INTRODUCTION & SUMMARY

This performance report looks at the Corporate Plan 2012-17. It provides an evidence-based assessment of the current position. Below is a summary of the key issues identified.

OUTCOME & PERFORMANCE SUMMARY

This is the summary position for each outcome in the Corporate Plan as at the end of Quarter 2 (September 30th, 2016). The overall evaluation for each outcome has been determined by taking account of the indicators, performance measures, and improvement activity.

DEVELOPING THE LOCAL ECONOMY

<u>Outcome 1</u>	Infrastructure for growth	ACCEPTABLE
<u>Outcome 2</u>	Supported and connected businesses	ACCEPTABLE
<u>Outcome 3</u>	Opportunities for growth	EXCELLENT
<u>Outcome 4</u>	High quality skilled workforce	GOOD
<u>Outcome 5</u>	Vibrant towns and communities	ACCEPTABLE
<u>Outcome 6</u>	Well-promoted Denbighshire	GOOD

Overall performance for this priority is positive with all activities and projects categorised as 'on track' or at a 'good' level as at the end of quarter 2.

The majority of the headline indicators for this priority are annual and were reported on in quarter 4, 2015/16.

The 2016 Business survey results are now included, which show:

- 100% (10) of businesses who responded to this question were satisfied with access to advice/support. Most businesses do not access any support of any kind.
- 70% (347) of businesses who responded sold or sourced goods or services online
- 20% (100 out of 496) of businesses who responded to the survey reported difficulties in recruiting due to applicants not having the right skills
- 63% (103/162) of town centre businesses reported confidence in future prospects

Work led by the Economic & Business Development Team to support Vibrant & Viable High Streets across the county has seen the #LoveLiveLocal campaign increase its reach on Facebook by almost 50% in this quarter. Just under 25,000 people have now seen information on Facebook about our campaign to support local shops and businesses. Working with the Communications Team we increased the amount of posting on Twitter and have been more strategic with audience targeting. This has enabled us to triple the amount of engagements over the two month period July – September to more than 56,000.

Over 40 businesses have engaged with the campaign so far either using the hashtag or being photographed as supporters, but business understanding of social media is limiting engagement in the campaign. Many still don't have accounts and are reluctant to engage with consumers in this way, making our task more challenging. When businesses have engaged it has been really positive and outcomes are positive.

As part of the ECA Programme Board's work on developing the local economy we have seen benefits from our new approach to handling investment enquiries; securing Wagg Foods investment in the county at Bodelwyddan (£5m, 20 jobs initially followed by up to 50 more over the next 4 years). Interaction with Wagg Foods was via the new process set out in our recently adopted 'Investment Toolkit'. Our process was described as one of best practice by Legat Owen commercial agents to colleagues in Ynys Mon and recommended for implementation in relation to the development of Wylfa. The Managing Director of the business complemented the council on its work and said their confidence was significantly boosted by our organised and professional approach, proving that a focus on sound process can result in positive outcomes.

The decision has been taken to postpone recording outputs for the following indicators for the time being:

- ECA3.2i No. of new jobs in Growth Sectors
- ECA3.3i No. of Denbighshire residents employed in Growth Sectors

The reason for this decision is that both indicators are dependent on the development of 'move-on accommodation' to allow for Growth Sector expansion. A business case is currently being prepared for this, on the back of the recent demand study that was commissioned, which acknowledged that St. Asaph Business Park lacked further warehouse space. In fact, the study revealed that some Growth Sector firms have had to reconfigure office space at a high cost, due to lack of suitable accommodation.

IMPROVING PERFORMANCE IN EDUCATION & THE QUALITY OF OUR SCHOOL BUILDINGS

Outcome 7 Students achieve their potential

PRIORITY FOR IMPROVEMENT

The overall position for this outcome is Red: Priority for Improvement.

A higher benchmark for excellence in educational attainment is being used where 'Green: Excellent' is the best in Wales. There are five indicators considered to be a priority for improvement, and two performance measures. These are detailed below.

The only new data for this quarter relates to the total rate per 1,000 pupils of fixed-term exclusions; and the percentage of pupils who leave compulsory education, training or work based learning without an approved external qualification.

