

Annual Governance Statement

2017-18

(DRAFT)

What is the Annual Governance Statement for?

Good governance in Denbighshire County Council (the Council):

- encourages better-informed and longer-term decision-making, as well as the efficient use of resources.
- strengthens accountability for the stewardship of those resources.
- is characterised by robust scrutiny, which places important pressures on improving the Council's performance and tackling corruption.
- improves organisational leadership, management and oversight, resulting in more effective interventions and, ultimately, better outcomes.

To fulfil its wide range of functions, the Council must satisfy a complex range of political, economic, social and environmental objectives over the short, medium and longer term. This subjects it to a different set of external and internal constraints and incentives than those found in the private sector, all of which affect its governance arrangements. A key piece of legislation in Wales is the Well-being of Future Generations (Wales) Act 2015, which requires the Council to consider the longer term in making its decisions and to work collaboratively with other public bodies to improve well-being in Wales.

Stakeholders are, therefore, interested in issues such as:

- a) whether the Council's planned outputs have been delivered and outcomes achieved; and
- b) whether this has been done in an efficient, economic, effective and equitable manner.

The Council, therefore, must be highly transparent and provide high-quality information about all aspects of its performance. Within our annual governance review, the Corporate Governance Working Group coordinated a self-assessment of our arrangements against the Corporate Governance Framework according to the requirements set out in the CIPFA/Solace 2016 – Guidance Notes for Welsh Authorities. The Senior Leadership Team considered the results and principles requiring further improvement are show in the Improvement Plan on page 15. A summary of the results of our self-assessment is contained within this document listed under the key principles of good governance that we use in our corporate governance framework.

DRAFT

What are the key principles of the Corporate Governance Framework

The fundamental function of good governance in the Council is to ensure that it achieves its intended outcomes while acting in the public interest at all times. Acting in the public interest implies that the Council's primary consideration is the benefits for society, which should result in positive outcomes for service users and stakeholders.

The Council's Corporate Governance Framework is based on seven core principles:

DRAFT

- A Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B Ensuring openness and comprehensive stakeholder engagement
- C Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D Determining the interventions necessary to optimise the achievement of the intended outcomes
- E Developing the entity's capacity, including the capability of its leadership and individuals within it
- F Managing risks and performance through robust internal control and strong public financial management
- G Implementing good practices in transparency, reporting, and audit to deliver effective accountability

Summary of our governance arrangements

We are required to review the effectiveness of our governance arrangements each year. These include:

- Maintaining an on-going evidence framework showing how we can give assurance on our governance arrangements.
- Regularly reviewing the effectiveness of the Council's Constitution.
- Reviewing governance arrangements within services delivered on our behalf by partnerships, arms-length organisations etc.
- Having a Corporate Governance Committee that undertakes the core functions of an 'audit committee', including:
 - regular review of our governance arrangements;
 - considering and reviewing internal and external audit strategies, plans and reports;
 - reviewing, scrutinising and approving the annual statement of accounts; and
 - monitoring the effectiveness of risk management.
- Consulting widely on our self-assessment with senior management and elected members.
- Using information from various sources to inform our governance arrangements, for example:
 - service challenges;
 - performance reports;
 - risk management;
 - external regulator reports; and
 - the Chief Internal Auditor's Annual Report.

In summary, our self-assessment provides evidence and assurance that the Council has robust governance arrangements in place. The following pages provide a summary of actions and behaviours taken by the Council in relation to each of

the seven core principles and their supporting principles. We will monitor and report progress on the improvement action plan to the Corporate Governance Committee on a regular basis.

DRAFT

Principle A

Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of the law

Supporting Principles

Behaving with Integrity

Demonstrating strong commitment to ethical values

Respecting the rule of law

How we do this:

- Officers and Members are expected to behave according to the Council's Codes of Conduct, Constitution, and policies and procedures
- The Council has a Corporate Governance Committee to promote high standards of member conduct.
- The Council has shared values, included in the Corporate Plan, which it communicates with Members, officers, residents and partners.
- Codes of Conduct for Members and Officers and requires declaration of business interests and receipt of gifts and /or hospitality.
- These Codes are reviewed periodically to ensure they are operating effectively.
- Key policies are in place to prevent and minimise the risk of fraud. Policies include: Whistleblowing Policy, Anti-Fraud and Corruption Strategy and Financial Regulations and Contract Procedure Rules.
- Decisions taken using Impact Assessment.
- Complaints policy to receive and respond to any complaints received.

