5 SIPSIWN A THEITHWYR - GOBLYGIADAU O RAN ADNODDAU A GWEITHDREFNAU DRAFFT GWERSYLLOEDD ANSWYDDOGOL

Esboniodd yr Aelod Arweiniol Cyllid, Perfformiad ac Asedau Strategol i'r aelodau y bu iddo lunio'r adroddiad (a ddosbarthwyd ymlaen llaw) ar y cyd â'r Aelod Arweiniol Cynllunio, Diogelu'r Cyhoedd a Chymunedau Mwy Diogel.

Amlygwyd i'r aelodau bod yr adroddiad yn dangos y ffordd orau o wella'r broses wrth gynnal ymweliadau â gweryslyoedd diawdurdod. Esboniodd yr Aelod Arweiniol Cyllid, Perfformiad ac Asedau Strategol y cytunwyd protocol rhanbarthol yng ngogledd Cymru yn 2015 ar gyfer Rheoli Gweryslyoedd Diawdurdod. Yn sgil hynny cyflwynwyd adroddiad i'r Uwch Dîm Arwain a roes grynoded o'r trefniadau oedd ar waith. Ers hynny roedd yr Uwch Dîm Arwain wedi gwneud argymhellion ar gyfer datblygu a diwygio'r prosesau.

Hysbyswyd yr aelodau o'r trefniadau cyfreithiol a'r pwerau'r oedd Cyngor Sir Ddinbych wedi'u sefydlu. Yn ystod y pandemig Covid-19 roedd Llywodraeth Cymru wedi cyhoeddi canllawiau ynglŷn â symud gweryslyoedd a throi trigolion allan, a oedd yn datgan na ddylid symud gweryslyoedd diawdurdod na throi'r trigolion allan oni bai fod eu presenoldeb yn peri peryglon enbyd i ddiogelwch ac iechyd y cyhoedd.

Esboniwyd y câi pob achos ei drin yn ôl ei rinweddau unigol ac y dilynwyd Canllawiau Llywodraeth Cymru yn hynny o beth. Mabwysiadwyd asesiad lles cychwynnol i ganfod y dull gorau o ymyrryd. Roedd y canllawiau'n pwysleisio mai'r arfer orau oedd sefydlu un pwynt cyswllt. Yr unigolyn dan sylw a fyddai'r pwynt cyswllt cyntaf ar gyfer unrhyw gwestiynau ac ymholiadau ynglŷn â Sipsiwn a Theithwyr. Argymhellwyd y dylid mabwysiadu dewis B o blith y cynigion a gyflwynwyd. Roedd y dewis hwn eisoes wedi cael sêl bendith yr Uwch Dîm Arwain a'r Cabinet mewn sesiwn briffio. Clywodd yr aelodau bod y dewis hwnnw'n cynnwys swydd Un Pwynt Cyswllt a fyddai yn y pen draw'n dod yn rhan o'r Gwasanaeth Cwsmeriaid, Cyfathrebu a Marchnata dan arweiniad Liz Grieve.

Esboniodd yr Aelod Arweiniol Cynllunio, Diogelu'r Cyhoedd a Chymunedau Mwy Diogel y gwahaniaeth rhwng gweryslyoedd ar dir oedd yn eiddo i Gyngor Sir Ddinbych a gweryslyoedd ar dir ym mherchnogaeth eraill. Esboniwyd y weithdrefn yn y ddau achos i'r aelodau.

Cadarnhawyd y bu cryn gydweithio rhwng gwasanaethau wrth gasglu gwybodaeth, a chyfrannwyd llawer o amser gan swyddogion. Roedd y gwaith wedi amlygu mor fuddiol a phwysig oedd gweithio rhwng gwasanaethau wrth ymdrin â gweryslyoedd answyddogol Sipsiwn a Theithwyr, a sut fyddai ymdrin â'r gwaith yn gorfforaethol yn gallu arwain at well gwasanaeth i bawb yn y dyfodol. Pwysleisiodd yr Aelodau Arweiniol mor bwysig oedd cael yr un pwynt cyswllt wrth fabwysiadu'r dull corfforaethol hwn. Gallai trefniadau gweithio rhanbarthol a rhwng siroedd ddatblygu dros amser, a byddai deiliad y swydd newydd yn gweithio'n agos ag awdurdodau lleol eraill.

Diolchodd y Cadeirydd i'r swyddogion am y cyflwyniad a'r adroddiad manwl. Wrth drafod yr adroddiad, ymhelaethodd y swyddogion ac Aelodau Arweiniol ar y materion canlynol:

- Esboniwyd pa fath o wersylloedd answyddogol a gafwyd yn Sir Ddinbych, a faint ohonynt oedd yno. Hysbyswyd yr aelodau fod gwerysilloedd a sefydlid am hyd yn oed noson neu ddwy yn unig yn medru achosi problemau mawr. Roedd hi'n anodd darparu ffigyrau manwl gywir o'r nifer o wersylloedd a sefydlid ar dir nad oedd Cyngor Sir Ddinbych yn berchen arno, gan na hysbysid swyddogion ohonynt yn aml iawn. Hyderid y byddai'r pwynt cyswllt newydd yn cryfhau'r cysylltiad â'r gymuned, gan ei gwneud yn haws i bobl hysbysu'r Cyngor o wersylloedd.
- Byddai deiliad y swydd arfaethedig yn gweithio'n agos â gwerysilloedd dros dro. Byddai gwaith ymgysylltu a chyfathrebu gan swyddogion o wahanol rannau o'r Cyngor yn parhau, a byddai'r swydd newydd arfaethedig yn allweddol wrth hwyluso a chryfhau cyfathrebu rhwng yr holl randdeiliaid oedd yn gysylltiedig â gwerysilloedd answyddogol neu'n cael eu heffeithio ganddynt. Byddai creu'r swydd hefyd yn rhannu'r cyfrifoldebau'n bendant rhwng yr elfennau lles, a fyddai yng ngofal y swyddog newydd, ac unrhyw waith cyfreithiol ar gyfer troi allan, a ddyrennid i feiliaid allanol.
- Yn ystod y pandemig Covid-19 hysbyswyd y Cyngor o dri o wersylloedd answyddogol a sefydlwyd. Roedd dau o'r rheiny ar dir y Cyngor ac un ar dir preifat. Oherwydd y cyfyngiadau ar deithio fe welwyd fod y niferoedd wedi gostwng. Un o ganllawiau Llywodraeth Cymru oedd na ddylid cyflwyno hysbysiadu troi allan i Sipsiwn a Theithwyr oni bai fod lleoliad arall ar gael iddynt godi gwerysill.
- Y bwriad oedd i ddeiliad y swydd godi ymwybyddiaeth a meithrin cydnerthedd yn y gymuned, o fewn Cyngor Sir Ddinbych ac ymysg Sipsiwn a Theithwyr. Byddai'r swyddog yn gweithio â'r holl randdeiliaid gyda'r nod o sicrhau gwell canlyniadau. Cadarnhawyd y daeth yr Uwch Dîm Arwain i'r casgliad mai'r lle gorau i'r swydd fyddai'r Adain Tai Cymunedol yn y Gwasanaeth Cwsmeriaid, Cyfathrebu a Marchnata, gan fod gwerysilloedd answyddogol yn fater tai cymunedol, ac y byddai'r swyddog yn medru ymgysylltu â'r holl randdeiliaid o fod yn rhan o'r Gwasanaeth hwnnw.
- Cadarnhawyd fod cyfathrebu agored yn dal i ddigwydd rhwng y Cyngor a'r Heddlu a'r gymuned Sipsiwn a Theithwyr.
- Hysbysodd y Pennaeth Cyllid ac Eiddo'r aelodau mai amser swyddogion oedd y gost anuniongyrchol fwyaf i'r Cyngor wrth ymdrin â gwerysilloedd answyddogol. Roedd yr adnoddau presennol yn talu'r rhan helaeth o'r costau hynny, ond sefydlwyd cod costau canolog â chyllideb flynyddol o £20,000 ar gyfer unrhyw gostau ychwanegol a godai.
- Cadarnhawyd y cynhaliwyd ymweliadau lles yn y tri o wersylloedd yr hysbyswyd y Cyngor ohonynt yn y misoedd diwethaf. Cynhaliwyd pob ymweliad yn unol â'r Ddeddf Gwasanaethau Cymdeithasol a Llesiant. Roedd yr ymweliadau'n rhai anymwithiol a chynigiwyd cymorth i bawb. Cafwyd ymateb da i'r ymweliadau.

Diolchodd y Cadeirydd i'r holl swyddogion am eu gwaith ar y dull arfaethedig o ymdrin â gwerysilloedd answyddogol a'r weithdrefn ar gyfer hynny.

Felly,

PENDERFYNWYD bod yr aelodau o blaid y datblygiadau a phenderfyniadau diweddar ynghylch y modd y mae'r Cyngor yn ymateb i wersylloedd answyddogol gan Sipsiwn a Theithwyr.

6 RHAGLEN WAITH CRAFFU

Cyflwynodd y Cydlynnydd Craffu adroddiad (a ddosbarthwyd ymlaen llaw) yn gofyn i'r Aelodau adolygu Rhaglen Waith y Pwyllgor ac yn rhoi'r wybodaeth ddiweddaraf ynglŷn â materion perthnasol.

Bu trafodaeth ynghylch y materion canlynol:

- Cadarnhawyd yr eitemau a restrwyd ar y rhaglen gwaith i'r dyfodol ar gyfer y cyfarfod dilynol ar 13 Mai 2021. Cadarnhaodd y Swyddogion a chynrychiolwyr Cyfoeth Naturiol Cymru y byddai modd cynnwys yr eitemau ar y rhaglen y gofynnwyd amdanynt.
- Thema Adfer wedi COVID-19: cytunodd y Cadeirydd y dylid gohirio'r adroddiad ar Adeiladau'r Cyngor tan fis Gorffennaf 2021, oherwydd y sefyllfa gyfredol gyda'r pandemig.
- Gofynnwyd i'r aelodau gyflwyno unrhyw ffurflenni cynnig ynghylch pynciau i graffu arnynt.
- Dosbarthwyd y ddogfen Briff Gwybodaeth i'r aelodau cyn y cyfarfod, ac roedd yn cynnwys tri o adroddiadau.
- Byddai'r Grŵp Tasg a Gorffen yn trafod Rheoli Perygl Llifogydd a Pherchnogaeth Tir ar Lannau Afonydd, gan obeithio cynnal y cyfarfod cyntaf ym mis Ebrill.

PENDERFYNWYD, yn amodol ar y gwelliannau a'r ychwanegiadau i'r drafft o'r rhaglen gwaith i'r dyfodol a gynigiwyd yn ystod y cyfarfod, cadarnhau Rhaglen Gwaith i'r Dyfodol y Pwyllgor.

7 ADBORTH GAN GYNRYCHIOLWYR PWYLLGORAU

Ni dderbyniwyd unrhyw adroddiadau gan gynrychiolwyr pwyllgorau.

Daeth y cyfarfod i ben am 10.55 a.m.

Adroddiad i'r:	Pwyllgor Craffu Cymunedau
Dyddiad y cyfarfod:	13 Mai 2021
Aelod Arweiniol / Swyddog:	Y Cyng. Brian Jones: Aelod Arweiniol Gwastraff, Cludiant a'r Amgylchedd / Tony Ward: Pennaeth Priffyrdd, Cyfleusterau a Gwasanaethau Amgylcheddol
Awdur yr adroddiad:	Tara Dumas, Rheolwr Gwasanaeth Gwastraff ac Ailgylchu
Teitl:	Yr wybodaeth ddiweddaraf am gynnydd y Model Gweithredu Newydd ar gyfer Gwastraff ac Ailgylchu: Cyfathrebu, Dylunio Gwasanaeth a Gwireddu Buddion

1. Am beth mae'r adroddiad yn sôn?

- 1.1. Ar 18 Rhagfyr 2018 cymeradwyodd y Cabinet fodel gweithredu newydd ar gyfer casglu gwastraff gweddilliol ac ailgylchu o aelwydydd h.y. casgliad wythnosol ar gyfer deunyddiau ailgylchu wedi'u didoli a chasgliad gwastraff gweddilliol bob pedair wythnos. Mae'r adroddiad hwn yn manylu ar y Cynllun Cyfathrebu diweddaraf ar gyfer lansio'r gwasanaeth newydd; y Cynllun Gwireddu Buddion sy'n amlinellu cyfres o fuddion ariannol, amgylcheddol a buddion i weithwyr a chwsmeriaid; ac yn darparu'r wybodaeth ddiweddaraf i aelodau am ddyluniad y gwasanaeth.

2. Beth yw'r rheswm dros lunio'r adroddiad hwn?

- 2.1. Yn ystod cyfarfod y Pwyllgor Craffu Cymunedau ar 24 Hydref 2019 (cofnod 7) gofynnodd yr Aelodau am adroddiad diweddarau a Chynllun Gwireddu Buddion yn ogystal â'r wybodaeth ddiweddaraf am ddulliau cyfathrebu.

3. Beth yw'r Argymhellion?

- 3.1. Bod yr Aelodau yn gwneud sylwadau ar gynnydd y tîm prosiect o ran darparu Gwasanaeth Gwastraff ac Ailgylchu newydd i breswylwyr erbyn haf 2023.
- 3.2. Bod yr Aelodau yn ystyried ac yn cefnogi'r Cynllun Gwireddu Buddion (Atodiad II) ac yn gofyn i Bennaeth Gwasanaethau Priffyrdd, Cyfleusterau ac Amgylcheddol gadw llygad ar gyflawni'r buddion drwy'r Cynllun Gwasanaeth Blyneddol o 2023/24 ymlaen.
- 3.3. Bod Pennaeth Gwasanaethau Priffyrdd, Cyfleusterau ac Amgylcheddol yn cyflwyno adroddiad i'r Pwyllgor Craffu Cymunedau ar ganlyniadau'r prosiect peilot yng

Ngorllewin y Rhyl (defnyddio microsglodion mewn cynwysyddion gwastraff) a Bron y Crest (newid gwasanaeth biniau cymunedol).

