### PRESENT

Councillors Ellie Chard, Bobby Feeley, Martyn Hogg, Carol Holliday, Alan Hughes, Hugh Irving (Chair), Paul Keddie, Terry Mendies and Gareth Sandilands (Vice-Chair)

Lead Members – Councillor Julie Mathews, Lead Member for Corporate Strategy, Policy and Equalities and Councillor Gwyneth Ellis, Lead Member for Finance, Performance and Strategic Assets.

### ALSO PRESENT

Corporate Director: Governance and Business (Monitoring Officer) (GW), Head of Corporate Support Service: Performance, Digital & Assets (HV-E), Strategic Planning and Performance Team Leader (IM), Planning and Performance Officer (EH), Scrutiny Coordinators (RhE & KE) and Senior Committee Administrator (KJ).

#### 1 APOLOGIES

Apologies for absence were received from Councillors Diane King and Andrea Tomlin.

The Scrutiny Co-ordinator informed the Committee that the Leader of Independent Group had resigned his position on the Committee and appointed Councillor Bobby Feeley to serve in his place as one of the Group's representatives.

#### 2 DECLARATION OF INTERESTS

No interests of a personal, or a personal and prejudicial nature, were declared.

#### 3 URGENT MATTERS AS AGREED BY THE CHAIR

No items of an urgent nature had been raised with the Chair or the Scrutiny Co-ordinator prior to the commencement of the meeting.

#### 4 MINUTES OF THE LAST MEETING

The minutes of the Performance Scrutiny Committee meeting held on 28 September 2023 were submitted.

#### Matters arising:

Business item 5, 'Christ the Word Catholic School Inspection Report Update' – the Chair confirmed that a progress report would be presented to the Committee in July 2024 for further scrutiny. The Vice-Chair emphasised the importance of Performance Scrutiny Committee examining and monitoring education related

matters across the Council, particularly the local education authority's provision of services and support to schools.

Business item 8, 'Denbighshire's Housing and Homelessness Strategy Action Plan' – members were advised that further scrutiny of the action plan's delivery would take place in November 2024.

It was:

***Resolved: that the minutes of the Performance Scrutiny Committee meeting held on 28 September 2023 be approved as a true, accurate and correct record of the proceedings.***

## **5 CORPORATE RISK REGISTER REPORT**

The Lead Member for Corporate Strategy, Policy and Equalities introduced the report (previously circulated) reminding members that the purpose of the Corporate Risk Register was to identify the potential future events that might have a detrimental impact on the Council's ability to achieve its objectives and delivery of the Corporate Plan 2022 – 2027.

The Head of Corporate Support: Performance, Digital & Assets advised members that the Corporate Risk Register update report had been compiled following a review in September where a number of changes had been made. Appendices to the report highlighted:

1. Appendix 1 – summary of significant changes
2. Appendix 2 - table and trend analysis of the Corporate Risks
3. Appendix 3 – detailed information on the 13 Corporate Risks
4. Appendix 4 – a reminder of the Risk Appetite Statement - agreed November 2022 to be reviewed in February 2024.

The Committee were asked to use appendices 2 and 3 as a tool to identify areas for further scrutiny to inform their forward work plan.

The Strategic Planning and Performance Team Leader explained that the review had been comprehensive to reflect the change in the structure and circumstances of the Council. It had also been an opportunity to merge and de-escalate some risks.

At the last review in February 2023 there were 20 Corporate Risks. Of those 9 had been amalgamated / de-escalated to a Service level (para 4.5 of the report referred). Two new risks – 51 and 52 - had been added to the Register to reflect the financial situation of the Authority, culminating in a total of 13 identified risks. Seven of those risks were inconsistent with the Risk Appetite Statement i.e. serious enough to be on the Register.

Responding to the Committee's questions Officers advised:

- The Strategic Planning Team (SPT) were actively engaged with officers, the Corporate Executive Team (CET) and service management teams to address risk and performance management issues.
- Risk around capacity had increased under the budget pressures, that risk was common across all services.
- The SPT were also supporting the budget process by collating information around the impact of budget cuts on wellbeing and future generations by focussing the WBIA on key cohorts in the communities and wellbeing goals.
- The budget process was comprehensive and underway, working via workshops for proposals to deal with major savings. In addition the proposals were circulated to members and Teams meeting arranged for their consideration. Whereas the Budget used to be an annual 'event' moving forward it would be an ongoing process.
- The Strategic Direction paper previously shared with members indicated that the direction of travel was a Council that transforms what / how it worked rather than chipping away at services on an incremental basis.
- Information on proposals had been circulated to members (workshops and Teams meetings for questions and answer (Q&A) sessions with the Head of Service). Members were able to raise concerns on any proposals at those briefings.
- All proposals subsequently had to go through the open and transparent decision making democratic process e.g. Cabinet. If members were unhappy with the decision made there was an opportunity to call the decision in for scrutiny.
- The law provided that decisions made by Local Authorities were divided into executive functions (under the Cabinet, Lead Member Delegated Decision or Lead Officer Delegated Decision) and non-executive functions (Council). Council could not overturn a Cabinet decision. Scrutiny could challenge a decision and ask for it to be reconsidered but Cabinet was the ultimate decision maker.
- The Risk Appetite indicated the level that the Council would like the risk to be rather than where it was at that time.
- Nationally there had been concern around children being placed in unregulated placements. An information report would be requested from the Head of Children's Service as to whether Denbighshire had any children placed in unregulated premises.
- With respect to the recruitment of Care Workers, the Authority recruited on the basis of knowledge, skills and experience – not their gender or age. All Equalities (Act 2010) provisions were applied within the recruitment process.
- In the care sector, particularly with the lower graded roles, it was difficult to compete with the higher wages of the retail and hospitality sectors.
- Nationally there were not enough qualified social workers to fill the vacancies.
- The Authority continued to streamline its recruitment process and consider the of suitability of career graded posts to address problems around recruitment.
- Fraud would always be on the Corporate Risk Register - given the number of employees, external individuals/companies and spending undertaken. It was

important to have clear controls to prevent, deter, investigate and deal with fraud.

- The Authority already paid more than the National Living Wage (NLW), therefore the increase to the NLW would have no further impact on budget considerations.
- With respect of Risk 45 (Climate Change) it was the risk of not moving quickly enough on circumstances within the Council's control that could lead to reputational risk. It was to be noted that the Corporate Risk Register was a register of risks to the business – not the community.
- Whilst the Council could not change the risk of an unexpected or unplanned serious event occurring it could change its preparedness by its business continuity plans.

During the discussions the Lead Member for Equalities addressed the suggestion made by Councillor Terry Mendies - in respect of targeting care work recruitment towards mature women, rather than younger women who may take maternity leave at the rate payers' expense – as being wholly inappropriate and discriminatory towards women.

The Committee requested further information on:

- The number of (and reason for) children under the Authority's care in placements in unregulated premises (risk 50);
- The figures attributed risk 31 - The risk of fraud and corruption resulting in financial and reputational loss and possibly impacting on service delivery.

At the conclusion of an in-depth discussion the Committee:

***Resolved:*** *subject to the above observations and the provision of the additional information requested to receive and acknowledge the –*

- (i) amendments made to the Corporate Risk Register through the September 2023 review (Appendix 3), including the status of each risk against the Council's Risk Appetite Statement (Appendix 4); and*
- (ii) to receive and endorse the summary document (Appendix 2) which incorporated the colour and trend status.*

**At this juncture the Committee adjourned for a 15 minute break.**

## **6 COUNCIL PERFORMANCE SELF-ASSESSMENT UPDATE**

The Lead Member for Finance, Performance and Strategic Assets and the Head of Corporate Support Service: Performance, Digital & Assets introduced the report (previously circulated) that provided an update on the Council's performance against the Corporate Plan up to the end of quarter 2, September 2023.

There were changes in the presentation of the Performance Update Report compared to that in quarter 1, the changes were highlighted under section 4.4 of the report to more easily identify corporate successes and areas of improvement.

Cabinet had considered the Performance Update Report the previous week and identified two performance areas for improvement which had been added to the Q2 report:

- Housing and Environmental Services – to provide an update on the performance against the indicator relating to the percentage of damage to roads and pavements made safe in target times.
- For the Organisation to provide an overview of the cultural offer provided across Council services as part of the plan to develop setting out the Cultural Strategy and how that would connect with personal and economic wellbeing.

It was anticipated that sustaining performance was likely to be challenging going forward given the financial pressures and subsequent unavoidable service reductions.

The Planning and Performance Officer gave an overview of the report explaining that the objective was to identify where the performance measures were at within each of the nine Corporate Plan Themes, projects and activities.

Overall the performance ratings were for:

- Measures – orange (acceptable) and
- Projects – yellow (experiencing obstacles) apart from the theme of A Fairer, Safer Denbighshire where the rating was red (priority for improvement) due to the ongoing problems relating to poverty and worklessness.

Summarising the position on the various Corporate Themes the Planning and Performance Officer advised:

A Denbighshire of quality housing that meets people's needs -

- The new 'My Home Denbighshire' intervention had resulted in fewer individuals as presenting as homeless. There were fewer numbers on the Single Access Route to Housing (SARTH) waiting list, but the numbers were still higher than the Authority wished to see on the list.
- Financial pressures and lack of capacity had proved challenging in the energy efficiency projects for council homes in preparation for the new Welsh Housing Quality Standards (WHQS).

A prosperous Denbighshire -

- Still some challenges around the larger projects in Denbigh and Rhyl due to delays and funding shortages. It was anticipated that the recent announcement of Levelling Up 3 award would address those problems.
- Tourism and associated spending had increased.
- Incomes and employment remained a priority for improvement. An economic strategy had been developed, utilising external expertise and capacity from the Wellbeing and Future Generations Commissioner's Office.

A healthier and happier, caring Denbighshire -

- Some challenges around embedding the whole school approach to mental health.

A learning and growing Denbighshire –

- Still waiting for attainment measures from Welsh Government to be able to understand the performance of schools within the given context.
- The Modernising Education Programme was still experiencing delays – specific updates were included within the content of the report.
- Early Years support, Llwybrau and Working Denbighshire were achieving some positive outcomes.

A better connected Denbighshire –

- Repair of damage to roads and pavements remain a cause for concern.
- The 20mph speed limit had now been implemented.

A greener Denbighshire –

- Still looking at methodology around measuring the carbon tonnage reduction from supply chains.
- Preparation was underway for reviewing the strategy.

A fairer, safe, and more equal Denbighshire –

- The free school meals programme was expanding.
- There had been an increase in figures received from North Wales Police (NWP) around domestic violence and repeat offending. It was understood that the rise was due to a change in reporting methods.
- Concern regarding employees' completion of equality modules had been flagged and was being addressed.

A Denbighshire of vibrant culture and thriving Welsh language –

- As a result of the pandemic and subsequent lockdowns there had been a decrease in children continuing their education through the medium of Welsh, plans were ongoing to encourage more children into nurseries through the medium of Welsh.
- Work around the cultural strategy had been paused for a while but there were many projects ongoing to support the Welsh language and culture through heritage venues, tourism, libraries and national park and levelling up projects etc.

A well-run, high performing Council –

Being open and transparent was part of the Council's core values. The new Well-Run, High Performance Council Board had been established to embed the organisational culture more deeply. An all member workshop was planned for January 2024 to establish how they wish to be involved.

Responding to the Committee's questions officers advised:

- Performance was reported in arrears (3 months) therefore issues around employee capacity might be recorded in December – given the restriction on staff vacancies implemented in September. The impact of future changes would be reported similarly.

