Proposal for a new area school  
for Clocaenog and Cyffylliog

## What's happening?

We are from Denbighshire County Council and our job is to make schools better. We came to Ysgol Clocaenog and Ysgol Cyffylliog this year to talk to your parents. We have a plan to improve the two schools and want to tell you about it.

## What is the plan?

We would like Ysgol Clocaenog and Ysgol Cyffylliog to become one school.

At first there would be one school but it would be in two places. One part would be where Ysgol Clocaenog is now and the other would be where Ysgol Cyffylliog is now.

After we make this change we will then set about planning and building a new school for you. This would be bigger so it could fit everybody in one place.

## What will change?

The new school would have a different name, you may have a different uniform to wear and there would be only one headteacher in charge of both parts of the new school. The teachers and children at Ysgol Clocaenog and Ysgol Cyffylliog would become part of the same school.

We will come back to see you in the future and ask you what you want in a new school building.

## Why are we asking you?

We want to ask you what you think about our plan. We will come to see your school council, and listen to what you have to say.

## Why do we think things need to change?

The two schools are already good, but they could be even better. We think a new school will be a much better place to learn. Children from Clocaenog and Cyffylliog who are the same age will be in the same class.

We don't want things to change too quickly and that's why we would like the two schools to join together at first. If that works then we can think about making a brand new school building and bringing everyone together. A new building will have more space with more space in classrooms and better places to do PE.
