No matters were raised in relation to the contents of the minutes.

6 SETTING OF AFFORDABLE RENT LEVELS

The Chair welcomed Officers and Lead Member Councillor Rhys Thomas to the meeting.

The Head of Planning, Public Protection and Countryside Services introduced a report on the setting of Affordable Housing Rents to the Committee. Officers stated that there was a mature and productive relationship with Housing Associations within the County. Housing Associations and the Council worked closely together to deliver the housing need within the County.

The Strategic Planning and Housing Manager guided members though the report.

Affordable Rent was split into two categories, social rent and intermediate rent. Social rent was the lowest most affordable kind of rent and most Council and Housing Association (Registered Social Landlords) properties have rent pitched at this level. All local housing authorities and Registered Social Landlords (RSLs) in Wales were required to comply with the Social Housing Rent and Service Charge Standard. The Standard was brought in as part of The Housing (Wales) Act 2014.

The report presented was concerned with intermediate rent. The definition of Intermediate Rent was set by the Welsh Government (WG) as rent that is pitched at either Local Housing Allowance (LHA) rate (determined by the Valuation Office Agency (VOA) to be the lowest third of open market rents), up to a maximum of 80% of market rent; the figure was inclusive of service charges. Intermediate Rent was market led rather than income led and therefore was affected by rent increases seen recently in the private rented sector.

Intermediate Rent was an option available to private developers alongside assisted home ownership, when considering planning obligations on new development sites. In Denbighshire there were 15 dwellings owned by 3 different private developers, which were rented out as intermediate properties.

Affordable Housing within the County was accessible via the Tai Teg register which was operated by Grŵp Cynefin. There were currently 960 applicants requesting Intermediate Rental Accommodation which had grown significantly. The increase in demand could be explained by the uncertainties in the job market, Brexit and Covid, property prices had also been increasing dramatically.

There had been issues regarding service charges being included within intermediate rent and a number of meetings had taken place with Registered Social Landlords (RSLs) and Welsh Government officers concerning this. In conclusion to these meetings, it was agreed that the Welsh Government guidance was slightly unclear and therefore they issued a letter (previously circulated as appendix (iv) to the report) to clarify any concerns stating that Intermediate Rent should include any service charges.

There was a further commitment from Welsh Government to review Intermediate Rent levels as part of their future policy however, there was no timescale for this at this time.

The Chair thanked the Strategic Planning and Housing Manager for the report and welcomed questions from Members.

Members referred to the service charges and questioned if this was a way of increasing rent by the developers. The Head of Affordable Homes (Clwyd Alyn) stated that some communal areas were maintained by the developer, there was an annual charge for each property which was passed onto the residents as a service charge.

Members asked if a tenant was having financial difficulties were the Housing Associations able to adjust the rent and service charges. The Clwyd Alyn Representative stated that they explored ways of helping tenants to pay their rent by issuing food and energy vouchers - they had a Residents Fund set aside for such circumstances - however, they could not stop the service charges. Consultations with residents had taken place to establish ways in which to reduce the service charge as much as possible for example cutting communal grass areas every 3 weeks instead of every 2 weeks.

Members discussed if the service charge included the maintaining of play areas and whether they were being brought back under public ownership through Denbighshire County Council (DCC). The Head of Planning, Public Protection and Countryside Services stated that they would raise this question with the Head of Highways and Environment and get a written response to this query to members following the meeting. Adra advised that they did have communal play areas on some of their estates, whereas Clwyd Alyn did not have any. Some developers had play areas on the estates they managed and the maintenance costs for those were included in the service charges.

Members discussed pro-active communication plans that the Housing Associations had in place to help low-income tenants and questioned how RSLs were communicating the support that was available to households who were struggling the most.

