Date Completed:	26/10/2016 17:25:41 Version: 3
Completed By:	Sion Evans
Responsible Service:	Facilities, Assets & Housing
Localities affected by the proposal:	Whole County,

IMPACT ASSESSMENT SUMMARY AND CONCLUSION

Before we look in detail at the contribution and impact of the proposal, it is important to consider how the proposal is applying the sustainable development principle. This means that we must act "in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs."

Score for the sustainability of the approach

Could some small changes in your thinking produce a better result?

(3 out of 4 stars)

Actual score: 17/ 24.

Summary of impact

Wellbeing Goals

A globally responsible Denbighshire	Positive

Main conclusions

School buildings that are safe, secure and energy efficient. The delivery of the programme of works will protect Denbighshire County Council's assets, workforce, school children, parents, governors and other school users. Works identified on the programme may also lead to savings in future maintenance and running costs.

THE LIKELY IMPACT ON DENBIGHSHIRE, WALES AND THE WORLD

A prosperous Denbighshire

Overall Impact:	Positive
Justification for Impact:	The programme is fundamental to ensure the Council meets its statutory obligations from both a H&S legislative and a curriculum delivery perspective as explained in more detail in the accompanying Business Case.

Positive consequences identified:

Upgrading / improving the building services and fabric of our school stock will create more energy efficient buildings and therefore lower carbon emissions

Opportunity for the local contracting community and help deliver wider community benefits such as training and employment opportunities

Improve and enhance the working environment for both school teaching and support staff and also provide improved facilities for the pupils. Investment in this programme will provide the local contracting community with an opportunity to invest in their staff and offer training placement to the wider community where applicable.

Maintenance framework set up by Property will be utilised to deliver elements of this programme. Reporting on KPI's is embedded into this framework and will be regularly monitored to ensure the providers are delivering the committed community benefits which include training, apprenticeships and up skilling their work force.

Allow the council to meet it's statutory H&S obligations and allow the schools to deliver their curriculum.

Ensure school buildings can be maintained to a level that allows to schools teaching staff to deliver the curriculum in a safe and suitable environment.

Unintended negative consequences identified:

Mitigating actions:

A resilient Denbighshire

Overall Impact:	Positive
Justification for Impact:	The programme will ensure school buildings comply with H&S legislation and improve the energy efficiency of the school building stock.

Positive consequences identified:

No impact foreseen on biodiversity, where individual projects are identified that may impact on the biodiversity, consultation will be carried out with the Ecology Officer and an Ecologist may be appointed to advise in such cases.

Larger project will require contractors to provide and comply with their waste management plan, which sets out how they intend to deal with waste associated with a project.

Improve the energy efficiency of the building stock and reduce the carbon emissions.

Unintended negative consequences identified:

Mitigating actions:

Where practical (i.e. following a cost benefit analysis) specify suitable energy efficient materials and equipment. Contractors to provide details of their waste management procedures wherever practical.

A healthier Denbighshire

Overall Impact:	Positive
Justification for Impact:	Improving the school building stock and ensuring the Council meets its statutory obligation will provide a positive impact.

Positive consequences identified:

School buildings that are compliant with H&E legislation and provide a safe and suitable learning environment

Unintended negative consequences identified:
