PROJECT DESCRIPTION

Overview of your project (100 words)	DVSC proposes to deliver a Community Key Fund project, with the aim of transforming the power and ability of people in the third sector and within communities across Denbighshire to create and deliver essential services in a changing and challenging world. In particular:	
	organisations maximise the challenges ar	ainable leadership capacity in Third sector s across Denbighshire ,to be able to e sector's response to emerging societal nd needs, grow services to meet gaps, and anisational resilience
	model for wo confidence a and excluded	eliver a 'Community Leader Programme', a orking in communities to build the nd skills of people (grassroots organisers I communities in particular) to co-produce ocal problems

	 iii) Providing a significant, targeted grant programme aimed at supporting innovation, resilience and sustainability for existing and developing new Third Sector Organisations
Why is the project needed in this area? (150 words)	There are currently unprecedented challenges to local communities, and the ability of the Third sector to support. Covid has left complex needs around mental health, isolation, organisational resilience, recruitment, sustainable funding, burnout, uncertainty, and demand. The cost of living crisis has prompted a joined up response from Third and Public sectors, and the impact of this is likely to be long term and significant. There is a need for capacity building for people at all levels to respond to this situation. There is a lack of core development strategic funding for Third Sector organisations. Most grants from Public bodies and other funders are project based and short term. We want to strengthen the whole third sector in Denbighshire.
Briefly describe project	 There is an additional need for a different type of approach, to support the development of new civic leadership, building grassroots community based solutions to problems and investing in people's ability and insights into solving local problems. Much of the evidence base for what is needed is based on a recent research project undertaken for DVSC and DCC by Mark Richardson, "The State of the Third Sector in Denbighshire" published April 2022 and attached with this document. DVSC will deliver a multi-layered programme of activities to address
activities (150 words)	 i) Develop a sustainable development programme for people in a leadership role at all levels in Third sector organisations and in communities, based on: a. A Coaching and consultancy programme, (based on a successful DVSC pilot) utilising business coaches to identify and support development areas and provide one on one support to Third sector Leaders b. A practitioner/ peer-based Masterclass programme focusing on essential development areas/ themes such as Commissioning and Procurement, Leadership styles, Sustainable funding strategies, Business growth etc. c. Creation of Action learning-based networks, offering peer based, crowd-sourced problem solving
	 A significant grant programme aimed at supporting the development of sustainable long term resilient and responsive organisations and sector as a whole

	iii) Development and rollout of a community development and empowerment project to co-produce new enterprises and volunteers	
Who will deliver the project? For example subcontractors/partners	DVSC will deliver this programme, alongside Associate Coaches and trainers. Cadwyn Clwyd will work as a project partner on the Capital aspect of the Grant programme.	
Who will benefit from the project? (150 words)	The project is aimed at directly benefiting Third Sector Organisations and staff, especially those in leadership and development roles (at all levels).	
	It will also benefit new volunteer Civic Leaders and social entrepreneurs.	
	Indirectly (but most importantly) it will benefit citizens who have need of a range of support across Denbighshire, by improving and expanding the services that Third sector organisations provide.	
Outline the Aims and Objectives of the project	 Aims: To increase the capacity, impact and resilience of the Third sector to respond to emerging, serious societal, health and economic changes and improve outcomes for Denbighshire residents in need of support 	
	 To identify and support new Civic Leaders and put communities at the centre of producing sustainable new services 	
	Objectives:	
	i) Deliver a cohesive range of capacity building interventions (Masterclasses, Coaching sessions, one to one support, Action Learning sets) as broadly as possible to Third Sector leaders across the county	
	 Manage a series of targeted grant programmes that work in co-ordination with the capacity building programme, that will distribute £1m over 21 months to support aims of partnership working, sustainable funding strategies, and organisational resilience 	
	 iii) Identify initial 4 communities across the county to deliver a community engagement programme aimed at identifying and supporting new Civic Leaders/ social entrepreneurs, with themes around place, Welsh language and culture, access to services and community ownership 	
Where specifically will be project be delivered? (150 words)	County wide