- The required leadership and staff behaviours form part of performance appraisals. Expected standard of behaviour within the induction, supervision, training and appraisals and key competencies.
- Council's recruitment policy, induction and training processes incorporate personal behaviours with ethical values.
- Core values of the Council relate to ethical behaviour: Pride, Respect, Unity & Integrity.
- Corporate Governance Committee and Standards Committee terms of reference.
- Compliance with policies and protocols
- Actively seek to deter and prevent fraud and corruption and ensure that where irregularity is suspected that it is thoroughly investigated.

- The Council's Constitution sets out the responsibilities of the Council, the Cabinet, Scrutiny and other Committees, as well as officers, including decision making powers (Scheme of delegation).
- The Constitution sets an expectation on the standards of conduct and this is monitored by the Standards Committee.
- Legal advice provided to officers is recorded and Impact assessments make sure that decisions the Council takes are for the benefit of citizens, communities and stakeholder.
- Effective Anti-Fraud and Corruption framework supported by a number of policies and procedures. Disciplinary cases and any allegations of wrongdoing are investigated accordingly.
- The Council's Monitoring Officer has provisions in place to ensure decisions taken by the Council are within the law and the Council complies with the provisions of its Constitution.

Principle B

Ensuring openness and comprehensive stakeholder engagement

Supporting Principles

Openness

Engaging comprehensively with institutional stakeholders

Engaging stakeholders effectively, including individual citizens and service users

How we do this

- Progress against the Corporate Plan is monitored on a quarterly basis through performance, financial and risk reports to the Cabinet and Scrutiny Committees, which is publicly available.
- Meetings are advertised to the public and carried out in an open environment with more meetings now webcast live on the internet.
- The Council publishes information on its website as part of the publication scheme.
- The Council's commitment to openness is also shown through:
 - Impact assessment for all Council's key decisions;
 - Complaints and Compliments Procedure
 - Well-being objectives;
 - County conversation had big influence on the development of the Corporate Plan and its priorities. Also public consultation on some major decisions undertaken through the Council's website;
 - Formal and informal engagement models with employee and communities e.g. alternative delivery models and Member Area Groups;
 - Engagement with Trade Unions.

- County Conversation and Corporate Plan embraces responses from residents.
- Wellbeing Plan.
- The Council uses a variety of methods to engage with stakeholders which include:
 - Communications strategy
 - Community engagement strategy
 - City, town & area planning
 - Directed communication including Social Media
 - Formal and informal meetings with stakeholder groups
 - Stakeholder engagement on strategic issues
 - Service led surveys and questionnaires
- Elected members are democratically accountable to their local area and provide clear leadership role in building sustainable communities.
- The Council relies on informal and formal partnership arrangements to deliver certain outcomes operating under the partnership governance framework.
- Partnership Scrutiny Committee monitors performance of key partnerships.
- Developed and implemented alternative service delivery models to allow for resources to be used more efficiently and effectively.

- The Corporate Plan sets out the long-term strategy for the Council and this was developed in consultation with the public and other key stakeholders.
- Formal public consultation arrangements and public meetings held to ascertain stakeholder views prior to developing and implementing key changes.
- Citizen's Panel established comprising Denbighshire residents who are tasked with giving their views on Council services and issues affecting Denbighshire.
- Other methods to engage with individual citizens, service users and key stakeholders comprise of the following:
 - Public service board's communications and engagement strategy
 - Communications strategy
 - County Conversation
 - Resident survey
 - Undertaking impact assessments for all significant Council decisions
 - Wellbeing assessment and well-being objectives set
 - Using the results of customer satisfaction surveys to improve service delivery

Principle C

Defining outcomes in terms of sustainable economic, social, and environmental benefits

Supporting Principles

Defining outcomes

Sustainable economic, social and environmental benefits

How we do this

- The Council's long term vision and priorities are set out in the Corporate Plan. These have been formed with consideration of the Wellbeing and Future Generations Act's requirements.
- A Medium Term Financial Strategy and annual budget process ensure that financial resources are directed to the Council's priorities.
- The Council works in partnership with other organisations where there are shared objectives and advantages from working together.
- The Council operates a structured approach to commissioning services and defining outcomes.
- Contract management and monitoring arrangements are in place to ensure that services and expected outcomes are delivered to the required standard.
- Organisational objectives are delivered through Programme Boards and political decision making processes.
- Service Planning consideration including sustainability of service delivery.
- All Council decisions require completion of an impact assessment.
- Risk Management Strategy ensures consistent application of risk registers and terminology. Risk Management is applied at corporate, project, partnership and service plan levels and is reported using the corporate performance system (Verto). Council decision report require an assessment of the risk of making, and not making, the decision.
- The County's Well-being Plan and delivery of the Public Services Board's priorities ensure that public services work effectively together.

