Scope: Panel Performance Assessment 2024

Introduction

This document covers only the scope of the fieldwork (i.e. document reviews and interviews) to be undertaken by the panel of peers appointed by the council. It captures the council's asks of the assessment, and should serve as a guide to the panel as to the parameters of their investigations.

This document does not cover the steps that will follow the fieldwork with regards to producing the report, creating the management response to the report, and publication thereof, as those requirements are covered clearly within the legislation, statutory guidance, and agreed upon methodology below:

- [Local Government and Elections \(Wales\) Act 2021](#)
- [Performance and Governance of Local Authorities: Statutory Guidance, Chapter 3](#)
- [WLGA Panel Performance Assessment Methodology](#)

Neither does this document cover subsequent sector-led support that the council may expect from the Panel or the Welsh Local Government Association (WLGA) at the conclusion of the assessment. Those needs and any offer of support would be dependent on the outcome of the assessment and further discussions outside of the purview of the assessment. The WLGA, however, will endeavour to support councils in the identification, commissioning and delivery of sector-led support requirements identified in the Panel Performance Assessment, through either its universal or targeted offers.

Purpose

This is a corporate, organisational assessment, designed to consider the extent to which the council is meeting the performance requirements and its capability to deliver effective outcomes. The panel should not be seeking to undertake deep dives or in-depth service reviews, although a panel may draw on the findings of other peer reviews or in-depth service reviews in reaching their conclusions. The panel should not be looking to audit / check the councils own self-assessments, although the approach a council takes to self-assessment may inform a panel's view on the effectiveness of its governance arrangements.

Scope: Panel Performance Assessment 2024

Under the legislation, the panel, acting jointly, is required to assess the extent to which the council is meeting the performance requirements, that is, the extent to which:

- it is exercising its functions effectively;
- it is using its resources economically, efficiently and effectively;
- its governance is effective for securing the above.

In this way the panel is building on, and complementing, the self-assessments already undertaken by the council. The panel's focus should be on looking at the current situation, and over a sufficient previous period to get a meaningful picture of the position in the council and any trends. The panel will be considering how capable the council is to respond to the changing environment in which it operates, and should be guided in its work by using the ways of working set out in the Well-being of Future Generations Act.

The panel may also find it helpful to consider the activities common to the corporate governance of public bodies as set out in the statutory guidance on the Well-being of Future Generations (Wales) Act 201512:

- Corporate planning
- Financial planning
- Workforce planning (people)
- Procurement
- Assets
- Risk management
- Performance Management

Focus

The scope of the Panel Performance Assessment was initially discussed at a joint meeting of Cabinet and the Senior Leadership Team in March 2023, supported by the WLGA. Following this, a working group comprised of Cabinet Members and Senior Managers with oversight of key governance functions met in April and May to consider self-assessment information. The recommendation of the working group is that the panel gives particular focus to the following areas within their assessment:

Scope: Panel Performance Assessment 2024

1. **Leadership:** How well is the council's corporate and political structure working, and how is the capacity and capability suited to the delivery of the council's priorities?
2. **Budget Proposals / Transformation:** How well has the council managed the current financial crisis, and how well is the council preparing for the future?
3. **Partnership Working:** How well placed is the council to work effectively with partners, and maximise resources across sectors?

Appendix 1 (which is derived from Appendix A of the [WLGA methodology](#)), provides a table of questions that the Panel may ask in support of the performance requirements that it is statutorily required to consider as part of its assessment. Performance requirements are defined as the extent to which a council: i) is exercising its functions effectively; ii) is using its resources economically, efficiently, and effectively; and iii) has effective governance in place for securing i) and ii). Accepting these requirements, the Working Group has suggested within the table which questions it feels may be greatest value for the panel to explore given the focus it (the Working Group) has suggested above, but also taking into account other audit work that has or will take place.

Further input to the above areas of focus and appendix 1 will be sought between May and July from the Senior Leadership Team, Cabinet, Performance Scrutiny, the Governance and Audit Committee and County Council, alongside the council's Self-Assessment of its Performance for 2023 to 2024.

Approach

Using the above as a framework should guide the panel in understanding whether the council is governing itself effectively in order to maximise its contribution to the well-being goals.

The assessment will be a combination of desk-based research and interviews, with onsite work expected to take four days, with a presentation on the main findings and recommendations made on the final day. The panel will utilise a range of internal and

Scope: Panel Performance Assessment 2024

external sources, ensuring a broad evidence base to inform conclusions on the extent to which the council is meeting the performance requirements and recommendations on how to improve.

In carrying out a panel performance assessment in respect of a council, a panel must consult the following about the extent to which the council is meeting the performance requirements:

- local people;
- other persons carrying on a business in the council's area;
- the staff of the council;
- and every trade union which is recognised (within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992 (c.52) by the council.

While this is the minimum required by the legislation, the panel may choose to consult or involve others as it determines relevant to its assessment of how the council is meeting the performance requirements. The panel may, for example, seek to consult other partners involved in collaborative working with the council, as well as audit, inspection or regulatory bodies.

It is for the panel to consider how it might wish to consult in order to effectively contribute to the panel assessment process, for example utilising existing engagement mechanisms, web-based surveys, questionnaires etc. These should be designed to be representative of the relevant population (e.g. local people, or staff). It is for the council to make the necessary arrangements to facilitate the consultation.

The table below provides the planned timetable for the assessment:

The Panel

As a minimum, the panel must consist of:

- An independent panel chair – not currently serving in an official or political capacity within local government.
- A peer from the wider public, private or voluntary sectors.
- A serving local government senior officer, likely to be equivalent to chief executive or director, from outside the council to be assessed.
- A senior elected member, from outside the council to be assessed.

It is also recommended for the purposes of this assessment that the following members are included on the panel:

- To be confirmed with WLGA, but the Working Group would be eager for the panel to include someone with future / scenario planning / behavioural change expertise.
- The Working Group are also eager that the panel is representative of Denbighshire's diversity as far as is possible, and that senior officers and members on the panel have a strong understanding of local government in Wales.

Appendix 1: Question Hierarchy

The following is taken from Appendix A of the [WLGA methodology](#) for the Panel Performance Assessment. It is not intended to be an exhaustive or prescriptive list. The extent to which these issues are explored should be proportionate to the requirements of the council as outlined in the scope, whilst observing that minimum standards of a Panel Performance Assessment, required by the Act, are met. This approach should not inhibit the professional knowledge and experience of the peer team.

The Working Group have considered the tables below and suggested which would be key questions to ask in relation to the [focus areas](#) that have been determined as important for the scope of the assessment. In determining these key questions we have also given consideration of other recently scheduled audit work (past and future) to avoid duplication, and to ensure that the output of this assessment brings its own value.

Guiding Principle: The council is self-aware and able to demonstrate that it is delivering its functions in accordance with the local, regional, and national context. Where improvement is required, suitable interventions have been identified promptly that should achieve the desired outcomes.
