

Internal Audit Annual Assurance Plan 2016-17

(Revised for the period July 2016-March 2017)

Arrangements for delivering an effective internal audit service

July 2016

Contents

Background to the Service	1
Service Structure	2
Internal Audit Annual Plan 2016/17	3
Service Standards	7

Background to the Service

The Internal Audit Service is an independent and objective internal team that provides assurance and advice to all levels of management and elected members on the quality of operations within the Council. We particularly focus on governance, risk management, performance, efficiency and operational and financial control. We also provide internal audit services to North Wales Police (NWP) but this Strategy refers primarily to the service provided to Denbighshire County Council.

The service works to the Public Sector Internal Audit Standards (PSIAS) that include a Code of Ethics that the team must abide by. The objectives of the PSIAS are to:

- define the nature of internal auditing within the UK public sector;
- set basic principles for carrying out internal auditing in the UK public sector;
- establish a framework for providing internal audit services, which add value to the organisation, leading to improved organisational processes and operations; and
- establish the basis for the evaluation of internal audit performance and to drive improvement planning.

PSIAS definition of internal auditing...

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

Our main objectives are to...

- ...provide independent assurance and advice to management and elected members on risk management, governance and internal control;
- ...develop and promote our role to make a significant contribution to the Council's priority to modernise and deliver efficiencies and improve services for our customers; and
- ...add value in all areas of our work, providing excellent service to our customers.

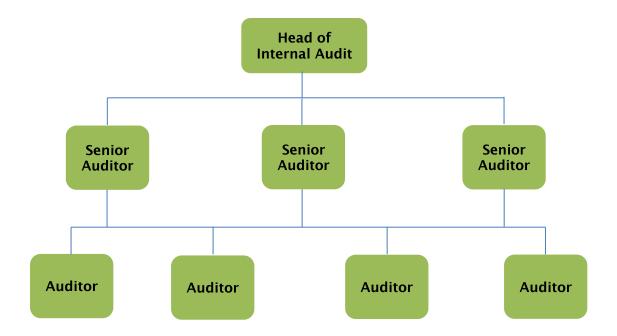

Our team is very proactive and innovative, constantly aiming to improve and we have restructured over the last year to make the service more streamlined and efficient as part of the Council's efficiencies programme. Over recent years, we have developed a very successful customer-focused approach to audit planning, project scoping and service delivery, involving elected members, senior management and operational staff that has made us a valued service within the Council, contributing to service improvement as well as providing assurance.

Our work provides a risk-based approach that allows the Head of Internal Audit (HIA) to form and evidence his opinion on the control environment to support the Council's annual review of its governance arrangements. Our Internal Audit Annual Assurance Plan therefore links closely to the Council's Governance Assurance Framework, taking account of other assurances that the Council may receive, internal or external, to prevent duplication and coordinate regulatory work. It also takes account of discussions with senior management to identify projects that will add value to them.

The HIA may also provide assurance to other organisations that work in partnership with the Council if the internal audit service has carried out work in that area of service, particularly if the other organisation is the lead partner.

Service Structure

The service restructure means that we have reduced the tiers within the service from five down to two, as it was considered top-heavy and hierarchical. The new structure has significantly reduced costs but has improved the team's efficient and communication channels.

Revised Internal Audit Assurance Plan July 2016-March 2017

	Plan	Assurance

Service Standards

To measure how well we deliver our essential audit work and a customerfocused service, we use following performance measures:

Customer Service Standard	Target
We will contact you at least 2 weeks in advance to arrange a suitable date for our visit.	100%
We will discuss, agree & send you the Internal Audit Project Scoping Document before we commence work.	100%
At the conclusion of our work, we will hold a closing meeting with all relevant people to discuss the outcome of our work, and then send you a draft report within 10 working days of that meeting.	90%
Once we have agreed the draft report and any actions plan with you, we will send you the final audit report within 5 working days.	90%
