1. What type of proposal / decision is being assessed?

A new procedure

2. What is the purpose of this proposal / decision, and what change (to staff or the community) will occur as a result of its implementation?

Denbighshire County Council is committed to providing a safe and healthy working environment for its staff. It recognises that staff who have experienced a prolonged period of absence from work due to illness or injury may require particular support in returning to their normal hours and duties of work. It aims to assist staff in such circumstances to return to work in an effective and productive way which does not compromise their recovery or long-term health by facilitating appropriate measures to support rehabilitation. This may involve a phased return to work programme. Denbighshire County Council recognises that the circumstances of each case of long-term absence will differ and will deal with rehabilitation arrangements in a sensitive and flexible manner. This procedure sets out the broad parameters in which a phased return to work programme will be supported and managed.