- Thresholds / measurements may need to be reconsidered depending impact of proposed changes.
- Discussions would need to be held with Cabinet for the potential reduction of Corporate Themes in light of the budget cuts.
- The Verto performance management system was limited to the functions that the Council paid for – generally used as a reporting tool rather than performance management.
- The Well-Run, High Performance Council Board would be looking at the culture of the Council and how Performance Information data was used would be under consideration.
- There was a statutory duty to report on the seven key governance areas, detailed in the report. They referred to matters such as the Corporate planning processes, performance management, financial management, procurement processes etc. the governance of the Council rather than functions and services delivered.
- An update to the Welsh Index for areas of Multiple Deprivation (WIMD) were expected late 2025 or early 2026.
- Whilst developing the theme around a Fair and Equal Denbighshire information was drawn from a number of available national data around poverty, including Data Cymru.
- Sources for the content of the Performance Framework could come from various directions, such as:
  - National publications
  - Welsh Government
  - Service plans
  - Strategic Boards
- There may well be productivity gains to be made by the Council via the likes of Artificial Intelligence (AI) / ChatGBT. Its use would need to have regard to ethical principles and data protection (GDPR) legislation.

The Committee raised concern around the percentage of Year 11 school leavers not known to be in Education, Employment or Training. The Scrutiny Coordinator advised that there was a report due to be presented to Performance Scrutiny Committee in the new year on Ensuring Engagement in Education.

Following the discussion

The Committee:

***Resolved: subject to the above observations, and consideration being given to issues raised during the discussion in relation to the Council's ability to deliver the full suite of corporate priorities during a prolonged period of financial constraints, to receive and acknowledge the progress made to date in delivering the Council's Corporate Plan during Quarter 2 2023/24.***

## 7 SCRUTINY WORK PROGRAMME

The Scrutiny Co-ordinator introduced the report and appendices, (previously circulated) the purpose of which was to seek the Committee to review its programme of future work.

The next meeting of the Performance Scrutiny Committee was scheduled for the 25 January 2024, proposed for that meeting were two agenda items.

- I. Library Service Standards 2022/23 and
- II. Ensuring Engagement in Education.

The report on the Economic and Business Development Strategy due to come to January's meeting had been moved with the permission of the Chair to March's meeting.

The Scrutiny Coordinator reminded the Committee that if there was anything in the reports presented at the current meeting which in their view merited further scrutiny they should complete the form in appendix 2 for the next Scrutiny Chairs and Vice-Chairs Group (SC&VCG) who would next meet in January.

At the recent meeting of the SC&VCG they had considered a proposal to consider the processes/procedures for applying for grant funding e.g. Levelling Up Fund/Shared Prosperity Fund (SPF) to ensure the Authority was able to respond and submit applications at short notice if necessary. More work was required in relation to scoping out the purpose of the report and the outcomes of examining the matter, but it was anticipated that it would be added to the forward work programme, probably in the spring 2024.

An information report regarding the Management of Council House Stock was listed on the forward work programme for the submission to the Committee in March 2024. The topic was closely related to an item on the Communities Scrutiny Committee's agenda on 1<sup>st</sup> February and would therefore be included in that report.

It was:

**Resolved: subject to the above to confirm the Committee's forward work programme as set out in Appendix 1 to the report.**

## **8 FEEDBACK FROM COMMITTEE REPRESENTATIVES**

The Chair, Councillor Hugh Irving, informed the Committee that he had been unable to attend a recent meeting of the Queen's Building Project Board as he was away on holiday. The Board would be holding its next meeting the following week and he would be attending that meeting.

The Vice-Chair, Councillor Gareth Sandilands, reported on a recent meeting of the Capital Scrutiny Group (CSG) which he had attended. At that meeting the Group had considered financial bids for the Ruthin Velodrome Project, school building extension works, financial bids for minor adaptations work, along with how capital funds would be spent in future.

The Committee:

**Resolved: to receive the verbal reports provided.**

Meeting concluded at 12.20pm

## **1. What is the report about?**

- 1.1. The report provides the current position with regards to School attendance and engagement in education and the response taken to address matters when concern exists at individual pupil level in Denbighshire.

## **2. What is the reason for making this report?**

- 2.1. To provide information and explain the measures in place to support vulnerable pupils to re-engage with their education and deepen an understanding of the regional and national context in addressing the current level of concern nationally.

## **3. What are the Recommendations?**

- 3.1 Scrutiny are invited to discuss the details of this report and to identify any matters raised that require further clarity or examination in the future.

## **4. Report details**

### **Context**

- 4.1 School attendance rates in 2018/19 pre- pandemic school year ended with primary schools achieving an overall figure of 94.8% and secondary schools 93.7%

- 4.2 The Welsh Government (WG) statistics for September 2022 to June 2023 demonstrate the drop in attendance over the last three years across Wales authorities is significant with an overall average across authorities achieving 88.9 % Primary/Secondary combined.
- 4.3 [Jeremy Miles MS](#) has also recently announced plans to bring Wales in line with England where persistent absence is defined as 10 per cent of half day sessions missed (30 sessions) rather than the current 20 per cent absence rate of persistent absence which equates to 60 half day sessions a year.
- 4.4 Denbighshire has received additional WG funding through the Local Authority Education Grant (LAEG) to address and support education and schools. We are developing cohesive community links in authorities to address this current trend and focus on community belonging and access to services which ensures children access their right to education but also receive services broader and wider than just education alone.
- 4.5 The recently published guidance from the WG replicates this focus within its title [Belonging, Engagement and Participation](#) .
- 4.6 The community and belonging terms are central to the government and LA position on tackling the low levels of re-engagement of pupils back to education.
- 4.7 The “terms” above are now the driving force for the recently published WG guidance to address the importance in promoting attendance and the difference this can make to children’s outcomes and opportunities beyond their statutory education.
- 4.8 This guidance will form part of the existing attendance procedures for schools in Denbighshire reflecting where necessary the key themes and expectations of actions by local authorities.
- 4.9 Denbighshire Education Department provide schools with a template Attendance Policy that ensures compliance, effective management and support. The policy can be found in **Appendix 1** with a summary of content in **Appendix 2**

## **Vision and Scope**

**There is no one solution, one group or one service that can address this issue.**

- 4.10 The LA must look at how we utilise the recent reforms in the national curriculum, Additional Learning Needs and Education Tribunal (ALNET) (Wales) Act 2018, and the resources and connections both within the authority but also within its business and commerce sector to offer wider and connected links to broaden opportunities for our children in Denbighshire.
- 4.11 The scope of the above in turn addresses many issues children deal with daily apathy, despondency and more worrying mental health and well-being which has increased significantly since the pandemic. Most if not all referrals from schools to the Education Welfare Service have a repeating theme of the above issues and the question to be answered is how we collectively change this landscape and offer opportunity and a vision that is tangible.

### **Position Statement**

- 4.12 Currently the overall performance of Denbighshire is 90.1%, the average across Wales from September to November 2023 is 91.3% . A more detailed analysis of our current position regarding Attendance and current support is available in **Appendix 3**

### **Good Practice**

- 4.13 A whole school approach is common across Denbighshire schools where all staff regardless of role can make a difference to a child in a school setting that places the child central to all its work with a common interest of learning, care and well-being. Schools have in place pastoral teams and support staff working with pupils to improve learning outcomes but also understanding the care of our vulnerable learners who are subject to adverse childhood experiences, complex family's issues, poverty, disadvantage and increasing mental health anxiety and disengagement issues.
- 4.14 A series of guides have been created to support schools and families to understand the expectations around good attendance and also provide clarity through a series of frequently asked questions (FAQ's). Examples of these can be seen in **Appendices 4, 5 and 6.**

## **Fixed Penalty Notices**

The fixed penalty notice code of conduct in Denbighshire enables the authority based on the school attendance evidence of a pupil to issue warning letters to a parent. This is an early notification to the parent after regular contact by school that poor attendance is an ongoing concern. Parents can receive a fine where these warnings are not acted upon within a reasonable amount of time.

These measures are taken as a last resort and in extreme cases only where all efforts to engage a parent have failed by school, this is in line with the current guidance from the WG and statement from Jeremy Miles Minister for Education and Welsh Language.

Action is also taken where non-payment of fine occurs and in these circumstances (43 days) a report written by the education welfare officer is referred through to legal services.

The matter reverts back to the original offence which is **“a parent is guilty of an offence if their child of compulsory school age, who is a registered pupil at a school, fails to attend regularly-** Section 444 (1) Education Act 1996.

| <b>Fixed Penalty Notices</b> | <b>School Year</b> | <b>Warning issued</b> | <b>Fines Issued</b> |
|------------------------------|--------------------|-----------------------|---------------------|
|                              | 2021/ 2022         | 42                    | 7                   |
|                              | 2022/2023          | 234                   | 22                  |
| Current School Year          | 2023/2024          | 103                   | 5                   |

Please see **Appendix 7** for more information regarding FAQ on the Fixed Penalty Notice process.

## **5. How does the decision contribute to the Corporate Plan 2022 to 2027: The Denbighshire We Want?**

5.1 This area of work contributes towards making Denbighshire a place where young people want to live and work and have the skills to do so. It also contributes to make Denbighshire a place where young people can flourish and have the best start in life regardless of any issues or challenges they may be facing.

## **6. What will it cost and how will it affect other services?**

- 6.1 Currently the local authority (LA) is supported by external grants to address the current level of concern nationally and locally regarding the impact of poor attendance and the progress to regain and surpass the levels achieved in 2018/19.
- 6.2 If the funding were to reduce in the settlement from the WG in 2024/25 a review would need to be taken to look at the strategic direction of the county relating to the future investment to support this high priority area. Denbighshire has a clear understanding that WG current drive by the Minister for Education is to engage learners.
- 6.3 Future inspections of our schools by Estyn will prioritise this area of performance based on investment of grants and how schools address this area of work. The performance of the authority to develop opportunity for young people in Denbighshire will be scrutinised across many services.

## **7. What are the main conclusions of the Well-being Impact Assessment?**

- 7.1 There is no decision or proposal for change required and therefore a Well-being Impact Assessment is not required.

## **8. What consultations have been carried out with Scrutiny and others?**

- 8.1. Discussions with headteachers recently (November 2023) discussed the current position and highlighted the recent WG guidance "Belonging, Engagement, Participation". There was recognition that schools must look at how they work with families focusing on a whole school approach that plans, supports and integrates the care of pupils to maintain and improve engagement with education.

## **9. Chief Finance Officer Statement**

- 9.1 Please see Section 6

## **10. What risks are there and is there anything we can do to reduce them?**

10.1 The risks of not achieving the WG and LA strategic objective will potentially see a lower number of children accessing school regularly in Denbighshire thus impacting on their outcomes and futures.

## **11. Power to make the decision.**

11.1 Education Act 1996 – Section 444

11.2 Scrutiny's powers in respect of this matter are detailed in Section 21 of the Local Government Act 2000 and Section 7 of the Council's Constitution.

| Parents’ Guide to Attendance Monitoring in Denbighshire Schools .....  | 35 |

## 1. INTRODUCTION

Denbighshire County Council has set out a clear statement of intent relating to school attendance with the introduction of an attendance procedure to be ratified and implemented across all schools in the County.

This model procedure is intended to set out an over-arching statement of appropriate protocols and practices relating to the management and promotion of school attendance in Denbighshire.

Schools set a range of attendance targets and absence targets, for statutory aged pupils (i.e. from the fifth birthday of a child in Reception to the last Friday in June, and where the child is sixteen by the end of that school year's summer holidays) and incorporates these in its key plans. The Local Authority supports schools to set their own targets using figures from the All Wales Core Data Set\* on Attendance.

\*<http://schoolportalwales.org.uk/Default.aspx> (Please note: this is a restricted link only accessible by Head Teachers with a username and password.)

Active and meaningful partnerships with schools, pupils and other agencies will be essential to the successful achievement of these targets.

## 2. INTENT

In order to improve levels of school attendance and punctuality the Local Authority will employ five key strategies:

- Provision of support and challenge to all schools, focusing resources on those schools with the most identifiable needs.
- Development of a range of performance indicators and subsequent setting of realistic yet challenging targets using the Core Data Set.
- Provision at school level to support individual pupils who experience difficulties in attending school regularly, working with parents/carers to achieve improvement and commitment to the pupils' education.
- Provision of equitable support to parents, balancing assistance with insistence to ensure that all parents meet their legal responsibilities in relation to school attendance.

- The continuing development of effective multi–agency working practices at school level in order to facilitate early intervention and sustained and improving levels of attainment of pupils.
- In developing the policy and practice for promoting school attendance, Denbighshire County Council will recognise the national context and central government priorities and balance this with the need to respond to the local context and particular priorities in Denbighshire.
- The Local Authority lead officer with responsibility for the development of school attendance policy and practice will be the Education Social Work Team Leader.

### 3. AUTHORISED/UNAUTHORISED ABSENCE

It is vital to emphasise that there are two types of absence: authorised and unauthorised. Parents may need to be reminded that a letter or a phone call does not in itself authorise an absence, only the Headteacher's acceptance of the explanation offered by the letter or phone call authorises the absence. Schools will follow the Denbighshire Attendance Procedures in order to monitor, support and address attendance issues. Schools should develop a close working relationship with the Education Social Work Service in order to promote regular school attendance.

Absences from school will be authorised if the parent/carer can prove any of the following statutory defences:

- by reason of sickness or any unavoidable cause; or
- absent on any day exclusively set apart for religious observance by the religious body to which the parents belong; or
- absent because the school at which the child is a registered pupil is not within walking distance and no suitable arrangements have been made by the Local Authority. \*See link to Denbighshire County Council's School Transport Policy for further information.

\* <https://www.denbighshire.gov.uk/en/your-council/strategies-plans-and-policies/education-and-schools/school-transport-policy.pdf>

If a child is absent with the approval of the school, for whatever reason, no offence is deemed to have been committed, thus, the decision taken by the school to give or withhold authorisation for an absence is a critical factor in determining the Local Authority decision to prosecute.

An explanation is required for every absence. If one is not forthcoming the absence will be treated as unauthorised.

Unauthorised absence is absence without approval from the Headteacher of the school. Regular unauthorised absence is an offence in law.

Parentally condoned absence is often more difficult to identify than any other form of pupil absence and is equally as damaging to the pupil's educational experience as any other form of absence. If school staff have reason to doubt that the explanation offered about a particular absence is genuine, the absence should be treated as unauthorised.

Since all absences are to be treated as unauthorised unless and until school agree on a satisfactory explanation, it is important that schools have procedures, consistently applied to pursue explanations and for amending registers. Such procedures would include a request for medical advice from relevant medical professionals.

#### **4. RESPONSIBILITIES OF SCHOOLS**

Schools are primarily responsible for supporting the attendance of their pupils and for responding to difficulties and issues which might lead to non-attendance following Denbighshire County Council's Attendance Procedures (see Appendix 1).

Schools should adopt a positive and proactive approach towards attendance matters. Schools which encourage parents to take an active role in the education of their children can play a major role in improving levels of attendance and punctuality and in reducing absenteeism.

It is a legal requirement that schools will:

- Maintain attendance registers in accordance with the Education (Pupil Registration) (Wales) Regulations 2010\*. The register is a legal document and must be kept accurately. The register may be requested in a court of law as evidence in a prosecution for non-attendance, or for the issuing of a Fixed Penalty Notice.  
\* <http://www.legislation.gov.uk/wsi/2010/1954/made>
- Accurately record each school session to show whether a pupil was present, or absent and whether authorised or unauthorised (according to criteria laid down by the Education Act 1996)\*. Key to this work is the appropriate registration codes being applied by the registration staff.  
\*<http://www.legislation.gov.uk/ukpga/1996/56/contents>
- All Denbighshire schools must use the Welsh Government registration codes. See link below for further information:  
<http://dera.ioe.ac.uk/565/1/100628attendancecodes4ien.pdf>

- Remind parents it is the decision of the Headteacher as to whether or not an absence will be authorised.
- Schools must ensure registers are updated daily to ensure that the data being analysed by the central data team and the Education Social Work Service is accurate.
- Set annual targets to reduce absence and submit these targets in accordance with the statutory regulations. Targets should be submitted to:  
<http://gwe-sms.blahwebserver.com/Account/Login> (Please note: this is a restricted link only accessible by Head Teachers with a username and password.)
- Schools are required by law to have an attendance policy and are therefore strongly recommended to adopt the Denbighshire County Council Attendance Procedure. (See Appendix 1). The following should be personalised to every school:
  - Clear information is regularly communicated to parents through the school prospectus, newsletters, parents' evenings and through school web-sites. Parents should receive accurate and detailed information from school about attendance both at child level and overall school performance.
  - Opening and closing time of school with emphasis placed upon the need for a pupil to arrive on time.
  - Designated school staff must be aware of the importance attached to monitoring of attendance data looking at progress, trends and registration codes regularly. If a school is to be effective, designated staff need to analyse data at individual pupil level on a weekly basis.
  - Ensure school administration staff understand the SIMS attendance procedures and can support the school management team by producing reports on attendance.
  - Have in place first day contact with parents/carers, particularly in relation to pupils who are known to be poor attenders or who might otherwise be at risk.
  - Where absence is authorised, the school should remain vigilant to emerging patterns of non-attendance.
  - Schools must have a named governor with responsibility for attendance who receives a termly report on performance presented by the Headteacher at governor meetings.

- Schools must have in place a key senior member of staff with overall responsibility for attendance, monitoring the above activities.

‘Good Practice: Guidance for Schools’ is attached in the appendices of this document. (See Appendix 2).

#### **4.1. PUPIL REINTEGRATION AFTER ABSENCE**

After any period of absence, schools should consider whether the child requires support to reintegrate back into school. An Attendance Support Plan (see Appendix 3) should be used by schools to aid this process and each case needs to be managed on an individual basis.

- A named key worker with whom the pupil is comfortable should be appointed to support the pupil.
- Negotiate an Attendance Support Plan supported and agreed with the child, parent and school.
- Support identified within the Attendance Support Plan needs to be in place in readiness for the child’s return.
- The pupil needs to feel welcome and supported on their first day.
- The identified key worker needs to debrief with the child at the end of each day throughout the reintegration period to eliminate any problems which may contribute to the child not returning.

#### **4.2. SCHOOL SELF-EVALUATION AUDIT TOOL**

The Self-Evaluation Audit Tool (see Appendix 4) will be undertaken by all schools on an annual basis. Key features of these audits are to record key actions and areas for improvement:

- Analysing attendance data
- Examining existing procedures
- Inspecting attendance-related documentation
- Assessing communication with parents
- Considering strategies used to promote attendance
- Evaluating the response to Local Authority enquiries
- Identify training needs in the school

The audit will form part of the work with the Local Authority to address areas identified within the School Improvement Plan. The Education Social Work Service will support schools in this process.

(Copies of these documents are available electronically via the DCC Intranet - for education use only.)

## 5. RESPONSIBILITIES OF PARENTS

For the purposes of the Education Act 1996, 'Parent' means all natural parents/carers whether they are married or not, it includes any person who although not a natural parent, has day-to-day care of a child or young person.

Having care of a child or young person means that a person with whom the child lives and who looks after the child, irrespective of what their relationship is with the child, is considered to be a parent in education law.

Parents can do a great deal to support the regular and punctual attendance of their child. Parents should:

- Ensure a good home routine is in place to prepare their child for the following school day (for example, school bag packed, uniform ready, an age-appropriate bedtime routine, a good early morning start including breakfast).
- Ensure that their child arrives at school on time each day.
- Inform the school on the first day of their child's absence and keep the school regularly updated throughout the absence period.
- Ensure explanations for absences are a true reflection of the circumstances to enable schools to offer support to improve attendance.
- Expect contact from school regarding any unexplained absence of their child.
- Expect and be open to support from the school in order to improve their child's school attendance.
- Be aware that action can be taken in law to address unauthorised absence from school including a Fixed Penalty Warning notification at 5 days' unauthorised absence, followed by a Fixed Penalty Notice for 10 days or more unauthorised absence, an Education Supervision Order or parental prosecution.
- Schools will not approve holidays during term time. Only in exceptional circumstances will the Headteacher be in a position to consider the reasons for requesting holiday approval following the Exceptional Circumstance rule\*. (Welsh Government Directive).

\*<http://gov.wales/topics/educationandskills/schoolshome/pupil/support/framework>

- The Headteacher will remove the child from their school roll if a parent requests to take their child on an extended absence (i.e. longer than four continuous weeks, including exceptional circumstances). On return to Denbighshire, the parent would need to reapply to the Local Authority for a school place.

**Please note:** School places are offered based upon school numbers at the time of application. Parents may be unsuccessful in securing a school place in the same school their child was previously registered prior to the extended absence.

## **5.1. STATUTORY FRAMEWORK**

Section 444 of the Education Act 1996\* states that:

“The parent of every child of compulsory school age shall cause him/her to receive efficient full time education suitable to his /her age, aptitude and ability and to any special needs he/she may have either regular attendance at school or otherwise.”

“a pupil is required to attend regularly at the school where they are registered as a pupil.”

Furthermore, Section 444 states that:

“If a child of compulsory school age who is a registered pupil at a school fails to attend regularly at the school, his parent is guilty of an offence.”

\* <http://www.legislation.gov.uk/ukpga/1996/56/section/444>

## **6. RESPONSIBILITIES OF THE LOCAL AUTHORITY**

Under Section 437 of the Education Act 1996, Local Authorities have a duty to ensure a child for whom they are responsible is receiving a suitable education either by regular attendance at school or otherwise.

Section 436A of the Education and Inspections Act 2006 requires that Local Authorities must make arrangements to enable them to establish (so far as it is possible to do so) the identities of children residing in their area who are not receiving a “suitable education”.

Implementation of the duty under Section 436A should be integrated with a wider range of duties placed on Local Authorities, including the Children’s Act 2004 and the Welsh Government’s ‘Safeguarding Children Working Together’ that aims to provide outcomes, and safeguard and promote the welfare of children.

The Local Authority has the responsibility of enabling pupils and parents who experience difficulty in maintaining regular or punctual attendance at school, and to enforce attendance, where appropriate, through legal proceedings. In Denbighshire, this work is undertaken by the Education Social Work Service, working with other services who regularly offer significant input in the process.

\* <http://www.legislation.gov.uk/ukpga/2006/40/section/4>

\* <http://www.legislation.gov.uk/ukpga/2004/31/contents>

## **6.1. RESPONSIBILITIES OF EDUCATION SERVICES (EDUCATION SOCIAL WORK SERVICES)**

The Education Social Work Service acts on behalf of the Local Authority who has a duty to provide appropriate education to all statutory school age pupils in the County. The Education Social Work Service has the strategic responsibility for the writing and implementation of policies, operational procedures and codes of conduct in relation to school attendance.

In addition to improving overall school attendance research shows that children who are not in school are more vulnerable and can be easily drawn into crime, anti-social behaviour and community based issues. The Education Social Workers undertake individual case work as part of the Denbighshire Attendance Procedure. (See Appendix 1).

The Education Social Workers are centrally based, responding to the needs of schools and families as they arise. Schools and families can contact the Education Social Work Service through the helpline number – 01824 708064.

## **6.2. REFERRALS TO THE EDUCATION SOCIAL WORK SERVICE**

Schools must evidence that they have followed the Denbighshire Attendance Procedures (see Appendix 1) prior to referral. Referrals to the Education Social Work Service are made using the Inclusion Referral form\* via e-mail to [\\*inclusion.referrals@denbighshire.gov.uk](mailto:inclusion.referrals@denbighshire.gov.uk). An acknowledgement of receipt will be automatically sent to schools.

