5 NORTH WALES POPULATION NEEDS ASSESSMENT 2022

Councillor Bobby Feeley, Lead Member for Well-being and Independence, introduced the North Wales Population Needs Assessment (PNA) report (previously circulated).

The PNA had previously been scrutinised by Partnerships Scrutiny Committee and needed to be submitted to the Welsh Government prior to the end of March 2022.

Councillor Feeley gave an overview of the PNA to Council as follows –

- it was a statutory duty for local authorities and health boards to develop a joint assessment for the care and support needs of regional population across Wales on a 5-yearly basis and the first PNA published in 2017 had been used as the basis for the latest document
- the PNA had been produced by the North Wales Regional Partnership Board as a joint exercise involving the six local authorities, Betsi Cadwaladr University Health Board (BCUHB) and Public Health Wales with the document split into various thematic chapters
- Denbighshire's priorities would be included in the final version of the PNA along with a similar document for each of the local authorities and BCUHB
- the PNA aimed to improve understanding of the population across North Wales and how their needs would evolve and change over the coming years, and had been an expansive piece of work, taking into account the views of the population
- a wide range of consultations had taken place with organisations, partners and around 350 individuals had taken part in a regional survey to inform the PNA

- highlighted next steps with the PNA being taken through the approval processes of the other five local authorities and BCUHB prior to formal sign off by the Regional Partnership Board and submission to Welsh Government in March.

The Regional Population Needs Assessment has been split into thematic chapters. Attached in Appendix 2 were Denbighshire's own priorities.

Discussions took place and the following points were raised:-

- Disabled passenger assistance on public transport was requested to be looked into and also for people with learning difficulties. It was confirmed the document was a live document and would be updated as and when information was released.
- A query regarding Meifod was raised and it was confirmed that there were continuing problems with the heating but this would be dealt with and the building would be reviewed and hoping to open as soon as all the works were completed.
- Domestic Abuse issue was underfunded but there were refuges for women to be placed. On occasion they needed to be moved out of county for their own safety.
- It was confirmed that the Population Needs Assessment had been scrutinised at Partnerships Scrutiny Committee.
- Recruitment and retention of staff continued to be a problem but it was confirmed this was a national problem, not just in Denbighshire. Discussions were taking place with Welsh Government to pay Care Workers the Real Living Wage. Denbighshire were doing everything they could to recruit and retain staff.
- Delayed Transfer of Care from hospitals was an issue. Work was taking place with families and informal carers to assist with this issue.
- The work undertaken by volunteers during the pandemic was recognised and praised as this had been vital to those who were elderly and living independently at home. It was confirmed that the work continued with the "Edge of Care Team" which had been one of the best practices which had come out of the pandemic.

Thanks were extended to Geoff Davies, Ann Lloyd and the team for all the work they had done.

Councillor Bobby Feeley PROPOSED the approval of the North Wales Population Needs Assessment, SECONDED by Councillor Joan Butterfield.

Members were unanimously in favour and,

The role description was drafted to follow the same form as the role descriptions adopted for the current Champions.

At this juncture, Councillor Gwyneth Kensler suggested a section should be added in the role description as follows –

“participation in Council matters by the diverse communities should take place and to encourage people from diverse communities to stand for election”.

The following Notice of Motion was put forward by Councillor Brian Jones on behalf of the Welsh Conservative Group for consideration by Full Council:

That Denbighshire County Council acknowledge that proposals for a large scale tidal project off the coast of Denbighshire are being developed by the private sector.

That significant work is required to bring mature proposals before the council and that the council would consider these detailed proposals in due course.

That the Council is supportive in principle to the development of a tidal energy project off the Denbighshire Coastline.

Accordingly Denbighshire County Council resolve to:

- 1) Support in principle to the development of a large scale tidal energy project off the Denbighshire Coast line.
- 2) That a group of DCC elected members, including the leader or nominated deputy, and member of each MAG be set up to monitor evaluate and progress a NW tidal lagoon and to lobby both governments to support the project.

Councillor Brian Jones PROPOSED the Notice of Motion SECONDED by Councillor Peter Scott.

The Leader, Councillor Hugh Evans confirmed he was in support of the Notice of Motion. It was a large complex project which would be seen as a North Wales Lagoon.

All members present unanimously agreed to the Notice of Motion.

RESOLVED that Council:-

- *Support in principle to the development of a large scale tidal energy project off the Denbighshire Coast line.*
- *Agree a group of DCC elected members, including the leader or nominated deputy, and member of each MAG be set up to monitor evaluate and progress a NW tidal lagoon and to lobby both governments to support the project.*

12 NOTICE OF MOTION

Councillor Ellie Chard declared a personal interest as she is a Governor of Ysgol Tir Morfa.

A Notice of Motion was put forward by Councillor Ellie Chard on behalf of the Labour Group as follows –

“On the behalf of the Labour Group I am seeking financial support from Denbighshire County Council to assist Ysgol Tir Morfa to build a hydrotherapy pool for the severely disabled pupils. The school does not have enough money to complete the project and every year the pool isn't built is a year of lost learning for the most vulnerable young people in society plus provision for the most disabled in Denbighshire is lacking.”

Cllr Chard gave the following supportive statement -

“The whole school community at Ysgol Tir Morfa have been trying to raise funds for a hydrotherapy pool to be used by their pupils. At present the school transport only 5 pupils to the nearest facility which is Ysgol Pen Coch in Flintshire once a week. This is costly in terms of staff time, travel costs and limited number of pupils who

can access the therapy. The Ffordd Derwen site has the space in which to accommodate a hydrotherapy pool. Pupils with the most complex physical, medical and cognitive needs are based on this site. By having the facility on site, the carbon footprint, staffing costs and a higher number of pupils who could access the facility would be addressed.

The wheelchair users experience freedom from outside of their chairs, encouraging muscle tone, digestion and circulation. The school has been saving for 5 years and has currently £250,000 towards it. DCC modernisation department want changes to the building which pushes total costs up to £450,000 which is out of reach.

Various options have been explored. Steve Morgan Foundation was initially going to support but the fabric of the school building was not suitable to house a warm, moist therapy pool. The modernisation team have been to inspect the school and all options they have suggested are well above the budget of the school meanwhile these most vulnerable members of society are being overlooked. A recent review showed that in all of Wales there are only 3 counties with no hydrotherapy provision for disabled young people and Denbighshire is one of them.

Being a LEA governor for nearly 5 years I feel that it in reality we need help for the youngsters and adults in the community with a disability. This pool would benefit the whole community during school hours and out of school hours.

So I am asking Council to support this project which would help so many of our pupils in Ysgol Tir Morfa and schools in Denbighshire plus adults in the community”.

Councillor Ellie Chard PROPOSED the Notice of Motion, SECONDED by Councillor Cheryl Williams.

Councillor Huw Hilditch-Roberts requested an amendment in that the Notice of Motion be put before the Modernising Education Board as this would be the appropriate forum rather than Full Council. Full Council was not the place to be making financial commitments based on a Notice of Motion. It was also confirmed that officers were aware of the need for a hydrotherapy pool and were looking at options for funding.

Councillor Ellie Chard agreed to the amendment and all present unanimously agreed to the amendment.

RESOLVED that the Notice of Motion for a hydrotherapy pool at Ysgol Tir Morfa in Rhyl be put forward to the Modernising Education Board for consideration.
