

CONSULTATION RESPONSE FORM

National Development Framework: Issues, Options and Preferred Option

This consultation seeks your views on the emerging National Development Framework (NDF). The NDF will not be published in draft form until 2019 but the issues it should address, the Vision, the objectives and the Preferred Option for achieving these are set out in this consultation. These will shape how the NDF is prepared.

If you have any queries on this consultation, please email: ndf@gov.wales or telephone 0300 025 3261.

Data Protection

The Welsh Government will be data controller for any personal data you provide as part of your response to the consultation. Welsh Ministers have statutory powers they will rely on to process this personal data which will enable them to make informed decisions about how they exercise their public functions. Any response you send us will be seen in full by Welsh Government staff dealing with the issues which this consultation is about or planning future consultations.

In order to show that the consultation was carried out properly, the Welsh Government intends to publish a summary of the responses to this document. We may also publish responses in full. Normally, the name and address (or part of the address) of the person or organisation who sent the response are published with the response. If you do not want your name or address published, please tell us this in writing when you send your response. We will then redact them before publishing. .

Names or addresses we redact might still get published later, though we do not think this would happen very often. The Freedom of Information Act 2000 and the Environmental Information Regulations 2004 allow the public to ask to see information held by many public bodies, including the Welsh Government. This includes information which has not been published. However, the law also allows us to withhold information in some circumstances. If anyone asks to see information we have withheld, we will have to decide whether to release it or not. If someone has asked for their name and address not to be published, that is an important fact we would take into account. However, there might sometimes be important reasons why we would have to reveal someone's name and address, even though they have asked for them not to be published. We would get in touch with the person and ask their views before we finally decided to reveal the information.

Your data will be kept for no more than three years.

Under the data protection legislation, you have the right:

- to access the personal data the Welsh Government holds on you;
- to require us to rectify inaccuracies in that data

- to (in certain circumstances) object to or restrict processing
- for (in certain circumstances) your data to be 'erased'
- to lodge a complaint with the Information Commissioner's Office (ICO) who is our independent regulator for data protection

The NDF Vision 2020 – 2040 is to help to deliver sustainable places and we welcome the specific reference to prosperous, distinctive and diversified regions.		

Q2b	Do you believe any changes to the NDF Vision are required? If so, what are they?	X
	Yes	X

No	
Comments	
Disagree with the word 'right' in the sentence " <i>directing development to the right places.....</i> " The sentence could be better worded as follows: " <i>...directing development to the right places which make the best use of resources, create and sustain accessibility, promote healthy communities, protect our environment now and for the future and support prosperity for all</i> "	

Q3a	Do you agree with the NDF Objectives?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		
The objectives provide clear strategic direction for the NDF.		

Q3b	Do you consider any additional objectives are required? If so, what are they?	X

Q4a	Do you agree the NDF Options have been considered appropriately, in order to identify key strengths and weaknesses, and inform the Preferred Option?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	

Comments
<p>The 'do nothing' approach (Option 5) suggest a <i>key assumption</i> that "<i>Housing would be viewed in isolation and not linked to wider objectives</i>" if the NDF did not proceed (page 82 - ISA). Agree that due to viability issues, the focus of development would continue to be on the urban areas, exacerbating current deprivation if a 'do nothing' approach is adopted, with regards to housing.</p>

Q4b	Do you have any comments on the assessment of the options as set out in the Integrated Sustainability Appraisal interim report and preliminary Habitats Regulations Assessment screening report	X
	Yes

Sufficiently thorough to proceed.		

Q4c	Are there further alternatives/options that should be considered for the strategic direction of the NDF?	X
	Yes

Comments		

Q5a	Do you agree with the NDF Preferred Option?	X
	Agree	
	Neither Agree nor Disagree	X
	Disagree	
Comments		
The Preferred Option themes are set out to match draft Planning Policy Wales themes, however we would question whether this is premature prior to the publication of the final version of the new Planning Policy Wales. Whilst we understand that the emerging NDF is at an early stage of development, it is also disappointing that there is not further detail provided, such as proposed levels and		

areas of growth. The spatial issues and proposed strategic policy directions are very broad and generic and it would be difficult to disagree with any of them.

