Title:	Corporate Fleet Management Update

1. What is the report about?

This report provides an update on progress in implementing the action plan that accompanied the Internal Audit report on Corporate Fleet Management in October 2015.

2. What is the reason for making this report?

This report is to provide information on how the Council is implementing improvements in fleet management since the issue of the Internal Audit report in 2015. The audit report gave 'Low Assurance', so the Corporate Governance Committee requested a progress report to ensure that the issues are being addressed. This is the second progress report, the previous one being in March 2016.

3. What are the Recommendations?

The Committee to review progress and decide whether it requires a further progress report.

4. Report details

Appendix 1 is the Internal Audit follow up action plan, which shows that good progress is being made with implementing the issues and risks that Internal Audit identified.

Although there are still some actions outstanding, the key issues have been addressed, such as developing a new Transport Policy and improvements to health and safety and driver checks. This means that we can change the assurance rating to 'Medium'.