- The Council has set up 'Reshaping the Council' programme board to identify efficiency savings across the organisation in a systematic and considered way.
- Procurement Strategy defines expectations around economic, social and environment benefits which inform service specifications, tenders and contracts.
- Business Continuity Plan developed and tested to ensure that critical services can be maintained and recovered during an emergency situation.
- Council decisions require completion of an impact assessment, which takes account of the seven sustainability principles and legislative requirements of the Well-being and Future Generations (Wales) Act 2015.
- Budget setting of the Capital Programme and MTFS and longer term business planning using forecasting models.
- Programme and project management requires consideration of long term risks, sustainability and value for money.
- Community risk register focuses on long term risks to population. This is shared regionally with Public Services Board.

Principle D

Determining the interventions necessary to optimise the achievement of the intended outcomes

Supporting Principles

Determining interventions

Planning interventions

Optimising achievement of intended outcomes

How we do this

- The Council's decision making process ensures that decision makers receive objective and robust analysis of several options to show how outcomes will be achieved, along with an impact assessment and the risks and opportunities associated with these options to help inform their decisions.
- Public consultation is carried out when making decisions concerning significant service changes to ensure that feedback from citizens and service users inform the decision.
- Assessment of Local Wellbeing informed the Corporate Plan and in turn Service Plans.
- Citizens Panel set up to obtain views on services from a selection of Denbighshire residents.
- Engagement portal and toolkit developed to facilitate communication.

- The Corporate Plan sets out the Council's priorities and plans, following public consultation as part of the County Conversation.
- Quarterly performance reports, analysing trends, and financial reports to Cabinet and Scrutiny Committees and mitigations strategies are implemented to manage any perceived risks.
- Service plans include local as well as national performance indicators.
- Service challenge process involves measuring service performance through comparison of national performance indicators and benchmarking data.
- Risk management applied when working in partnership and collaboratively.
- Budget planning process in place to prepare budgets in accordance with objectives, strategies and the MTFP.

- Budget planning process involves service input and elected Member input to ensure that resource requirements for the services are identified as well as highlighting any shortfall in resources and spending requirements.
- 'Social value' through service planning and commissioning is achieved through the Procurement Strategy and Corporate Procurement Rules. Also, wellbeing statements are linked to service plans and wellbeing impact assessments inform key decisions and changes to services or policies.
- The MTFP shows how the Council's resources will be deployed over the next few years to deliver agreed outcomes and priorities. It sets out the level or resources that will be available and how these are currently allocated between services.

Principle E

Developing the entity's capacity, including the capability of its leadership and the individuals within it

Supporting Principles

Developing the entity's capacity

Developing the capability of the entity's leadership and other individuals

How we do this

- The Service Challenge process shows how the Council reviews its operations, performance, and use of assets on a regular basis to ensure they continue to be effective. This involves research and benchmarking exercises and review of national and local performance indicators.
- Regular reviews of service delivery, performance and risks through team meetings and quarterly performance reporting.
- Collaborative and partnership working in place both regionally and nationally and monitoring through boards and committee structure to ensure added value is achieved.
- The Council has an alternative service delivery model framework that includes business case, options appraisal etc. This forms part of Financial Regulations.
- The Council has developed a workforce plan to enhance the strategic allocation of resources.
- Organisational development planning is in place to identify future workforce capability and progression.
- Flexible working practices including hot-desking and working from home to make more efficient use of resource.

- The Council's Constitution clearly outlines the roles of elected and appointed leaders to enable shared understanding of roles and objectives. It also specifies the types of decisions that are delegated within its Scheme of Delegation.
- Leadership Strategy is in place to develop leadership and management skills of Senior Management.
- Appraisal system assesses whether leaders' objectives are being met.
- Scrutiny Chairs meeting enables discussion of roles and agendas for scrutiny meetings.
- Induction process for members and employees.
- Development needs are identified through one to one, supervision and appraisal meetings. Also the elected members' development strategy sets out a training plan for members.
- Training is delivered using a variety of methods including e-learning modules which are mandatory for certain subjects e.g. Data Protection, Safeguarding.
- The health and wellbeing of the workforce to support and maintain their physical and mental wellbeing is provided through various HR policies and support, flexible working approach, home working and the Occupational Health Service.