Representatives from both Clwyd Alyn and Adra stated that they were very proactive with providing tenants with information on the support that was available to them. Tenants' arrears were closely monitored, and direct contact was made with the tenant to explore potential avenues of help that may be available to them. Tenants were also informed of agencies that would be able to help them to access any grants/funding that they were entitled to. Before being allocated a property all tenants underwent an affordability check to ensure that they were able to afford the property. Early Intervention Officers were also in place to help struggling tenants. Each RSL gave an outline of their own association's early intervention and support services which were available and provided to tenants who were struggling. They emphasised that supporting the health and well-being of their tenants was an integral part of their day-to-day business and a core element behind their establishment.

Members queried whether all Housing Associations communicated with each other and shared information. The Head of Planning, Public Protection and Countryside Services explained that there was a very close working relationship between Housing Associations and the Council. Regular meetings were attended to allow for discussion of future plans and emerging concerns.

Members questioned if the Police attended the regular meetings that were held in the event of a disruptive tenant, this would allow the information to be shared. The Affordable Homes Manager stated that the Police did not attend these meetings as they were primarily to discuss practices and processes. If there were any cases of anti-social behaviour a separate multi- agency meeting would be held.

Members asked about tenancy agreements and whether they were the same within all Housing Associations. The Head of Affordable Homes (Clwyd Alyn) explained that every Housing Association had a standard contract, also known as Occupation Contracts for Intermediate Rent tenants which had the same policies and procedures outlined within them. These contracts were rolling contracts and each tenant had a designated Housing Officer who was available to them for advice and could help signpost them to other agencies and services that may be able to provide support to them.

At the conclusion of an in-depth discussion the Chair thanked officers and representatives from all registered social landlords in attendance for providing comprehensive and constructive answers to members' questions. The Committee:

Resolved: subject to the above comments and observations to –

- (i) confirm that it had read and understood the process of setting intermediate rents; and
- (ii) support the continuation of the work with Private Landlords and Registered Social Landlords (RSLs) to strategically implement intermediate rents where appropriate to ensure the development of sustainable communities and maintain affordable tenancies.

7 SCRUTINY WORK PROGRAMME

The Scrutiny Co-Ordinator introduced the report and appendices (previously circulated) seeking Members' review of the Committee's work programme which provided and update on relevant issues.

The next Partnerships Scrutiny Committee meeting was scheduled for the 8 February 2024. There was one item listed for the next meeting:

 North Denbighshire Community Hospital Project- Members were informed the item had been provisionally deferred to Committee's March 2024 meeting.

The Scrutiny Chair's and Vice-Chair's meeting was scheduled for the 29 January and members were encouraged to complete the relevant form (previously circulated) if there were any items Members wanted to be considered at the meeting. No items had been added to the Committee's work programme at the previous Scrutiny Chair's and Vice-Chair's meeting.

Appendix 3 was the Cabinet's Forward Work Programme for Members reference. Appendix 4 provided the Committee with further information regarding recommendations from the previous meeting.

The Scrutiny Co-ordinator highlighted that following the resignation of Councillor Peter Scott, the Committee was required to nominate a replacement substitute representative on the Capital Scrutiny Group.

Nominations were sought from Members. Councillor Jeanette Chamberlain-Jones nominated herself. With no further nominations it was proposed and seconded that Councillor Jeanette Chamberlain-Jones be appointed the Committee's substitute representative on the Capital Scrutiny Group.

The Committee:

Resolved: -

- (i) to confirm its forward programme as set out in Appendix 1, subject to the North Denbighshire Community Hospital Project item being provisionally rescheduled from the February 2024 meeting to the March 2024 meeting; and
- (ii) to appoint Councillor Jeanette Chamberlain-Jones to serve as the Committee's substitute representative on the Capital Scrutiny Group (CSG), to deputise in the absence of the Committee's appointed representative as and when required.

8 FEEDBACK FROM COMMITTEE REPRESENTATIVES

Bwthyn y Ddôl Children's Assessment Centre: Councillor Bobby Feeley, Denbighshire County Council's Scrutiny Committees' representative on this facility's Project Board advised that the construction work was now at a well-advanced stage and that everything seemed to be on target. She also stated that the Council's Head of Children's Services was keen to provide members with a report on the project in the near future.