Once the referral is accepted, the allocated Education Social Worker will engage in individual case work in conjunction with the pupil, parents, schools and any other relevant agencies.

The Education Social Work Service will assist in removing barriers which may prevent a child from receiving full-time education by employing a range of practices and strategies in their case work and only where necessary resorting to legal intervention.

## **6.3. LOCAL AUTHORITY MONITORING AND SUPPORT**

The Local Authority Officers and Education Social Work Service will monitor attendance through regular inspection of centrally held data on all schools. It is the role of the Education Social Work Service to analyse and disseminate data on attendance.

Continuous analysis of school data informs the Education Social Work Service's day-to-day operational planning and long-term strategic direction.

The Education Social Work Service will provide local and national data to enable schools to act upon it with the aim of improving educational outcomes and social inclusion.

Thorough analysis of attendance data can help highlight the early indicators of disengagement, which can ultimately lead to persistent absence.

#### **6.4. RESPONSIBILITIES OF CHILDREN SERVICES**

Children Services staff undertake assessments of 'Children In Need', in collaboration with other relevant professionals. The assessment will look at all aspects of the child's developmental needs, including his or her educational needs. Education Social Workers may bring to the attention of Children Services, children who have been referred to them due to attendance difficulties, who in their professional opinion may require additional support in accordance with the Local Authority's eligibility criteria for 'Children In Need'.

The Education Social Work Service and schools work closely with Team Around the Family (TAF) and other such agencies and will consider referrals if there are issues other than education that are preventing full attendance at school.

#### **6.5. POLICY OF SUPPORTING LOOKED AFTER CHILDREN (LAC)**

Denbighshire County Council is committed to securing the best possible educational outcomes for 'Looked After Children' (LAC). It believes that regular, punctual, uninterrupted attendance at school is vital to help ensure that Looked After Children are able to make the most of the educational opportunities which are available to them. (See Appendix 5 for Looked After Children Policy).

#### **6.6. MULTI-AGENCY NETWORKS AND PARTNERSHIPS**

The Local Authority recognises that the reasons for persistent non-school attendance are such that no single service or agency can expect to successfully address the issue. The Local Authority strives, therefore, through the development of area and locality working, to develop a multi-agency, cross-service, inter-disciplinary approach. This is characterised by the delivery of a child-centred, seamless, co-ordinated and effective response.

## **6.7. SCHOOL NURSING AND OTHER HEALTH AGENCIES**

The School Nursing Service is accessed through a referral system. (See Appendix 6).

The School Nursing Service is offered to all parents/carers, but parents can decline service.

On school entry and on commencing secondary school, the School Nursing Service sends parents/carers a health questionnaire. It is really helpful if the school can encourage the return of this information in order for the school nurse to link in with families at the earliest opportunity. The School Nursing Service health questionnaire, together with a handover from the Health Visitor, is used to identify any health issues likely to impact on the child's school attendance.

Where issues are identified, a referral will be made to health colleagues or other agencies. School nurses, as with school staff, are required to work in a confidential manner, therefore parents are encouraged to share this information directly with the school.

With parental consent, school nurses may have a role to play in giving advice to the staff on supporting parents and children and young people with their:

- Health & Well Being
- Exercise
- Healthy Eating
- Sexual health
- Immunisations
- Behaviour (e.g. sleep, continence, bullying)
- Chronic long term conditions

School nurses are unable to access GP records without the consent of parents. Schools are therefore advised to request that parents sign a consent form that the school or parent can forward to the GP for release of health information held by the surgery in order to support the family and the pupil with attendance issues at school.

## **6.8. LINKS WITH OTHER LOCAL AUTHORITIES**

Denbighshire has strong links with the Education Social Work/Welfare Services across North Wales. Regular meetings take place to share good practice and coordinate actions that affect each Authority, and also cross-working arrangements with legal intervention and codes of conduct.

## **7. FIXED PENALTY NOTICE**

A Fixed Penalty Notice can be issued by the Local Authority at the request of the school in relation to unauthorised absences from school.

Please refer to the following documents:

- Denbighshire County Council's Local Code of Conduct regarding Education Fixed Penalty Notices. (See Appendix 7).
- Denbighshire County Council's Attendance Procedures. (See Appendix 1).

A Fixed Penalty Notice can be requested by the school where a child has 10 or more school days recorded unauthorised absences. (Please note that each school day is made up of 2 sessions, am/pm therefore 10 days = 20 sessions).

Schools may request a warning letter be issued to parent/carers by the Local Authority at mid-point (5 days) however this may not be required in all instances.

A Fixed Penalty Notice applies to a child or young person of statutory school age, i.e. from the fifth birthday of a child in Reception to the last Friday in June, and where the child is sixteen, by the end of that school year's summer holidays.

The Local Authority will only issue a Fixed Penalty Notice requested by a school relating to unauthorised leave of absence, when a school provides the necessary evidence to substantiate their request.

If the absence is unauthorised and recorded on the register with a combination of any of the following unauthorised codes, this will result in a Fixed Penalty Notice being issued:

- "U" - Lateness 30 minutes after the start of the school day or after afternoon register = 1 session am/pm unauthorised absence.
- "O" – Where the Headteacher makes the decision that the reason provided is an unacceptable reason not to attend school.
- "G" – Holiday absence not agreed by the Headteacher.

<https://www.denbighshire.gov.uk/en/resident/education/attendance.aspx>

## **8. FAMILY HOLIDAYS DURING TERM-TIME**

### **Welsh Government guidance states:**

In term-time, parents do not have an automatic right to withdraw pupils for holidays and authorisation remains at the discretion of the Headteacher.

All requests for holiday leave should be in writing, ideally four weeks before the holiday, the application can only be made by the parent/carers

with day-to-day care of the child, even if they are not actually going on holiday themselves.

There needs to be consistency amongst schools on this issue. Denbighshire County Council's position is that no term-time holidays should be approved unless there are exceptional circumstances. If a parent/carer applies for a holiday in term-time which results in the child being absent for 10 school days this would result in a Fixed Penalty Notice being issued. For further information see section relating to family holidays and extended holidays via the link below\*.

## **9. EXTENDED OVERSEAS HOLIDAY**

When making judgements about extended absence for pupils from minority ethnic families, schools should ensure that full account has been taken, not only of the Regulations and Welsh Government guidance, but also of the situation of minority ethnic families in general and the particular circumstances relating to each individual case. It is important that schools show an understanding of the parents' perspective even though the school may not be able to comply with the request for absence.

Schools should ensure that all parents are aware of the school's policy on absence. In the case of minority ethnic parents, special care should be taken to ensure that the regulations are fully explained and understood.

Key to this is schools communicating effectively with all their parents and carers, including those whose preferred language of communication is other than English or Welsh. Schools should contact the EAL Service (07500 123964/ 01824 708064/ [roz.mannix@denbighshire.gov.uk](mailto:roz.mannix@denbighshire.gov.uk) ) for guidance on good practice in using interpreters and translations.

The current Denbighshire County Council provider for translation/interpreting services is 'The Big Word'. The EAL Service can advise on using these services and other options.

## **10. CHILDREN MISSING EDUCATION**

All agencies have a clear role to play in helping to trace children who go missing from schools in Denbighshire or who go missing from schools from other authorities, and who may have moved into Denbighshire.

Parents/carers can support the smooth transition of their children's education provision between Denbighshire and other Local Authorities, where a move is required for any reason, by notifying the child's registered school.

Schools are expected to follow corresponding procedures in relation to those pupils who are removed from school by their parents without a named-school destination being provided and confirmed. (See Appendix 8).

## **11. SAFEGUARDING**

The Safeguarding Officer in Education Services provides advice, support and training to schools on all safeguarding issues. Safeguarding is a consideration with all attendance concerns. Part of the Education Social Work Service roles and responsibilities involves representation at the following multi-agency forums which identify and plan support for the most vulnerable families and young people in Denbighshire:

- Multi-Agency Panel (MAP) - Education led
- Multi-Agency Risk Assessment Conference (MARAC) - Police led
- Joint Risk Assessment Panel (JRAP) - Children's Services led
- Prevent and Deter Panel (PAD) - Youth Justice Service led

For further information please refer to Denbighshire County Council's Safeguarding Policy via the link below:

<https://www.denbighshire.gov.uk/en/resident/health-and-social-care/safeguarding.aspx>

## **12. ELECTIVE HOME EDUCATION**

Parents or carers have the primary responsibility for ensuring that their child receives a suitable education and some choose to discharge this duty by electing to home educate.

Schools must ensure that they receive the request to home educate in writing from the parents or a person with parental responsibility. On receipt of this notification, a copy must be sent by the school to the local Authority within 10 working days. If a child has a Statement of Special Educational Needs they cannot be removed from the school roll without the consent of the Local Authority Statementing Officer.

- Update codes as reasons are received.
- If no response move to next stage

- AA2 meeting with parents and pupil, school nurse and any other medical professional as appropriate. \*\*
- Minutes of the meeting to be taken and Attendance Support Plan (ASP) and/or Health Care Plan to be completed, copy for parent.
- Where there are genuine health reasons and there is an impact on attendance/learning, consider supplying work that can be completed at home. For more serious/long term health conditions consider a referral to BSS Moderation for home tuition. Both situations can be coded as 'B' so long as work is being returned for marking. Review regularly.
- **Where the above stages determine there are no genuine health reasons further absences should be recorded as 'O' unless medical evidence is supplied from the date of AA2 letter. If medical/illness reasons continue to be provided without evidence send letter (See AA2+ example letter**

## Appendix 2

### Good Practice - Analysis of Attendance Data

All schools hold a great deal of information about attendance which should be used for strategic planning and effective liaison with the Education Social Work Service and can thereby enable schools to manage attendance issues more effectively.

The link to this work is the administrative staff in schools who use SIMS relating to attendance data. Schools need to know how to use SIMS effectively to provide data for the school management teams who monitor attendance.

Schools can receive training for staff through Education Services on this matter by contacting the Education Social Work Team Leader.

### STRATEGIES FOR PROMOTING GOOD ATTENDANCE

- The school's commitment to achieving high levels of attendance should be explicit and clear to pupils, staff and parents.
- Pupils should constantly be reminded of the importance and value of good attendance and punctuality.
- The school must ensure the pupils' classroom experience is positive and enriching, encouraging them to take responsibility for and show commitment to their learning.
- Ensure that all school staff are trained on the appropriate use of registration codes. Training is available from the Education Social Work Service on request.
- Look at alternative curriculum options/possibilities for pupils who are hard to engage.
- Ensure that opportunities to reward attendance are scheduled into the school calendar.
- Discuss individual attendance targets with pupils; key staff need to monitor this work.
- Make clear to parents, through newsletters, the difference between authorised and unauthorised absence.
- Use the school web-site to promote the school's performance in school attendance weekly.
- Ensure key information about pupils is shared at transition.

- Use the media to promote good attendance at your school.
- Work closely with the governing body of the school and provide updates in governor meetings relating to attendance.
- Use the Attendance Audit to evaluate your school systems yearly.
- Use reward systems to celebrate success for pupils and inform parents.

## **INSET AND TRAINING**

INSET and training can be provided and facilitated by Education Services, Customer Services and the Education Social Work Service to all schools, covering such issues as (please note this is not an exhaustive list):

- Good practice on the keeping of registers
- Strategies for promoting regular attendance
- Strategies for addressing persistent absenteeism
- Communication with parents
- Good practice in monitoring punctuality
- Reintegrating long-term absentees
- Rewards and incentives
- First-day of absence contact
- Primary-Secondary transfer

### LOOKED AFTER CHILDREN (LAC) POLICY FOR SCHOOLS IN DENBIGHSHIRE.

School:

Head teacher:

LAC Designated Teacher:

LAC Governor:

Date Policy adopted:

#### 1. The Objective

To promote and support the educational achievement and welfare of Looked After pupils.

