Equality Impact Assessment: Are We Being Fair?

Template

Compulsory for all proposals

Throughout this document we use the word 'proposal' to refer to what we are assessing. In this context, the term includes the different things that we do, including strategies, functions, procedures, practices, policies, initiatives and projects.

This template covers <u>all equality assessment needs</u> from initial screening to a full Impact Assessment, by following the 6 steps:

- 1. Screening the equality needs of the proposal
- 2. Data collection and evidence
- 3. Involvement and consultation
- 4. Assessing impact and strengthening the proposal
- 5. Procurement and partnerships
- 6. Monitoring, evaluating and reviewing

The aim of an equality impact assessment (EIA) is to ensure that equality issues have been consciously considered [Due Regard] throughout the decision making processes of the work we do.

The EIA highlights any areas of risk and maximises the benefits of proposals in terms of equality. It therefore helps to ensure we have considered everyone who might be affected by the proposal. It also helps us to meet our legal responsibilities under the general equality duties (Single Equality Act 2010). There is also a requirement under Human Rights legislation for Local Authorities to consider Human Rights in developing proposals.

Our approach to EIAs will help us to strengthen our work to promote equality. It will also help to identify and address any potential discriminatory effects before introducing something new or changing the way we work and reduce the risk of potential legal challenges.

When carrying out an EIA you should consider both the positive and negative consequences of your proposals. If a project is designed for a specific group e.g. disabled people, you also need to think about what potential effects it could have on other areas of equality e.g. young people with a disability, BME people with a disability.

Further guidance on Equality Impact Assessments and making difficult decisions in times of financial restraint can be found in The Equality and Human Right's Commission 'Carrying out an Equality Impact Assessment: 9 Myth Busters' and 'Public Sector Equality Decisions and Financial Decisions' available on the Intranet.

Department /	North Wales Social Care and Well-being Services				
Organisation	Improvement Collaborative (NWSCWIC), a partnership of the				
	six North Wales local authorities and Betsi Cadwaladr

Title of Proposal or Policy	Population Assessment for the Social Services and Wellbeing (Wales) Act 2014				
Rationale:	Statutory duty under the Social Services and Wall being act				
Rationale:	Statutory duty under the Social Services and Well-being act to undertake a population assessment for the North Wales				
Why is it being considered?	region.				
What need is being	To purpose of the population assessment is to assess the				
addressed?	care and support needs of the population and the support				
	needs of carers. The purpose of this Equalities Impact				
	Assessment is to ensure that this is done in an inclusive way.				
Aim:	To ensure that the assessment for North Wales does reflect				
What is the intended	the needs of all people in North Wales including those with				
outcome of the proposal /	protected characteristics.				
policy?	All actions arising from this assessment reflect the identified				
	needs of people with protected characteristics.				
How:	The population assessment will be carried out by NWSCWIC,				
11. 20.5(1 - 1.2 1.1	the representatives of the six North Wales local authorities				
How will it be delivered, by whom and by when?	and Betsi Cadwaladr University Health Board during 2016-17.				
whom and by when:	A variety of methods will be used including data analysis,				
	online surveys and face to face consultation.				
Who:	The assessment will affect all protected characteristics; it's a				
	whole population approach to understanding the care and				
Who are the people likely	support needs of people in North Wales.				
to be affected by this proposal or policy?	We consulted with people through established groups, face to				
proposal of policy!	face interviews and workshops. Further consultation will be				
How have you consulted	undertaken by NWSCWIC, individual local authorities, health				
with the people who are	and partnerships as they develop action plans in response to				
likely to be affected?	the findings in the population assessment.				
Measures:	People in North Wales, stakeholders and people with				
How will you know you	protected characteristics feel that they have informed the				

have achieved your aims?	population assessment.
What are your measures / indicators of success?	Feedback from stakeholders and people with protected characteristics.
	The assessment is well-being is approved by the full council of each of the six North Wales local authorities and the health board.
Identify any other policy or decision [internal or external] that may affect your proposal. Consider this in terms of: Statutory requirements; local policies e.g. WCBC Housing Policy; Regional decisions e.g. those made by cross county partnerships for your sector e.g. North Wales Chief Officers Board; and / or National policies e.g. Welfare Reforms	Well-being of Future Generations (Wales) Act 2015 Regulation of Social Care (Wales) Act 2016 Children Act 1989 Childcare Act (2006) Additional Learning Needs and Education Tribunal Bill 2015 United Nations Convention on the Rights of the Child Play Sufficiency Duty Strategy for Older People in Wales 2013-23 United Nations Principles for Older Persons Welsh Government Declaration of the Rights of Older People in Wales Mental Health (Wales) Measure 2010 Mental Capacity Act 2005 Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 Serious Crimes Act Housing (Wales) Act 2014

Screening Tool

As part of our Annual Equality Return we have to evidence what we have actively done to support people with Protected Characteristics who receive our services. We also have to evidence what we are doing to reduce any negative impact.

Note: Poverty, Carers and Welsh language and culture are not protected characteristics but we have included them because they are important considerations.

Please place a '+' or '-'symbol in every box to indicate whether your proposal with have a positive or negative affect note: people may have one or more of the protected characteristics. If there is no impact at all place 'n/a'. If there is a positive and negative effect indicate both i.e.. '+/-':

	Carers	Age CYP	Age Adults	Disability	Gender / Sex	Pregnancy and Maternity	Race/ Ethnicity	Religion or Belief	Sexual Orientation	Marriage and Civil Partners-hip	Gender Reassign- ment	Poverty	Welsh language / culture

good relations													
between these													
groups and the													
wider community?													

Where you have identified a positive impact (+) in the Screening Tool, please outline this briefly using bullet points:

The positive impacts of the population assessment are:

- A better understanding of need across the region for all protected characteristics
- Services can be developed based on actual need
- Because the assessment is being done on a regional basis it's easier for people with protected characteristics to get involved and can develop regional response to the assessment which may have financial benefits, avoid duplication and so on.

V	Where you have identified no impact (n/a) in the Screening Tool, please outline this briefly using bullet points:						

Any other issues identified, please outline briefly using bullet points:

The other issues identified are:

- Raised expectations as a result of consulting
- Raised expectations of the third sector to deliver and meet needs
- The capacity of the public sector to meet the needs identified in the assessment
- The assessment may not identify cumulative impacts, for example, on people with a number of different protected characteristics, or combined with other needs such as poverty or caring responsibilities.

If you have indicated a possible negative effect on any Protected Characteristic within the screening tool, please complete the <u>relevant</u> sections of the Matrix below that correspond to that possible negative effect. You will need to consider:

- What is the likely scale of the impact and how this can be reduced?
- Who are the people that are likely to be affected by this proposal, could they experience multiple disadvantage e.g. if they are young <u>and</u> have a disability.

EIA: Are we being fair?

Please complete the relevant sections of the Matrix below that correspond to any '-' symbols you have recorded in the screening tool	List what information you have used to identify these issues e.g. consultation, stakeholder involvement, reports, data	Based on the information you have gathered give a summary of key issues that have been identified.	How will you mitigate these issues to improve the service?	Who is officer responsible for delivering the mitigation?	By when
Carers	See consultation report	See population assessment. Please respond to the following questions within **12 months** of implementation of the proposal:

- a) Was any mitigation applied or was the proposal delivered as originally planned prior to the Equality Impact Assessment?
- b) Were the intended outcomes of the proposal achieved or were there other results?
- c) Were the impacts confined to the people you initially thought would be effected, or were other people affected? How?