Principle F

Managing risks and performance through robust internal control and strong public financial management

Supporting Principles

Managing risk

Managing performance

Robust internal control

Managing data

Strong public financial management

How we do this

- The Council has a Risk Management Strategy which defines roles and responsibilities for managing risk, confirms that risk management is an integral part of the Council's activities including service planning, option appraisals and decision making.
- Business Continuity arrangements are in place to ensure that critical service can continue to be delivered during an emergency.
- Corporate Governance Committee is responsible for monitoring the adequacy of risk management arrangements within the Council
- Annual assurance provided by Internal Audit Services.

- Members and senior management are provided with regular reports on service performance against key performance indicators and milestones
- Service Challenge Process reviews performance
- Discussions between elected members and officers on the information required to support decision making.
- Council reports include risk assessment and impact assessments to inform decisions.
- Programme and project management approach monitor delivery of priorities and key outcomes.

- Internal Audit Service has identified improvement areas during the year, and action plans agreed with management to address them. The Chief Internal Auditor provides medium assurance overall on the adequacy of the Council's internal control, risk management and governance arrangements.
- The Council takes fraud and corruption very seriously as detailed within the Anti-Fraud and Corruption Strategy, and Whistleblowing Policy.

- The Council has policies and arrangements in place to manage the handling of data. These are the Data Protection Policy, Freedom of Information Policy and Information Security Policy.
- Information sharing protocols are in place when sharing data with partners.
- Information Governance Group responsible for implementing changes in response to the General Data Protection Regulations.
- E-learning module on data protection is mandatory.
- Internal audit and external regulatory review of quality and accuracy of information used for decision making and performance monitoring.

- Financial management supports the delivery of services and transformational change as well as securing good stewardship.
- Monthly finance reports reviewed by Cabinet and available to the public.
- External Audit review and report on the Council's financial statements (including the Annual Governance Statement).
- A programme board is being established to identify future savings and efficiencies to ensure the Council's strong financial position is sustainable.

Principle G

Implementing good practices in transparency, reporting, and audit to deliver effective accountability

Supporting Principles

Implementing good practice in transparency

Implementing good practices in reporting

Assurance and effective accountability

How we do this

- The Council uses clear layout and presentation of its reports in order to present key information to decision-makers.
- Agenda and minutes of Council meetings are publicly available on the Council's internet along with live webcast of the meeting.
- Freedom of Information and publication scheme ensures the public have access to information held by the Council.

- Annual Statement of Accounts gives clear information on the income and expenditure of the Council and demonstrates the Council's stewardship of public money for the year.
- Annual Governance Statement published which shows how we monitor effectiveness of our governance arrangements during the year and the planned improvements for the coming year.
- The Corporate Governance committee review and approve the Annual Statement of Accounts and Annual Governance Statement.
- Internal audit review of services delivered through an Alternative Service Delivery Model confirms that adequate governance arrangements are in place.

- Corporate Governance Committee oversees and reviews the adequacy and effectiveness of the governance arrangements and internal control environment operating within the Council.
- Risk based internal auditing provides ongoing assurance that key risks to the Council achieving its objectives are being managed.
- Service challenge and inspection from regulatory bodies and external compliance reviews. Actions from these reviews are used to improve services delivery.
- Internal Audit self-assessment and externally assessed against the Public Sector Internal Audit Standards to ensure an effective internal audit service
- All agreed actions from Internal Audit reviews are monitored regularly with reports to each Corporate Governance Committee.
- Internal Audit review confirms suitable protocols in place to manage risks associated with alternative service delivery models. Assurance reported to Corporate Governance Committee and relevant Senior Management.
- Partnership Governance Framework in place and reports to Partnership Scrutiny Committee.

<p>The Council has not undergone a review to assess the robustness of its counter-fraud and anti-corruption arrangements.</p>	<p>Chief Internal Auditor</p>	<p>The first phase of our review of Managing the risk of Fraud against the CIPFA Code of Practice is complete. See Internal Audit Progress Report for details.</p> <p>Phase 2 of the Managing the Risk of Fraud review is in progress. On course to meet March 2018 deadline.</p>
<p>The WAO report ‘<i>Savings Planning – Denbighshire County Council</i>’ identified two proposals for improvement to strengthen financial arrangements:</p> <ul style="list-style-type: none"> • Develop an income generation/charging policy <p>Formally risk rate savings according to achievability and identify sustainable mitigating actions for those classified as high risk.</p>	<p>Head of Finance</p>	<p>Both proposals for improvement have been implemented:</p> <ul style="list-style-type: none"> • Income policy was approved by Cabinet and forms part of the budget process; • Risk rating of savings has been incorporated into the budget process for 2018/19. <p>Complete</p>

<p>The WAO report <i>'Good Governance when determining significant service changes - Denbighshire County Council'</i> identified one improvement:</p> <p>The Council's governance arrangements could be strengthened by consistent, timely monitoring of the impact of each significant service change.</p>	<p>Head of Business Improvement & Modernisation</p>	<p>There are a range of actions planned:</p> <ul style="list-style-type: none"> • Version 2 of the Well-Being Impact Assessment contains strengthened analysis of Equality Impacts. This has not been published as yet. • Scrutiny Committees will be updated with the Actions agreed at Service Challenges. <p>New programme Boards will play an active role in monitoring the impact of changes made to services as part of the Corporate Plan.</p>
<p>The ICO recommended that the Council should develop a formal policy on staff taking personal data relating to their clients out of the office.</p>	<p>Business Information Team Manager</p>	<p>The Personal Data Policy has been drafted and is currently being consulted on with services through the Information Governance Group.</p> <p>The policy is awaiting formal approval by Joint Trade Union Committee.</p> <p>In the meantime the draft policy will be placed on the Council's Intranet and commence awareness raising thereafter.</p>

Significant governance issues

There are no significant governance issues to report this year.

Any other less significant issues that we have identified in our self-assessment above have been included in the Governance Improvement Action Plan that the Corporate Governance Committee monitors. This plan also includes any issues raised in last year's action plan that have not yet been fully addressed.

We propose over the coming year to take steps to address the issues identified in our Governance Improvement Action Plan to enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Appendix A - Governance Improvement Action Plan 2017/18

Improvement Area	Action	Responsibility	Timescale
Further to the action completed in last year's improvement plan in response to the WAO report ' <i>Good Governance when determining significant service changes - Denbighshire County Council</i> ', the Council considers further improvement is possible to ensure consistent, timely monitoring of the impact of each significant service change.	Chairs of decision making committees including Cabinet be reminded to ensure that debates include consideration of impact assessments. Pre-decision scrutiny to include consideration of the nature and frequency of future impact monitoring where appropriate.	Head of Business Improvement & Modernisation and Head of Legal, HR & Democratic Services	31 March 2019
Risks associated with significant service changes need to be better reflected within the decision reports so that the Council's decision is informed properly. Any notable adverse impacts identified within the impact assessment should be reflected within the risk assessment.	The guidance notes contained within the Report Templates will be reviewed to emphasise the need to identify and clearly explain within the body of the report any associated risk and impacts.	Strategic Planning Team Manager and Head of Legal, HR and Democratic Services	31 March 2019
Promote officer awareness of the code of conduct including declaration of interests and whistleblowing policy	An e-learning training module will be rolled out to new staff initially and then to all staff.	Strategic HR Manager	31 March 2019
Budget gap identified in the MTFP and a new programme board is being established to identifying savings. The Council needs to capture how savings will be achieved within the required timeframe to address the budget gap.	Board established, terms of reference agreed and process for 2019/20 begun.	Head of Finance	28 February 2019

Improvement Area	Action	Responsibility	Timescale
Transition relating to changes within the Senior Leadership Team to minimise impact to service delivery.	Processes in place to manage changes at senior level to ensure new officers fully deliver their roles and responsibilities effectively.	SLT & HR	31 December 2018
Increased reliance on partners to work with the Councils to deliver key services requires robust arrangements for overseeing and monitoring to ensure that they are effective.	Review Partnership Governance Manual and SLT to be made aware so that partnerships apply the requirements.	Strategic Planning Team Manager & SLT	31 March 2019
Increasing number of core services are being delivered through large and complex contracts require effective arrangements for contract management.	Internal Audit review of Contract Management in 2018/19.	Chief Internal Auditor	30 June 2019
Demonstrate that proposed benefits are achieved from major programmes and projects.	Internal Audit review of programme and project management benefit realisation in 2018/19.	Chief Internal Auditor	31 March 2019
Compliance with General Data Protection Regulations from May 2018 will require significant resource from across the Council.	Information Governance Group has developed an action plan and reliance on services to assist with implementing the necessary actions to comply with the new regulations.	Head of Business Improvement & Modernisation	31 March 2019