- 3.4. Bod yr Aelodau'n cadarnhau eu bod wedi darllen, deall ac ystyried yr Asesiad o'r Effaith ar Les (Atodiad VII) fel rhan o'u hystyriaethau.

4. Manylion yr Adroddiad

4.1. Diweddariad Cyffredinol

Mae gweithredu'r newid gwasanaeth yma'n gymhleth iawn ac yn cynnwys nifer o "ffrydiau gwaith". Mae amseriad prif lansiad y gwasanaeth deunyddiau ailgylchu wedi'u didoli yn dibynnu ar ddyddiad cwblhau'r depo canolog newydd wrth ymyl Stad Ddiwydiannol Colomendy yn Ninbych. Ers yr adroddiad diwethaf i'r Pwyllgor mae'r pryniant tir (gan Gyngor Sir Ddinbych a chonsortium o fusnesau lleol) wedi'i gwblhau ac mae caniatâd cynllunio ar gyfer cynllun y safle a'r adeiladau wedi'i gymeradwyo. Ar ôl oedi rhwystredig ac anochel yn sgil pandemig Covid-19, a'r cymhlethodd ychwanegol wrth weithio fel rhan o gonsortium, mae cynnydd da yn cael ei wneud erbyn hyn. Mae'r contract Cam 1 ar gyfer y sylfeini wedi'i ddyfarnu'n ddiweddar ac mae disgwyl i'r gwaith ddechrau yn yr haf. Yn ôl y rhagamcaniadau diweddaraf bydd y depo yn gallu derbyn yr holl ffrydiau gwastraff ddechrau haf 2023. Mae amlinelliad o'r holl ffrydiau gwaith a'r cerrig milltir allweddol wedi'u darlunio yn y ffeithlun yn Atodiad I.

4.2. Cynllun Gwireddu Buddion

Mae'n bwysig atgoffa Aelodau bod penderfyniad y Cabinet ar 18 Rhagfur 2018 yn bennaf yn seiliedig ar fuddion amgylcheddol ac economaidd ehangach, yn cynnwys:

- Gwella perfformiad y gwasanaeth ailgylchu i gwrdd â'r targed 70% erbyn 2024/25; Diogelu'r gwasanaeth at y dyfodol o ran newidiadau polisi a deddfwriaethau gwastraff; Cynyddu gwerth ac ansawdd y deunyddiau i gwrdd â gofynion Economi Gylchol; Moderneiddio'r gwasanaeth a'r hen isadeiledd depo; Cynyddu cyfleoedd gwaith drwy'r gwasanaeth a'r gymuned fusnes ehangach

Mae Atodiad II yn nodi 11 budd allweddol o'r newid gwasanaeth a sut byddwn yn eu mesur. Yn wreiddiol, roeddem wedi rhagweld y byddai'r perfformiad ailgylchu yn sgil y newid yn codi o 64% i oddeutu 68%. Mae datblygiadau technoleg allweddol, a chymorth ychwanegol gan Lywodraeth Cymru drwy'r cyllid Economi Gylchol, yn golygu ein bod ni rwan ar y trywydd cywir i gyrraedd y targed 70% heriol. Mae'r datblygiadau hyn yn cynnwys:

- Moderneiddio'r gwasanaeth gwastraff drwy ddefnyddio technoleg cab i wella dibynadwyedd y gwasanaeth (mae dibynadwyedd y gwasanaeth a boddhad cwsmer da yn un o'r ffactorau pwysicaf i annog pobl i gydymffurfio â'r cynlluniau ailgylchu ymyl palmant)

- Defnyddio microsglodion mewn biniau gwastraff gweddilliol i dargedu ymyraethau lle mae eu hangen fwyaf
- Sefydlu “Uned Newid Ymddygiad” o fewn y gwasanaeth er mwyn manteisio i'r eithaf ar effeithiolrwydd prosesau ymgysylltu, addysg a gorfodi
- Cyfleusterau trin posibl ar gyfer ffrwd waith ailgylchu cynnyrch hylendid amsugol (clytiau a gwastraff anymataliaeth) a fydd yn cael eu casglu ar wahân o fis Ebrill 2023 ymlaen. Rydym ni'n gweithio gydag Awdurdodau Lleol eraill a Llywodraeth Cymru i gaffael cyfleuster trin cynnyrch hylendid amsugol yn y gogledd a'r de. Bydd canlyniad y prosiect, a hyfywedd y datrysiadau arfaethedig a gyflwynir gan gynigwyr, yn hysbys fis Gorffennaf 2021. Os yn llwyddiannus, bydd y prosiect yn darparu datrysiad lleol i'r ffrwd wastraff anodd a llawn carbon hwn. Cynigir mai Cyngor Sir Ddinbych ddylai weithredu'r cyfleuster os yw'n cael ei leoli yn Sir Ddinbych
- Mwy o le mewn cynwysyddion i roi gwastraff ar gyfer ei gasglu, i leihau'r gwastraff sy'n disgyn allan i'r amgylchedd (618 litr yn ychwanegol bob pedair wythnos ar y gwasanaeth safonol, ac eithrio casgliadau'r ffrwd wastraff newydd)

Mae'r dyddiad newid gwasanaeth yn rhoi cyfle i ni archwilio newid sylweddol i gerbydau allyriadau isel iawn. Bydd data profion Llywodraeth Cymru ar gael yn ddiweddarach eleni, mewn pryd i hysbysu ein gweithgareddau caffael fflyd fis Ionawr 2022.

Mae Llywodraeth y DU wedi lansio ail ymgynghoriad ynghylch Cyfrifoldeb Cynhyrchwyr Ehangach. Bydd y ddeddfwriaeth arfaethedig yma'n sicrhau bod cynhyrchwyr, gweithgynhyrchwr a chyflenwyr allweddol (yn cynnwys masnachwyr ar-lein mawr) yn ariannol rhwym i adennill cost eu deunyddiau pecynnu, ac yn eu cymell i wneud cynnyrch y mae modd ei ailgylchu a chynnyrch wedi'i greu allan o fwy o ddeunyddiau wedi'u hailgylchu. Y prif sbardun ar gyfer y cynllun hwn yw sicrhau ansawdd y deunyddiau rydym ni'n eu casglu i'w hailgylchu. Bydd y cyllid yn cael ei atal os na gyrhaeddir y safonau ansawdd. Bydd y taliadau yn dechrau fis Hydref 2023, ar ôl i Gyngor Sir Ddinbych gwblhau'r newid gwasanaeth a lansio gwasanaeth ailgylchu lle mae'r deunyddiau'n cael eu gwahanu gan aelwydydd. Felly Sir Ddinbych fydd yn y lle gorau i wireddu buddion ariannol y ddeddfwriaeth newydd yma. Mae sgysiau cychwynnol gyda Llywodraeth Cymru, yn glŷn â sut y bydd newid gwasanaeth Sir Ddinbych yn cynnwys ffrydiau deunyddiau newydd, fel ffilm blastig, o ganlyniad i ofynion Cyfrifoldeb Cynhyrchwyr Ehangach i adennill y gwastraff yma yn y dyfodol, wedi'u trefnu. Gall amseriad newydd ein newid gwasanaeth alluogi cynnal profion i gynorthwyo'r diwydiant gwastraff i ddatblygu isadeiledd trin.

4.3 Diweddariad ar Ddyluniad y Gwasanaeth

Cymeradwyodd y Cabinet ddyluniad safonol y gwasanaeth ar 18 Rhagfyr 2018. Mae'r dyluniad gwasanaeth diweddaraf yn Atodiad III, sy'n adlewyrchu anghenion gwahanol fathau o eiddo. Bydd gan bob preswlydd yr hawl i dderbyn gwasanaeth ailgylchu wythnosol (yn cynnwys gwastraff bwyd). Bydd amlder y casgliadau

gwastraff gweddilliol yn dibynnu ar y cynhwysydd gwastraff, gyda phawb sydd â bin ar ddwy olwyn yn derbyn gwasanaeth gwastraff gweddilliol bob pedair wythnos. Bydd ffrydiau gwastraff eitemau eraill y gellir eu hailgylchu (batris, eitemau trydanol ac electronig bach a thecstilau) a chynnyrch hylendid amsugol (dewisol) hefyd ar gael.

Mae nifer o ddiweddariadau a gwelliannau wedi'u gwneud ers yr adroddiad diwethaf, sef:

- Mae cynhwysydd canol y Troli Bocs “gwasanaeth safonol” (i gasglu caniau a phlastig) wedi'i wneud yn fwy – o 55l i 70l
- Bydd y Troli Bocs yn ddu gyda fflapiau lliw i helpu pobl i gofio beth sy'n mynd ymhob cynhwysydd. Bydd y bocsys yn cynnwys cyfarwyddiadau didoli. Bydd hyd at hanner cwsmeriaid gwastraff masnachol y Cyngor yn cael dewis defnyddio Troli Bocs hefyd. Bydd lliw'r rhain yn wahanol i gynhwysyddion aelwydydd
- Bydd biniau cymunedol yn ddu gyda chaeadau lliw cyfatebol. Mae safle prawf wedi'i ddewis (Bron y Crest, Dinbych, dan reolaeth Tai Cyngor Sir Ddinbych) a bydd y gwasanaeth deunyddiau ailgylchu wedi'u didoli'n barod yn cael ei lansio yno yn ddiweddarach eleni
- Mae'r cynnydd sydyn a pharhaus mewn deunydd pacio cerdyn brown oherwydd y pandemig wedi sbarduno newidiadau diwydiant sylweddol yn y farchnad “mwydion” (papur a cherdyn). Mae'r gwasanaeth yn aros am ganlyniad adroddiad WRAP (a gomisiynwyd gan Lywodraeth Cymru) ar bapur a cherdyn ond mae'n debygol y bydd papur a cherdyn llwyd yn cael eu casglu gyda'i gilydd, gyda cherdyn brown ar wahân. Mae hyn yn debyg i drefniadau awdurdodau cyfagos. Mae maint y sachau wedi'i wneud yn fwy hefyd (i 120l) ac maent yn cynnwys bachyn i'w gosod ar y Troli Bocs ar ôl eu gwagio

4.4 Diweddariad ar Gyfathrebu: Paratoi ein preswylwyr ar gyfer newid

Mae'r Bwrdd Prosiect yn cydnabod pwysigrwydd paratoi preswylwyr a gweithwyr ar gyfer y model gweithredu newydd. Mae Atodiad IV yn amlinellu'r cynllun cyfathrebu hyd yma. Bydd y cynllun yn parhau i esblygu wrth i'r newid gwasanaeth agosáu ac wrth i'r gefnogaeth drwy weithio mewn partneriaeth gyda sefydliadau eraill ddatblygu.

Mae Gorllewin y Rhyl yn destun ffrwd waith benodol o fewn y Prosiect Gwastraff. Mae'r nifer fawr o dai amlfeddiannaeth ac eiddo gyda thenantiaid, yn ogystal â heriau cymdeithasol sy'n nodweddiadol mewn ardal o amddifadedd uchel, yn gofyn i'r gwasanaeth roi mwy o ystyriaeth i'r newid i wasanaeth ailgylchu sy'n gofyn i'r aelwydydd ddiidoli'r deunyddiau. Mae'r newid gwasanaeth hefyd yn gyfle i fynd i'r afael â materion hanesyddol sy'n effeithio ar Ansawdd Amgylcheddol Lleol yr ardal, fel gwylanod yn ymosod ar fapiau gwastraff sydd wedi'u gadael allan a diffyg lle i storio cynhwysyddion gwastraff. Mae Atodiad V yn manylu ar Gynllun Symud ar gyfer Gorllewin y Rhyl a'r cynnydd hyd yma. Yn ystod y chwe mis diwethaf mae WRAP wedi cefnogi'r gwasanaeth i gynhyrchu cyfres o ddeunyddiau cyfathrebu (Atodiad

VI) er mwyn annog preswylwyr i gydymffurfio â'r gwasanaeth presennol a'u paratoi ar gyfer y newidiadau. Mae'r ddau gam newid gwasanaeth cyntaf (i'w cwblhau erbyn mis Mawrth 2021) yn ceisio cyflawni'r canlyniadau canlynol:

- Ffurfioli trefniadau gyda landlordiaid trwyddedig a darparwyr tai
- Annog yr aelwydydd sy'n defnyddio'r gwasanaeth sach presennol i gydymffurfio â'r gwasanaeth ac i ailgylchu mwy, a rhoi eu gwastraff mewn sachau sy'n gwrthsefyll ymosodiadau gan wylanod a defnyddio'r sach binc/glir untro yn gywir (h.y. defnyddio llai ar fagiau duon)
- Microsglodynnu cynwysyddion (biniau olwynion a sachau sy'n gwrthsefyll ymosodiadau gan wylanod) – cynllun prawf i werthuso buddion o ran lleihau'r gwastraff sy'n dod allan o fagiau, biniau'n cael eu gadael/gadael allan/dwyn, deunyddiau ailgylchu'n cael eu llygru, cyfraddau ailgylchu

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

5.1. Gweler adroddiad i'r Cabinet ar 18 Rhagfyr 2018. Yn ogystal, mae'r prosiect yn gwneud cyfraniad sylweddol at uchelgais y Cyngor i ddod yn garbon niwtral erbyn 2030.

6. Faint fydd hyn yn ei gostio a sut y bydd yn effeithio ar wasanaethau eraill?

6.1. Mae'r Cyngor yn dal i weithredu o fewn y ffenestr fforddiadwyedd a nodwyd gan y Cabinet ar 18 Rhagfyr 2018 i leihau costau blynyddol y gwasanaeth £500,000 neu fwy. Mae cyfanswm cost darparu'r model gweithredu newydd ar gyfer gwastraff yn £17.5 miliwn, yn cynnwys dyraniad risg o £1.9 miliwn a chyfraniad grant gan Lywodraeth Cymru o £9.38 miliwn.

7. Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?

