

NOTICE OF MOTION

Notice of Motion put forward by Councillor Paul Penlington for consideration by Full Council:

“On 3rd November 2021 this authority, as an existing party to the Welsh Education Partnership Strategic Partnering Agreement (“SPA”), approved and entered into a Deed of Adherence to enable the Joining Participants to become a party to and to be bound by the SPA.

That will enable participating authorities to source funding through Mutual Interest investments.

This authority will now actively pursue funding through that mechanism and commit to provide a complete new re-build High School in Prestatyn as a matter of urgency as soon as is practically possible.”