Looking at the exclusions data for 2014/15 academic year, there were 734 fixed-term exclusions lasting 5 days or less, and 26 lasting over 5 days. This is a 31% increase on 2013/14 where there were 563 and 17 respectively. This, therefore remains red and a 'priority for improvement'.

In terms of the percentage of pupils who leave compulsory education, training or work based learning without an approved external qualification, Denbighshire maintained its position among the best in Wales with no pupil leaving without a qualification in 2014/15 academic year.

Robust monitoring of attendance has continued this quarter, aiming to continue the good progress made in the last academic year to improve attendance across the board (national data will not be confirmed until summer 2017). However, though holiday absence is usual in the first term, there does appear to have been an increase this September, which is currently causing some concern. It is left to the discretion of Headteachers whether or not to approve holiday absence.

In terms of our modernising education programme, the demolition of the old Rhyl High School building is now complete with the car park being resurfaced and the leisure centre re-clad. Bodnant Community School's extension has also officially opened, which includes 7 new classrooms, a hall, community room, a new reception and offices. There is also a new staff and visitors car park which can be accessed from Ffordd Parc Bodnant. As part of the project the existing building was also refurbished. Work continues to progress well at Glan Clwyd School and planning has been approved for the £10.5 million new shared school site in Ruthin.

There is one Project – Ruthin Review – New Area School for Llanfair DC and Pentrecelyn which is `red'. The Judicial Review verdict has been delivered and the judges ruled against the Council. As a result the additional survey and design works on the project have now been stopped until we establish what this result means and the way forward. A report on the way forward will be presented to Cabinet in the Autumn.

IMPROVING OUR ROADS

Outcome 8 Residents and visitors to Denbighshire have access to a safe and well-managed road network

ACCEPTABLE

This outcome is supported predominantly by annual indicators and measures which were reported in quarter 4, 2015/16.

Throughout the year the Council has undertaken a programme of planned and remedial activities to improve the road network across Denbighshire. 50% (3) of activities were completed in quarter 1 with microasphalt laying and surface dressing works being completed ahead of schedule. The remaining 50% (3) continue to be 'on target' during quarter 2.

Significant improvement has been made in the [percentage of damaged roads and pavements made safe within target time](#), with quarter 2 reaching 100% `excellent'. All 98 defects reported were dealt with within 7 days.

VULNERABLE PEOPLE ARE PROTECTED & ABLE TO LIVE AS INDEPENDENTLY AS POSSIBLE

Outcome 9 Vulnerable people are able to live as independently as possible

GOOD

Outcome 10 Vulnerable people are protected

GOOD

The overall position for this outcome is Yellow: Good.

The quarterly indicator relating to '[the percentage of the population \(aged over 18\) who cannot live independently](#)' continues to be 'red' as reported in quarter 1, 2016/17. As at the end of quarter 2 the percentage of adults needing residential care because they were unable to live independently was 0.66% (496 people). Work is ongoing to reduce the number of new admissions to residential care homes through the use of both modern and traditional care packages in the home and by working with people to maximise their independence. Overall the number of people supported in residential care is reducing but it will take a number of years to bring the total to an acceptable level due to the long term nature of the services already being provided and the delays in developing new Extra Care Schemes.

[The percentage of initial core group meetings due in the year which were held within 10 working days of the initial child protection conference.](#)

Quarter 2 data is awaited. Systems are currently being realigned to meet the requirements of the Social Services and Wellbeing Act (2014). This indicator has been removed from the national indicator set for Children's Services.

[The percentage of child protection reviews carried out within statutory timescales during the year](#) – in quarter 2, 92 out of 98 (93.88%) were carried out within timescale. Six children experienced a short delay of 9 days in attending their review conference as a result of sickness absence.

CLEAN & TIDY STREETS

Outcome 11 To produce an attractive environment for residents and visitors alike

GOOD

Overall our performance is 'good'.

We aim to provide an attractive environment for residents and visitors alike, primarily through keeping our streets clean and tidy and tackling identified eyesore sites across the county.

This outcome is supported by annual indicators which were reported in quarter 4, 2015/16.

The two quarterly measures maintained their 'excellent' performance in quarter 2:

- The rate of fixed penalty notices (all types) issued (rate per 1,000 population = 44.36, 4,205 notices served to date)
- The rate of fixed penalty notices (dog fouling) issued (rate per 1,000 population = 0.28, 27 notices served to date)

Both activities (100%) that support the clean and tidy streets priority are 'on target'.