#### 2. The Role of the Designated teacher for Looked After Children

- A senior teacher, with links to the Leadership Team of the school. The LAC Designated Teacher needs to have a voice which can influence and guide decision making within the school. The Designated Teacher may be required to attend meetings, sometimes at short notice, during the school day, and some flexibility may be required.
- To work in conjunction with the Education Liaison Officer (ELO), Head teacher and LAC Governor to ensure that all staff are aware of the difficulties and educational disadvantages faced by Looked After Children and understand the complexity of individual cases (where appropriate), and the need for whole school, positive systems of support to help overcome them.
- To promote the involvement of LAC in extracurricular activities and opportunities, promote home reading and homework support.
- To develop systems for effective communication with carers, parents, social services, health, ELO and any other relevant agencies and support networks.
- To monitor the educational progress of all children who are Looked After in order to intervene quickly at an individual or school level, should additional support be required.
- To work in conjunction with the ELO to ensure all LAC pupils have Personal Education Plans (PEPs), which are a statutory requirement for all LAC. PEPs need to be completed within timescale (20 school days of starting a new school or becoming LAC). PEPs need to be meaningful, detailed and accurate.
- To attend, arrange for a representative, or provide educational updates and reports for reviews, PEPs and meetings. Ensure a speedy transfer of information and documents (securely) between agencies.
- To support pupils to share their views and make a contribution to their PEP. Ensure the pupil voice is heard and represented.

- To work closely and liaise with the Governor with responsibility for LAC.
- To be aware of the child's legal status, contact arrangements, those with Parental Responsibility (PR).
- To be aware, where possible of those pupils who are on a Special Guardianship Order (SGO) or have been adopted and have previously been LAC.

### **2.1 Wider School Staff**

- LAC Designated Teacher to allocate a key member of staff the young person can speak with or meet with regularly, with or without prior warning where possible. Ensure the young person is in agreement with the allocated worker.
- To ensure all school staff who are in contact with Looked After Children have the appropriate amount of information regarding the young person's circumstances and are at least aware they are looked after by the Local Authority.
- In the absence of the usual class teacher(s), some information regarding the child's circumstances should be shared with the covering teacher. The extent of this sharing should be determined by the Head teacher or the Designated teacher.

### **2.2 Training**

- To develop own knowledge and understanding of Social Care / Education procedures and keep up to date with relevant training and attend training opportunities provided eg LAC Forum.
- To ensure all school staff have the appropriate training opportunities in order to fully support LAC within the school.
- To cascade information and training to school staff as appropriate.
- To have a firm understanding of the LAC / PDG Funding arrangements at a regional, local, school and individual pupil level. Be aware of the procedures and the impact of the funding on individual LAC pupils. (This will be recorded on the PEP).

## **3. The Role of the LAC Governor**

- To work closely with the LAC Designated teacher and ELO and have a good understanding of the difficulties and educational disadvantages faced by Looked After Children and what the school does to support LAC.
- The LAC Governor will report to the Governing Body on an annual basis, including information such as;
  - Number of LAC in the school.
  - Attendance of LAC.
  - Comparison of test scores / levels.
  - Levels of fixed term / permanent exclusions of LAC.

- The LAC Governor, as a critical friend, should feel comfortable to question and support the school in promoting the educational achievement and welfare of LAC.
- The LAC Governor should be satisfied that the school's policies and procedures ensure LAC pupils have equal access to; National Curriculum / additional educational support and extra-curricular activities.
- To share and cascade information regarding LAC to other Governors and report to the Chair of Governors.

### Position Statement

The Welsh Government in their recent media coverage source (BBC Wales) highlighted one in six secondary pupils are regularly absent from school. The average half days sessions missed in 2022 /23 was 16.3% for children 11-15 years this is three times higher than the pre- pandemic period in 2018 /19. The gender gap has decreased between boys 12% and girls 13% levels of engagement with their education. A task force has now been set up by the minister for education Jeremy Miles MS in response to these ongoing level of concern across Wales.

**A1.0** Denbighshire has seen a drop in levels of overall attendance in schools between 3 % and 12 % , many of the schools however are regaining their position pre- pandemic and many schools in Denbighshire are at levels being achieved in 2018/19 and higher in some cases.

**A1.1** Currently the overall performance of Denbighshire is 90.1% , the average across Wales from September to November 2023 is 91.3%

**A1.3** Throughout the last two school years' schools and the education welfare service have actively worked together to reduce absence levels post pandemic, numbers of referral to the service have increased by over a third. **Current levels of allocation to the four staff in the service are above 25 cases each requiring intensive intervention working with schools**, families, and other Denbighshire services and third sector services.

**A1.4** The additional staff appointed through the Welsh Government LAEG grant have increased the service staffing with two family engagement officers working across the county. The focus of the roles is to provide a greater level of daily contact with families and children assisting with routines, management of home to school plans, working with staff in school to address any issues that impact on the pupil attending school and looking at the detail of planning to improve engagement and reduce barriers to learning.

**A1.5** An additional grant for 23/24 relating to school attendance from the Welsh Government has also been received to appoint two attendance support officers working with the education welfare service to increase capacity and manage the higher levels of referral from schools.

**A1.6** Schools also have named education welfare officers attending their multi-agency meetings (MAP) where vulnerable pupils are discussed offering additional support and interventions some of these pupils receive help from the EWO assigned to the high school MAP but also work alongside colleagues in schools, education services, Llywbrau service, Educational Psychologists and Behaviour Support and importantly Children Services and health to address the complex needs of vulnerable children.

**A1.7** The EWO service have in place a rota each week where schools can seek advice or request intervention and attendance at meetings in any school each week with cases that require immediate attention. These can be relating to, social and community needs, family breakdown, school admission, children missing education Children Missing in Education (CME) where families leave the authority with no destination provided to schools or services.

**A1.8** Schools causing concern do receive contact and reports from the education welfare service to discuss and address their data on attendance on their school management system (SIMS). This highlights issues and links to attendance codes patterns, pupil level concerns, and other distinguishing patterns relating to school procedures and data collection.

**A1.9** 54 % of contact and calls to the EWO helpdesk relate to mental health concerns, social anxiety and self – harm suicidal ideation of young people previously this was significantly lower in terms of main reason for contact.

Since January 2022 87 % of referrals to the EWO service from schools identify mental health as a significant factor in the pupils needs.

## Term Time Holiday

### TAKING A HOLIDAY DURING TERM TIME

#### A GUIDE FOR PARENTS

##### FREQUENTLY ASKED QUESTIONS

##### Am I entitled to take my child out of school for a family holiday?

- No. Parents have a legal duty to ensure that their children attend school or the alternative provision on a regular basis
- The Education Act 1996 makes it a criminal offence for a parent to “fail to secure their child’s regular school attendance at the school”
- Our view is no term time holidays should be approved
- Headteachers must not grant any leave of absence (holiday) during term time unless there are exceptional circumstances
- Parents do not have entitlement to take their child out of school for a holiday in term time

##### If we decide to take a holiday during term time what must we do?

- The parent/carer with whom the child resides must apply in writing to the headteacher where the child is registered
- The letter / application must explain the exceptional circumstance surrounding the request for the leave of absence

##### What will school do then?

- The headteacher will determine whether the exceptional circumstance applies, if not the application will be declined
- Only the headteacher (or the Deputy) has the power to approve leave of absence applications. When making a decision the headteacher will take in to consideration Welsh Government guidance on this matter ( All Wales Attendance Framework ) (2011)
- Each academic year , schools inform parents/carers via a letter, newsletter, or school web-site that they may receive a Fixed Penalty Notice if their child has unauthorised absences ( 10days or more) in term time
- You will receive a written response from the headteacher (or the Deputy) letting you know if your application has been approved
- **If the holiday goes ahead after the application has been declined the absence will be recorded as unauthorised**

## SCHOOL ATTENDANCE

### Why is school and punctuality important?

#### Because Every Second Counts:

- 5 minutes late each day means three whole school days are lost each year
- 95% attendance equates to two weeks of education missed in a school year
- Poor Attendance affects learning
- Poor Attendance affects future outcomes
- Attendance affects wellbeing and sense of belonging

#### The school are concerned about your child's attendance and are going to involve the Education Social Worker. What will the Education Social Worker do?

- Contact you to arrange a meeting
- Meet to talk through the reasons for your child's poor attendance and discuss your concerns.
- Give you help and advice to improve your child's attendance.
- Assess the situation and agree a support plan with you , your child and school
- In consultation with school, consider the use of a Fixed Penalty Notice
- Instigate legal proceedings in cases where school attendance does not improve.

## Fixed Penalty Notice

### UNAUTHORISED ABSENCE

Applicable to

Statutory School Age from Child's 5th Birthday

What will happen if the absence is unauthorised?

- The school will decide if a Fixed Penalty Notice should be issued. If the school decide that a Fixed Penalty Notice is to be issued
- You will receive a letter from the school advising that it has referred the matter to the Local Authority and that a Fixed Penalty Notice may be issued:
- The school will inform the Local Authority that a Fixed Penalty Notice needs to be issued
- A Fixed Penalty Notice will be sent to you, accompanied by an explanatory letter, the Notice gives you the opportunity to pay a penalty fine instead of being prosecuted in the criminal courts

## A brief guide to

### FIXED PENALTY NOTICES FOR NON-ATTENDANCE AT SCHOOL

MISS SCHOOL. MISS OUT |

Under the Education (Penalty Notices) (Wales) Regulations 2013 Local Authorities have been given powers to issue Fixed Penalty Notices (FPNs) as an alternative to taking legal action against parents/carers when responding to unauthorised absence from school.

The process is effective in Denbighshire from September 1st 2015. The information below is a brief outline of the circumstances for which FPNs will be used.

#### **What is a Fixed Penalty Notice ?**

It is a fine for unauthorised absence from school. It does not require a court appearance and does not result in a criminal record. Payment of a Fixed Penalty Notice is an alternative to parents being prosecuted in Magistrates Court.

#### **What is an unauthorised absence?**

It is an absence from school that is not justified or considered acceptable by the headteacher. ( Please note, it is Only the Headteacher of your child's school who can authorise a pupil's absence)

#### **Who issues Fixed Penalty Notices?**

The Local Authority issues them, at the request of the headteachers.

#### **When are they used?**

- when a pupil has a minimum of 10 days unauthorised absence in a school year (these do not need to be consecutive days)
- for unauthorised holiday absence . Parents are advised that taking a family holiday during term time may result in an FPN being issued
- If a parent(s) carer(s) do not attempt to engage with the school or Local Authority regarding their child's absence
- If a child regularly comes to the attention of the police during school hours and is absent from school without an acceptable reason, the police authority may request the Local Authority issue a FPN.

Before a Fixed Penalty Notice is issued, you will receive a warning letter at 5 days unauthorised absence outlining the extent of your child's absence and the possibility of you receiving a Fixed Penalty Notice.

A warning letter does not apply when an unauthorised holiday of 10 days or more is taken during term time. A Fixed Penalty Notice will be issued in these circumstances.

# **A brief guide to**

## **I have received a warning letter and I want to avoid a Penalty Notice. What should I do?**

- Ensure that your child attends school every day and arrives on time,
- If your child is ill make sure you make contact with the school on the first day and explain the circumstances
- Avoid arranging holidays during term time.

## **How much is the fine ?**

£ 60 if paid within 28 days of receipt of the notice, rising to £120 if paid after this period but within 42 days of receipt.

It will be at the discretion of the Local Authority whether to issue an FPN on one or both parents/carers.

## **How do I pay?**

The Penalty Notice will be sent by post to your home address and information on how to pay will be included.