7.1. Mae'r Asesiad o'r Effaith ar Les gwreiddiol a gynhaliwyd yn 2018 wedi'i ddiweddarau, gan ystyried canfyddiadau adolygiad Swyddfa Archwilio Cymru (2019) o sut mae'r Cyngor wedi rhoi'r 5 ffordd o weithio ar waith (Atodiad VII). Mae'r camau a gymerwyd gan y Gwasanaeth ers dechrau'r prosiect wedi arwain at fwy o ganlyniadau cadarnhaol.

8. Pa ymgynghoriadau sydd wedi'u cynnal gyda Chraffu ac eraill?

8.1. Yn 2018 cynhaliwyd arolwg Ailgylchwch Fwy. Yn ogystal â'r grwpiau hynny a ymgysylltwyd a nhw hyd at yr adroddiad i'r Pwyllgor Craffu ar 24 Hydref 2019, mae'r gwasanaeth hefyd wedi adrodd wrth; Briffio'r Cabinet (yr wybodaeth ddiweddaraf am y depo) Hydref 2020 ac Ebrill 2021; Pwyllgor Craffu Perfformiad (elfen Gwastraff Masnachol) Mawrth 2021; a SIG (Microsglodynnu a thechnoleg yn y cab) Mawrth 2021.

9. Datganiad y Prif Swyddog Cyllid

9.1 Mae'r adroddiad yn nodi'n glir sut mae'r prosiect yn bwriadu monitro'r elfen gwireddu buddion. Ni cheir costau uniongyrchol yn sgil yr adroddiad hwn ond mae'n

bwysig bod y prosiect yn parhau i weithredu o fewn y ffenestr fforddiadwyedd a bennwyd gan y Cabinet ar 18 Rhagfyr 2018 i leihau costau blynyddol y gwasanaeth £500,000 neu fwy fel y nodir yn adran 6. Bydd y sefyllfa'n cael ei monitro'n agos.

10. Pa risgiau sydd ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

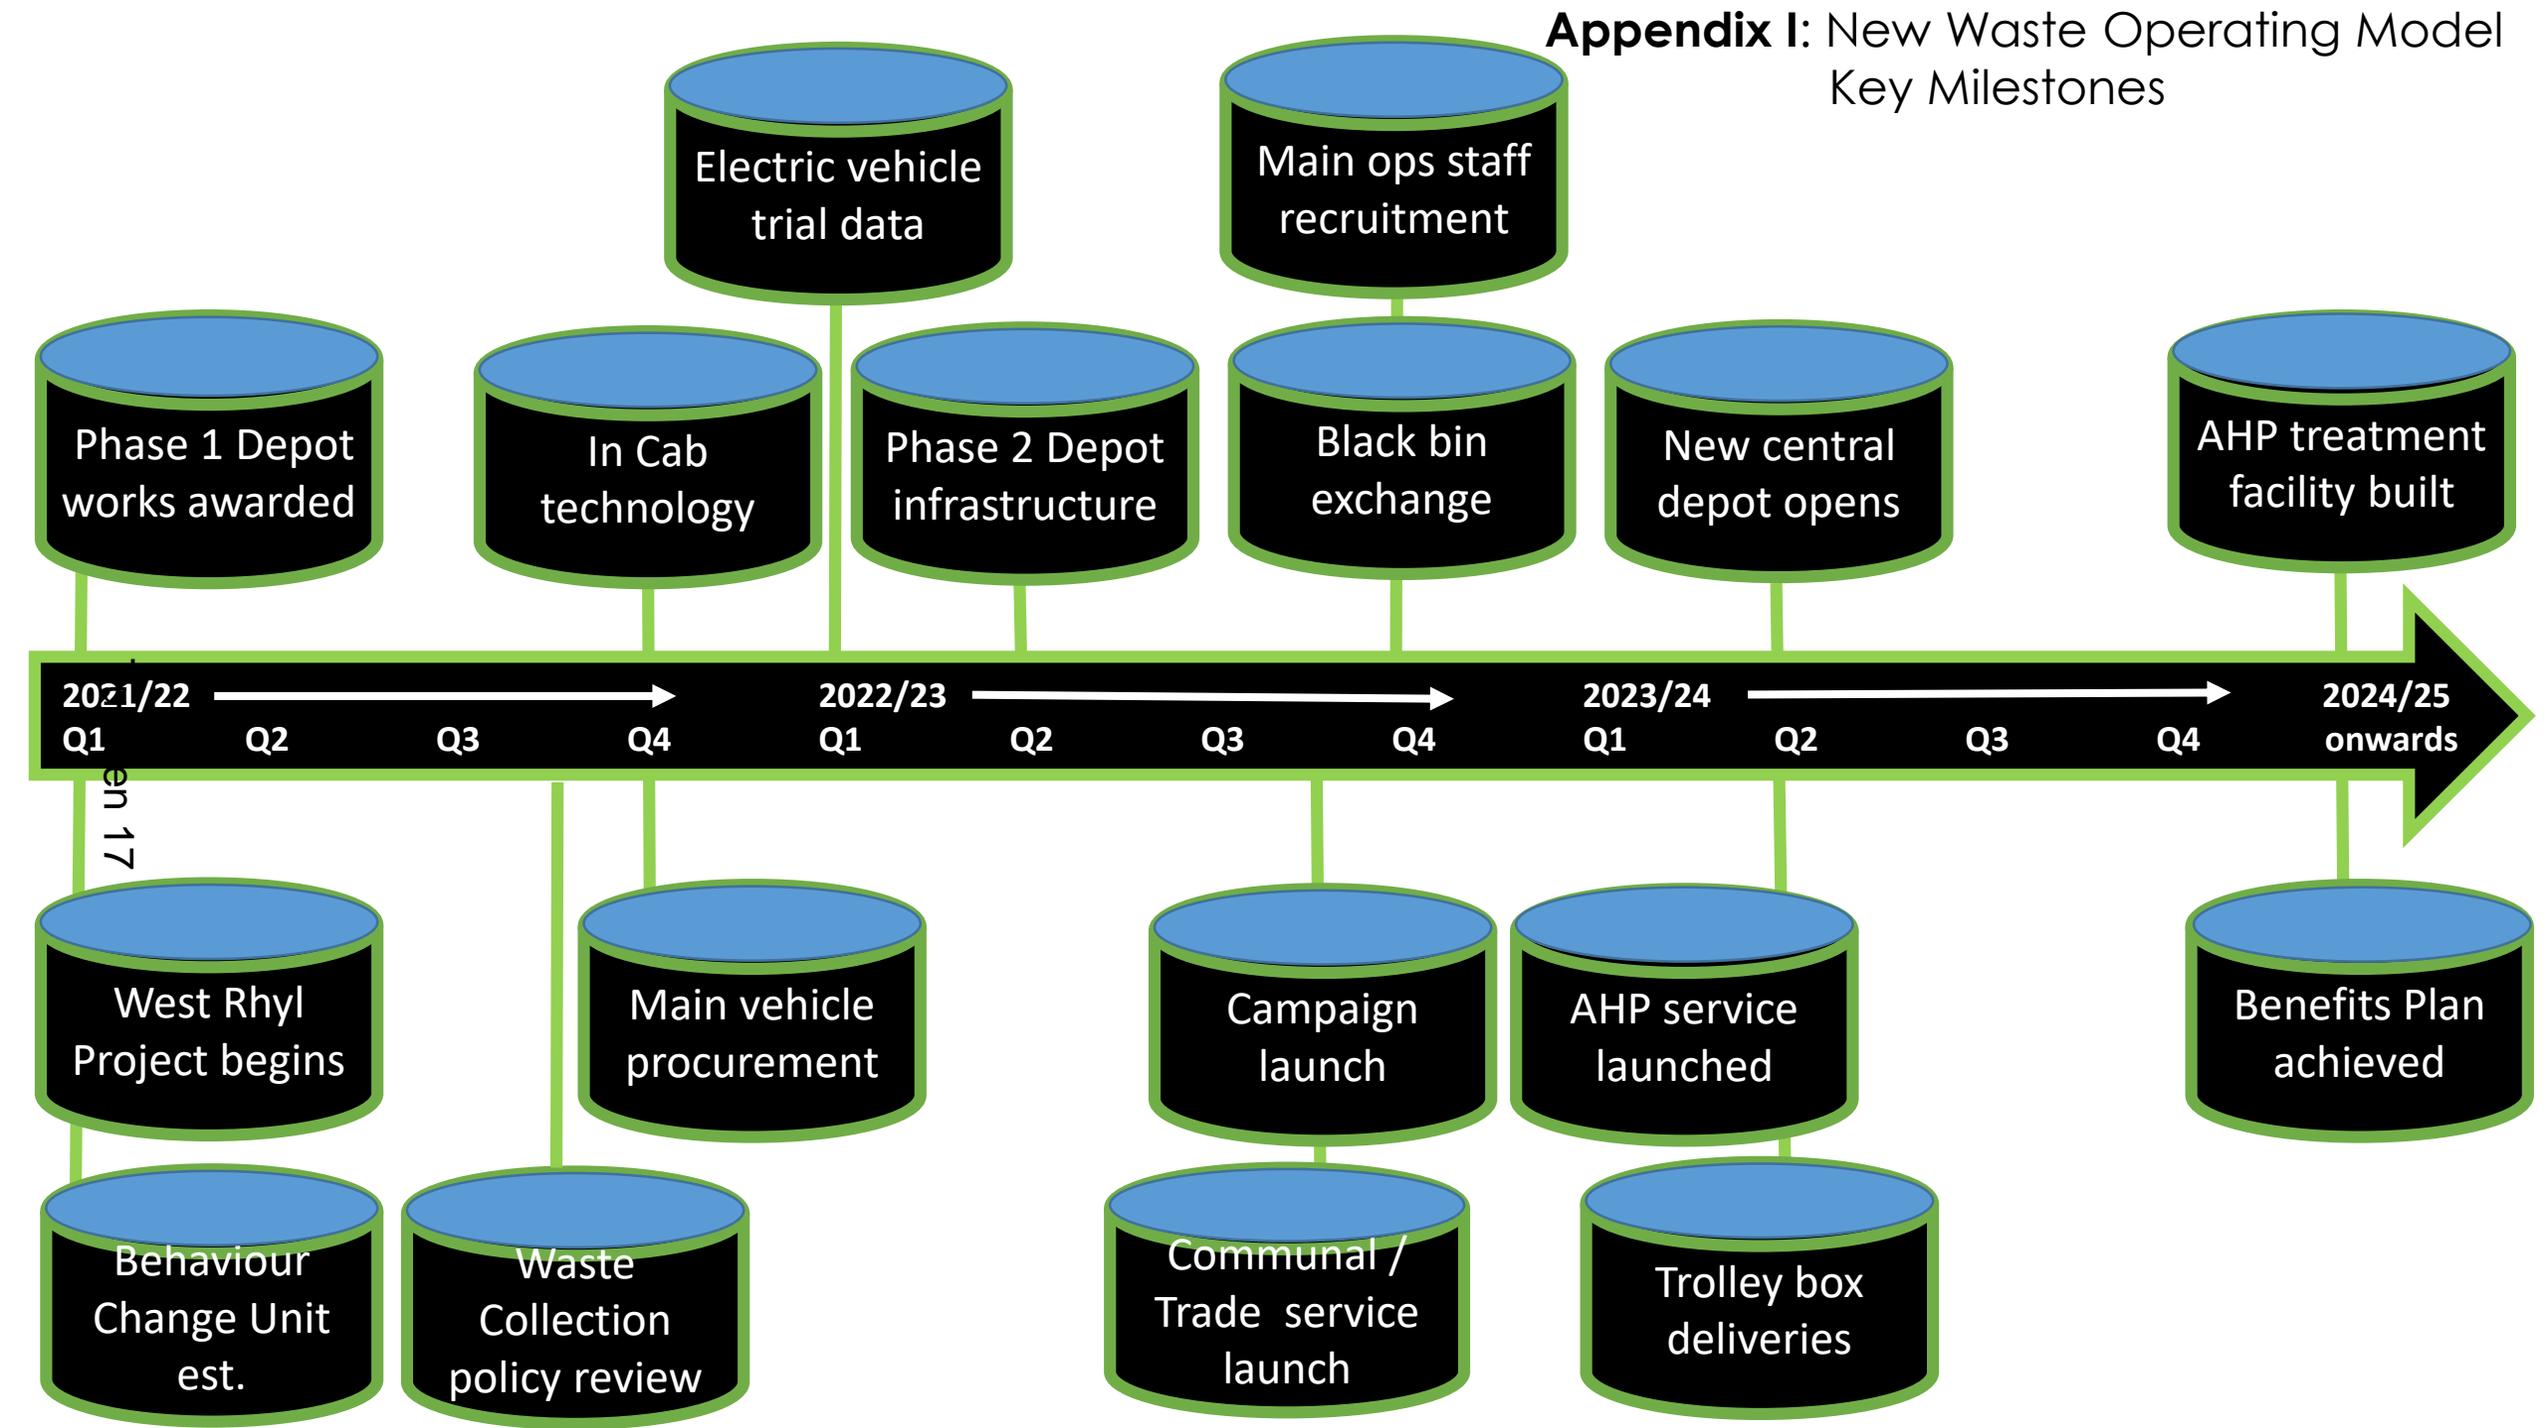

10.1. Cedwir cofrestr risg gynhwysfawr ar system Verto'r Cyngor sy'n cael ei monitro gan y Bwrdd Prosiect.

Households failing to separate recyclables from the residual stream will be subject to a 4 stage advisory/enforcement procedure.</p>
<p>Garden Waste</p>	<p>Green dumpy sack x 3</p> 	<p>Every 2 weeks</p>		<p>Unlimited capacity may be purchased</p>	<p>Opt-In chargeable service Garden waste is not allowed in the black residual bin.</p>

Households in rural areas currently on the disposable sacks service (because we are unable to access their collection point with an RCV) will be provided with the full recycling solution as per the standard service (trolley box etc...) and a fortnightly residual waste collection of pink disposable sacks. Gull proof sacks will be provided on request.

