#### 5 WELSH LANGUAGE STANDARDS

The Lead Member for Education, Children and Young People and the Welsh language, presented a report on the Welsh language standards in Denbighshire.

The Team Leader- Communications and Campaign Management (CCM) reiterated to members that the standards that were introduced in the Welsh Language Measure (Wales) 2011.

The CCM informed members of areas which the Council had been working to implement the Welsh language standards:

- The intranet which was a hub for all Council employees was now bilingual.
- Welsh lessons were offered to staff of the Council and meeting sessions were offered for the staff to develop their Welsh outside of the lessons.
- A welcome pack to the Council was also highlighted that would be sent to people moving to the area to inform them about Denbighshire but to also encourage them to learn Welsh.

The following points were raised in discussion:

- Members praised that the Councils aim to deliver above what the standards require.
- Concerns were raised regarding how the council would deal with complaints towards the language. The CCM responded stating that the amount of complaints were low. However the Council would deal with any complaints that were received. The lead member also replied stating that the Council use mystery shoppers to ensure that the standards were being adhered to.
- In regards to the theme of correspondence in the standards, it was raised whether answerphone responses were clear in Welsh. The CCM informed members that Welsh language champions have helped by ensuring that the Welsh answerphone messages were clear and correct.
- Welsh lessons were raised in regards to staff who couldn't speak Welsh and wished to. The CCM stated that Welsh lessons were offered throughout the Council to those who wished to learn Welsh. The CCM informed the committee that the new Chief Executive would be having Welsh lessons soon. Members asked for their congratulations to be sent to her.
- The committee praised the chair for opening the meeting in the medium of Welsh, and queried whether all Council meeting could be started in the medium of Welsh. The CCM stated that the Council could do this and go above what the Welsh Standards have outlined.

Following the debate the CCM informed members that the Council aims to hire more fluent Welsh speakers and was working closely with Human Resources to ensure this would be carried out, though it was difficult to recruit Welsh speaking Welsh speaking staff in some areas.

**RESOLVED** – That the report be noted.

#### 6 WELSH LANGUAGE STRATEGY

The Team Leader - Communications & Campaign Management (CCM) presented the report to brief the Committee on the Council's Welsh Language Strategy.

The CCM stated key themes which were highlighted in strategy which were highlighted in the report (previously circulated):

- Theme 1: Strategic planning of the Welsh Language in Denbighshire
- Theme 2: Children and Young People
- Theme 3: Community
- Theme 4: Business and the economy
- Theme 5: Internal administration within the Council

The CCM informed members that the Strategy was for 5 years a relative short term plan and the council would be looking to develop a longer term strategy.

The CCM highlighted several areas where Denbighshire are working to the themes within the Strategy:

- The council offered Welsh lessons to staff who wished to learn.
- The council's internal intranet was bilingual.
- People who move to the live in the Council would be given a welcome pack to the council and encouraged to learn Welsh.
- Human Resources would be advertising more jobs with the Welsh Language in mind.

After the CMM outlined the areas which were being done in-line with the Strategy the members debated the following:

- It was beneficial that the Council had bilingual staff especially in rural areas
  with high numbers of Welsh speakers, but members queried raised whether
  hospitals have sufficient bilingual staff to cater for vulnerable residents whom
  wish to converse in Welsh. The Corporate Director: Communities responded
  stating that the Council could not stipulate what other organisations did.
- The 0.5% target increase of Welsh speakers was highlighted as being too low of an increase, and with such a low level Denbighshire wouldn't help enough to achieve the plan to have a million Welsh speakers by 2050. In response the CCM stated that the number of Welsh speakers in the County was decreasing and a realistic target was required. The set increase could be increased in the future.
- The new waterpark SC2 was raised members agreed that acronyms rarely translate well into Welsh. They recommended that future site names or projects should be discussed to ensure that the name could be shortened in Welsh and English.
- Members raised some concerns about the lack of Welsh being taught in some schools. They were asked to pass on any concerns onto the education team.

The chair asked for the officers to take on board the concerns that were raised by members.

**RESOLVED –** That subject to the above mentioned points, the report be noted.

#### 7 WELSH LANGUAGE OFFICER ROLE

The Corporate Director: Communities (CDC) introduced the item by welcoming the new Welsh Language Officer (WLO) to the council and informed members that the WLO would help the Council comply with the Welsh language standards.

