

Denbighshire RDP Partnership

The Denbighshire Rural Development Plan Partnership comprises representation from the community, private, public and voluntary sectors in equal numbers, in conjunction with Denbighshire County Council and Cadwyn Clwyd Local Action Group (LAG). The Partnership is an unincorporated body and has no legal powers and cannot own property or enter into contracts. It will operate within the framework of the lead body which is Denbighshire County Council.

The Denbighshire Rural Development Plan Partnership has been formed with representation from four sectors: community, private, public and voluntary. The decision-making body will comprise sixteen individuals from throughout the area, each with specific expertise within fields relevant to the issues to be addressed and well placed to communicate with the sectors they represent.

The public sector members will be nominated by Denbighshire County Council. Denbighshire Voluntary Services Council will be consulted about nominations made to fill vacancies for members representing the voluntary sector.