Q5b	Do you have any comments on the assessment of the NDF Preferred Option as set out in the Integrated Sustainability Appraisal interim report and preliminary Habitats Regulations Assessment screening report?	X
	Yes	
	No	X
Comments		

Q5c	Do you agree all the NDF Objectives are adequately addressed in the NDF Preferred Option?	X
	Agree	
	Neither Agree nor Disagree	X
	Disagree	
Comments		
<p>Overall, agree that the NDF Objectives are adequately addressed in the NDF Preferred Option strategic policy direction.</p> <p>However, we consider reliance on <u>new</u> development proposals to build resilience to environmental risks (Spatial Issue DN2) a potential weakness with regard to Objectives 1.2 (To enable management of and adaption to the consequences of climate change) and Objective 6.4 (To provide strategic direction to manage and adapt to the potential threat of flooding). There should also be acknowledgement of the wider environmental risks facing existing infrastructure, homes and services of Wales.</p>		

Q5d	Do you agree the NDF Preferred Option complements the NDF Vision and has the potential to help deliver it?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		

Q5e	Do you agree it is important for the NDF and Planning Policy Wales (PPW) to adopt similar and complementary structures, to help make clear links between the two documents?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		
Agree that it is appropriate for the NDF and Planning Policy Wales to adopt similar structures and that these themes would most likely follow through to the strategic and local plans too.		

Q5f	The NDF Option is developed around 5 themes, reflecting the structure of PPW: Placemaking; Distinctive & Natural Places; Productive & Enterprising Places; Active & Social Places; Wales' Regions. Do you agree with this approach?	X
	Agree	
	Neither Agree nor Disagree	X
	Disagree	
Comments		

Agree that it is appropriate for the NDF Preferred Option to reflect the 4 themes of Sustainable Places in draft Planning Policy Wales (Edition 10). The 5th theme, Wales' Regions, is not a theme in draft PPW. We consider the 5th theme relevant to the NDF as a national spatial document and welcome the recognition of the importance of supporting the delivery of strong, resilient and distinctive regions. However, we have concerns regarding the proposed regional apportionment of housing numbers as noted in Strategic Policy Direction AS2, AS3 and R2.

Q5g	Do you agree with the Spatial Issues and Strategic Policy Direction outlined within the NDF Preferred Option?	X
Agree		
Neither Agree nor Disagree		
Disagree		X
Comments		
<p>We have concerns regarding the proposed regional apportionment of housing numbers as it will be impossible to reflect true local engagement at the Local Development Plan stage. There is a clear risk that housing numbers will be imposed on local authorities and will not reflect local circumstances. The document refers to 'policy based' projections but there is no explanation as to what this means.</p> <p>There is no clarity on the mechanisms for local authorities to engage with Welsh Government to discuss and influence these figures, outside the formal consultation on the draft NDF in July – September 2019 or how regional projections would be apportioned between authorities.</p> <p>Also, the timetable for the delivery of the NDF is out of sync with the Delivery Agreement for the Denbighshire Replacement Local Development Plan. Pre-Deposit consultation on the Local Development Plan document is expected in April 2019 – May 2019, two months before the consultation on the draft final NDF. Housing projections are fundamental to the development of the LDP Strategy and the level and location of allocations for new development. There is a significant risk that the late imposition of projections during the development of Denbighshire's Replacement LDP through the NDF will delay work on the LDP.</p>		

Q5h	Do you agree the NDF Preferred Option offers a basis for the co-ordinated delivery of Welsh Government priorities outlined in <i>Prosperity for All: the national strategy</i> ?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		
<p>The priority areas in the '<i>Prosperity for all</i>' document are; Early Childhood Years; Housing; Social Care; Mental Health; Skills and Employability. We consider that the NDF Preferred Strategy offers a basis for co-ordinated delivery by Welsh Government and partners.</p>		

Q5i	Do you agree the NDF Preferred Option could be formulated or changed so as to have increased positive effects on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language?	X
	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		
<p>Care needs to be expressed that the increase in housing numbers beyond local demand could have a negative impact on language and services.</p>		

Q6a	Do you agree with the proposed changes to the Statement of Public Participation?	X
------------	--	----------

	Agree	X
	Neither Agree nor Disagree	
	Disagree	
Comments		
It is not obvious what the changes are, but we have no objection to the Statement of Public Participation.		

Q6b	Are there any other changes we should make to the Statement of Public Participation?	X
	Agree	
	Neither Agree nor Disagree	X
	Disagree	
Comments		
No changes proposed.