Please note that households receiving a weekly or fortnightly or communal bin collection service will not be eligible to join the AHP service at the point of service change. DCC is working with Welsh Government to provide recycling facilities for AHP waste. Once a recycling

facility is available the AHP service will be expanded to all households (Likely to be 2024 onwards) in order to optimise recycling performance and comply with Welsh Government grant funding conditions.

Report to	Waste and Recycling Project Board
Date of meeting	April 28th 2021
Lead Member / Officer	Liz Grieve, Head of Customers and Communications
Report author	Sian Owen Principal Officer – Communications, Marketing and Engagement
Title	Draft Communications Plan – Waste and Recycling Changes

1. What is the report about?

1.1. The report outlines communications around the forthcoming changes in our waste and recycling services in Denbighshire. This includes

1.1.1. General Recycling Behaviours. May 2021 –April 2022

1.1.2. West Rhyl Phase 1 Service Change. Feb 2021 –September 2021

1.1.3. Trade Waste and Communal Bin Service Change. Launch Autumn 2021

1.1.4. Denbigh Waste Transfer Station

1.1.5. General changes to the service. March 2022 – November 2023

2. What is the reason for making this report?

2.1. Approval is required on the proposed communications plan for the forthcoming changes in service provision.

3. What are the Recommendations?

- 3.1. To approve the outlined communications plan, subject to full costing and resource allocation.

4. Report details

- 4.1. This report outlines communications activities to promote changes in the waste and recycling service. The activity would provide residents with clear, accurate and timely information about the changes and ensure that our communications assist the community to be ready for the changes and understand how to use the new system.

- 4.2. The communications plan is split into four main parts.

- 4.2.1. **Section A** is around **general promotion of recycling** and behaviour change that is needed ahead of the service changes. This is business as usual activity, but critical to ensure that we continue to encourage more recycling. We will be utilising national assets produced by

- 4.2.2. **Section B** focusses on activity in **West Rhyl** where a new weekly sack collection will be introduced to try and reduce problems with littering and to encourage residents to use the facilities provided to them. The WRAP 'Keeping Up with the Joneses' branding will be used on literature to communicate with residents about the specific changes.

- 4.2.3. **Section C** focusses on the **waste transfer station development in Denbigh**. These proposed activities aim to keep relevant stakeholders informed of key milestones around the project development, and to ensure that any negative coverage is minimised.

- 4.2.4. **Section D** is around the **main changes to the waste and recycling services**. These communications activities are high level, with a detailed communications plan listing all the activities to be undertaken to be developed by the Council and WRAP. The proposed activities have been categorised into 'essential' activity, 'optional' activity and 'nice to have' actions for discussion purposes. The activities include direct marketing,

media relations, social media, advertising, community events and internal communications. These activities, if approved, will be carried out by the Council's Communications team, WRAP and external designers/printers/producers.

- 4.3. The activity will be managed on a day-to-day basis by the Council's Communications team and WRAP, with significant input from Environmental Services. The Board will be updated with regular progress reports. Once service changes are implemented, there will be daily meetings between operations, communications and customer service teams, to react to any issues, feedback or changes necessary to the communications. There will also be regular updates for the Lead Member and input into the communications activity.
- 4.4. This communications plan will be aligned with the Mobilisation Plan to assist in managing the activity, for monitoring progress and to ensure that all deadlines are met within the timescales.

5. What will it cost and how will it affect other services?

- 5.1 The cost of the activity will be absorbed through the project budget, as well as through WRAP's local authority funding support. These costs are still to be established and allocated to either the project or WRAP funding, a costing exercise is included in the plan.

Looking to clear out your unwanted large household items?

If you have large household items and appliances you no longer want, you may book a bulky household waste collection.

We're able to collect the following items:

- ✓ Beds and sofas
- ✓ Mattresses
- ✓ Tables and chairs
- ✓ Wardrobes
- ✓ Cookers and dishwashers
- ✓ Fridge freezers, washing machines and tumble dryers
- ✓ Carpet and carpet underlay

It costs just:

- £11 for one item,
- £14 for two items,
- £17 for three items,
- £20 for four items,
- £23 for five items, or
- £26 for six items.

To book a collection or find out more, contact us.

Costs valid until 31 March 2021

IF YOU DUMP HOUSEHOLD OR TRADE WASTE ON ROADS, IN FIELDS, IN RIVERS, OR ON PRIVATE LAND WITHOUT PERMISSION, THIS IS KNOWN AS 'FLY-TIPPING'. IT IS ILLEGAL. IF YOU FLY-TIP, YOU COULD END UP PAYING A FIXED PENALTY OF £250 OR END UP IN COURT AND FINED UP TO £50,000.

APPENDIX VII

UPDATE OPTION 5 (Preferred) - Weekly Kerbside Sort (including food waste), 4-weekly residual, AHP service

Well-being Impact Assessment Report

This report summarises the likely impact of the proposal on the social, economic, environmental and cultural well-being of Denbighshire, Wales and the world.

Assessment Number:	407
--------------------	-----

Brief description:	<p>This assessment is required as the Council needs to fundamentally change the way we collect household waste to further improve recycling in the County as part of strategy to meet Welsh Government 70% recycling target by 2024/25 and to address on-going budget pressure expected to rise to £900,000 by 2019/20 due to the current cost of sending our mixed blue bin recycling for further separation at a Materials recovery Facility. In Option 5 (preferred) the comingled blue recycling 240l bin would be replaced with a TrolliBocs System, where residents present sorted waste into separate stackable containers. The Trollibocs and the existing food waste caddy would be collected weekly on the same vehicle, resulting in resource revenue savings from the provision of higher quality, pre-sorted recycling. . Residual waste would be collected every 4 weeks in a 240l black bin (as opposed to fortnightly in a 140/180l bin) which is projected to reduce the amount of waste that could have been recycled going in the black bin (currently 51% of items in the black bin could have been recycled on our other kerbside services). An optional human hygiene waste service would be offered to remove "smelly waste" from the residual bin where required. New recycling waste streams would be targeted, including batteries, small electrical, electronic equipment (WEEE) and textiles and collected on the same day as the recycling, but every fortnight. Currently residents put paper, card, wax cartons, plastic containers/bottles, can and glass bottles/jars altogether in a 240litre blue bin which is collected fortnightly.</p>
Date Completed:	19/10/2018 08:29:46 Version: 4
Completed by:	Tara Dumas
Responsible Service:	Highways & Environmental Services
Localities affected by the proposal:	Whole County,
Who will be affected by the proposal?	All Residents / Households in Denbighshire; Operational Waste Team as new model rolled out, Trade Waste Customers, Landlords/Social landlords, Contact Centre and range of Council departments
Was this impact assessment completed as a group?	Yes

IMPACT ASSESSMENT SUMMARY AND CONCLUSION

Before we look in detail at the contribution and impact of the proposal, it is important to consider how the proposal is applying the sustainable development principle. This means that we must act "in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs."

Score for the sustainability of the approach

 (3 out of 4 stars) Actual score : 33 / 36.

Summary for each Sustainable Development principle

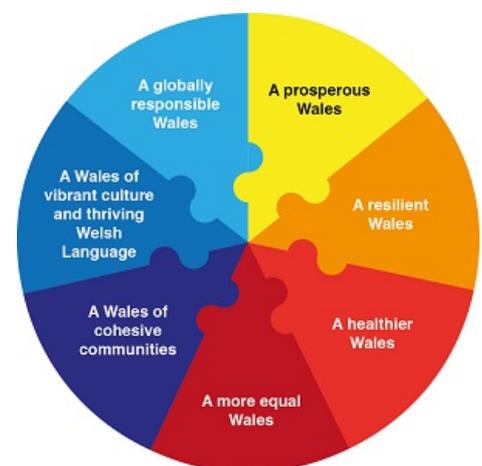

Long term	<p>The service plans to develop a wider waste strategy and delivery plan that covers the whole waste service, and links to the Welsh Government strategy and the Council's ambition to become carbon neutral by 2030. Awaiting outcome of EPR and DRS consultations. The Service has developed a Benefits Realisation Plan that will be tracked during and beyond project implementation to ensure the project meets its objectives in the longer term. The service change will include modernisation through the use of in cab technology, pioneering of microchipped waste containers and advanced access technology for communal containers in order to take advantage of worldwide technology advancement in the industry. Application of trial data on emerging advancements of electric vehicles and charging infrastructure usage will be used to inform and optimise green fleet procurement.</p>
Prevention	<p>The Service is developing a suit of key performance indicators to be monitored from 2021/22 in order to understanding the impact of change in services by establishing baselines and measures for service performance. The Service will carry out a back office re-structure to include the formation of a Behaviour Change Unit . The Unit will consist of a Waste Prevention Officer to focus on collaborative initiatives with the third sector and communities, Enforcement Officers, Recycling advisors and specific project officers for West Rhyl where demographics pose a range of additional challenges with compliance and understanding of the kerbside service. The service is now working with the North Wales Regional Waste Treatment Partnership Keep Wales Tidy and WRAP to develop communications materials and education initiatives to promote pro-recycling behaviours. The service will champion wider adoption of use of social norming to community led instruction and messages and nudges, embedded in our behaviour change strategy. Encouraging providers to reduce non-recyclable packaging through our supply chain procurement Improve the identification of non-complaint households through the introduction of microchipped residual waste containers.</p>
Integration	<p>The depot development on the Colomendy Industrial Estate in Denbigh involves a consortium of four other major local businesses, providing a wider commercial industrial development. The initial depot design has now evolved to include the acceptance of waste streams from other services, including highways and Streetscene. The Communications Plan for the roll out of the service has been integrated into the Corporate Communications Plan. The Modernisation of Technology is being led by the ICT business Partner and compliments the wider corporate ambition to digitise and streamline customer channels and processes.</p>

<p>Collaboration</p>	<p>Making waste and recycling part of the HMO licence/agreement making expectations of and responsibilities of tenants clear - collaboration with landlords. Increased recycling of textiles through the third sector through an SLA with Co-Options and greater recovery of textiles for re-use through the formation of a Textile Timebank project, to be delivered by Denbighshire Leisure Limited in 2021/22 and supported by a range of charity shops locally. Working in Partnership with WRAP to evolve the Keep Up With The Joneses kerbside waste enforcement campaign. Working with the Private Sector (Schaffer) to test and develop microchip technology Through the appointment of a Waste Prevention Officer and support of the DCC Carbon Reduction Team, review how collaborative arrangements with the third sector and community groups are effective (longer term). The Service is part of a ground-breaking collaboration to procure, build and operate a treatment facility for the recycling of Absorbent Hygiene Product waste (nappies and incontinence pads), including Welsh Government and other Local Authorities. Working with Streetscene Services and Keep Wales Tidy to deliver local environmental quality projects that support the service change, including the trial of advanced technology access to communal waste containers. Potential to work with the University of Liverpool and North Wales charity - research into safe and effective home composting systems for pet waste (subject to funding).</p>
<p>Involvement</p>	<p>Produced a communication strategy with a focus on a targeted approach, that educates and shares information at the appropriate time. Planned development of community champions in s West Rhyl. – A total of 2,000 questionnaire responses received through the Council’s online residents survey about the service change proposals. – Events and presentations held in various venues and to various groups to explain the need for behaviour changes. To continue when the Covid restrictions are lifted – new Eco Schools Awards to encourage schools to celebrate and share their waste prevention work. Further education materials will be produced in 2022 as school children will become our recycling champions being the first residents in DCC to move to a source segregated service (in school through the trade waste service change) reinforcing accurate messaging in the home. – Various initiatives to get the message across about recycling such as food waste champions, videos and tweets. – the Project Interdependences matrix sets out the need for extra staff to deal with higher numbers of calls at the contact centre during implementation.</p>

Summary of impact

Well-being Goals

A prosperous Denbighshire	Positive
A resilient Denbighshire	Positive
A healthier Denbighshire	Neutral
A more equal Denbighshire	Neutral
A Denbighshire of cohesive communities	Neutral
A Denbighshire of vibrant culture and thriving Welsh language	Neutral
A globally responsible Denbighshire	Positive

Main conclusions

Overall the proposed project to Remodel the Waste Service Collection should have positive impacts in terms of a prosperous and resilient and a globally responsible Denbighshire as the new service will increase recycling performance by at least 3%. The higher quality recyclable stream will support the

adoption of EU Circular Economy measures and the Welsh Economic Action Plan. The model is also the most cost efficient of all options considered, bringing in a new income stream that protects other council services from further resource reductions. There is a neutral impact on equality due to the introduction of a new service to deal with hygiene waste sometimes produced by young families and the elderly. We have reviewed (currently in draft) our waste policies to ensure exemptions can be awarded to households that struggle to participate fully in the recycling service for genuine physical or mental health reasons. There are no health implications for the new service. Residual waste will be collected less frequently but smelly waste such as nappies and food waste will be collected weekly. There is a neutral impact on vibrant culture and Welsh language as all communications will be available in Welsh and English. There will be a significant focus on community engagement throughout and post implementation, encouraging intergenerational learning (young people as ambassadors) and motivational communications material. There is a neutral impact on cohesive communities as the new waste model supports and strengthens a social enterprise operating model for the collection and re-use of textiles, and the service changes are supported through a new (draft) household waste collection policy, to support the regulation of the new operating model.

Evidence to support the Well-being Impact Assessment

- We have consulted published research or guides that inform us about the likely impact of the proposal
- We have involved an expert / consulted a group who represent those who may be affected by the proposal
- We have engaged with people who will be affected by the proposal

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact	Positive
Justification for impact	The new waste service will secure the long term future of the service and associated jobs and importantly contribute to increasing recycling rates in the County which will minimise residual waste generated by the County's residents. There is an overall reduction in the Council's carbon footprint through enhanced capture of recycling, especially food waste. Materials recycled are of higher quality which will help stimulate growth in the manufacturing industry within the UK.
Further actions required	Maximising the positive impacts from higher recycling rates will be dependant on undertaking a comprehensive communication campaign and ongoing education strategy that provides both instructional and motivational information to encourage people to take the extra effort to recycle more and separate their household waste items into various containers. A YouGov Survey stated that 70% of people want to know what happens to their rubbish and 32% would be more likely to separate their materials if they knew what happened to them. the Viridor Recycling Index 2017 (consumer survey) showed that only a quarter of people believed their waste was properly recycled and showed a clear need for better education, with seven in ten (69%) people feeling frustrated about not having enough education materials on recycling. There is an opportunity to re-engage with Denbighshire citizens to provide the information that will inform and influence pro-environmental behaviours. Consideration to reducing manual handling concerns will be given when specifying the new kerbside recycling vehicles, including consultation with Unions and the workforce. W and R team to investigate introduction of a "ready for work" programme to train up new operatives (workforce succession planning) and career pathways opportunities for existing employees to upskill.