ENSURING ACCESS TO GOOD QUALITY HOUSING

Outcome 12 The housing market in Denbighshire will offer a range of types and forms of housing in sufficient quantity and quality to meet the needs of individuals and families

GOOD

In providing access to good quality housing the Authority is 'on track' in 86% (24) of all the activities planned to support delivery of this priority.

The number of [calendar days taken to let empty properties \(council stock only\)](#) has increased to 66 days in quarter 2 and remains a priority for improvement. New lettable standards have been adopted by the council and unanimously endorsed by Scrutiny. The Service is working hard to ensure that these better standards are met prior to a property being let and that more work is carried out to avoid any future disruptions to tenants. This is reflected in the 93% of void time being spent on maintenance of properties. There were 29 applicable lets during the quarter with a total 1,937 days void. The increase in value is mainly due to the introduction of asbestos surveys on all voids (started in June), which prolongs the void process before void works can begin. But this is slightly artificial and not comparable to previous years, and we expect this to be only short term, whilst the specific asbestos work is carried out. Following which, we would expect to see a significant drop in the number of days.

The improved performance trend in a range of measures continues in quarter 2:

- In quarter 2 the speed of delivering Disabled Facilities Grants has seen improvement. The average number of calendar days reduced from 139 days in quarter 1 to 126 days in quarter 2.
- The percentage of private sector dwellings that had been vacant for more than 6 months at 1 April that were returned to occupation during the year through direct action by the local authority increased with a further 34 empty homes brought back into use during quarter 2 (67 in total for 2016/17).

In addition:

- Work is progressing across the North Wales region on a common approach to developing Supplementary Planning Guidance (SPGs). The Pontcysyllte Aqueduct and Canal World Heritage Site SPG, which we jointly produced with Wrexham and Shropshire, was recently used as a case study and cited as good practice by Welsh Government.
- Results were announced in September 2016 for the UK National RTPI Awards – Denbighshire are a finalist in the 'Excellence in Planning for Built Heritage' category, for the conversion of an old derelict 'eyesore' listed building in Rhyl, for affordable housing.

Outcome 13 Services will continue to develop and improve

GOOD

Outcome 14 More flexible and effective workforce supported by cost efficient infrastructure

ACCEPTABLE

The Council takes its responsibilities toward its staff very seriously, recognising them as a key asset and essential to delivering good quality services.

There are areas in which the Council recognises performance can be improved, such as timeliness of complaints handling and performance appraisal completion.

In quarter 2, 94% (114 received, 107 responded to within timescale) of [all external stage 1 complaints were responded to within corporate timescales](#). Whilst still remaining as a priority for improvement, this quarter has seen a 6% improvement on quarter 1. Performance against this indicator is automatically reported to and monitored by Scrutiny each quarter.

The [percentage of staff receiving a performance appraisal](#) has increased slightly to 90% this quarter. Heads of Service receive monthly HR reports on the service performance appraisal completion. The Senior Leadership Team (SLT) are committed to ensuring accurate data capture and that 100% is achieved.

[The monthly average number of working days/shifts per full time equivalent \(FTE\) local authority employee lost due to sickness absence](#) was 8.35 days in September 2016 and is at an 'acceptable' level. This is an improvement from the 8.5 days in July and 8.41 in August. It is also slightly lower than the same period last year, 8.71 days lost in September 2015. The Council acknowledges the continued need to address and drive down sickness absence. The Attendance at Work Policy is currently being reviewed. The new policy will be considered by the Local Joint Consultative Committee in February 2017. The intranet has also been refreshed with new content for staff about their health and well-being (smoking, alcohol) with future campaigns about sugar, diet and mental health are under consideration.

There has been significant progress this quarter with some key projects:

- The Centralised Mailroom project went live in County Hall, Ruthin on 1 September 2016. All agreed internal and external mail is now directed to the corporate store where it is scanned and distributed electronically. This means mail can be accessed from any location. Caledfryn will 'go live' in November 2016.

Others have experienced slight delays:

- The Denbighshire Telephony project is experiencing some delays while waiting for quotes for handsets from suppliers. However, the overall April 2017 deadline for the project is still on target.
- There are some issues with the rollout of e-learning for members and officers. The expected launch date is during quarter 4.