The WLO thanked the CDC for the introduction and showed a presentation to the committee in regards to the duties and role of the WLO:

- Provide advice and support for senior officers, members and departments to act and continuously comply with the Welsh Language Standards and provide day to day guidance and support.
- Use innovative and creative ways to promote the use of the Welsh Language and to raise the language's profile in a way that created a positive attitude towards the Welsh language within the County Council and the wider community.
- Provide Welsh Language Awareness and Welsh grammar training and sessions
- Work closely with the HR team to develop workforce planning in relation to the Welsh Language

Following the presentation a discussion followed:

- Welsh translations it was queried whether the WLO would translate some internal work for the Council. It was clarified for members that the WLO's role was to ensure that Denbighshire County Council followed the Welsh Language Standards rather than translate work.
- Welsh Language Officer Duties The committee requested a full list of the WLO duties to allow them to send the appropriate queries. The confirmed that a list of duties would be circulated.
- **Signage** The use of Welsh or bilingual street names was raised, and why there wasn't any conformity across Denbighshire. Members requested that the Head of Planning and Public Protection attend a future meeting to clarify the signage process across the Council.

**RESOLVED** - that the contents of the report be received and noted.

#### 8 EISTEDDFOD YR URDD - UPDATE

The Team Leader - Communications & Campaign Management (CCM) presented a report on the Eisteddfod yr Urdd 2020 to update the Committee on progress with discussions regarding the National Urdd Eisteddfod returning to the county in 2020 and to outline the resource implications for the Council.

The CCM informed members that the location would be Kilford Farm, on the outskirts of Denbigh. This was the site of the National Eisteddfod in 2013. This site had been chosen as it has been 'tried and tested'. The site had infrastructure in place, as well as plenty of open land for the festival, associated parking and caravan site.

It was also raised that the council would be setting up a strategic group to coordinate discussions with Urdd Eisteddfod organisers. The first meeting of the Strategic Group would need to take place in June 2018 and on a quarterly basis thereafter. The strategic group would be chaired by the leader of the council.

The CCM informed members that there were plans in place for Denbighshire as a whole to be promoted and attract people who will be attending the Eisteddfod to visit other areas in Denbighshire. The CCM highlighted several benefits that the Eisteddfod could bring to the local economy:

- £6m- £8m would be spent in the local area.
- 30% of visitors stayed overnight
- 78% of people spend money with local businesses
- 60% Visit the Maes for at least two days
- 45%-60% travel up to 90 minutes to visit the Eisteddfod.

The CCM also informed members of the figures that Flintshire benefited from when they hosted the Eisteddfod; the data was collected by Beaufort Research:

- 54% of the visitors went to local shops
- 52% visited local restaurants
- 33% visited local pubs
- 52% used local petrol stations.

Members reported that it would have been nice for the Eisteddfod to have gone to another area within Denbighshire. The CCM replied that the choice of location was due to the success of the National Eisteddfod that was held there previously.

Signage and promoting Denbighshire as the host for the Eisteddfod yr Urdd 2020 was raised. The CCM stated that signage would be displayed to advertise Denbighshire as the host of the Eisteddfod and Denbighshire would have a presence at the 2019 Eisteddfod in Cardiff advertising Denbighshire as the next host. It would also show what Denbighshire as a county had to offer to visitors.

**RESOLVED** that the contents of the report be received and noted.

#### 9 FORWARD WORK PROGRAMME

The chair suggested that another meeting could be arranged for July, and officers agreed to look for an appropriate date.

It was proposed that a Welsh language champion could be invited to inform members on the work they carry out.

The chair also recommended that the individual themes of the strategy should be looked in detail in each meeting, rather than the whole strategy in each meeting.

# 4. Report details

The Council is expected to produce an annual report, to be published on its website, around the authority's progress with the Welsh Language.

The report reflects the Council's commitment to working towards increasing the number of Welsh speakers in the county and for contributing positively to the national drive to increase the number of Welsh speakers to a million by 2050.

The report outlines achievements and developments to date; our performance against Welsh language indicators that we have reported on previously; steps taken by the Council to comply with the Standards and information on the linguistic skills levels of staff.

The Council also reports on progress with the Mwy Na Geiriau/ More Than Just Words framework and the Council's Welsh in Education Strategic Plan.

## 5. How does the decision contribute to the Corporate Priorities?

Whilst no formal Well-being Impact Assessment is needed for this report, it is worth noting some of the key benefits in relation to the Well-Being and Future Generations (Wales) Act 2015 and the Welsh Language Standards.

One of the key components of the well-being and Future Generations (Wales) Act 2015 is having: "A Wales of vibrant culture and thriving Welsh Language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation".

The Council also has a role, through its Welsh Language Standards, to promote opportunities for local communities to get involved in Welsh Language activities.

Consultations have taken place with the Senior Leadership Team.

# 9. What risks are there and is there anything we can do to reduce them?

The main risk is to the reputation of the authority, as we have already made a commitment in our Welsh Language Strategy and through the Welsh Language Standards to increase the use of Welsh in the workplace and in communities.

# **Denbighshire County Council**

# **Annual Monitoring Report 2017-2018**

#### 1. Introduction

Denbighshire County Council has made a firm commitment to respond positively to the Welsh Language Standards and this has been reflected in its Welsh Language Strategy. That commitment has not changed and we are fully committed to playing our part to support national efforts to increase the number of Welsh speakers in Wales to a million by 2050.