Positive impacts identified:

A low carbon society	<p>Application of the waste hierarchy, enhanced opportunity for closed loop recycling, greater quantities of waste recycled, less vehicle passes to each households over a 4 week period, vehicle haulage movements as recycling is bailed locally - so overall greater environmental benefits. Increased in recycling performance of 3.1% projected. There is a wide evidence base to show that Kerbside Sort yields a lower carbon footprint than co-mingled collections. The carbon impacts of different methods of collection and post collection sorting were shown by the ADAS report for London Borough of Camden which stated that: "The carbon footprint of the whole process for the co-mingled collection, transfer and MRF is 77% greater than for the kerbside sorted recyclate collection system."</p> <p>High quality materials are more likely to be used in closed loop recycling where glass bottles and jars are recycled into similar products, paper into paper and so on. The carbon benefits of the closed loop recycling of glass were demonstrated in a 2006 paper "The impact of the carbon agenda on the waste management business", Grant Thornton, Oakdene Hollins.</p> <p>The reduced carbon impact of kerbside sort vehicles compared to large Refuse Collection Vehicles currently used to collect recycling in DCC are considerably lower, as supported by the following paper "Kerbside Recycling in Wales: Environmental Costs, Waste and Resources action Programme (WRAP), March 2009.</p>
-----------------------------	---

<p>Quality communications, infrastructure and transport</p>	<p>All new waste collection rounds will undertake route optimisation analysis to reduce unnecessary mileage and optimise efficiency, as well as round risk assessments to avoid traffic congestion where practical. The changes will be supported by a communications plan, to include face to face public engagement, a schools education package, and revised instructional material. Option 5 will result in significant capital investment in local authority depots (North Wales) and new waste containers. There may be an opportunity to combine the provision of salt barns with the depot bulking facilities at one of the sites, improving the way we manage winter maintenance resources.</p>
<p>Economic development</p>	<p>Collected recycling will be of adequate quality to be reprocessed in the UK (as opposed to being shipped overseas), encouraging home grown manufacturing industries to develop/expand. Collecting high quality recycling through source segregation is a priority for Welsh Government as they recognise the opportunities the EU "Circular Economy" package brings to helping Wales grow its own economy, and in a more sustainable way (www.gov.wales news article "Wales leading the way towards becoming a circular economy" 28th June 2018. Positive impacts of the circular economy on economic growth are also recognised in the Welsh Government's Economic Action Plan.</p> <p>The paper by the Resources Association "Putting quality recycling at the heart of a circular economy" August 2015 concludes that mandatory source separation of recyclables, including biowaste, would reduce recycling contamination and create new economic opportunity. By example, an article by Simon Weston (LetsRecycle.com 17th July 2017) director of raw materials (Confederation of Paper Industries) states "Recent work conducted by the Confederation of Paper Industries (CPI) estimates that an increase of one percentage point in contamination would increase costs by about £8 million per annum across the entire UK mill system. For a large paper reprocessor this could equate to as much as £1.25 million per percentage point increase for each 100,000 tonnes of raw material procured. These sorts of additional costs undermine the viability of domestic re-processors when compared with foreign competitors using other material streams, and could lead to plant closures and job losses."</p> <p>Kerbside Sort systems yield very low contamination rates (1% Friends of the Earth, compared to Commingled recycling schemes that rarely achieve contamination rates below 5% and often in excess of 10%). Hygiene waste will be collected separately in the Option. It is possible that this waste stream can be recycled and future discussions with Welsh Government are anticipated over the opportunity for this waste to be re-processed in Denbighshire. This would created further jobs through the construction and operation of a new facility.</p>
<p>Quality skills for the long term</p>	<p>Waste operatives will require enhanced manual handling training. In addition, the service will be modernised to closely monitor recycling habits of individuals through enhanced data capture of weight based information. Team members will be trained to use route optimisation software. DCC's waste technical team will be trained to collate and report on a wider range of performance data. The team will be required to deliver behaviour change messages to a wide range of audiences, including to school groups and private/social landlords. Increased procurement skills and experience will also be required. The service change would be supported through the adoption of an environmental enforcement policy which the team will be required to adopt. Whilst the existing enforcement team have all existing knowledge and skills, wider adoption by the rest of the team will be required.</p>

Quality jobs for the long term	<p>All waste operatives will be required to become "recycling ambassadors" as their acceptance/rejection of presented material will be fundamental to providing weekly feedback to the residents about what can and can not be collected on the kerbside sort scheme. Expected that Waste team jobs will be secured, may be need for additional Waste Team members depending on future operational model - to be confirmed as part of further development of Business Case. The baseline is unaffordable and jobs across other council service are at risk should we not change the way we deliver our services.</p> <p>This option will secure at least 9 full time jobs in a local Social Enterprise, and support at least 18 people with learning disabilities, through the collection, sorting , cleaning and resale of textiles.</p>
Childcare	There are no known increased benefits arising from changing from the baseline to Option 5. Working hours are not modelled to change.

Negative impacts identified:

A low carbon society	<p>approx. 35,000 Blue recycling bins and 30,000 grey residual bins will become redundant but recovered bins will be collected and sent for recycling. Recovered plastic is often recycled into new waste containers. procurement of new containers will specify some recycled content (whilst maintaining strength / life expectancy of the container).</p> <p>Option 4 and 5 include the option to direct deliver recycling from the North of the County to a Conwy facility (additional 6-8 miles round trip)increasing the distance travelled by affected vehicles. This is yet to be decided.</p>
Quality communications, infrastructure and transport	Option 4 and 5 include the option to direct deliver recycling from the North of the County to a Conwy facility (additional 6-8 miles round trip)increasing the distance travelled by affected vehicles.
Economic development	None - the current receiver of comingled recycling would prefer source segregated material, due to higher quality of paper.
Quality skills for the long term	It is envisaged that the increased manual handling requirements on the kerbside sort option will lead to a number of operatives seeking redeployment or retirement. This will produce a knowledge gap in the service for which we must prepare over the next 2 years.
Quality jobs for the long term	The manual handling implications of the kerbside sort system may present as a barrier to older operatives or operatives with pre-existing conditions that limit repetitive lifting operations. A key HR work stream has been set up to identify redeployment opportunities for staff who may not be able to carry out the new duties and jobs will be re-evaluated to reflect the change in operations. The Service has already identified the Council's Career Pathways programme as a strategy to deliver succession planning and develop skills of existing employees. They are also proactively engaged in promoting career opportunities externally, such as attending job fairs.
Childcare	There are no known increased implications arising from changing from the baseline to Option 5.

A resilient Denbighshire

Overall Impact	Positive
-----------------------	----------

Justification for impact	Overall, despite potential for negative consequences due to potential increase in collection vehicle mileage and possible negative behaviour reactions by disgruntled residents who may take against recycling agenda as a consequence overall it is felt the overall message will raise awareness of the importance of recycling and the new model will support the capacity to further increase domestic recycling rates
Further actions required	Negative behaviour issues will be tackled through targeted communications on the benefits of the change to collection model to try to get all residents on board. As far as is possible new collection vehicles will be the most fuel efficient models affordable to reduce fuel consumption and emissions as far as practical to mitigate this issue.

Positive impacts identified:

Biodiversity and the natural environment	This option enables the reprocessing industry to operate closed loop recycling solutions, saving the need to use virgin materials extracted from the natural environment across the world. More recycling will be recovered than the baseline option. Evidence suggest that people adopting pro-recycling behaviours on a kerbside sort system become more supportive of wider environmental issues.
Biodiversity in the built environment	Currently around 10,000 households are receiving a sack collection for residual/recyclable waste. Sacks are ripped open by scavenging animals (seagulls, rats and foxes) providing an unnatural source of food, leading to unhealthy increases in populations of some species that may displace other species. This option will seek to reduce the number of households on a sack collection and provide a more regulated system that will prohibit residents placing food waste into sacks. The Trollibocs system does help contain litter as it must be presented lidded but will require enforcement to ensure boxes are not presented off the trolley and without lids.
Reducing waste, reusing and recycling	Option will improve and increase domestic recycling performance and produce cleaner material more suitable for closed loop recycling.
Reduced energy/fuel consumption	Food waste is co-collected on the same recycling vehicle as dry material and the number of residual collection passes per month are reduced. Overall this results in less vehicle movements.
People's awareness of the environment and biodiversity	New collection model will further raise awareness of need to and issues around recycling. A communications Strategy has been developed and includes an Education Campaign to promote pro-recycling behaviours in young people, and encourage them to take home important messages.
Flood risk management	Any changes in use to the Lon Parcwr depot to receive waste will require enhanced flood mitigation due to proximity of river. This option is still being considered and will be revisited if this depot will be used.

Negative impacts identified:

Biodiversity and the natural environment	Any development at the Lon Parcwr Depot could have an adverse effect on the local environment (Salmon River adjacent) and therefore consultation with NRW and Planning will inform depot options appraisal. As a result of the service change around 35,000 blue wheeled bins and up to 30,000 black wheeled bins will become redundant. These will be collected for recycling into new bins. To partially offset the environmental impact, new containers will contain the optimum recycled content whilst maintaining durability. Residents will be asked to request a larger black bin only if they need it, in order to reduce wastage and cost.
Biodiversity in the built environment	Development of a waste transfer facility could impact, depending on location, yet to be determined.

Reducing waste, reusing and recycling	May encourage negative behaviour from disgruntled Residents who take against new arrangements and deliberately reduce recycling efforts. Many local authorities have restricted residual waste capacity and reduced collections to 3 weekly. there is no evidence to suggest an increase in fly tipping in these authorities. However, it is necessary to support these service changes with fair but firm household waste collection policy and resource enforcement activities adequately to ensure that dumping of rubbish and deliberately cross contaminating waste streams is appropriately regulated.
Reduced energy/fuel consumption	New collection model may generate additional distance travelled that may increase fuel consumption - to be confirmed once new collection model analysed in detail and location of tipping facilities are confirmed. Initially, households may take extra journeys to the household recycling parcs to dispose of excess waste. Overall, capacity for their waste will be increased by 57litres each week. Therefore as long as waste is segregated it should be able to be managed kerbside. The household waste collection policy will specify that households will qualify for additional capacity as long as they can demonstrate they recycle all they can, and capacity is a regular issue. Residents taking "black bag" type waste to the Recycling Parcs will be asked to segregate recyclables or the bags will be rejected. Therefore encouraging the correct behaviours at home, negating the need for additional journeys.
People's awareness of the environment and biodiversity	May encourage negative behaviour from disgruntled Residents who take against new arrangements and deliberately reduce recycling
Flood risk management	

A healthier Denbighshire

Overall Impact	Neutral
Justification for impact	Neutral overall as few relevant impacts, where potential impacts do exist they are likely to be minimal
Further actions required	Positives on engaging people in a positive way will be stressed and highlighted as part of communications during/post implementation

Positive impacts identified:

A social and physical environment that encourage and support health and well-being	This option requires the householder to do more to manage their waste responsibly. More support will be offered to residents to comply and a sustained and focussed environmental campaign will offer opportunities for social norming and intergenerational learning, where schools and their pupils encourage their communities to recycle more.
Access to good quality, healthy food	NONE
People's emotional and mental well-being	Engaging people further in the need and activity of increasing recycling will engage them in a positive activity that can improve their sense of participation and doing good. There is evidence that people using a kerbside sort system are more "bought into" recycling as they believe more strongly the material is going to be made into new products. There is also evidence to suggest engaged recyclers are more likely to engage or be supportive of wider environmental initiatives.
Access to healthcare	NONE
Participation in leisure opportunities	NONE

Negative impacts identified:

A social and physical environment that encourage and support health and well-being	There is a risk that those residents who do not currently engage with DCC's waste collection system will find the new system more challenging, therefore incidents of alleyway dumping may increase if not managed. DCC will introduce a new enforcement policy and increased communications programme to mitigate these risks.
Access to good quality, healthy food	NONE
People's emotional and mental well-being	Possible issues with the change upsetting residents and affecting their well being due to change and the need to adapt to new arrangements which they may feel antagonism towards, or be fearful they will not be able to cope with the new system.
Access to healthcare	NONE
Participation in leisure opportunities	NONE

A more equal Denbighshire

Overall Impact	Neutral
Justification for impact	Most protected groups should be unaffected by the new waste model as households already present and segregate their rubbish. There may be a negative impact on residents with disability or who are elderly/infirm but variants to the main system will be put in place to recognise and manage this.
Further actions required	Recycling rates in areas with poor economic circumstances is often lower than in other areas. More targeted communications, such as roadshows, School visits and door to door support will be required to ensure residents in these areas fully understand the new system and take care to store their waste and recycling containers on their own properties so they are not abused or stolen.

Positive impacts identified:

Improving the well-being of people with protected characteristics. The nine protected characteristics are: age; disability; gender reassignment; marriage or civil partnership; pregnancy and maternity; race; religion or belief; sex; and sexual orientation	The new Service will include a free separate collection of nappy/incontinence waste upon request, helping households with young children, or residents with medical needs cope better with the Waste Collection Service. This is an improvement to the existing service. Where possible discreet but accessible collection points from inside the household property boundary may be requested for those requiring the services due to medical conditions.
People who suffer discrimination or disadvantage	NONE
People affected by socio-economic disadvantage and unequal outcomes	People in poverty often produce more waste - especially food waste and packaging waste. The new model provides greater capacity overall, on a 4 weekly basis to manage and contain waste.