<u>Service Challenge – Performance, Digital and Assets Service</u>: the Vice-Chair, the Committee's representative on this Service Challenge Group, informed members that the Service Challenge meeting for this Service was due to be held early in the new year. She encouraged members who had any questions or concerns in relation to this Service to forward them to her as soon as possible, to enable her to raise them at the forthcoming meeting.

The Chair thanked members for their attendance at the meeting and closed the meeting.

Meeting concluded at 11.20am.

Report to Partnerships Scrutiny Committee

Date of meeting 21 March 2024

Head of Service Catrin Roberts, Head of Corporate Support Service:

People

Report author Rhian Evans, Scrutiny Co-ordinator

Title Scrutiny Work Programme

1. What is the report about?

1.1 The report seeks Partnerships Scrutiny Committee to review its draft forward work programme (see Appendix 1). As part of its review the Committee is asked to reflect on how Scrutiny can support the delivery of the Council's Corporate Plan and its aim of becoming Net Carbon Zero and Ecologically Positive by 2030, whilst also prioritising matters which the Committee deems important to scrutinise.

2. What is the reason for making this report?

2.1 To seek the Committee to review and agree on its programme of future work, and to update members on relevant issues.

3. What are the Recommendations?

That the Committee

- 3.1 considers the information provided and approves, revises or amends its forward work programme as it deems appropriate; and
- 3.2 determines whether any key messages or themes from the current meeting should be publicised via the press and/or social media; and

4. Report details

- 4.1 Section 7 of Denbighshire County Council's Constitution sets out each Scrutiny Committee's terms of reference, functions and membership, as well as the rules of procedure and debate.
- 4.2 The Constitution stipulates that the Council's scrutiny committees must set, and regularly review, a programme for their future work. By reviewing and prioritising issues, members are able to ensure that the work programme delivers a member-led agenda.
- 4.3 For a number of years it has been an adopted practice in Denbighshire for scrutiny committees to limit the number of reports considered at any one meeting to a maximum of four plus the Committee's own work programme report. The aim of this approach is to facilitate detailed and effective debate on each topic.
- 4.4 In recent years the Welsh Government (WG) and Audit Wales (AW) have highlighted the need to strengthen scrutiny's role across local government and public services in Wales, including utilising scrutiny as a means of engaging with residents and service-users. From now on scrutiny will be expected to engage better and more frequently with the public with a view to securing better decisions which ultimately lead to better outcomes for citizens. AW will measure scrutiny's effectiveness in fulfilling these expectations.
- 4.5 Having regard to the national vision for scrutiny whilst at the same time focussing on local priorities, the Scrutiny Chairs and Vice-Chairs Group (SCVCG) recommended that the Council's scrutiny committees should, when deciding on their work programmes, focus on the following key areas:
 - budget savings;
 - achievement of the Corporate Plan themes (with particular emphasis on their deliverability during a period of financial austerity);
 - any other items agreed by the Scrutiny Committee (or the SCVCG) as high priority (based on the PAPER test criteria – see reverse side of the 'Member Proposal Form' at Appendix 2);

- Urgent, unforeseen or high priority issues; and
- Supporting the Council's recovery work in relation to the effects of the COVID-19 crisis on Council services, the local economy and the county's communities

4.6 Scrutiny Proposal Forms

As mentioned in paragraph 4.2 above the Council's Constitution requires scrutiny committees to prepare and keep under review a programme for their future work. To assist the process of prioritising reports, if officers are of the view that a subject merits time for discussion on Scrutiny's business agenda they have to submit a formal request to the SCVCG seeking Scrutiny to consider a report on that topic. This is done via the submission of a 'proposal form' which clarifies the purpose, importance and potential outcomes of suggested subjects.

