofnodi fel gorwariant. Mae nifer o achosion yn cael eu hasesu ac yn debygol y bydd y gorwariant yn cynyddu. Mae'r pwysau yn y maes hwn hefyd yn cael ei drafod fel rhan o broses gyllideb 2018/19.

Mae **Gwasanaethau Cyfreithiol, AD a Democrataidd** yn dangos tanwariant bach o £8,000 oherwydd nifer o amrywiannau bach (sefyllfa mantoli'r gyllideb y mis diwethaf).

Ar hyn o bryd rhagwelir y bydd **Priffyrdd ac Amgylchedd** yn gorwario o £162,000 (mantoli'r gyllideb y mis diwethaf). Mae'r rhan fwyaf o'r gorwariant (£147,000) yn ymwneud â diffyg mewn incwm a ragwelir ar gyfer y Tîm Prosiectau Mawr. Mae hyn wedi bod yn broblem dros y blynyddoedd diwethaf (gorwariant o £45,000 y llynedd) ond maent wedi eu cynnwys o fewn dyraniad cyllideb y gwasanaeth. Mae'r prif reswm dros y diffyg incwm yn ymwneud â chyfanswm y gwaith ac ad-daliad gan Asiantaeth Cefnffyrdd Gogledd a Chanolbarth Cymru. Er bod pwysau o £300,000 wedi ei gynnwys yn y gyllideb ar gyfer Cludiant Ysgol 2017/18, bydd angen monitro effaith gweithredu'r polisi newydd yn ofalus drwy gydol y flwyddyn ac adrodd arno yn y dyfodol.

Corfforaethol – Ar hyn o bryd amcangyfrifir y bydd cronfeydd corfforaethol wrth gefn ar gael i'w rhyddhau er mwyn cyllido gorwariant y gwasanaeth. Bydd hyn yn golygu na fydd yn rhaid i ni ddefnyddio mwy na'r lefel o Falansau sydd wedi eu cynnwys yn y gyllideb. Fodd bynnag mae'r posibilrwydd yn parhau y bydd gorwariant pellach gan

wasanaethau yn golygu y bydd angen cyfraniad gan lefel sylfaenol Balansau. Hefyd mae tanwariant mawr o £1.8 miliwn yn debygol o gael ei gofnodi dros y misoedd nesaf os bydd y Cabinet (ar agenda'r cyfarfod hwn) a'r Cyngor (i fod i fynd fis Hydref) yn cytuno ar y Bolisi diwygiedig y Sefyllfa Isafswm Refeniw ar gyfer 2017/18. Fodd bynnag bydd y tanwariant hwn yn cael ei ddefnyddio i gyllido'r Gronfa Liniaru Cyllideb er mwyn cynorthwyo i ostwng yr arbedion y bydd angen i wasanaethau eu gwneud yn 2018/19 ac sydd eisoes yn cael eu cymryd i fod yng nghynigion y gyllideb ar gyfer 2018/19.

Ysgolion – Er bod ysgolion wedi derbyn amddiffyniad o 1.85% (£1.173 miliwn) ar gyfer 2016/17 maent hefyd wedi gorfod canfod arbedion effeithlonrwydd i ariannu pwysau chwyddiantol o tua £2.5 miliwn. Roedd gan ysgolion ddiffyg net o £1.056 miliwn y flwyddyn ariannol ddiwethaf, sef lleihad o £2.618 miliwn yn y balansau a ddygwyd ymlaen o 2015/16 (£1.562 miliwn). Ar ddiwedd Awst y rhagolwg ar gyfer balansau'r ysgol yw balans diffyg net o £1.118 miliwn, sy'n ostyngiad bach o £0.062 miliwn ar y balansau a ddygwyd ymlaen o 2016/17. Mae ysgolion yn parhau i weithio'n agos gyda chydweithwyr Cyllid Addysg ar gynlluniau ariannol manwl ar gyfer y flwyddyn ariannol newydd a dros y ddwy flynedd nesaf ar gyfer darparu cyllidebau cytbwys hir dymor. Derbyniodd ysgolion £2.1 miliwn yn 2017/18, sy'n fwy na chwyddiant a thwf demograffig. Y gobaith yw cydgrynhoi sefyllfa ariannol y rhan fwyaf o'r ysgolion yn 2017/18 ond bydd y sefyllfa yn cael ei monitro'n ofalus a'i hadrodd i Aelodau. Mae cyllidebau ysgolion heb eu dirprwyo ar hyn o bryd yn tanwario o tua £60,000 oherwydd y gostyngiad mewn rhwymedigaethau pensiwn hanesyddol ers cyfnod Cyngor Sir Clwyd.