## **What happens if I do not pay ?**

If you do not pay the penalty in full within the maximum allowed timescales of 42 days of issue, the Local Authority will be obliged to start legal proceedings against you for an offence under Section 444 (1) Education Act 1996 i.e. for failing to ensure regular school attendance. This may lead to an appearance in the Magistrates court and result in a fine up to £ 1,000 per parent per child.

## **Can I appeal ?**

No, there is no statutory right of appeal. Once a Fixed Penalty Notice has been issued it can only be withdrawn if it can be shown that it was issued in error.

## **Can I still be prosecuted if I pay the FPN ?**

You can be prosecuted for the same period of absence identified in the Fixed Penalty Notice but you may be subsequently prosecuted for further periods of unauthorised absences from school.

Each case is considered on an individual basis.

## **Why is attendance at school so important ?**

- Good attendance increases attainment and achievement,
- Good attendance improves opportunities,
- Good attendance supports children and young people and keeps them safer
- Attending school reduces the risks attached to absenteeism.

## **A brief guide to**

### PLEASE REMEMBER

The Local Authority would rather work with parents/carers to resolve poor attendance than resort to enforcement actions such as Fixed Penalty Notices or Court.

## **1. What is the report about?**

1.1. The report highlights the Library Service's performance against National Standards

## **2. What is the reason for making this report?**

2.1. To provide information regarding the Council's performance in relation to the 6th Framework of Welsh Public Library Standards 2017-20 (extended for 21-23) and the progress made in developing libraries as places of individual and community well-being and resilience.

2.2. It should be noted that this report relates to Denbighshire's Library Service for the financial year 2022-23. The impact on performance of proposed changes to the Library/One Stop Shop service is not expected to be manifest until April 2024 at the earliest.

2.3. New National Standards are expected to be established with the publication of the 7th Framework of Welsh Public Library Standards, which has a provisional implementation date of 1st April 2025.

### **3. What are the Recommendations?**

- 3.1. That the Committee considers and comments on the performance against the 6th Framework of Welsh Public Library Standards and considers requesting a progress report in January 2025.

### **4. Report details**

#### **4.1. Welsh Public Library Standards**

- 4.2. Library authorities in Wales have a statutory duty under the Public Libraries and Museums Act 1964 to deliver a 'comprehensive and efficient' service to its residents. The Framework of Welsh Public Library Standards enables Welsh Government Culture Division (WGCD) to measure and assess how authorities are fulfilling their statutory duties.

- 4.3. Library Services submit an Annual Report, noting performance for the previous financial year, to which WGCD responds with an Annual Assessment Report. The most recent Annual Assessment Report covers 2022-23 and performance against the full 6th Framework 2017-20 (extended to 2023), and consists of 12 Core Entitlements and 10 Quality Indicators with specific targets. The report is attached as Appendix A.

- 4.4. Denbighshire continues to meet all 12 Core Entitlements. Of the 10 quality indicators (QI) which have targets, Denbighshire is achieving 8 in full and 2 in part. Please see page 2 of the Annual Assessment Report in Appendix A.

- 4.5. QI 3 Support for individual development. Met in full.

- 4.6. QI 4: Support for health and wellbeing. Met in full.

Talking Points returned fully to all libraries in 22-23, providing a face-to-face opportunity for people to have a conversation about maintaining an independent life and accessing local support and activities. It is a social prescribing approach and delivered via a partnership between Adult Social Care, the third sector and libraries. Libraries are embedded in the authority's Age Friendly and Dementia Friendly strategies and action plans. The recent survey of Bookstart parents

demonstrated the significant positive impact attending rhyme times in libraries has on parental mental health including recovery from post-natal depression.

4.7. QI 6: All static service points offer events / activities for users with special requirements. Met in full.

There were a total of 22,133 attendances at events and activities in libraries. This includes reading groups, children's activities, author events and a range of social engagement groups to reduce isolation and loneliness. 55% of the figure are attendances at our Bookstart Rhymetimes.

4.8. QI 7: Location of service points. Met in full.

4.9. QI 9: Up to date and appropriate reading material. Met in full.

23,973 items were acquired in 22-23. This includes the individual titles made available via subscriptions to two digital download sites Press Reader (newspapers) and Overdrive (magazines) - a total of 11,315 titles. The total physical books and audiobook items was 11,791. The Report noted that Denbighshire shows a strong commitment to children's provision, with 25% of its materials being spent on children's resources.

4.10. QI 10: Welsh Language Resources. Met in full.

71% of issues of Welsh language material were for children's books - with only 2 bookshops in the county, the local library is the main source of Welsh language books for children. This figure also reflects the high participation in the Summer Reading Challenge annually. Denbighshire is in the top quartile of library authorities for the proportion of the materials budget devoted to Welsh language resources and it is above the median for Welsh language issues per capita Welsh speakers.

4.10.1. QI 11: Online Access. Met in full.

Usage of the public access ICT is at a much lower level than pre-Covid, reflecting the general trend of people having their own devices. Following Covid networked solo digital laptops were introduced in every library for customers to use for private online meetings and consultations. The new cloud printing facility means

users can bypass the public PCs to release their printing via the self-service kiosk or via staff. This will also have contributed to the lower use figure.

#### 4.10.2. QI 12: Supply of Requests. Partially met.

Our internal delivery system was reduced from 5 to 3 days in 2021 due to budget pressures, combined with not all the libraries being open every day this means that it takes slightly longer to supply requested items. 51% of items are supplied within 7 days, but 80% are supplied within 15 calendar days.

#### 4.10.3. QI 13: Staffing levels and qualifications. Partially met.

There has been no change in overall staffing levels but Denbighshire does not meet the targets for overall staffing or qualified staff per capita. However, it is worth noting that the fact that most libraries in the service are one stop shops, and the majority of frontline, supervisory and managerial staff spend approx. 50% of their time on their Customer Services roles therefore only 50% of the staffing level is reported as library provision.

#### 4.11. QI 16: Opening Hours Per Capita. Met in full.

Opening hours have returned to pre-Covid levels, with the exception of a reduction of half a day each at Ruthin and Denbigh libraries.

4.12. Authorities were also required to submit a narrative report including an impact to demonstrate the library has had on an individual, a commentary on the service's contribution to wider Welsh Government priorities and strategic goals, and to reflect on the future direction and plans for the library service. The narrative report for Denbighshire is attached as Appendix B.

## **5. How does the decision contribute to the Corporate Plan 2022 to 2027: The Denbighshire We Want?**

5.1. The Library Service is a statutory responsibility of the Authority and its services contribute to a number of corporate objectives and themes, including a healthier and happier, caring Denbighshire; a learning and growing Denbighshire; a better connected Denbighshire; a fairer, safe and more equal Denbighshire; a Denbighshire of vibrant culture and thriving Welsh language; and a well run high performing council.

## **6. What will it cost and how will it affect other services?**

6.1. There are no financial proposals associated with this report.

## **7. What are the main conclusions of the Well-being Impact Assessment?**

7.1. A Well-Being Impact Assessment has not been undertaken, as this is a performance report for information. But the 6th Framework of Library Standards demonstrates how libraries have a clear contribution to make to the seven goals of the Well-Being of Future Generations Act.

## **8. What consultations have been carried out with Scrutiny and others?**

8.1 Performance Scrutiny Committee in March 2023 considered the Welsh Government's Assessment of the Library Service's performance for 2021-22. There have been no further consultations regarding this particular report.

## **9. Chief Finance Officer Statement**

9.1. As this is a report on historical performance there are no financial implications to this report There are no direct financial implications of this report.

## **10. What risks are there and is there anything we can do to reduce them?**

10.1. As this is a report on historical performance, there are no risks associated with this report.

## **11. Power to make the decision**

11.1. Section 21 of the Local Government Act 2000

11.2. Section 7.4.2(b) of the Council's Constitution stipulates that scrutiny may 'review and scrutinise the performance of the Council in relation to its policy, objectives, performance targets and / or particular service areas'.

## Welsh Public Library Standards Sixth Framework: Denbighshire

### Annual Assessment Report 2022/2023

This report has been prepared based on information provided in Denbighshire's annual return, impact statements and narrative report submitted to the Culture Division of the Welsh Government.

#### 1. Executive summary

Denbighshire met all of the 12 core entitlements in full. Of the 10 quality indicators which have targets, Denbighshire is achieving 8 in full and 2 in part.

Denbighshire performs well in a number of areas, in particular in relation to access, with attendance at events, visits per capita and active borrowers all being above the median. The service also performs well for e-issues and demonstrates an awareness of the changing demands on IT provision in libraries. Denbighshire demonstrates a commitment to the provision of both children's and Welsh language resources, and also shows a commitment to meeting the needs of young people within its future development plans. Whilst Denbighshire is currently performing well and has well-considered plans for its short-term future direction, there are concerns about how the service will be able to respond in the medium term if the forecast cuts to library services in 2024-25 come to fruition. In this context, it is especially important that the service conducts user surveys in 2023-2024 or 2024-25 to ensure that library provision is meeting the needs of customers.

- User training is popular amongst library users; attendance at both formal user training and informal training are above the median (Q15).
- Libraries are well-used; visits per capital and virtual visits per capita are both above the median and the number of active borrowers per capita is in the top quartile of Welsh library services (Q18).
- Welsh language provision is well-supported, especially children's materials; Denbighshire is in the top quartile of library authorities for the proportion of the materials budget devoted to Welsh language resources (Q110).
- Denbighshire is performing better than the median for unplanned closure of static service points and no mobile stops or home delivery services were missed (Q116).

#### 2. Performance against the standards

The standards framework comprises of core entitlements, quality indicators with targets, quality indicators with benchmarks and impact measures. Section 2 summarises achievements against these areas. A narrative assessment of the authority's performance is provided in Section 3.

## 2.1. Core entitlements

Denbighshire reported meeting all 12 of the Core Entitlements in full through self-assessment, providing helpful commentary where there have been changes from the previous year. The independent assessor agreed with the self-assessment.

## 2.2. Quality indicators with targets

There are 16 quality indicators (QIs), of which 10 have constituent targets. Of these, Denbighshire is achieving 8 in full and 2 in part.

| Quality Indicator                                                                          | Met? |               |

### 2.3. Impact measures

The framework includes three indicators aimed at assessing the impact of library use on people’s lives. These indicators do not have targets, and authorities were only required to carry out user surveys for QI1 once over the original three-year period of the framework (2017-20). The summary figures (lowest, median and highest) are based on all authorities providing data in the 2022-23 return. Rankings reflect the numbers of respondents, where 1 is the highest scoring authority. However, it is important to bear in mind that some authorities have conducted surveys since 2020, whilst others report survey data from before the Covid pandemic. Some responses therefore reflect the situation several years ago, whilst others may have been affected by disruption during the pandemic period. As a result, there are limitations on the extent to which these data might be considered comparable.

Denbighshire completed its adult user survey in November 2018 and its children’s user survey in February 2020. No full survey was undertaken in 22-23 as it is anticipated that a survey will be conducted as part of the work to develop a new Library Strategy.

| Performance indicator                                                                                       |              | Rank   | Lowest | Median | Highest |

| e) % of adults who think that the library has made a difference to their lives:                             | 78%          | =13/16 | 41%    | 86.5%  | 96%     |
| QI 5 b) % of attendees of training sessions who said that the training had helped them achieve their goals: | Not provided | -      | 82%    | 96%    | 100%    |

Authorities are also asked to provide an impact statement describing the impact which the library service has had on an individual or on a group of individuals during the year.

Denbighshire provided an impact statement concerning a man who had retired early and is living with dementia. Having a thirst for knowledge and wanting to continue learning for pleasure and to keep mentally stimulated, he visited to library to see what it could offer, accompanied by his wife. The couple found the environment to be inclusive and welcoming and appreciated the staff members skills in communicating with someone with dementia. The wide range of online and physical resources were also valued; *“it’s such an incredibly helpful and interesting resource – I feel privileged to have access to it”*. The library provides a place he feels comfortable visiting and which respects his independence. It is also filled with resources he finds stimulating and which are available for free and include a digital offer which he can access at home whenever he wants.