4.7 With a view to making better use of scrutiny's time by focussing committees' resources on detailed examination of subjects, adding value through the decision-making process and securing better outcomes for residents, the SCVCG decided that members, as well as officers, should complete 'scrutiny proposal forms' outlining the reasons why they think a particular subject would benefit from scrutiny's input. A copy of the 'member's proposal form' can be seen at Appendix 2. The reverse side of this form contains a flowchart listing questions which members should consider when proposing an item for scrutiny, and which committees should ask when determining a topic's suitability for inclusion on a scrutiny forward work programme. If, having followed this process, a topic is not deemed suitable for formal examination by a scrutiny committee, alternative channels for sharing the information or examining the matter can be considered e.g. the provision of an 'information report', or if the matter is of a very local nature examination by the relevant Member Area Group (MAG). No items should be included on a forward work programme without a 'scrutiny proposal form' being completed and accepted for inclusion by the Committee or the SCVCG. Assistance with their completion is available from the Scrutiny Co-ordinator.

Cabinet Forward Work Programme

4.8 When determining their programme of future work it is useful for scrutiny committees to have regard to Cabinet's scheduled programme of work. For this purpose, a copy of the Cabinet's forward work programme is attached at Appendix 3.

Progress on Committee Resolutions

4.9 A table summarising recent Committee resolutions and advising members on progress with their implementation is attached at Appendix 4 to this report.

5. Scrutiny Chairs and Vice-Chairs Group

- 5.1 Under the Council's scrutiny arrangements, the Scrutiny Chairs and Vice-Chairs Group (SCVCG) performs the role of a coordinating committee. The Group met on 29 January 2024. At that meeting a member raised the fact that the management and operation of the contract for the 'Household Waste Recycling Centres' had not been submitted to Scrutiny for review in line with Cabinet's recommendation when awarding the contract. The review has now been listed for consideration by this Committee at its meeting on 4 July 2024 (see Appendix 1).
- 5.2 The Group's next scheduled meeting is on the 18 March 2024. Any matters raised at that meeting that directly affect this Committee's forward work plan will be reported verbally at the meeting on 21 March.

6. How does the decision contribute to the Corporate Plan 2022 to 2027: The Denbighshire We Want?

- 6.1 Effective scrutiny will assist the Council to deliver its Corporate Plan in line with community needs and residents' wishes. Continual development and review of a coordinated work programme will assist the Council to deliver its corporate themes, improve outcomes for residents whilst also managing austere budget and resource pressures.
- 6.2 Whilst the decision on the Committee's forward work programme itself will have a neutral contribution on the Council's aim of becoming Net Carbon Zero and

Ecologically Positive by 2030, the Committee by effectively scrutinising all matters examined by it can help support the delivery of this ambition.

7. What will it cost and how will it affect other services?

7.1 Services may need to allocate officer time to assist the Committee with the activities identified in the forward work programme, and with any actions that may result following consideration of those items.

8. What are the main conclusions of the Well-being Impact Assessment?

8.1. A Well-being Impact Assessment has not been undertaken in relation to the purpose or contents of this report. However, Scrutiny through its work in examining service delivery, policies, procedures and proposals will consider their impact or potential impact on the sustainable development principle and the well-being goals stipulated in the Well-being of Future Generations (Wales) Act 2015.

9. What consultations have been carried out with Scrutiny and others?

9.1. None required for this report. However, the report itself and the consideration of the forward work programme represent a consultation process with the Committee with respect to its programme of future work.

10. What risks are there and is there anything we can do to reduce them?

10.1 No risks have been identified with respect to the consideration of the Committee's forward work programme. However, by regularly reviewing its forward work programme the Committee can ensure that areas of risk are considered and examined as and when they are identified, and recommendations are made with a view to addressing those risks.

11. Power to make the decision

11.1 Section 21 of the Local Government Act 2000.

11.2 Section 7.11 of the Council's Constitution stipulates that scrutiny committees and/or the Scrutiny Chairs and Vice-Chairs Group will be responsible for setting their own work programmes, taking into account the wishes of Members of the Committee who are not members of the largest political group on the Council.

Note: Items entered in italics have <u>not</u> been approved for submission by the Committee. Such reports are listed here for information, pending formal approval.