<p>Areas affected by socio-economic disadvantage</p>	<p>All trollibocs and new waste containers will be provided free of charge during the service change, even though the Council has a right to charge for them.</p> <p>W and R department will liaise with the Council's troubled families team and other appropriate outreach workers to ensure that waste requirements are understood and passed on to households, should waste issues or questions arise.</p> <p>A schools Education programme will be launched to support the new waste model, and priority focus will be given to schools in derived areas. The new waste model will increase the opportunities for employment and "ready to work" schemes.</p>
---	--

Negative impacts identified:

<p>Improving the well-being of people with protected characteristics. The nine protected characteristics are: age; disability; gender reassignment; marriage or civil partnership; pregnancy and maternity; race; religion or belief; sex; and sexual orientation</p>	<p>People with some disabilities may find the new way of presenting waste more challenging, due to the need to separate waste into more containers, and due to the fact that they may need a larger residual bin, which could be heavier to manoeuvre. Consultation with disability user group representatives has also identified that the new Trollibocs system requires more "bending" that could prevent or put off some infirm residents from using the service. For this reason a range of container options will be offered to infirm or disabled residents and the Trolliboc design will take account of feedback received through consultations. DCC operate an assisted collection service so if a household find their residual bin too heavy due to size can either be given a smaller bin (subject to having capacity) two smaller bins, or may apply to be on the assist list where we collect the bin from the curtilage of their property.</p> <p>The new DCC waste enforcement policy will allow for households to be listed as exempt from recycling some or all materials if a disability and/or lack of support genuinely prevents them from doing so (e.g. sheltered accommodation with occupants with dementia).</p> <p>Trollibocs can be provided with braille stickers where needed and all associated instructional material will be provided in appropriate mediums for sight impaired occupants.</p> <p>Opportunities for upskilling and redeployment will be provided to employees who are unable to manage the new manual handling requirements of the collection service</p>
<p>People who suffer discrimination or disadvantage</p>	<p>If a household has suffered discrimination from sections of their community in the past, they are more likely to be reported to us if they struggle to comply with the new system.</p> <p>The DCC enforcement policy will always include an initial educational step before enforcement action is taken to help residents to adjust to the new requirements.</p>
<p>People affected by socio-economic disadvantage and unequal outcomes</p>	<p>The Council has the right to issue a fixed penalty to residential occupants for failing to recycle, or dumping black bag waste. In order for the new scheme to work longer term, it will be necessary to monitor activities of non-complimg households more rigorously, that could lead to FPN's being issued. However, the revised Council enforcement procedure will ensure that every household will be given the opportunity to correct behaviours. In addition, an early payment option with a reduced fine level can also be included.</p>
<p>Areas affected by socio-economic disadvantage</p>	<p>Recycling rates in areas with poor economic circumstances is often lower than in other areas.</p>

Overall Impact	Neutral
Justification for impact	<p>Overall positive impact as new collection model offers opportunities to raise awareness of need to and increase ability to recycle for residents and benefit this may bring to engagement and reducing littering but is small risk it may also lead to feeling that change being done to residents and an associated problem of littering and fly tipping may result however this is thought to be low risk. The new system will be better regulated to identify non-compliance quickly and target behaviour change processes efficiently. There will be less (no) abandoned contaminated bins on the streets in the future preferred model.</p> <p>The Recycle More Waste Less Survey showed that households are currently more likely to have space in their residual black bin on collection day than their recycling bins, evidencing that the new model, to increase recycling capacity by 57litres per week and reducing residual capacity by 10litres per week is manageable. This, combined with the fact that on average 51% of the waste in the black bins could be recycled on our existing services supports a move to shift the focus and resources to collecting more recyclable waste.</p>
Further actions required	<p>There is a perception that a reduced residual collection frequency could attract pests. The new model will offer a weekly opt-in service for human hygiene waste and the weekly food waste service will continue and be expanded to all houses, meaning waste most likely to attract pests and vermin should not be in the residual bin. Households remaining on a sack collection will be provided with gull-proof sacks to contain their disposal pink sacks. This will keep waste and odours contained and enable the Council to regulate the capacity given to sack customers so that recycling behaviours are still incentivised.</p>

Positive impacts identified:

Safe communities and individuals	<p>All wheeled bins and Trollibocs will be assigned to individual properties, encouraging ownership so they are not left out on the highway where they pose a fire risk. Currently there are excessive numbers of abandoned blue recycling bins on the public highway due to them becoming contaminated. This will not be an issue in the new model.</p>
Community participation and resilience	<p>All residents have had the opportunity to be surveyed about the changes and will have the opportunity to raise concerns they may have already that can be addressed via the proposed changes or concerns they may have in relation to the new change that can influence its design e.g. frequency of nappy collections.</p> <p>A sustained schools education programme will result in a significant number of young people becoming recycling ambassadors, and offering learning /recycling opportunities within their communities.</p>
The attractiveness of the area	<p>With improved recycling it may be that this leads to a reduction in litter / waste as more recyclable material is captured via the new collection arrangements. Sack collections and on street solutions (currently abused) will be phased out wherever possible. Enhanced consultation with HMOs and private landlords will seek to ensure adequate and appropriate provision is made for tenanted properties.</p>
Connected communities	<p>Intention to use social norming as a way to promote pro-recycling behaviours and identify recycling champions.</p>
Rural resilience	

Negative impacts identified:

Safe communities and individuals	Residents who fail to comply with the new system and dump their waste will lower the environmental quality where they live - leading to the broken windows effect. The new waste model, however, will have boosted resources to target those individuals with appropriate education and enforcement action. It is not envisaged, however that these issues will increase in number from the baseline model. Areas causing issues now will be visited to ensure the optimal system is put in place to prevent waste escaping into the environment.
Community participation and resilience	Many residents will not have actively engaged during the proposal phase and provide resistance as the service is rolled out.

Mitigate with regular and targeted coms using the Waste Recycling Action Programme's (WRAP's) segmentation research. New scheme must be flexible to address individual needs where appropriate.

A Denbighshire of vibrant culture and thriving Welsh language

Overall Impact	Neutral
Justification for impact	There will be a lot of communications material produced to provide instructional and motivational information to target audiences and the public in general. Every opportunity to promote the Welsh Language and cultures will be taken during the development of our campaigns.
Further actions required	There are no identified negatives.

Positive impacts identified:

People using Welsh	The proposed waste collection system is more aligned to those in the other Welsh authorities. This consistency will assist in general understanding in any language as families and friends communicate beyond County boundaries. All communications, including the survey, media releases and instructional information will be produced in Welsh as well as English.
Promoting the Welsh language	There is an opportunity to display bi-lingual advertisements with simple messages/ catch phrases
Culture and heritage	In the longer term, once kerbside capture of materials is maximised, there is an opportunity to promote re-use of kerbside materials and carry out campaigns to extend the life of items through repair. This will encourage people to learn traditional skills, such as sewing. There is also an opportunity to appeal to target audiences through tying together traditional activities and recycling/re-use behaviours (e.g. A rugby player recycling his old shirt, a sheep farmer recycling his working dogs' food packaging etc.)

Negative impacts identified:

People using Welsh	NONE
Promoting the Welsh language	NONE
Culture and heritage	NONE

A globally responsible Denbighshire

Overall Impact	Positive
Justification for impact	Positive overall as aligns with other North Wales LA's - developing common resident experience and producing higher quality resources that can stimulate local and national manufacturing opportunities.
Further actions required	As part of design and communications around collections model change Denbighshire will learn from experience at Conwy CBC and from all previous service changes in Wales and wider afield, through data held by WRAP (Waste Resources Action Programme)

Positive impacts identified:

Local, national, international supply chains	The baseline waste model produces low quality recycling which has limited markets, often overseas. This option produces source segregated material which can be used by local and national manufacturing companies.
Human rights	NONE
Broader service provision in the local area or the region	By making the proposed changes the waste collection model in Denbighshire will more closely align with others across North Wales, including specifically Conwy CBC therefore making any option for Service of Council mergers in future a simpler task
Reducing climate change	

Negative impacts identified:

Local, national, international supply chains	Initially there will be a drop in the volume of some non-target plastic that is currently being marketed but the benefits of producing cleaner material far outweigh this.
Human rights	To support the introduction of the new scheme, the Council will be reviewing its waste enforcement policies to ensure the scheme is regulated. The Council will, in all cases act in accordance with the Regulators Code (2014).
Broader service provision in the local area or the region	NONE
Reducing climate change

Adroddiad i'r:	Pwyllgor Craffu Cymunedau
Dyddiad y cyfarfod:	13 Mai 2021
Aelod Arweiniol / Swyddog:	Cyng Mark Young (Aelod Arweiniol Cynllunio, Diogelu'r Cyhoedd a Chymunedau Mwy Diogel) / Emlyn Jones (Pennaeth Cynllunio, Gwarchod y Cyhoedd a Gwasanaethau Cefn Gwlad)
Awdur yr Adroddiad:	Angela Loftus (Rheolwr Cynllunio Strategol a Thai)
Teitl	Asesiad Llety Sipsiwn a Theithwyr – cynnig i sefydlu Grŵp Tasg a Gorffen

1. Am beth mae'r adroddiad yn sôn?

1.1. Mae Deddf Tai (Cymru) 2014 yn ei gwneud yn ofynnol i gynnal a chyflwyno asesiad o anghenion llety Sipsiwn a Theithwyr i Lywodraeth Cymru bob 5 mlynedd. Mae'n ofynnol i'r Cyngor nawr gynnal asesiad newydd gan fod ein hasesiad presennol wedi'i gyflwyno'n wreiddiol yn Chwefror 2016. Mae'r adroddiad hwn yn cynnig sefydlu Grŵp Tasg a Gorffen i gefnogi gwaith ar yr asesiad newydd.

2. Beth yw'r rheswm dros lunio'r adroddiad hwn?

2.1. Diben yr adroddiad hwn yw ceisio cymeradwyaeth gan y Pwyllgor Craffu i sefydlu Grŵp Tasg a Gorffen i gefnogi gwaith ar yr Asesiad o Llety Sipsiwn a Theithwyr newydd y Cyngor a chytuno ar y cylch gorchwyl drafft ar gyfer y grŵp.

3. Beth yw'r Argymhellion?

3.1. Bod Aelodau yn cytuno i sefydlu Grŵp Tasg a Gorffen Craffu i gynorthwyo gyda a llywio gwaith ar yr Asesiad Llety Sipsiwn a Theithwyr newydd.

3.2. Bod Aelodau yn cytuno ar y Cylch Gorchwyl drafft i'r grŵp sydd ynghlwm fel Atodiad 1.

4. Manylion yr Adroddiad

Cefndir

- 4.1. Mae'r Ddeddf Tai (Cymru) 2014 yn gosod dyletswydd ar Awdurdodau Lleol i asesu anghenion llety Sipsiwn a Theithwyr (Adran 101) ac yna bodloni'r anghenion hynny (Adran 103). Mae yna ofyniad cyfreithiol (Deddf Tai (Cymru) 2014) i gynnal Asesiad Llety Sipsiwn a Theithwyr o leiaf bob 5 mlynedd a nawr mae'n ofynnol i'r Cyngor gynnal Asesiad newydd. Y dyddiad cau ar gyfer cyflwyno Asesiad Llety Sipsiwn a Theithwyr i Lywodraeth Cymru yw 24 Chwefror 2022.
- 4.2. Mae Asesiad Llety Sipsiwn a Theithwyr diweddaraf hefyd yn ofynnol ar gyfer y Cynllun Datblygu Lleol (CDLI) newydd. Heb Asesiad Llety Sipsiwn a Theithwyr cadarn diweddaraf ni fydd yr Arolygydd Annibynnol yn gallu cymeradwyo CDLI newydd. Mae'r CDLI yn cael ei ystyried yn adnodd cynllunio pwysig oherwydd ei fod yn gosod blaenoriaethau lleol ar gyfer dyrannu tir ar draws y sir ac mae'n cynnwys dyraniadau tir ar gyfer tai, cyflogaeth a diogelu man gwyrdd ac ati. Mae'r CDLI hefyd yn cynnwys polisiau lleol e.e. tai fforddiadwy, lleihau carbon, gwarchod amgylcheddau a rhywogaethau pwysig. Heb Asesiad Llety Sipsiwn a Theithwyr ni fydd yna Gynllun Datblygu Lleol newydd fyddai'n gadael y Cyngor mewn sefyllfa fregus o ran rheoli/cyfyngu ar ddatblygiadau amhriodol ar draws y Sir a'r risg o golli buddsoddiad mewn buddsoddi priodol oherwydd diffyg ansicrwydd yn y broses gynllunio.
- 4.3. Mae'r Asesiad Llety Sipsiwn a Theithwyr yn nodi angen ac nid yw'n ceisio nodi lleoliadau penodol ar gyfer safleoedd. Felly, byddai gwaith pellach o amgylch safleoedd posibl yn cael ei ddatblygu ar ôl cwblhau Asesiad Llety Sipsiwn a Theithwyr newydd wedi'i gymeradwyo (yn ddarostyngedig i nodi'r angen). Nid oes unrhyw waith yn cael ei wneud ar hyn o bryd i nodi safleoedd.
- 4.4. Mae dull rheoli prosiectau cadarn yn cael ei fabwysiadu gyda sefydlu Bwrdd Prosiect o dan arweiniad Aelod, gyda'r Arweinydd a Swyddog Arweiniol yn gweithio gydag Uwch Swyddogion i gyfeirio'r gwaith hwn gan sicrhau bod Aelodau yn cyfrannu, bod yn agored ac yn dryloyw drwy gydol y broses.
- 4.5. Mae ymgynghorwyr wedi eu comisiynu ar y cyd gyda Chyngor Bwrdeistref Sirol Conwy (CBSC) i gynnal yr Asesiad Llety Sipsiwn a Theithwyr newydd drwy broses dendro ffurfiol. Mae'r dull caffael hwn yn sicrhau cysondeb a chost effeithiolrwydd ond mae gan bob awdurdod lleol gontract ar wahân gyda'r ymgynghorwyr a bydd yr

ymgynghorwyr yn cynhyrchu adroddiadau Asesiad Llety Sipsiwn a Theithwyr unigol yn benodol i bob sir. Nid yw gwaith wedi dechrau ar yr asesiad eto ac mae'n allweddol bod pryderon sy'n ymwneud â'r Asesiad Llety Sipsiwn a Theithwyr presennol yn cael eu cynnwys yn y briff gwaith i'r ymgynghorwyr a bod yr Asesiad Llety Sipsiwn a Theithwyr newydd yn ymateb i'r bylchau hynny a ragwelir mewn gwybodaeth a phroses.

