

Pop Up Shop

The project concept is a 'Pop up shop' which aims to bring a vacant business premises back into use, the location identified is Rhyl. The project will provide test retail space for start-ups, promising and expanding businesses who see Rhyl as a potential location for their growth.

SMART Window Dressing

This project aims to showcase local produce in a vacant premise in a Denbighshire town by making use of digital technology for browsers to scan a code displayed in the window to direct them to the producers' website/platform learn more and place an order.
