	Worse	CRM		Carol Dale	N/A	N/A	N/A	N/A	N/A	5-04-2018
Confidence in	the deliver	v and the deployment of the replacement CRM product remain the same	in that it will be achieve	ved within the agree	d time	scale	es.			

To support project progress, a number of telephone contact appointments have already been diarised, LLPG data and information surrounding the welsh lanugage requirements and integrations into the DCC back office database have already been provided. A fluid relationship is being developed to ensure project success.

The project has been pushed back by around 3 weeks for the reasons given below. Workshops are now trying to be planned well in advance in order to avoid similar situations going forward i.e. staff not available. Provided this is achievable there is a possiblity that the time lost now may be gained again as the project progresses.

> PLANT Project: Urban Tree Planting Huw Rees N/A N/A 24-01-2018 **Garry Davies**

Project:

Project funding and agreement with our partners NRW has been signed off.

Enviornmental Impact Assessment for the Project has been approved.

Rhyl:

- A Friends of the Cob Group has been established and the first meeting attended (this Group will encourage community involvement and volunteering).
- We are in the process of establishing a Project Board to include DCC and NRW.
- The Schedule of Works attached is currently on target and delivery confidence is high.

Denbigh:

• DCCs Legal Dept are negotiating a lease with the landowners - Heaton Estates.

(once lease is in place the Schedule of Works and external funding arrangements will be put in place)

Better Rhyl Town Centre Loan Fund Jamie Groves Mark Dixon N/A N/A N/A N/A N/A 29-03-2018 Delivery confidence has improved since the previous Highlight Report. Progress has been made on the delivery of viable projects in line with the target dates agreed with Welsh Government including; a. the appointment of contractors to demolish the former Post Office in Water Street; b. the receipt of draft contracts for the acquisition of the former Next store in High Steet; c. the receipt of Cabinet approval for the renovatino of the underground car park; and d. the submission of a claim for a further tranche of loan funding. Rhyl Waterpark (SC2) Russell Vaughan N/A N/A N/A N/A N/A 6-03-2018 Jamie Groves Work on site is well advanced and all of the steelwork has been erected. The roof is currently going on along with the commencement of the brickwork. The name and initial

marketing awareness will begin on March 23rd in time for the 2018 Easter holidays.

Still on schedule to be complete in January 2019 and open prior to Easter 2019.

Planning has been received for the relocation of the skatepark and work is scheduled to start on site Monday 19th March. The project is scheduled for 12 weeks.

Rhyl Town Centre Master Plan Better

Graham Boase, Mike Horrocks 27-02-2018

The project is on target and set to deliver a completed Master Plan by the end of the financial year. There are some issues with resourcing the development of projects arising from the Master Plan but these are being addressed by the project team as a priority.

The project team has developed a number of outline business cases for projects that may progress towards funding through the WG TRI programme and has begun the process of engagement that will lead to greater stakeholder buy in.

Local Members are aware of the project and have been engaged in early discussions with positive comments received.

Service: Business Improvement and Modernisation

16-02-2018 Electronic Document and Record Management System (EDRMs) Alan Smith Kelly Waterfield

Project now closed for work not already in the project plan.

Updated KPI reporting:

- Users predicted to end December 2017: 856
 Users actual to end December 2017: 713. Single Sign-on identified a number of external users who are no longer authorised need access to the system - users removed.
 - Documents on system 01/01/2018: 2892806.
 - Document Retention rules have disposed total of 18541 obsolete documents to end December 2017.
- Boxes received into Records Management boxes received year to end December 2017 53% lower than December 2014 baseline (counting Building Control Store consolidation, 57% lower if disregarding Building Control Store consolidation).
 - File Requests for Return figures boxes requested year to end December 2017 is 70% lower than December 2014 baseline.
 - Backscanning figures: total to end December 2017: 168 scanned (plus 256 boxes earmarked for direct destruction / not for scanning).

Legal box receipts to end December - 67 for scanning, 68 for destruction. 5 outstanding.

Single Sign-on now in LIVE and relevant user accounts transferred.

Addresses Filing module development issues in TEST almost completed.

Scanning team will lose one scanning officer from mid February. Remaining scanning officer will have their contracte extended to end March 2019.

Insufficient time and staffing resource to tackle bulk backscanning potential in areas other than Valuation & Estates and smaller areas in Environment. Legal and Building Control will be tackled in separate pieces of work.

DRB have transferred all historical Building Control files to Ruthin from unsuitable storage premises in Prestatyn and currently removing Planning files ready for building closure. Plan to digitise around the same volume of newer Building Control files into Tascomi has started.

Valuation & Estates pursuing backscanning to EDRMS Corporate Address Filing module with no integration to Technology Forge. Crossover between Legal-originated Property documentation and Property Estates documentation. Legal have offered £25K (2017 budget) towards a dedicated scanning officer to guarantee 12 months scanning support for Deeds Packets.

Same Centralised Mailroom Project

Alan Smith Kelly Waterfield 31-01-2018

All actions are going well with regards to phase 2 and am currently in the process of drawing up the tender specification for the mail collection and delivery contract and the Hybrid Mail Solution.