- 4.6. Roedd materion allweddol a godwyd gan aelodau etholedig a'r Pwyllgor Craffu yn flaenorol yn cynnwys gofyniad am fwy o ymgynghori gyda chymunedau Sipsiwn a Theithwyr o amgylch darpariaeth dros dro (a godwyd gan bawb gan gynnwys y Pwyllgor Craffu), yr angen i ymgysylltu'n fuan gyda'r Pwyllgor Craffu a phryderon am y diffyg eglurhad o amgylch yr argymhellion yn yr Asesiad Llety Sipsiwn a Theithwyr.
- 4.7. Er mwyn helpu i fynd i'r afael â'r pryderon hyn, argymhellir gan y Bwrdd Prosiect Asesiad Llety Sipsiwn a Theithwyr bod Grŵp Tasg a Gorffen Craffu yn cael ei sefydlu i ddarparu mewnbwn a chefnogaeth i lywio datblygiad yr Asesiad Llety Sipsiwn a Theithwyr newydd. Trafodwyd y cynnig i sefydlu Grŵp Tasg a Gorffen gyda'r Grŵp Cadeiryddion ac Is-Gadeiryddion Craffu ar 11 Mawrth 2021 ac roeddent yn cefnogi'r cynnig.
- 4.8. Diben y Grŵp fydd sicrhau bod y camau a gymerir i ddarparu'r GTAA newydd yn cydymffurfio â methodoleg Llywodraeth Cymru a bod adborth blaenorol yn cael ei gymryd i ystyriaeth o fewn y ddogfen newydd yn unol â gofynion Craffu. Yn ogystal, bydd y Grŵp yn monitro cynnydd ac yn cynghori fel bo'r angen ar ddarparu'r Asesiad. Rôl allweddol fydd helpu i ddatblygu cynllun ymgysylltu â rhanddeiliaid addas fydd yn bodloni pryderon a gofynion Craffu. Mae Cylch Gorchwyl drafft y Grŵp Tasg a Gorffen ynghlwm fel Atodiad 1.
- 4.9. Bydd y gwaith hwn yn gyfrifol am gefnogi darparu'r GTAA newydd. **Ni fydd** y gwaith hwn yn cynnwys unrhyw ddewis safle (gan nad oes unrhyw waith yn cael ei wneud ar ddewis safle ar hyn o bryd) nac yn ymateb i/adolygu materion gweithredol parhaus eraill o amgylch Safleoedd Sipsiwn a Theithwyr neu wersylloedd diawdurdod.
- 4.10. Cynigir y dylai'r Grŵp gynnwys penodi un Aelod etholedig gan bob un o Grwpiau Ardal Aelodau (MAG) y Cyngor i sicrhau lledaeniad daearyddol. Oherwydd amserlenni, gofynnir am enwebiadau gan bob Grŵp Ardal Aelodau ar hyn o bryd. Bydd y Grŵp yn cael ei gefnogi gan y Cyfarwyddwr Corfforaethol Economi a'r Parth Cyhoeddus,

Pennaeth Cynllunio, Gwarchod y Cyhoedd a Gwasanaethau Cefn Gwlad, cynrychiolwyr Gwasanaeth a'r Rheolwr Prosiect Corfforaethol. Estynnir gwahoddiad hefyd i Teithio Ymlaen (sefydliad Eiriolaeth Trydydd Sector i Sipsiwn a Theithwyr a ariannwyd gan Lywodraeth Cymru), Tîm Amrywiaeth Heddlu Gogledd Cymru. Bydd y cwmni sy'n gweithio ar ran y Cyngor, Gwasanaethau Ymchwilio Barn (ORS) hefyd yn derbyn gwahoddiad i gwrdd aelodau'r Grŵp a mynychu i roi diweddariadau fel bo'r angen.

4.11. Bydd gwaith y Grŵp angen canolbwyntio ar ddatblygu'r dull darparu a chynllun ymgysylltu â rhanddeiliaid ar gyfer yr Asesiad Llety Sipsiwn a Theithwyr, gydag adroddiad i'r Pwyllgor Craffu Cymunedau ar ddiwedd Gorffennaf, oherwydd amserlenni, mae'n bosibl y byddai angen cynnal cyfarfod Arbennig.

5. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

Bydd cwblhau'r GTAA yn cyfrannu at y flaenoriaeth Gorfforaethol. Tai drwy nodi anghenion llety'r gymuned Sipsiwn a Theithwyr.

6. Faint fydd hyn yn ei gostio a sut y bydd yn effeithio ar wasanaethau eraill?

Mae Ymgynghorwyr wedi eu caffael ar y cyd gyda CBSC i gynnal y GTAA. Bydd ymrwymiad CSDd o £5.5mil yn dod o gyllideb y CDLI. Gall gwaith y Grŵp Tasg a Gorffen nodi rhai gofynion ychwanegol ar gyfer yr ymgynghorwyr a all gael effaith ar y gyllideb. Bydd hyn yn cael ei adolygu wrth i'r prosiect ddatblygu.

Bydd natur ddadleuol y gwaith hwn a'r cynnig ar gyfer cynllun cyfathrebu ac ymgysylltu â rhanddeiliaid mwy manwl yn rhoi mwy o alw ar y Tîm Cynllunio Strategol a Thai nag asesiadau anghenion eraill sy'n ofynnol gan y CDLI. Mae ymgynghori gyda theuluoedd Sipsiwn a Theithwyr yn elfen hanfodol o'r broses GTAA. Bydd gwasanaethau Addysg a Gofal Cymdeithasol yn benodol yn cynnwys rôl allweddol yn lledaenu gwybodaeth sy'n ymwneud â'r ymgynghoriad a nodi'r teuluoedd presennol sydd ag angen yn ystod cam ymgynghori'r prosiect.

7. Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?

Mae Asesiad o'r Effaith ar Les yn cael ei gynnal ar gyfer y prosiect. Fodd bynnag, mae'r adroddiad hwn yn ceisio cymeradwyaeth ar gyfer sefydlu Grŵp Tasg a Gorffen ac nid oes angen asesiad ar hyn o bryd.

8. Pa ymgynghoriadau sydd wedi'u cynnal gyda Chraffu ac eraill?

Mae cyfres gynhwysfawr o weithgareddau ymgysylltu wedi eu cynnal gydag aelodau fel y nodir isod:

Cyfarfod	Dyddiad:
Arweinwyr Grŵp	10/2/21
Grŵp Cynllunio Strategol	17/2/21
Grŵp Strategol Tai a Digartrefedd	26/2/21
Briff Aelodau wedi'i ysgrifennu gan y GCS/Aelod Arweiniol i holl aelodau – trosolwg cyffredinol cyn Briffio'r Cyngor.	1/3/21
Grŵp Cadeiryddion ac Is-Gadeiryddion Craffu	11/3/21
Cyfarfod Briffio'r Cyngor	15/3/21

9. Datganiad y Prif Swyddog Cyllid

Fel y nodir yn Adran 6 nid oes yna gostau uniongyrchol sy'n ymwneud â sefydlu Grŵp Tasg a Gorffen a chroesewir bod costau cychwynnol ymgynghorwyr wedi'i gymryd i ystyriaeth o fewn cyllidebau presennol. Bydd angen monitro'r sefyllfa'n ofalus dros y misoedd nesaf.

10. Pa risgiau sydd ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

Mae yna nifer sylweddol o risgiau i'r prosiect a nodwyd yn ystod y camau hyn a bydd yn bwydo i broses asesu risg yr achos busnes prosiect llawn. Mae mabwysiadu proses rheoli prosiectau ar gyfer darparu GTAA newydd yn un cam i leihau'r risg. Mae diffyg cefnogaeth wleidyddol wedi'i nodi fel risg sylweddol sydd wedi arwain at angen clir i'r Arweinydd a'r Aelod Arweiniol gyfrannu'n llawn at ddatblygu'r prosiect o'r dechrau. Bydd sefydlu Grŵp Tasg a Gorffen yn sicrhau mwy o gyfraniad gan Aelodau yn y prosiect o'r dechrau.

11. Pŵer i wneud y Penderfyniad

Estynnir gwahoddiad hefyd i sefydliad Teithio Ymlaen (Sefydliad Eiriolaeth Trydydd Sector ar gyfer Sipsiwn a Theithwyr a gaiff ei ariannu gan Lywodraeth Cymru) a Thîm Amrywiaeth Heddlu Gogledd Cymru.

Bydd yr ymgynghoriaeth *Opinion Research Services (ORS)* hefyd yn cael eu gwahodd i gwrdd ag aelodau'r Grŵp Tasg a Gorffen ac i fynychu er mwyn rhoi'r wybodaeth ddiweddaraf fel bo'r angen.

3. Diben y Gwaith

Sicrhau bod y dull a ddefnyddir i gyflawni'r Asesiad newydd o Anghenion Llety Sipsiwn a Theithwyr yn cydymffurfio â methodoleg Llywodraeth Cymru a bod adborth blaenorol yn cael ei ystyried yn y ddogfen newydd, yn unol â'r gofynion Craffu.

Monitro cynnydd a chynghori lle bo angen ar sut y cyflawnir yr Asesiad. Helpu i ddatblygu cynllun ymgysylltu â rhanddeiliaid priodol a fydd yn bodloni pryderon a gofynion Craffu.

Bydd y gwaith hwn yn gyfrifol am gefnogi'r gwaith i gyflwyno'r ddogfen newydd ar gyfer Asesiad o Anghenion Llety Sipsiwn a Theithwyr. **Ni fydd** y gwaith hwn yn cynnwys dewis safleoedd nac ymateb i/adolygu materion gweithredol parhaus eraill yn ymwneud â safleoedd neu wersylloedd Sipsiwn a Theithwyr.

4. Cwmpas y Gwaith

Er mwyn i Aelodau:

- feithrin dealltwriaeth am y maes gwaith gan gynnwys y cyfrifoldebau statudol ar gyfer Asesiad o Anghenion Llety Sipsiwn a Theithwyr
- cyfrannu at ddatblygu briff gwaith yr Asesiad a monitro y bydd yn cydymffurfio â'r gofynion a'r fethodoleg a osodir gan Lywodraeth Cymru (yn cynnwys ystyriaethau'n ymwneud ag ymgynghori â theuluoedd Sipsiwn a Theithwyr) ac ymdrin â'r argymhellion blaenorol a godwyd drwy'r broses Craffu.
- adnabod rhanddeiliaid allweddol a chyfrannu at ddatblygu cynllun Ymgysylltu â Rhanddeiliaid (ar gyfer y gymuned Sipsiwn a Theithwyr fel

rhan o broses yr Asesiad a'r rhanddeiliaid ehangach fel rhan o gynllun cyfathrebu'r prosiect)

- monitro a chynghori fel bo'r angen ar sut y cyflawnir yr Asesiad ac adroddiadau dilynol er mwyn sicrhau y cydymffurfir â methodoleg Llywodraeth Cymru ac argymhellion Craffu.

5. Terfynau Amser

Gan fod terfynau amser statudol ar gyfer cyflwyno'r Asesiad o Anghenion Llety Sipsiwn a Theithwyr, bydd angen i'r grŵp Tasg a Gorffen gwrdd sawl gwaith dros y misoedd cyntaf er mwyn datblygu a chytuno gyda'r Pwyllgor Craffu ynghylch y dull cyflawni a'r cynllun ymgysylltu â rhanddeiliaid ar gyfer y gwaith.

Yna bydd ffocws y grŵp yn symud o gynorthwyo â datblygiad y dull cyflawni i fod yn un sy'n ymwneud â monitro. Trefnir y cyfarfodydd i gyd-fynd â chynllun cyflawni'r prosiect (sy'n cael ei ddatblygu ar hyn o bryd).

DRAFT

Adroddiad i'r	Pwyllgor Craffu Cymunedau
Dyddiad y cyfarfod	13 Mai 2021
Swyddog Arweiniol	Rhian Evans - Cydlynnydd Craffu
Awdur yr Adroddiad	Rhian Evans - Cydlynnydd Craffu
Teitl	Rhaglen Waith Craffu

1. Am beth mae'r adroddiad yn sôn?

Mae'r adroddiad yn gofyn i'r Pwyllgor Craffu Cymunedau adolygu ei raglen gwaith i'r dyfodol drafft. Wrth wneud hyn gofynnir i'r Pwyllgor ystyried goblygiadau'r ffocws ar weithrediadau critigol i fusnes yn ystod cyfnod argyfwng y pandemig COVID -19 a'r gwaith sy'n digwydd neu'n cael ei gynllunio dan y trefniadau adfer, tra ar yr un pryd yn cadw mewn cof yr eitemau busnes hynny oedd eisoes ar ei raglen gwaith cyn y pandemig.

2. Beth yw'r rheswm dros wneud yr adroddiad hwn?

Gofyn i'r Pwyllgor adolygu a chytuno ar ei raglen gwaith i'r dyfodol, a rhoi'r wybodaeth ddiweddaraf i aelodau ar faterion perthnasol.

3. Beth yw'r Argymhellion?

Bod y Pwyllgor yn:

- 3.1 ystyried yr wybodaeth a ddarparwyd ac yn cymeradwyo, diwygio neu'n newid ei raglen gwaith i'r dyfodol fel y gwêl yn briodol; ac
- 3.2 cytuno ar y prif bwyntiau neu'r themâu o'r cyfarfod hwn y dymuna dynnu sylw atynt trwy'r wasg a/neu'r cyfryngau cymdeithasol.

