Review the potential overlap with and find the opportunities for the Wellbeing Plan and national strategy “Together for Mental Health” to deliver together</li> <li>2. Develop a framework based on the LITs and PSB membership that will keep the Wellbeing Priorities under review and deliver more than the sum of its parts</li> <li>3. Embed the principles that: the action plan will not be about a Clinical Response, but will focus on communities and common understanding of what is required to support good mental wellbeing</li> <li>4. Establish a PSB sub-group which will engage with practitioners, service providers and service users to help draft short, medium and long term of objectives within an action plan to deliver the priorities</li> <li>5. Establish task and finish groups to take forward specific actions agreed by the sub group in the plan</li> </ol>	<p>Common understanding of the issues, opportunities and priorities</p> <p>Exploring ways of working to explore opportunities for the Wellbeing Plan and national strategy “Together for Mental Health” to deliver together developing objectives to deliver the priority</p> <p>Recognition that that the delivery plan is about much more than a clinical issue or clinical response and that wellbeing and resilience are about communities, ways of working and community assets</p> <p>Recognition that there are already a lot of good things going on that we can learn from and that Local Implementation Teams (LITs) and PSBs working together offer the potential to deliver something very powerful</p>

#### Specific actions in 2018/19 to support year 1 priorities:

1. Establish and Develop a PSB sub-group to lead this PSB Priority
2. Hold a workshop with practitioners, service users and providers to explore issues and objectives, and help identify the scope of a delivery plan based on the Conwy/Denbs Wellbeing Plan Objective
3. Produce a report from the workshop and take the findings back to PSB sub group to develop and agree “next steps” during 2018/19 and 19/20. Including
  - 3.1 Scoping and establishing a task and finish group on how to develop ways of working with communities
  - 3.2 Scoping and establishing a task and finish group on how best to work with and develop with community assets in relation to improving mental wellbeing
  - 3.3 Identify which aspects of working with people and working with community assets link to the Community Empowerment priority of the Wellbeing Plan.
  - 3.4 Map current services provided to improve mental wellbeing and analyse if there are gaps or overlaps
  - 3.5 Considering the potential to use LITS + others to steer or deliver the action plans
  - 3.6 Agree on a draft work plan that will help deliver the specific actions and outcomes
  - 3.7 Scope a second workshop to test the objectives and work plan

**Progress Update – December 2018**

This process needs to consider some of the following issues:

- Identifying good practice and understanding why? (as it wasn't possible to do that during the workshop);
- Identifying some of the factors that might inhibit good practice and understanding why? (as it wasn't possible to do that during the workshop);
- Mapping the individual experiences of the on-going services and activities (from initial referral to successful outcome).
- In mapping these services, the Public Service Board needs to ensure that service users aren't only offered what's available - rather than what individuals and communities need.
- This process needs to make sure it is clear which assets are being used and what needs are being met and the availability of any data that supports these outcomes.
