

Appendix B: Conwy and Denbighshire Youth Justice Improvement Plan Introduction

The Conwy and Denbighshire Youth Justice Improvement Plan has been informed by the outcome from the HMIP Joint Inspection that took place in January 2024. This improvement plan focuses on strengthening the Youth Justice Management Board Governance, Leadership and partnership working arrangements to ensure that the Youth Justice Service is able to access responsive and timely services to support statutory functions to address and meet the needs of children and young people and protecting the public.

The inspection raised seven recommendations that need to be implemented to impact positively on the quality of the Youth Offending Service of Conwy and Denbighshire Youth Justice Service

Inspection Recommendations:

The Conwy and Denbighshire Management Board should:

1. Undertake a detailed needs analysis to inform the Board and Partnership of the Services that need to be provided within the YJS
2. Make sure that there are effective information sharing agreements with the virtual school so that children can access services without delay
3. Monitor children's access to partnership services and address any barriers in a timely manner

The Heads of Children Services should:

4. Make sure Services contribute effectively to keeping YJS children and young people safe and well by providing representation at the out of Court decision making panel, Training Social Workers to understand their roles and responsibilities when co-working cases with YJS , and contributing to effective joint assessment and planning.

Betsi Cadwaladr Health Board should:

5. Provide expedited access to Health Services for YJS children, which as a minimum should include speech, language and communication services, physical and Sexual health services, and emotional and mental health services.

The National Probation Service should:

6. Provide a mandated Probation Worker for the YJS and make Interim arrangements to support YJS staff with risk management until the vacancy can be filled.

Careers Wales should:

7. Provide adequate and accessible post 16 information advice and guidance to all children in the YJS who require it .

This plan aims to address the areas highlighted via the HMIP Joint inspection. It has been developed with the involvement of the Youth Justice Management Board and the Youth Justice Service.

2. Governance

The governance of the Youth Justice Service is provided by the Quarterly Youth Justice Management Board as well as strategic links to the Community Safety Partnership Board for Conwy and Denbighshire, North Wales Safeguarding Children Board, North Wales Criminal Justice Board and the North Wales Vulnerability Board. A Youth Justice Operational Board has been set up chaired to oversee the delivery of the Youth Justice Improvement Plan delivery and operational practice.

3. Overview of the Plan

The Youth Justice Improvement plan is broken down into the following areas.

1. Governance
2. Leadership
3. Prevention
4. Victim work
5. Disproportionality.

GOVERNANCE– YJS MANAGEMENT BOARD