### 2.4. Quality indicators and benchmarks

The remaining indicators do not have targets but allow services to monitor and benchmark their performance over time, in comparison with other authorities. The following table summarises Denbighshire’s position for 2022-23. Ranks are included out of 22, where 1 is the highest, and 22 the lowest scoring authority, unless stated otherwise. Indicators where fewer than 22 authorities supplied data are those where

relevant data was not available from some authorities. Indicators 'per capita' are calculated per 1,000 population unless otherwise noted.

### 3. Analysis of performance

The core entitlements and quality indicators can be divided into four key areas. This section of the report outlines performance under these areas.

#### 3.1. Meeting customer needs (QI 1-5)

Denbighshire meets the targets for Support for individual development (QI3) and health and well-being (QI4), with the service displaying a strong commitment to community well-being. Talking Points returned fully to all libraries in 22-23. Delivered via a partnership between Adult Social Care, the third sector and libraries, it provides a face-to-face opportunity for people to have a conversation about maintaining an independent life and accessing local support and activities. Libraries are embedded in the authority's Age Friendly and Dementia Friendly strategies and action plans. Attendances at both formal user training and informal training are above the median for library services (QI5). Most reported indicators for Making a difference (QI1) and Customer satisfaction (QI2) are below the median. However, these results relate to library provision pre-Covid and it is important that the service conducts further surveys in 2023-24 or 2024-25 to ensure that library provision is meeting the needs of customers.

#### 3.2. Access and use (QI 6-8)

Attendance at events is above the median (QI6), as are visits per capita and virtual visits per capita (QI8). The number of active borrowers per capita is in the top quartile of Welsh library services (QI8). Borrowing was higher than in 21-22 and Denbighshire performs particularly well in terms of e-issues, which are in the top quartile of library services.

#### 3.3. Facilities and services (QI 9-12)

Denbighshire shows a strong commitment to children's provision, with 25% of its materials being spent on children's resources (QI9). Denbighshire is in the top quartile of library authorities for the proportion of the materials budget devoted to Welsh language resources and it is above the median for Welsh language issues per capita Welsh speakers (QI10). The service reports that 71% of issues of Welsh language material were for children's books - with only two bookshops in the county, the local library is the main source of Welsh language books for children. Although indicators relating to online access are above the median (QI11), Denbighshire reports that usage of public access ICT is at a much lower level than pre-Covid, reflecting the general trend of people having their own devices. The service only

<sup>2</sup> Rankings here have been reversed, so that 1 is the lowest scoring (best performing) authority.

<sup>3</sup> Rankings here have been reversed, so that 1 is the lowest scoring (best performing) authority.

partially met the target for supply of requests following a reduction of its internal delivery system due to budget pressures (Q12).

### 3.4. Expertise and capacity (Q1 13-16)

Denbighshire does not meet the targets for overall staffing or qualified staff per capita (Q13). However, it is worth noting that the fact that most libraries in the service are one stop shops, and the majority of frontline, supervisory and managerial staff spend approx. 50% of their time on their Customer Services roles therefore only 50% of the staffing level is reported as library provision. Opening hours have now returned to pre-Covid levels, with the exception of a reduction of half a day each at Ruthin and Denbigh Libraries due to budget pressures. Denbighshire is performing better than the median for unplanned closure of static service points, and no home delivery services were missed (Q16).

## 4. Strategic context

As part of the return, authorities are asked to report on how the library service is contributing to wider Welsh Government priorities and strategic goals. The following are amongst the examples provided by Denbighshire.

- **Better Mental Health:** access to the full range of Reading Well schemes and work with partners to raise awareness of the schemes.
- **Skills and Employability:** Working Denbighshire, the council's employability service, uses library facilities to meet with their clients and support people with digital skills and job search.
- **Digital:** library staff offer help to get online and to develop basic digital skills; libraries are a key partner in Denbighshire's digital inclusion programme, working closely with Cwmpas.
- **Early Years & Literacy:** weekly Bookstart Rhymetimes develop young children's language, learning and social skills; Summer Reading Challenge helps children aged 4-12 develop their love of reading for pleasure and choosing independently.
- **Support for wellbeing:** Home Library Service provides a personalised service to individuals who cannot access their local library due to disability, illness or caring responsibilities; Talking Points are community-led information sessions where citizens meet with health and social care staff, third sector support services and peers, to have a person-centred conversation about their health and wellbeing needs.
- **Cymraeg:** library provision is central to Denbighshire's Welsh in Education Strategic Plan. Bookstart Rhymetimes introduce many families to Welsh. The Summer Reading Challenge is fully bilingual.

## 5. Future direction

Reporting on the authority's future direction and plans for the library service over the following year, the library service refers to Denbighshire's Corporate Plan, and in particular the 23-24 theme A Better Connected Denbighshire, where libraries are seen as the key point of delivery of activity to reduce digital exclusion. Activities and developments in the 2023-24 Service Business plan include:

- Upgrading and modernising IT facilities
- Providing facilities and opportunities for digital skills learning
- Developing the scheme to lend digital devices to the public and distribute National Databank free sim cards to people in data poverty
- Supporting library staff to update digital skills
- Providing free access to a range of digital resources for reading and learning
- Delivering a programme of activities and events for children and adults to support engagement and wellbeing and to combat social isolation and loneliness
- Updating the Library Strategy in the light of the new Corporate Plan and Welsh Government's Culture Strategy.

Other areas of development include:

- Collaboration with Denbighshire Youth Service to pilot open access youth provision at libraries
- Participating in the forthcoming all-Wales collaborative re-tendering process for a new digital platform and Library Management System
- Contributing to the council's Welsh in Education Strategic Plan to support children and young people's Welsh language skills in the community
- Further developing library facilities as flexible, adaptable and safe spaces to facilitate support services and to enable people to engage socially with each other.

However, the Council is facing a budget shortfall in 2024-25 so the expectation is that the library service will be subject to severe cuts.

## 6. Conclusion

Denbighshire performs well in a number of areas, in particular in relation to access, with attendance at events, visits per capita and active borrowers all being above the median. The service also performs well for e-issues and demonstrates an awareness of the changing demands on IT provision in libraries. Denbighshire demonstrates a commitment to the provision of both children's and Welsh language resources, and also shows a commitment to meeting the needs of young people within its future development plans. Whilst Denbighshire is currently performing well and has well-considered plans for its short-term future direction, there are concerns about how the service will be able to respond in the medium term if the forecast cuts to library services in 2024-25 come to fruition. In this context, it is especially important that the service conducts user surveys in 2023-24 or 2024-25 to ensure that library provision is meeting the needs of customers.

#### Paul's story

"It's such an incredibly helpful and interesting resource – I feel privileged to have access to it"

Before retiring early, Paul was a senior public service officer. He has a great thirst for knowledge and is currently researching cosmology and Roman history, and his own family history. He is also a musician who used to play in bands and still composes his own songs. With a new grandchild in the family soon, he is writing a story for them and creating drawings which he layers with photographs using his iMac. He's skilled with technology, using his iPad daily to read and research.

Paul is also living with dementia and feels lucky to have cognition of what he finds more difficult. After chatting about what might be available to him in his local community, Paul and his wife Brenda decided that it was high time for them to visit the library to renew his membership and find out more.

Brenda approached a member of staff to explain that she was supporting Paul to visit the library as he has dementia and was thrilled when the librarian immediately turned to Paul and dealt directly with him to renew his library membership and explain all the services available.

"It was so inclusive – she enabled Paul to understand what she was explaining and how he could use the library," Brenda said. "I was delighted by how the librarian engaged with Paul without turning to me as so often happens, as if Paul wasn't there or couldn't understand. It was clear that she had been trained in serving people living with dementia, and she showed great empathy and warmth in welcoming Paul as a member. She gave us information to take home about all the digital offers too. How she treated him was perfect.

"We came home buzzing with enthusiasm, and in no time Paul had signed himself up for all the digital resources – the ebooks, the emagazines and the newspapers. We're also planning to go in to do some research on Ancestry – we've been paying for it at home in the past, but now we can use it free in the library. It will be so nice

for him to research in a community place rather than on his own at home. When he goes into respite care he'll take his iPad with him so that he has plenty to read and it will help him to pass the time when he's in a different routine."

Paul said "I found it all incredibly helpful and it's amazing to have access to all these wonderful resources for free. Just today I've downloaded the Cosmos magazine and a historical novel set in Ancient Rome. I could read the New York Times every day if I wanted to – just amazing! I want to keep my brain working as well as it can for as long as possible, so learning and research is so valuable to me. I was delighted to find out about the notifications on the ebooks to remind me to renew them, or the messages about new editions of the magazines I like – they ping up on my iPad and so I can remember to download them. It's so useful to have features like this which help me."

Brenda said "I'm so thrilled that Paul can use the library without difficulty – in a visit and online. He finds noisy crowded spaces difficult now, so the calm, welcoming library is ideal – and he knows that there will be someone there to help him if he needs. It's so nice for him to feel he's in charge – the fact that the staff understand is so empowering for him."

*Paul's story highlights the impact of the library service on his life and his wife's – providing him with a place he feels comfortable visiting and which respects his independence, filled with resources he finds stimulating and interesting and available for free, and a digital offer which he can access at home on his iPad for free whenever he wants, with features which help him.*

## **Wider Welsh Government priorities and strategies**

**Please provide a narrative that demonstrates how the library service is contributing towards wider Welsh Government priorities and strategic goals (indicative length: 500 words).**

### **Better Mental Health**

For many in our communities, the library is their safe haven, a place to visit regularly to be part of a shared experience, with no obligation to make a purchase and no stigma associated with their visit. Reading groups, art and craft groups, and learning opportunities support people to maintain or recover their mental health. Reading in itself is beneficial to mental health and the local library within the community provides access to a vast range of reading experiences for all tastes, in physical and digital formats.

We continue to provide reading material in a range of physical and digital formats to enable people to choose the format that best suits their needs.

We provide access to the full range of Reading Well schemes (supporting dementia, adult mental health and teens and children's mental health and emotional wellbeing) and work with partners to raise awareness of the schemes and how they can benefit readers.

Library staff are trained in Dementia Awareness, Autism Awareness and Makaton signing awareness. Our dementia-friendly Memory Bags and jigsaws collection support people with dementia and their carers.

### **Skills and Employability**

Working Denbighshire, the council's employability service, works in close partnership with libraries, using library facilities to meet with their clients, and support people to learn digital skills and job search.

### **Digital**

Our libraries offer free physical access to computers, Wi-Fi, scanning and printing including cloud printing. Crucially, library staff offer help to get online and to develop basic digital skills, often to people with very limited skills. Formal IT classes are provided by Coleg Llandrillo at 4 libraries using libraries' IT facilities. Libraries are a key partner in Denbighshire's digital inclusion programme, working closely with Cwmpas. We conduct an annual staff digital skills audit to ensure they keep up with developments.

Our e-resources offer continues to grow and benefits from the collaboration across all of Wales' public library services, the National Library of Wales and Welsh Government. In 22-23 we added Find my Past to our offer to enable customers to access the 1921 Census data.

### **Early Years & Literacy**

Weekly Bookstart Rhymetimes develop young children's language, learning and social skills and have a significant impact on parental mental health, and on parents' skills and confidence as their child's first educators. They introduce many families to the Welsh language, and the informal and non-stigmatised group sessions create a social network for new parents who may be at risk of isolation, mothers dealing with post-natal depression, and foreign national families.

The Summer Reading Challenge remains our key activity to help children aged 4-12 develop their love of reading for pleasure and choosing independently, maintain their reading skills over the summer holiday, and discover new books and authors to enjoy. We support children's learning throughout the year, and the local library is often the only source of free books in Welsh and English.