As reported in quarter 1, the 2015/16 carbon emissions data will be reported on in quarter 3.

Green	On Target	Excellent
Yellow	Experiencing Obstacles	Good
Orange	At Risk	Acceptable
Red	Compromised	Priority for Improvement
Blue	Completed	N/A
Grey	No data	No data or is a count only

THE EVALUATION

- The default methodology for performance evaluation is where the upper quartile reflects the transition to Excellent, and the Wales median reflects the transition to a Priority for Improvement.
- This is true for most except our education attainment indicators, where the 'best in Wales' reflects the transition to Excellent and the Wales median reflects the transition to a Priority for Improvement.
- The default position for activity reporting is documented in the project management methodology, summarised above (Action Status).

APPENDIX 2 -QUARTER 2 PERFORMANCE REPORT

This performance report looks at the Corporate Plan 2012-17. It provides an evidence-based assessment of the current position on an exceptions basis i.e. those measures that are Red: Priority for Improvement, or where there is an issue with the data that needs to be raised. Those measures that are currently showing an acceptable, good or excellent status are not examined in any great detail within this report, but are available to view through the Verto Performance Management System.

Please Note: This report has been generated from the Verto Performance Management System

PRIORITY - DEVELOPING THE LOCAL ECONOMY

ECONOMY HEADLINE INDICATORS

Description	This cluster of indicators are economy-based aspects of the external environment in which we'd expect to see an improvement if our Outcomes were progressing well. The six Outcomes within the Economic & Community Ambition priority will have a discrete set of indicators according to their theme (e.g. infrastructure), but collectively should enable progress against this cluster of indicators by laying the foundations for economic growth.
Outcome Summary	<p>The overall status for these indicators is Orange: Acceptable.</p> <p>An Internal Audit report was completed on the Economic & Community Ambition Programme in September 2016, and overall provided a Medium assurance rating.</p> <p>Minor weaknesses were identified around i. the programme's performance management indicators and measures; ii. frequency of the review of the programme's risks; and iii. quality of highlight reports from projects within the programme. Agreed actions are i. to review indicators and measures for each outcome as the new Corporate Plan is devised; ii. The risk register is now a standing agenda item at future board meetings; and iii. Reminders to maintain quality, timely records will be sent to project executives and managers, with failure to comply resulting in additional scrutiny from the Programme Board.</p> <p>It was noted that 'Governance over the programme as a whole is sound and ensures alignment with the corporate priority.'</p>

Indicators

PRIORITY - VULNERABLE PEOPLE ARE PROTECTED & ABLE TO LIVE AS INDEPENDENTLY AS POSSIBLE

OUTCOME 9 - VULNERABLE PEOPLE ARE ABLE TO LIVE AS INDEPENDENTLY AS POSSIBLE

Status	GOOD
Outcome Summary	<p>The overall position for this outcome is Yellow: Good.</p> <p>There is one quarterly indicator that is considered to be a 'Priority for Improvement', and this is detailed below.</p>
Indicators	
QIndependent18	The percentage adults who live independent of a formal package of social care provided/arranged by the council (aged 18 or over)
QResidential18	The percentage of the population who cannot live independently (aged 18 or over)

Latest Data Comment

Quarter 2 We are working to reduce the number of new admissions to residential care homes through the use of both modern and traditional care packages in the home and by working with people to maximise their independence. Overall, this means the number of people we support in residential care is diminishing, but will take a number of years to bring the total to an acceptable level due to the long term nature of the services already being provided and the time delays in developing new Extra Care Schemes.

Measures				
Assistive18 Annual	The number of adult clients in receipt of assistive technology (aged 18 or over)			
Newcarehome65 (count only)	The number of new placements of adults whom the authority supports in care homes (aged 65 or over)			
QPSR002	The average number of calendar days taken to deliver a Disabled Facilities Grant			
QSCA001	The rate of delayed transfers of care for social care reasons per 1000 population aged 75 or over			
QSupported (a) 18	Of the people who can live independently with a package of care, the percentages that are supported to live independently through, modern supportive options (aged 18 or over)			
QSupported (b) 18	Of the people who can live independently with a package of care, the percentages that are supported to live independently through traditional care options
