

REPORT TO: **[INSERT RELEVANT COMMITTEE NAME]**

DATE: **[DATE]**

REPORT BY: **NWRWTP PROJECT MANAGER**

SUBJECT: **PROJECT BUDGET REVISION**

1. PURPOSE OF REPORT

- 1.1. To present the revised budget for 2013/14 for Members' approval.
- 1.2. To present the budget to the procurement stage of Financial Close for 2014/15 for Members approval.

2. BACKGROUND

- 2.1. The contents of this report were considered by the Joint Committee at their meeting of 29 January 2014 and it was agreed that it be recommended for approval by the partner authorities.
- 2.2. The Joint Committee approved a project budget to the stage of Preferred Bidder selection at it's meeting in July 2013. The approved budget for the year 2013/14 was £455,862 within a total net projected project expenditure of £3,000,367 summarised in the table below.

NWRWTP Budget Review June 2013

(To preferred bidder selection. Excludes advisor fees from preferred bidder through to contract award)

- 2.3. Before calling for final tender Wheelabrator Technologies Inc (WTI) provided a price update paper to the NWRWTP Project team. The paper indicated that WTI's CFT submission would represent a significant increase in costs to that set out in WTI's refined ISDS submission. This unexpected development created an extra demand on resources to examine WTI's position in detail and consider alternative options of service delivery.
- 2.4. At the September 2013 meeting of the NWRWTP Joint Committee the Project Manager advised Members that as a result of the additional work undertaken there would be an increase in expenditure and the project budget would have to be re-visited.
- 2.5. The first Inter-Authority Agreement (IAA) regulates the procurement project up to the position of Financial Close. The projected procurement project net

expenditure included in the IAA is £3,198,673. To reach the milestone of Financial Close a budget is required that extends into Q1 of 2014/15.

3. CONSIDERATIONS

3.1. Expenditure to the end of Q3 2013/14 v the approved budget is summarised in the following table. The reported overspend of £268,869 is largely due to a timing difference on the receipt of grant monies to be received from WG and the additional work resulting from WTI's price update paper.

3.2. The project procurement programme has been revised. Preferred Bidder approval by each of the Partnership Authorities will take place during February/March 2014. Financial Close is scheduled to be completed during June 2014.

3.3. The approved 2013/14 budget has been reviewed in the light of actual expenditure incurred to date (Dec 2013). The project team have also assessed the input required from advisors to get to the point of Financial Close. The updated procurement project budget to the point of Financial Close is shown in the table below.

NWRWTP Budget Review January 2014 (To financial close)

Total procurement project net expenditure is projected to be £3,437,266 being £238,593 (+7.5%) greater than that contained in the IAA. The projected net expenditure for the current year is £595,558. The key assumptions that underpin these projections are attached in Appendix 1. A more detailed breakdown of the expenditure headings is attached in Appendix 2

- 3.4. The IAA Agreement provides that where actual costs associated with the project are likely to exceed the approved annual Project budget held on behalf of the Councils by 5% this will be a Matter Reserved To the Councils.
- 3.5. Individual Councils will also need to consider budget requirements beyond Financial Close noting the following points.
 - The second IAA will need to be executed before the JC is able to approve budgets beyond the financial close stage.
 - The requirements for the project beyond financial close need to be identified and agreed.
 - Individual Councils will need to be able to plan for costs now (at least in 2014/15) ahead of the second IAA being formally agreed.
 - The Project Director previously identified (May 2011) the potential cost of a Contract Management Team plus External Advisors of between £307,000 to £359,000 per annum. Further advice is being sought on this matter from sources in WG.