## **Support for wellbeing**

The Home Library Service provides a personalised service to individuals who cannot access their local library due to disability, illness or caring responsibilities. The monthly home visits are eagerly awaited, providing not only a range of books to read but social interaction and a gateway to other council services for people who are socially isolated.

Talking Points are community-led information sessions in each of our libraries where citizens meet with health and social care staff, third sector support services and peers, to have a person-centred conversation about their health and wellbeing needs. The Community Navigators who run them work closely with library staff to refer citizens and to promote the sessions.

Libraries provide a digital assistance service for online Blue Badge applications and help people apply online for their discretionary travel passes (bus passes) and other services.

We deliver a programme of social engagement activities which encourage people to get together to combat the risk of social isolation – such as craft groups, Welsh conversation groups, and social mornings – and our reading groups remain popular with readers.

## **Cymraeg**

The local library is often the only place in a community where people can access Welsh language resources such as books and magazines, and where they can engage with staff in Welsh and attend Welsh activities. Our self-service kiosks, online catalogue and the PORI app enable library members to choose a Welsh language option to manage their library account.

We provide the full range of Welsh language books, magazines and e-resources for borrowing and downloading and work with publishers, Books Council for Wales and the National Library of Wales to ensure the widest possible choice of resources for readers.

Library provision is central to Denbighshire's Welsh in Education Strategic Plan. Bookstart Rhymetimes introduce many families to Welsh and they are encouraged to consider bringing up their children bilingually. The Summer Reading Challenge is fully bilingual and we work closely with schools to encourage children to borrow and read Welsh books.

We work with Menter Iaith Sir Ddinbych and a range of community and cultural groups to put on and promote events and activities, such as children's activities, performance poetry, book launches, author events, and reading groups. We host Welsh cultural events in partnership with local community festivals and we have regular columns in papurau bro to promote the library offer.

## **Community Resilience**

Denbighshire's vision for libraries is that they are the beating hearts of their communities, where local people can access services in their local community; a shared, trusted and welcoming facility with friendly knowledgeable staff. We continue to work collaboratively with local town councils to ensure service sustainability, and with partners to provide services and opportunities locally – from digital learning to social and interest groups; from benefits and rights advice to health support groups; from baby rhymetimes to adult reading groups; from access to elected members to engagement with public consultations.

## **Future Direction**

**Please provide a short statement about the future direction and plans for the library service (indicative length 200 words).**

Libraries are key to the delivery of Denbighshire's Corporate Plan, and in particular in 23-24 for the theme A Better Connected Denbighshire, where libraries are seen as the key point of delivery of activity to reduce digital exclusion. Activities and developments in the 2023-24 Service Business plan include:

- Providing good quality, up to date library public IT facilities by upgrading and modernising according to demand and technological developments
- Providing facilities and opportunities for digital skills learning opportunities including via the Sir Ddinbych Arlein partnership led by Cwmpas
- Developing the scheme to lend digital devices to the public and distribute National Databank free sim cards to people in data poverty
- Supporting library staff to keep their digital skills up to date in order to support customers
- Providing free access to a range of digital resources for reading and learning
- Delivering a programme of activities and events to encourage children and adults to re-engage with their local library, to support engagement and wellbeing and to combat social isolation and loneliness
- Updating the Library Strategy in the light of the new Corporate Plan and Welsh Government's Culture Strategy

We will also continue to further develop our service in others areas, including

- Collaboration with Denbighshire Youth Service to pilot open access youth provision at libraries
- Participating in the forthcoming all-Wales collaborative re-tendering process for a new digital platform and Library Management System
- Contributing to the council's Welsh in Education Strategic Plan to support children and young people's Welsh language skills in the community

- Further developing library facilities as flexible, adaptable and safe spaces to facilitate the delivery of 1:1 and small group support services and to enable people to engage socially with each other

However, the Council is facing up to £20m budget shortfall in 2024-25 so the expectation is that the library service will be subject to severe cuts. Work and engagement on this will begin soon.

## **1. What is the report about?**

1.1 The report seeks Performance Scrutiny Committee to review its draft forward work programme (see Appendix 1). As part of its review the Committee is asked to reflect on how Scrutiny can support the delivery of the Council's Corporate Plan and its aim of becoming Net Carbon Zero and Ecologically Positive by 2030, whilst also prioritising matters which the Committee deems important to scrutinise.

## **2. What is the reason for making this report?**

2.1 To seek the Committee to review and agree on its programme of future work, and to update members on relevant issues.

## **3. What are the Recommendations?**

That the Committee

- 3.1 considers the information provided and approves, revises or amends its forward work programme as it deems appropriate; and
- 3.2 determines whether any key messages or themes from the current meeting should be publicised via the press and/or social media.

## 4. Report details

- 4.1 Section 7 of Denbighshire County Council's Constitution sets out each Scrutiny Committee's terms of reference, functions and membership, as well as the rules of procedure and debate.
- 4.2 The Constitution stipulates that the Council's scrutiny committees must set, and regularly review, a programme for their future work. By reviewing and prioritising issues, members are able to ensure that the work programme delivers a member-led agenda.
- 4.3 For a number of years it has been an adopted practice in Denbighshire for scrutiny committees to limit the number of reports considered at any one meeting to a maximum of four plus the Committee's own work programme report. The aim of this approach is to facilitate detailed and effective debate on each topic.
- 4.4 In recent years the Welsh Government (WG) and Audit Wales (AW) have highlighted the need to strengthen scrutiny's role across local government and public services in Wales, including utilising scrutiny as a means of engaging with residents and service-users. From now on scrutiny will be expected to engage better and more frequently with the public with a view to securing better decisions which ultimately lead to better outcomes for citizens. AW will measure scrutiny's effectiveness in fulfilling these expectations.
- 4.5 Having regard to the national vision for scrutiny whilst at the same time focussing on local priorities, the Scrutiny Chairs and Vice-Chairs Group (SCVCG) recommended that the Council's scrutiny committees should, when deciding on their work programmes, focus on the following key areas:
- budget savings;
  - achievement of the Corporate Plan themes (with particular emphasis on their deliverability during a period of financial austerity);
  - any other items agreed by the Scrutiny Committee (or the SCVCG) as high priority (based on the PAPER test criteria – see reverse side of the 'Member Proposal Form' at Appendix 2);

- Urgent, unforeseen or high priority issues; and
- Supporting the Council's continued recovery work in relation to the effects of the COVID-19 crisis on Council services, the local economy and the county's communities

#### 4.6 Scrutiny Proposal Forms

As mentioned in paragraph 4.2 above the Council's Constitution requires scrutiny committees to prepare and keep under review a programme for their future work. To assist the process of prioritising reports, if officers are of the view that a subject merits time for discussion on Scrutiny's business agenda they have to submit a formal request to the SCVCG seeking Scrutiny to consider a report on that topic. This is done via the submission of a 'proposal form' which clarifies the purpose, importance and potential outcomes of scrutinising suggested subjects.

- 4.7 With a view to making better use of scrutiny's time by focussing committees' resources on detailed examination of subjects, adding value through the decision-making process and securing better outcomes for residents, the SCVCG decided that members, as well as officers, should complete 'scrutiny proposal forms' outlining the reasons why they think a particular subject would benefit from scrutiny's input. A copy of the 'member's proposal form' can be seen at Appendix 2. The reverse side of this form contains a flowchart listing questions which members should consider when proposing an item for scrutiny, and which committees should ask when determining a topic's suitability for inclusion on a scrutiny forward work programme. If, having followed this process, a topic is not deemed suitable for formal examination by a scrutiny committee, alternative channels for sharing the information or examining the matter can be considered e.g. the provision of an 'information report', or if the matter is of a very local nature examination by the relevant Member Area Group (MAG). No items should be included on a forward work programme without a 'scrutiny proposal form' being completed and accepted for inclusion by the Committee or the SCVCG. Assistance with their completion is available from the Scrutiny Co-ordinator.

### Corporate Plan Performance Monitoring

4.8 Following a recent review of the Council's Corporate Plan performance reporting procedures it has been agreed to change the Council's approach to report on performance on delivering the Corporate Plan to a six-monthly cycle, rather than the current quarterly cycle. This will alleviate pressures on officers, across the authority, in providing data and time in compiling large, detailed reports and provide them with more flexibility to deal with the effects of budget pressures within services. A consequence of this approach is that the Corporate Plan performance reports that were produced and circulated to Performance Scrutiny Committee members at the end of quarters 1 and 3 as information reports will no longer be produced, the quarters 2 and 4 reports which are tabled for discussion will continue to be presented. In the absence of Quarters 1 and 3 Corporate Plan Performance Information reports, members can still access performance information through Verto - the corporate performance management system.

### Cabinet Forward Work Programme

4.9 When determining their programme of future work it is useful for scrutiny committees to have regard to Cabinet's scheduled programme of work. For this purpose, a copy of the Cabinet's forward work programme is attached at Appendix 3.

### Progress on Committee Resolutions

4.10 A table summarising recent Committee resolutions and advising members on progress with their implementation is attached at Appendix 4 to this report.

## **5. Scrutiny Chairs and Vice-Chairs Group**

5.1 Under the Council's scrutiny arrangements, the Scrutiny Chairs and Vice-Chairs Group (SCVCG) performs the role of a coordinating committee. The Group met on 28 November 2023. At that meeting it allocated one item for this Committee's consideration. It relates to 'Council processes and procedures for applying for high value grant funding'. The report is provisionally scheduled for presentation to the Committee at its November 2024 meeting (see Appendix 1 attached).

5.2 The Group's next scheduled to meet on 29 January 2024.

## **6. How does the decision contribute to the Corporate Plan 2022 to 2027: The Denbighshire We Want?**

6.1 Effective scrutiny will assist the Council to deliver its Corporate Plan in line with community needs and residents' wishes. Continual development and review of a coordinated work programme will assist the Council to deliver its corporate themes, improve outcomes for residents whilst also managing austere budget and resource pressures.

6.2 Whilst the decision on the Committee's forward work programme itself will have a neutral contribution on the Council's aim of becoming Net Carbon Zero and Ecologically Positive by 2030, the Committee by effectively scrutinising all matters examined by it can help support the delivery of this ambition.

## **7. What will it cost and how will it affect other services?**

7.1 Services may need to allocate officer time to assist the Committee with the activities identified in the forward work programme, and with any actions that may result following consideration of those items.

## **8. What are the main conclusions of the Well-being Impact Assessment?**

8.1. A Well-being Impact Assessment has not been undertaken in relation to the purpose or contents of this report. However, Scrutiny through its work in examining service delivery, policies, procedures and proposals will consider their impact or potential impact on the sustainable development principle and the well-being goals stipulated in the Well-being of Future Generations (Wales) Act 2015.

## **9. What consultations have been carried out with Scrutiny and others?**

9.1. None required for this report. However, the report itself and the consideration of the forward work programme represent a consultation process with the Committee with respect to its programme of future work.

## **10. What risks are there and is there anything we can do to reduce them?**

10.1 No risks have been identified with respect to the consideration of the Committee's forward work programme. However, by regularly reviewing its forward work programme the Committee can ensure that areas of risk are considered and examined as and when they are identified, and recommendations are made with a view to addressing those risks.

## **11. Power to make the decision**

11.1 Section 21 of the Local Government Act 2000.

11.2 Section 7.11 of the Council's Constitution stipulates that scrutiny committees and/or the Scrutiny Chairs and Vice-Chairs Group will be responsible for setting their own work programmes, taking into account the wishes of Members of the Committee who are not members of the largest political group on the Council.

**Note:** Any items entered in *italics* have not been approved for inclusion at the meeting shown by the Committee. Such reports are listed here for information, pending formal approval.
