<b>Title</b>	Standards Committee Annual Report 2024

## 1. What is the report about?

1.1. This is the Annual Report of Standards Committee to the Full Council and covers the calendar year January to December 2024. It was agreed that the Chair will present their report on this basis annually to the Full Council, in order to keep Members informed of trends; issues in respect of compliance with the Members' Code of Conduct generally across the County and the work of the Committee in driving up standards of behaviour at the County level, but also at Town, City and Community levels.

## 2. What is the reason for making this report?

2.1. It was agreed by Members of this Committee that an Annual Report should be presented on the work of the committee each year and its findings and observations, to all Council Members as part of the Committee's drive to increase standards of ethical behaviour and compliance with the Members Code of Conduct. The obligation to deliver a report is now enshrined in legislation and a copy of the report is then lodged with the Public Services Ombudsman Wales (PSOW).

## 3. What are the Recommendations?

3.1. That Members note the contents of the report.

## 4. Report details

### 4.1. Role and structure of Standards Committee

Standards Committee main role is to monitor adherence to the Members' Code of Conduct. All members are aware that their Code is founded (and should be read in conjunction with) the 7 Nolan Principles of Public Life. In Wales there are ten principles namely Selflessness, Honesty, Integrity and Propriety, Duty to uphold the law, Stewardship, Objectivity in decision making, Equality and Respect, Openness, Accountability and Leadership.

Standards Committee regulations stipulate that the size of the Committee shall not be less than 5 but no more than 9 Members.

In Denbighshire the Standards Committee consists of the following Member types – 2 County Councillors, 4 Independent (co-opted) Members, and 1 Community Council Member (who is not also a twin hatted Member), therefore 7 members. The Committee Terms of Reference stated that the committee can also only be quorate when at least half of those Members present are the independent lay members.

The majority of the Members are not elected but are recruited from members of the public as per the requirements of the Standards legislation in Wales.

The Standards Committee (Wales) Regulations 2001 paragraph 15 provides that every Council in Wales must establish a recruitment panel consisting of not more than 5 panel members. One panel member must be a member of the public who is not an elected or lay member of the Council i.e. completely independent of the Council; the panel must also include one panel member who is a member of a community council situated in the local authority's area. This therefore leaves 3 seats left, which Denbighshire County Council when it originally set up the recruitment panel, agreed these should remain for the three main political groups.

A review of the composition of the recruitment panel that appoints the lay (independent non elected) members to the Council's Standards Committee has been undertaken and Full Council in February 2024 agreed to reduce the number of elected County Council members on the recruitment panel to 2 rather

than 3 members. These members will be the elected members who sit on the Standards Committee. The third position is taken by the Chair of Standards Committee.

During the past year the Committee met on 4 occasions. The table attached as Appendix 1 sets out a summary of the items under discussion.

#### **4.2. Group Leaders Duty**

The Local Government and Elections (Wales) Act 2021 introduced a duty on political group leaders requiring them to take reasonable steps to promote and maintain high standards of conduct by the members of their group, and to cooperate with the Council's Standards Committee in the exercise of the standards committee's functions.

The Committee has received written reports from the Group Leaders in respect of the actions that they have taken to comply with their duty and has met individually with each Group Leader to discuss the content of their reports and to ascertain what additional support or training could be provided to Group Leaders to assist them. The Group Leaders all demonstrated to the Committee their commitment to the promotion of good standards of conduct by continuing to provide advice and support to new members, providing training opportunities and encouraged members to attend training in accordance with member training conduct.

Group Leaders also demonstrated how they shared areas of good practice and learning with their group, such as discussing issues relating to standards and conduct in their Group Leaders meetings and putting this on their group meeting agendas.

They all demonstrated a willingness to work with the Monitoring Officer and each other to maintain those standards by addressing any issues that do arise in a constructive manner.

The Committee is satisfied that each of the Group Leaders has discharged their duty in this regard.

#### **4.3. Public Services Ombudsman for Wales**

When the Committee receives a referral from the Public Services Ombudsman for Wales (PSOW) following her investigation into a complaint, they will then sit in a quasi-judicial capacity whilst they hear the matter. They have powers to suspend a Member from Office for a maximum of 6 months, during which time they will not be able to act in their capacity as an elected member and will not receive any member salary. The Committee has discretion to impose lesser sanctions such as a partial suspension from duties or a 'public censure' and to impose other conditions such as attendance at training. During the period January 2024 to December 2024, the Monitoring Officer has been made aware of 5 complaints lodged against members of the County Council and 7 complaints lodged against members of Town City and Community Councils with the PSOW. The PSOW has decided not to investigate 10 complaints and 2 are under investigation.

#### **4.4. Determination Meetings**

During this year there was no meeting in respect of a Determination as to whether there had been a breach of the Code of Conduct at County or Community level.

#### **4.5. Code of Conduct Training**

An annual programme for Code of Conduct Training for City, Town and Community Council has been established with training sessions held virtually on a monthly basis. If required, bespoke sessions for individual councils will also be provided.

#### **4.6. Standing Items**

The standing items in 2024 the Committee received were:

- (a) Reports from Standards Members in respect of their attendance and observations at Committee and Council meetings whether at County or Community level. Denbighshire County Council Standards Committee is proactive in its' approach to raising standards and awareness of the Code of Conduct. Committee Members attend to observe conduct and general effectiveness of the meetings; will then feed back to the Committee, who may

make recommendations in respect of any training needs or trends or patterns of conduct in particular communities or at County level. Accessibility of meetings is also noted.

As emphasised last year, the Committee is keen to make it clear that their approach in attending in person at meetings is from a support and collaborative angle; in order to target resources to improve standards and the public's confidence in the vital work being done at community level, on a voluntary basis; and not from any enforcement or critical angle. The Committee fully recognises the value such councils and their members add to local communities. The Committee believes that the Code is there to give public confidence, but to also protect members and any efforts to raise this awareness for all serving members is a key theme they continually endorse.

- (b) Overview of Complaints lodged against Members with the Public Services Ombudsman for Wales. The report is presented in a closed session, and members are provided with a limited amount of detail in respect of the complaint but with sufficient detail to enable members to consider if training or other actions can be recommended to the County Council, or City, Town and Community councils which are experiencing issues or an increase in complaints.
- (c) Forward Work Programme. This aligns the approach of other council committees and encourages a more strategic approach to the role of the Committee as a proactive one not just reactive to complaints.
- (d) Dispensation requests from City, Town and Community Councils. Two requests for dispensations have been received during the period January 2024 – December 2024, one from Llandyrnog Community Council and one from Gwyddelwern Community Council. The lack of dispensation requests had been a cause of concern for some time for the committee. The Monitoring Officer has ensured that this is covered during the Code of Conduct Training. The Committee was pleased to see that this had resulted in applications coming forward.
- (e) Public Services Ombudsman for Wales – Our Findings and Adjudication for Wales (APW) decisions. These are shared at each Committee so that a

national picture of complaints is understood and the level of sanctions that have been imposed.

#### **4.7. National Standards Forum**
