

Appendix A – Delegates

A register of attendance was kept on the day of our Empowering Communities workshop on June 27, but was unfortunately only signed by 28 people. The invitation to attend was an open one circulated through all partner organisations and the following officers responded with their interest to attend.

Although not all could attend in the end (a road traffic accident on the day caused difficulty for some), we know from a headcount that at least 40 people were present on the day, with good representation across partner organisations.

We will continue our dialogue with this group by feeding back to them the outcome of the workshop and the PSB decision in September.