Y Cyfrif Refeniw Tai (CRT) Mae'r sefyllfa refeniw ddiweddaraf yn tybio y bydd gostyngiad mewn balansau ar ddiwedd y flwyddyn o £932,000 sy'n £617,000 yn fwy na gostyngiad a gyllidwyd o £315,000 sy'n bennaf oherwydd cynnydd mewn buddsoddiad yn Atgyweirio a Thrwsio. Rhagwelir y bydd balansau'r CRT felly yn £1.615 miliwn ar ddiwedd y flwyddyn. Mae'r gyllideb Gyfalaf o £10.5 miliwn yn cael ei rhannu rhwng gwelliannau arfaethedig i'r stoc dai bresennol (£6 miliwn) a datblygiadau tai newydd (£4 miliwn).

Rheoli'r Trysorlys - Ar ddiwedd mis Awst, roedd cyfanswm benthyciadau'r cyngor yn £195.287 miliwn ar gyfradd gyfartalog o 4.66%. Roedd balansau buddsoddiad yn £5.2 miliwn ar gyfradd gyfartalog o 0.1%.

Mae crynodeb o **Gynllun Cyfalaf** y Cyngor yn Atodiad 2. Mae'r cynllun cyfalaf a gymeradwywyd yn £44.5 miliwn ac mae'r gwariant hyd yma yn £11.5 miliwn. Hefyd yn Atodiad 2 mae'r gwariant arfaethedig o £17.469 miliwn ar y Cynllun Corfforaethol. Mae Atodiad 3 yn cynnwys diweddariad ar y prif brosiectau sydd wedi eu cynnwys yn y Cynllun Cyfalaf.

7. **Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?**

Cynhaliwyd Asesiad Lles ar gyfer elfen arbedion effeithlonrwydd cynigion y gyllideb a chafodd ei gyflwyno i'r Cyngor ar 31 Ionawr. Daeth yr asesiad i'r casgliad bod y cynigion effeithlonrwydd naill ai'n gadarnhaol neu'n niwtral o'u hasesu yn erbyn y saith nod lles.

8. **Pa ymgynghoriadau a gynhaliwyd gydag Archwilio ac eraill?**

Yn ogystal â'r adroddiadau rheolaidd i'r Pwyllgor Llywodraethu Corfforaethol, mae proses y gyllideb wedi ei hystyried gan gyfarfodydd y Tîm Gweithredol Corfforaethol, yr Uwch Dîm Arweinyddiaeth, Briffio'r Cabinet a Briffio'r Cyngor. Cynhaliwyd gweithdai cyllideb rheolaidd gydag aelodau etholedig i archwilio cyllidebau gwasanaeth ac ystyried y cynigion o ran y gyllideb. Hysbyswyd yr holl aelodau o staff am y broses o osod y gyllideb ac ymgynghorwyd yn llawn â staff sy'n cael eu heffeithio neu bwriedir gwneud hynny, yn unol â pholisïau a gweithdrefnau Adnoddau Dynol y Cyngor. Ymgynghorwyd ag Undebau Llafur drwy'r Cydbwyllgor Ymgynghorol Lleol.

9. Datganiad y Prif Swyddog Cyllid

Mae'n bwysig bod gwasanaethau'n parhau i reoli cyllidebau'n ddoeth a bod unrhyw arian dros ben o fewn y flwyddyn yn cael ei ystyried yng nghyd-destun y sefyllfa ariannol tymor canolig, yn arbennig o ystyried graddfa'r gostyngiadau y mae'n ofynnol eu gwneud yn y gyllideb yn ystod y ddwy neu dair blynedd nesaf.

Mae pwysau penodol yn amlwg yng nghyllidebau gofal cymdeithasol (Oedolion a Phlant fel ei gilydd) ond oherwydd y buddsoddi mewn pwysau gwasanaeth ac ad-dalu cronfeydd wrth gefn y gwasanaeth ar ddiwedd y flwyddyn y gobaith yw cadw'r pwysau hyn o fewn y flwyddyn bresennol. Bydd sefyllfa'r ddau wasanaeth yn cael ei monitro'n ofalus ac yn cael ei hystyried ymhellach fel rhan o gylch y gyllideb ar gyfer 2018/19.

Mae'r rhagolygon yn dangos y bydd balansau ysgolion yn dechrau sefydlogi ond bydd y sefyllfa'n cael ei hadolygu'n ofalus iawn. Mae Cyllid Addysg yn gweithio'n agos iawn gydag ysgolion i ddatblygu cynlluniau cadarnhau ac, yn ogystal, mae prif ac uwch swyddogion Addysg a Chyllid yn cyfarfod yn rheolaidd i adolygu'r cynlluniau hynny a chymryd unrhyw gam gweithredu yn ôl yr angen.

10. Pa risgiau sydd yna ac oes yna unrhyw beth y gallwn ei wneud i'w lleihau?

Mae hwn yn parhau yn gyfnod ariannol heriol a bydd methu cyflawni'r strategaeth a gytunwyd o ran y gyllideb yn rhoi pwysau ychwanegol ar wasanaethau yn y blynyddoedd ariannol presennol ac yn y dyfodol. Bydd monitro a rheoli'r gyllideb yn effeithiol yn helpu i sicrhau bod y strategaeth ariannol yn cael ei chyflawni.