The strategic responsibility for the Welsh Language in Denbighshire lies with the Council's Corporate Executive Team. The Lead Director is Nicola Stubbins, with Councillor Huw Hilditch Roberts being the political Lead Member with responsibility for the Children, Young People, Education and the Welsh Language during this reporting period.

- 1.2 Operational handling of Welsh Language issues is the responsibility of the Team Leader for Communications and Campaign Management, with a further strategic Welsh Language officer role introduced in the Council in early 2018/
- 1.3 The Council's main focus during 2017/18 has been around the continuation of implementing the Welsh Language Standards for the authority, working closely with Welsh Language Champions across the county to ensure compliance with the 167 Standards set for Denbighshire under the headings of Service Delivery, Policy Making, Promotion and Keeping Records.
- 1.4 The Council has also approved its Welsh Language Strategy and has now come to the end of the first year of the associated Action Plan, with successes reported. See Appendix A which outlines the main achievements under each thematic heading.
- 1.6 As well as the new Welsh Language Standards, the Council has continued to respond positively to the Mwy Na Geiriau Framework and the Welsh in Education Strategy Group (an update on these areas of work can be found later in this document).

#### 2. Key developments during the year

Numerous projects and initiatives have been running during the year to ensure that the Welsh Language Standards are implemented. Some of the key initiatives are listed below:

#### **Welsh Language Champions:**

Each Service within the Council now has a Welsh Language Champion and meetings are held quarterly to monitor progress with the Standards, as well as providing a forum to share best practice and to act as a critical friend. The members have an in-depth understanding of the needs of the Standards and associated strategy; they carry out mystery shoppers and arrange awareness sessions and activity for colleagues and learners.

# Welsh Language Officer

A new post was introduced into the authority in early 2018, with a view to enhancing the opportunities to promote the Welsh Language within the authority.

This is a constituted group with a clear terms of reference and these meetings are open to the public.

The role's key responsibilities:

- Provide advice and support for Senior officers, members and departments to act and continuously comply with the Welsh Language Standards and provide day to day guidence and answers.
- Use innovative and creative ways to promote the use of the Welsh Language and to raise the language's profile in a way that creates a positive attitude towards the Welsh language within the County Council and the wider community.
- Provide Welsh Language Awareness and Welsh Grammar training and sessions.
- Work closely with the HR team to develop and workforce planning in relation to the Welsh Language

#### **Welsh Language Steering Group**

A Group has been created to act as a critical friend to the authority and to support its efforts to enhance the use of the Welsh Language across the organisation.

There are 11 members in total, each representing all of the political groupings. This is a constituted group with a clear terms of reference. These meetings are also open to the public.

Two meetings were held during this period. The members have considered a variety of issues, including progress with the Welsh In Education Strategic Plan; Mwy Na Geiriau; welsh Language Standards; Progress with the Welsh Language Strategy and an update on Eisteddfod yr Urdd's return to the county in 2020.

Further meetings are planned in 2018/19.

## Welsh Language Strategy:

The Council has adopted the strategy on how it intends to promote the language over the next five years and it has come to the end of its first 12 months since it was adopted. The Strategy has been broken down into distinct areas: Children and Young People (including education and youth work); Business and the Economy; Communities; Internal Administration within the Council and the strategic development of the Welsh Language in Denbighshire.

The success of this strategy is being monitored by the Welsh Language Steering Group. A summary of the main activities carried out during the year are included in Appendix A.

#### **Partnership Working:**

The Council is an active partner on the Denbighshire County Language Forum, Partnerlaith. It hosts quarterly meetings of the Forum and takes its turn in chairing the meeting.

It provides quarterly updates on the strategic development of the Welsh language, opportunities for training and development and it works closely with other organisations to promote joint working and closer collaboration.

The Council has led on a major piece of work to map out the Welsh Language activities taking place across the county and has also created a brand new Terms of Reference for the Group.

The Council continues to provide financial support for Menter laith Sir Ddinbych through an annual grant and the Urdd locally. The Urdd funding is used to employ an officer that helps the authority arrange activities for young people across the county.

#### **Staff Intranet**

The Council has introduced a brand new Intranet called Linc, in direct response to the Welsh Language Standards. The intranet is now fully bilingual, with each page and link in Welsh corresponding with the English version. The responsibility for co-ordinating the content of the intranet lies with the Corporate Communications team and they ensure that all information is fully bilingual.

#### **Workforce Planning**

All services are required to produce a workforce plan each year and this plan must consider the number of Welsh speakers employed within individual services. All Heads of Service are asked to consider whether they have enough Welsh speakers within their services to provide a fully bilingual service to the public. Services are also challenged on their compliance with the Welsh language during Service Challenges, a process led by senior managers and councillors.

#### 3. Welsh Language Indicators

Below is a response to the national Welsh language indicators reported that progress is measured against in Denbighshire.
