Denbighshire Leisure Limited	Major	Electrical Burn Rip/Tear	2022/0016194 2021/0014651 2022/0016167	Stephen was assisting his son in the communal showers. The lighting in the hall and shower area started to flicker and as he pressed the shower button to call more water he immediately received an electric shock. Stephen was unable to let go of the button for a number of seconds until the power on the site went completely out. During this time he bravely continued to warn children and others in this area not to touch the showers. Unfortunately three children did touch these showers and received a jolt which resulted in minor injury as they were thrown to the floor. Stephen and others were evacuated as by this time the power on site had gone off completely. Stephen injuries were much more serious with an entry burn on his right palm and an exit burn on his right elbow. He has a `tingling` sensation in his right arm and could not move it. Could not grip or had no power in this right arm. Chris was using a safety knife to cut some cable ties that were attached to a Velcro sling that was holding up the orange ball inside the Play Area.