11. Pŵer i wneud y Penderfyniad

Dan Adran 151 Deddf Llywodraeth Leol 1972, mae'n ofynnol i awdurdodau lleol wneud trefniadau ar gyfer gweinyddu eu materion ariannol yn briodol.

21st Century Schools Programme – Ysgol Glan Clwyd

Total Budget	£16.706m
Expenditure to date	£14.541m
Estimated remaining spend in 17/18	£ 1.892m
Future Years estimated spend	£ 0.273m
Funding	DCC £5.245m; WG £11.461m

Narrative:

This scheme is within the Band A proposals for 21st Century Schools Programme. The project will deliver an extended and refurbished Ysgol Glan Clwyd to accommodate a long term capacity of up to 1,250 pupils via a new three storey extension, partial demolition of existing buildings and refurbishment of the retained buildings.

The project will also see extensive landscaping, with creation of new outdoor hard & soft landscaped areas including a new sports field, extended and rationalised car park and coach parking area.

Phase 1, a new three storey extension was completed and handed over for occupation by the school from January 2017. Following handover of the old buildings that make up Phase 2 to the contractor in January 2017, asbestos has been removed, the buildings have been soft stripped and work to remodel and refurbish them has been underway since February 2017. Phase 2 is being handed back in sections to the school. The first two sections of the old buildings following remodelling and refurbishment, comprising Phases 2a and 2b were handed over on 9th May 2017 and 28th June 2017 respectively. Part of Phase 2b included the new Visitors Car Park and new Main Reception. The school were decanted into these areas on 29th June 2017.

Over the summer break the three mobile classrooms on site were removed/demolished and demolition of the old three storey block was completed. The final main section of remodelling and refurbishment of the old buildings, Phase 2c, was completed on 4th September 2017 and handed back to the school ready for the start of the new academic year.

Remaining internal works to complete the new Leisure Centre facility and an end gable of the school are ongoing and should be completed by 13th October 2017; at the same time the new Car Park and Coach Area and remaining external landscaping will also be completed. From 13th October 2017 to 10th November 2017, the final activities will see the old Tennis Courts resurfaced and fenced to create a Multi-Use Games Area and clearance of the Contractors Site Offices and compound.

There is ongoing consultation with all key stakeholders including all users of the site. In addition, regular updates via newsletters are distributed locally.

The project team are working with the school and wider community to engage with them to develop and deliver a number of community benefits.

21st Century Schools Programme – Ruthin Primary Schools

Total Budget	£12.185m
Expenditure to date	£ 6.771m
Estimated remaining spend in 17/18	£ 5.179m
Future Years estimated spend	£ 0.235m
Funding	DCC £6.900m WG £5.285m

Narrative:

Denbighshire received permission to extend the scope of the 21st Century Schools Programme to include the three Ruthin primary school projects in September 2015. In January 2016, the Strategic Outline Case for the three projects was approved by the Welsh Government. On-going work has enabled firm project costs, including contingency funding, to be established for the new Rhos Street / Penbarras schools. Cabinet have approved the submission of a business case for Ysgol Llanfair new school building to the Welsh Government. The estimated cost of this scheme is £5.369m.

Rhos Street School and Ysgol Penbarras

This project will deliver a new shared school building site for Rhos Street School and Ysgol Penbarras at Glasdir, Ruthin.

The structure of the building is now complete. The installation of the roof cladding is also complete and window installation near to completion.

Work has started on the mechanical and electrical first fix and the work to the car park is ongoing.

Ysgol Carreg Emlyn

This project will deliver a new school building comprising 4 classrooms, a new school hall and supporting facilities. This will allow pupils to move from the two existing sites onto a single site. Both existing sites will then become surplus to requirements.

Following the planning approval in June, the project has been out to tender and is currently at the tender evaluation stage. There has been a very good response to the tender with a number of contractors interested. Appointment of a contractor will be announced at the end of September.

Llanfair New School

The project is continuing to progress. Overall there has been a positive response to the pre-planning consultation which took place over June and July. Following feedback from the pre-planning consultation process, tweaks to the internal layout and highways proposals have been undertaken.

Following the completion of additional ecological surveys, the planning application will be considered for validation and then the formal consultation process will commence.

The joint Strategic Outline Case/Outline Business Case has been submitted to the Welsh Government and considered at their Business Case Scrutiny Group. Initial comments have been received and responses are in the process of being returned in time for consideration at their Capital Investment Panel on 19th September 2017.

The tender has now been successfully published on Sell2Wales and will remain open for submissions until late September. The appointed contractor will develop the detailed design for the building based on the planning submission.
