

Appendix 4 - Pertinent Risks

Title	Inherent Risk	Mitigating Action	Residual Risk
Local Area Energy Planning			
Lack of capacity (people and/ or funding) to deliver actions with Denbighshire County Council as proposed lead meaning those actions are not delivered or delayed in their delivery, thus delaying transition of Denbighshire to a Net Zero energy system	B2	<ul style="list-style-type: none"> Continue to robustly message that actions cannot be delivered without necessary funding Many of the actions are aligned with DCC's Climate and Nature Strategy which will increase the likelihood of delivery Continue to collaborate across the region to secure funding streams and deliver actions Work with Ambition North Wales to gain resource capacity at ANW to assist with delivery of Denbighshire's LAEP 	C2
A regional steering group is proposed. If suitable governance is not agreed with ANW and other counties in north Wales, then delivery and monitoring of the LAEP may not progress at the pace required for Denbighshire to transition to a Net Zero energy system as proposed in the LAEP	D2	<ul style="list-style-type: none"> Work with Ambition North Wales to progress the governance arrangements Continue to work with other LAEP stakeholders to promote the need for governance structure and regional steering group to be agreed and set up 	E2