Working with Flintshire CC as both authorities are in the process of procurring the same solution.

Project Archivist — Lindsey Sutton The role of the Project Archivist is to produce both an itemised catalogue of the previously listed accessions, re-catalogued to current standards and an itemised catalogue of later accessions of administration records. Additionally the Project Archivist is promoting the collection to potential users, and creating recommendations for future digitisation projects. An itemised catalogue of the previously listed accessions totalling 527 items, has been produced, bringing the descriptions in line with archival descriptive standards. This has been structured, uploaded to Calm and made available online. All the items from the previously listed accessions have been repackaged and are currently in the process of being relocated. **Lindsey has produced several articles and posts promoting the collection for various academic and archival mailing lists and publications, including the University of Liverpool listory department blog, the Society for the Social History of Medicine Newsletter, and the Archives Jiscomail list. **Lindsey and Rhian have developed a social media plan dating up until December 2018 which contains proposed dates and topics for upcoming blog posts to be posted on the Denbighshire Archives blog. **Project Support Officer - Rhian Evans** The role of the Project Support Officer is to list and repackage the post 1948 files, and promote the collection to potential users through bi-monthly blog and Facebook posts. **So far 134 boxes of patient case files, amounting to 6, 186 individual patient files have been listed and repackaged. **Rhian has continued to promote the collection on social media, and has written a blog post on the Lunacy Commission registers which are available on Ancestry. **Rhian has continued to promote the collection on social media, and has written a blog post on the Lunacy Commission registers which are available on Ancestry. **Regular posts are being put on the Education & Children, young people and families **Service: Children and Family

Service: Legal, HR and Democratic Services PROCUREMENT: Local Supplier Development 15-01-2018 Helen Makin Better Arwel Staples A Joint Workshop between Procurement and Economic Development Teams across both Denbighshire and Flintshire Councils was held on the 17th October. The joint workshop provided an opportunity to promote closer working collaboration between the Procurement and Economic Development Teams and as a result of the workshop a Local Supplier Development Action plan is being finalised including the implementation and promotion of Community Benefits. Meetings have also been held recently with Denbighshire Voluntary Services Council to discuss how the local Third Sector can be supported to compete for Council and public sector contracts. Currently, three in total Third Sector Procurement Taster Workshop sessions have been held and a further more detailed Third Sector Procurement Training workshop is planned for the 21st February 2018 in conjunction with Business Wales. These workshops will provide the support for Local Third Sector providers to compete more successfully in the future for public sector contracts. The Procurement Team continues to have regular dialogue / meetings with Business Wales in order provide tendering support on individual DCC tender projects. A number of "Meet the Buyer" events have taken place in the last few months which has provided local suppliers with an opportunity to understand more about the individual tenders as well as receiving support on how to register and navigate on the Proactis e-tendering solution as well as obtaining support in how to undertake joint bidding as part of a Consortium arrangements. In order to streamline the procurement process, a further review has also been undertaken on the questions being asked within our tender documentation and as a result, the tender documentation has been amended and made more Small & Medium Enterprise (SME's) friendly. Service: Planning and Public Protection Better Better Business for All (BFC Phase 1 - Planning & Public Protection) Graham Boase Emlyn Jones 30-11-2017 The Better Business for All project is embedding as 'business as usual' within the service. We are making progress with the final actions. These are: • A business perception survey has been undertaken to evaluate the progress made over 18 months. We are now looking at the results from the data, but from an early assessment the results look positive. • An officer perception survey has been undertaken. These results will be analysed in the near future. • A regional 'sharing best practice' event was arranged for all 6 North Wales Authorities. This was intended to share the work that we have done with other Public Protection services. A business also attended to present in their experience of working with 'regulatory' services. This was very well received. Other NW LA's have also requested meetings with the project lead to learn more about the work we have done. • A graduate has now been tasked to work on the final two actions which were: 1. to work with businesses on reviewing our letters/reports etc to make them as easy to understand as possible 2. to research different ways of keeping businesses up to date with new legislation and guidance.

	= 0110:	rear Greature Georgie, Guir teaph Dueine Georgia and Development	=	carries = raire			4
Delivery confi	dence is cu	rrently good					

Milestones have been changed for NGS to reflect the importance of the feasibility work being undertaken for the infrastructure and the fact that some of the other 'softer' actions would need to be delivered in conjunction with a physical development phase. This is a future project to be developed and reasoned.

The actual feasibility work is coming along well, with nearly 100% spend to be achieved by the end of March, 2018.

Regarding some of the actions for St. Asaph Business Park, some of the milestones have also been changed, to reflect the maturity of and confidence in the performance of the St. Asaph Business Park Executive Group. The Group has an action plan it has recently revised and will be working to take the actions forward.

Both the website and investment brochure for the Business Park will be completed by mid-April, as directed by the Executive Group.

St. Asaph Business Park Development will be moved into 'business as usual' for the interests of the next reporting period.
