9 Chief Finance Officer Statement

- 9.1 Treasury Management involves looking after significant sums of cash so it is a vital part of the Council's work. It requires a sound strategy and appropriate controls to safeguard the Council's money, to ensure that reasonable returns on investments are achieved and that debt is effectively and prudently managed.
- 9.2 It is a requirement of the CIPFA Code of Practice on Treasury Management for the Council to prepare an annual report on treasury activity for the previous financial year. Cabinet is required to note the performance of the Council's Treasury Management function during 2015/16 and its compliance with the Prudential Indicators as reported in the Annual TM Report 2015/16.

10 What risks are there and is there anything we can do to reduce them?

- 10.1 Treasury Management is inherently risky but the Council is monitoring and controlling these risks as outlined in the main report. However, it is impossible to eliminate these risks completely. The council's treasury management strategy and procedures are audited annually and the latest internal audit review was positive with no significant issues raised.

11 Power to make the Decision

- 11.1 The Local Authorities (Capital Finance and Accounting) (Wales) Regulations require local authorities to have regard to the Chartered Institute of Public Finance and Accountancy's Code of Practice on Treasury Management which determines the requirement for the Cabinet to receive and annual report on treasury activities for the previous financial year.