4. Manylion yr Adroddiad

- 4.1 Mae Erthygl 7 Cyfansoddiad Cyngor Sir Ddinbych yn nodi cylch gorchwyl, swyddogaethau ac aelodaeth pob Pwyllgor Craffu, yn ogystal â rheolau gweithdrefnau a trafodaethau.
- 4.2 Mae'r Cyfansoddiad yn amodi bod yn rhaid i bwyllgorau craffu'r Cyngor osod, ac adolygu'n rheolaidd, rhaglen ar gyfer eu gwaith i'r dyfodol. Trwy adolygu a blaenoriaethu materion, gall aelodau sicrhau bod y rhaglen waith yn cyflwyno agenda a arweinir gan yr aelodau.
- 4.3 Arfer sydd wedi'i fabwysiadu yn Sir Ddinbych ers nifer o flynyddoedd yw bod pwyllgorau craffu'n cyfyngu ar nifer yr adroddiadau a ystyrir mewn unrhyw gyfarfod i uchafswm o bedwar, yn ogystal ag adroddiad rhaglen waith y Pwyllgor ei hun. Nod y dull hwn yw hwyluso trafodaeth fanwl ac effeithiol ar bob pwnc.
- 4.4 Yn y blynyddoedd diweddar mae Llywodraeth Cymru (LIC) ac Archwilio Cymru wedi tynnu sylw at yr angen i gryfhau rôl craffu ar draws llywodraeth leol a gwasanaethau cyhoeddus yng Nghymru, gan gynnwys defnyddio craffu fel modd o ymgysylltu â phreswylwyr a defnyddwyr gwasanaeth. O hyn allan, disgwylir i graffu ymgysylltu'n well ac yn amlach â'r cyhoedd gyda bwriad i sicrhau penderfyniadau gwell a fydd yn y pen draw yn arwain at well canlyniadau i ddinasyddion. Bydd Archwilio Cymru yn mesur effeithiolrwydd craffu wrth gyflawni'r disgwyliadau hyn.
- 4.5 Gan ystyried y weledigaeth genedlaethol ar gyfer craffu a chanolbwyntio ar yr un pryd ar flaenoriaethau lleol, gwnaeth y Grŵp Cadeiryddion ac Is-gadeiryddion Craffu (GCIGC) argymhell yn ddiweddar y dylai pwyllgorau craffu'r Cyngor, wrth benderfynu ar eu rhaglenni gwaith, ganolbwyntio ar y meysydd allweddol canlynol:
- arbedion ar y gyllideb;
 - cyflawni Amcanion y Cynllun Corfforaethol (gyda phwyslais arbennig ar y modd o'u cyflawni yn ystod cyfnod o galedi ariannol);
 - unrhyw eitemau eraill a gytunwyd gan y Pwyllgor Craffu (neu'r GCIGC) fel blaenoriaeth uchel (yn seiliedig ar y meini prawf profion PAPER - gweler ochr gefn y 'Ffurflen Cynnig gan Aelodau' yn Atodiad 2);
 - Materion brys na ragwelwyd, neu flaenoriaeth uchel; a

- Cefnogi gwaith adfer y Cyngor mewn perthynas ag effeithiau'r argyfwng COVID-19 ar wasanaethau'r Cyngor, yr economi leol a chymunedau'r sir

4.6 Ffurflenni Cynnig ar gyfer Craffu

Fel y crybwyllwyd ym mharagraff 4.2 uchod, mae Cyfansoddiad y Cyngor yn gofyn i bwyllgorau craffu baratoi ac adolygu rhaglen ar gyfer eu gwaith i'r dyfodol. Er mwyn cynorthwyo'r broses o flaenoriaethu adroddiadau, os yw'r swyddogion o'r farn fod pwnc yn haeddu'r amser i gael ei drafod ar raglen fusnes y Pwyllgor, mae'n rhaid iddynt wneud cais ffurfiol i'r Pwyllgor i ystyried derbyn adroddiad ar y pwnc hwnnw. Gwneir hyn trwy gyflwyno 'ffurflen gynnig' sy'n egluro pwrpas, pwysigrwydd a chanlyniadau posibl y pynciau a awgrymir. Does dim un ffurflen gynnig wedi dod i law gan swyddogion i'w ystyried yn y cyfarfod cyfredol.

- 4.7 Er mwyn gwneud gwell defnydd o amser craffu drwy ganolbwyntio adnoddau pwyllgorau i archwilio testunau'n fanwl, gan ychwanegu gwerth drwy'r broses o wneud penderfyniadau a sicrhau gwell canlyniadau ar gyfer preswylwyr, penderfynodd y GCIGC y dylai'r aelodau, yn ogystal â swyddogion, lenwi 'ffurflenni cynnig ar gyfer craffu' yn amlinellu pam eu bod yn credu y byddai'r testun yn elwa o fewnbwn craffu. Mae copi o'r 'ffurflen gynnig gan aelod' i'w gweld yn Atodiad 2. Mae ochr gefn y ffurflen hon yn cynnwys siart lif sy'n rhestru'r cwestiynau y dylai aelodau eu hystyried wrth baratoi i gynnig eitem ar gyfer craffu, ac y dylai pwyllgorau eu gofyn wrth benderfynu ar addasrwydd testun i'w gynnwys ar y rhaglen gwaith i'r dyfodol craffu. Os, ar ôl cwblhau'r broses hon, y penderfynir nad yw'r testun yn addas i'w archwilio'n ffurfiol gan bwyllgor craffu, yna gellir ystyried dulliau eraill o rannu'r wybodaeth neu archwilio'r mater e.e. darparu 'adroddiad gwybodaeth', neu os yw'r mater yn un o natur leol gellir ei archwilio gan y Grŵp Ardal Aelodau (GAA) perthnasol. Ni fydd unrhyw eitemau'n cael eu cynnwys ar raglen gwaith i'r dyfodol heb i 'ffurflen gynnig ar gyfer craffu' gael ei chwblhau ac i'r pwnc dderbyn cymeradwyaeth i'w gynnwys ar y rhaglen gan y Pwyllgor neu'r GCIGC. Mae cymorth ar gael i lenwi'r ffurflenni gan y Cydlynnydd Craffu.

'Adroddiad Ymchwiliad ar Llifogydd Chwefror 2020 yn Sir Ddinbych' a'r eitem ar 'Cyfrifoldebau Rheoli Llifogydd mewn perthynas â Ffesydd y Rhyl a Phrestatyn'

- 4.8 Yn wreiddiol bwriadwyd i'r ddwy eitem uchod gael eu cyflwyno i'r Pwyllgor yn y cyfarfod hwn. Fodd bynnag, oherwydd yr oedi a achoswyd i waith Cyfoeth Naturiol

Cymru' (CNC) yn ymwneud â'r ddau adroddiad yma gan lifogydd Ionawr 2021 a'r pandemig COVID-19 derbyniwyd cais i ohirio eu cyflwyniad tan fis Gorffennaf a mis Medi yn y drefn honno. Cytunodd y Cadeirydd i'r cais ac mae cyflwyniad yr 'eitemau' wedi aildrefnu (gweler Atodiad 1).

Rhaglen Gwaith i'r Dyfodol y Cabinet

- 4.9 Wrth benderfynu ar eu rhaglen gwaith i'r dyfodol mae'n bwysig fod pwyllgorau craffu yn ystyried amserlen rhaglen waith y Cabinet. At y diben hwn, mae copi o rhaglen gwaith i'r dyfodol y Cabinet ynghlwm yn Atodiad 3.

Datblygiad Penderfyniadau'r Pwyllgor

- 4.10 Yn Atodiad 4 o'r adroddiad hwn mae tabl yn crynhoi penderfyniadau diweddar y Pwyllgor ac yn cynghori'r aelodau ar ddatblygiadau yn sgil y penderfyniadau.

5. Grŵp Cadeiryddion ac Is-Gadeiryddion Craffu

- 5.1 Dan drefniadau craffu'r Cyngor mae'r Grŵp Cadeiryddion ac Is-gadeiryddion Craffu (GCIGC) yn gweithredu fel pwyllgor cydlynu. Cyfarfu'r Grŵp ar 29 Ebrill 2021. Yn y cyfarfod hwnnw gofynnwyd i'r Pwyllgor hwn ystyried yr adroddiadau canlynol:

- Yr Adborth a Dderbyniwyd mewn ymateb i Arolwg Tenantiaid Tai'r Cyngor (gweler Atodiad 1 - cyfarfod y Pwyllgor ar 1 Gorffennaf 2021)
- Ymchwiliad Cyngor Sir Ddinbych i Lifogydd yn y Sir ym mis Ionawr 2021 (gweler Atodiad 1 – cyfarfod y Pwyllgor ar 21 Hydref 2021)

- 5.2 Gyda chyfarfodydd y Pwyllgor Craffu bellach yn cael eu cynnal o bell, trafododd y Grŵp y buddion yn ogystal ag ymarferoldeb cynnal sesiynau briffio yn union cyn cyfarfodydd ffurfiol y Pwyllgor. Penderfynwyd y dylai Cadeirydd ac Is-gadeirydd pob Pwyllgor benderfynu fesul cyfarfod a oedd y busnes ar gyfer eu cyfarfod nesaf yn haeddu cynnal sesiwn friffio ar gyfer holl aelodau'r pwyllgor. Byddai angen i'r cyfarfodydd hyn ddechrau am 9am a gorffen erbyn 9.30am er mwyn sicrhau digon o amser i'r holl fynychwyr fewngofnodi i'r cyfarfod ffurfiol cyn iddo ddechrau am 10am. Hefyd, ar fore'r cyfarfod byddai angen eu cynnal o ystafell arall yn Neuadd y Sir gan y byddai staff y Gwasanaeth Pwyllgorau yn Siambr y Cyngor yn sefydlu ac yn profi'r offer gweddarlledu yn barod ar gyfer y cyfarfod ffurfiol am 10am. Os yw aelodau unigol o'r Pwyllgor yn teimlo y byddai'r busnes sydd i'w drafod yn y cyfarfod nesaf

yn elwa o sesiwn frifio cyn cyfarfod, dylent yn y lle cyntaf gysylltu gyda'r Cadeirydd neu'r Is-Gadeirydd gyda chais i gynnal sesiwn frifio cyn cyfarfod

Cynhelir cyfarfod nesaf y Grŵp ar 1 Gorffennaf 2021.

- 5.3 Gyda'r bwriad o godi ymwybyddiaeth o waith Craffu a cheisio annog y cyhoedd i ymgysylltu â Chraffu penderfynodd y Grŵp yn ddiweddar y dylai'r tri phwyllgor craffu dreialu am gyfnod proses o ddynodi prif themâu neu bwyntiau a gyfyd yn ystod eu cyfarfodydd at ddiben eu rhannu gyda'r wasg leol ac ar dudalennau gwefannau cymdeithasol yr Awdurdod. Gofynnir felly i'r Pwyllgor gytuno ar ba themâu neu bwyntiau o'r cyfarfod hwn y dymuna dynnu sylw atynt.

6. Sut mae'r penderfyniad yn cyfrannu at y Blaenoriaethau Corfforaethol?

Bydd craffu effeithiol yn gymorth i'r Cyngor gynnal y blaenoriaethau corfforaethol yn unol ag anghenion cymunedau a dymuniadau trigolion. Bydd datblygu ac adolygu rhaglen waith cydlynol yn barhaus yn cynorthwyo'r Cyngor i ddarparu ei flaenoriaethau corfforaethol, i wella canlyniadau i breswylwyr tra hefyd yn dygymod â phwysau ar adnoddau ac ar y gyllideb.

7. Faint fydd hyn yn ei gostio a sut y bydd yn effeithio ar wasanaethau eraill?

Mae'n bosib y bydd yn rhaid i wasanaethau neilltuo amser swyddog i gynorthwyo'r Pwyllgor gyda'r eitemau a nodwyd yn y rhaglen waith a chydag unrhyw gam gweithredu yn dilyn ystyried yr eitemau hynny.

8. Beth yw prif gasgliadau'r Asesiad o'r Effaith ar Les?

Nid oes Asesiad o Effaith ar Les wedi ei wneud mewn perthynas â phwrpas neu gynnwys yr adroddiad hwn. Ond bydd y Pwyllgor Craffu, drwy ei waith yn archwilio darpariaeth gwasanaethau, polisïau, gweithdrefnau ac argymhellion, yn ystyried eu heffaith neu eu heffaith posib ar yr egwyddor o ddatblygu cynaliadwy a'r amcanion o ran lles a nodir yn Neddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015.

9. Pa ymgynghoriadau sydd wedi'u cynnal gyda Chraffu ac eraill?

Does dim angen cynnal ymgynghoriad ar yr adroddiad hwn Fodd bynnag, mae'r adroddiad ei hun a'r ystyriaeth a roir gan y Pwyllgor i'w raglen waith ar gyfer y dyfodol yn gyfystyr ag ymgynghoriad gyda'r Pwyllgor o ran ei raglen waith.

10. Pa risgiau sydd yna ac a oes unrhyw beth y gallwn ei wneud i'w lleihau?

Nid oes risg wedi ei ganfod o ran y Pwyllgor yn ystyried ei raglen waith. Fodd bynnag, drwy adolygu ei raglen gwaith i'r dyfodol yn rheolaidd, gall y Pwyllgor sicrhau y rhoddir ystyriaeth ac yr archwilir meysydd risg pan eu bod yn cael eu nodi, a gwneir argymhellion gyda'r bwriad o fynd i'r afael â'r risgiau hynny.

11. Pŵer i wneud y Penderfyniad

11.1 Adran 21 o Ddeddf Llywodraeth Leol 2000.

11.2 Mae Adran 7.11 Cyfansoddiad y Cyngor yn datgan y bydd pwyllgorau craffu ac/neu'r Grŵp Cadeiryddion ac Is-gadeiryddion Craffu yn gyfrifol am osod eu rhaglenni gwaith eu hunain, gan ystyried dymuniadau Aelodau o'r Pwyllgor nad ydynt yn aelodau o'r grŵp gwleidyddol mwyaf ar y Cyngor.
